FISCAL YEAR 2019-20 RECOMMENDED BUDGET

The proposed Fiscal Year (FY) 2019-20 Recommended Budget is submitted for your consideration. The recommended budget is the product of thorough deliberation by County departments and the County Administrative Office regarding the impacts, consequences and alternatives of various budgetary actions. This document was prepared in accordance with statutory requirements of the County Budget Act and demonstrates a commitment to the Countywide Vision and Strategic Initiatives set by the Board of Supervisors.

The FY 2019-20 Recommended Budget includes budgets for the County, Board Governed Special Districts and Other Agencies governed by the Board of Supervisors. County departments have provided performance measures based on goals and objectives identified in the County's Strategic Plan.

FY 2019-20 represents the highly anticipated end to a four-year strategy to resolve deficits stemming from property tax declines since FY 2016-17. The Recommended Budget funds enhanced support to public safety functions and sets aside funding for several priorities of the Board of Supervisors, including parks improvements and homelessness initiatives. This success is the result of years of the Board's prioritization and commitment to careful long-term planning and the prudent management of resources. Strong consistent property tax growth from residential, commercial and agricultural properties in concert with constrained spending by departments has contributed to meeting the plan goal. While the County is on a path to address its fiscal crisis by the end of 2020, the County must plan and implement structural change for the long-term fiscal health and sustainability of the County.

Despite the achievement of mitigating the General Fund's deficit, the County budget continues to be challenged by rising pension and direct aid costs, staffing retention for public safety and many deferred maintenance projects. The Fire Fund is also in the process of mitigating its fiscal deficit, now primarily driven by pension cost increases for safety personnel.

The recommended budget before you today is balanced through the reduction of costs and the use of one-time fund balances. In accordance with County policy, one-time resources will only be used in the context of a larger plan to balance ongoing revenues and costs over a multi-year period. This budget continues to follow the multi-year reduction plan approved by your Board in FY 2016-17 to mitigate the deficit related to property tax losses in the General Fund by the end of FY 2019-20. This four-year plan of phased-in reductions allows management to meet budgetary guidelines while limiting service level impacts. On a positive note, the projected total use of reserves for the four-year plan has declined by nearly \$24 million, primarily the result of higher property tax revenue and greater use of fund balance carryforward.

The total Kern County budget requirements for all entities in FY 2019-20 is \$2.9 billion, which includes amounts budgeted as Contingencies and Contributions to Reserves.

The FY 2019-20 Recommended Budget embodies several successes that are helping the County to enhance the following countywide strategic initiatives:

- Enhance Quality of Life for Kern County Residents:** Allocates \$859.6 million towards public protection to ensure strong public safety efficacy. Provides funding for the fourth year of a Sheriff Deputy Academy, funding for negotiated salary increases for Sheriff personnel to encourage recruitment and retention, \$7.1 million in vehicle purchases for the Sheriff and \$2 million set aside for public safety recruitment and retention efforts. Provides funding to support and staff the Fire Department. Continues to provide In-Home Supportive Services at current levels despite \$2 million in costs shifted from the State to the County. Includes workforce enhancement through adult education partnerships, employment training classes, job placement and occupational readiness services. Provides \$2 million in reserves for homelessness initiatives such as low barrier housing and \$2.8 million in parks improvements. Maintains library services at current hours of operation and allocates funding to Animal Services for the spay/neuter program and a new modular building for their administration services.
- Be a Model of Excellence in Managing our Business and People:** Provides for balanced budgets in the General and Fire Funds consistent with a Four-Year Plan to mitigate the structural deficits, avoid layoffs and maintain service efficacy. Promotes recruitment and retention of critical public safety positions. Focuses one-time resources on one-time costs and uses no reserves for operations. Includes funding for grant consulting services to enhance opportunities for awards. Makes a priority of encouraging countywide promotional opportunities and regular recruitment announcements to “Hire from Within”. Continues to set aside funding for future retirement cost increases.
- Fostering a Culture of Innovation:** Allocates funding towards the continuation of the countywide deployment of Lean Six Sigma training to identify opportunities that achieve efficiency savings, replacement of the County’s Payroll, Human Resources and Financial Management system, enhanced use of software and social media to increase successful hiring and employee engagement, and the modernization of the County’s website through a more user-friendly, transparent and social media connected design. Sets aside funds to replace the Countywide Public Safety Communications System. Includes funding to promote Advance Kern that is intended to encourage business development in Kern County through economic development incentives.

THE BUDGET IN BRIEF

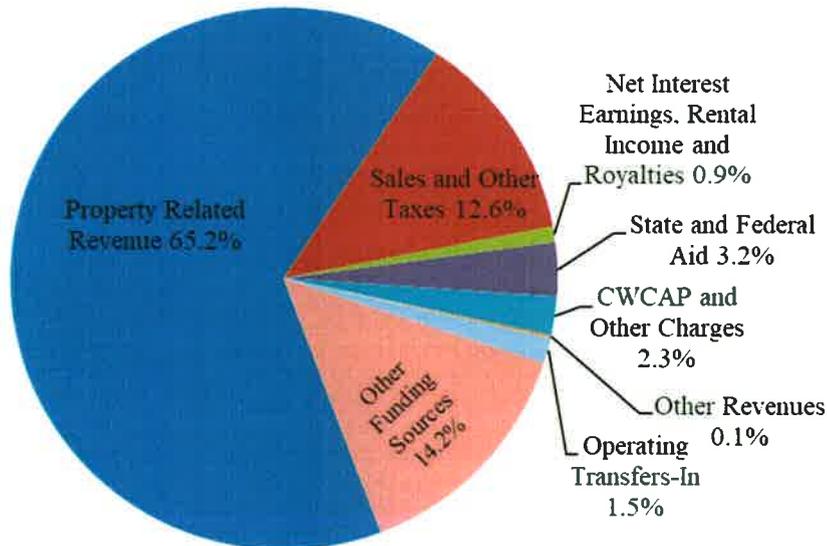

All Funds (\$ millions)	2018-19 Adjusted Budget	2019-20 Recommended	Change From FY 2018-19
General Fund	\$ 894.3	\$ 872.8	\$ (21.5)
Special Revenue Funds	1,495.2	1,561.9	\$ 66.7
Capital Project Funds	2.1	0.5	\$ (1.6)
Enterprise Funds	148.2	119.1	\$ (29.1)
Internal Service	271.1	284.7	\$ 13.6
Special District Funds	28.7	27.8	\$ (0.9)
Employment Grant Programs	33.1	43.5	\$ 10.4
Community Development Programs	19.2	20.9	\$ 1.7
Total All Funds	\$ 2,891.9	\$ 2,931.2	\$ 39.3
Authorized Staffing	7,936	8,085	149

The FY 2019-20 Recommended Budget for all funds totals \$2.9 billion, an increase of \$39.3 million, or 1.36% from the FY 2018-19 Adjusted Budget. The General Fund, which funds many County operations, totals \$872.8 million, a decrease of \$21.5 million, or 2.40%. The budget in total supports a workforce of 8,085 authorized positions and reflects a net increase of 149 positions. A majority of the change in the overall budget of \$39.3 million from last fiscal year is related to roads construction from Federal and State funding, enhancement of mental health services from realignment funding and cost increases for Foster Care, Adoptions and General Assistance programs.

The recommended budget includes funding to provide mandated and essential services, meet debt service obligations, maintain a minimum level of infrastructure and capital funding, and adhere to the Board’s financial management policies.

COUNTYWIDE DISCRETIONARY RESOURCES

**FY 2019-20 Recommended Budget
Discretionary Sources by Category**

Countywide discretionary revenue for the General Fund is budgeted at \$372 million, which is \$11.6 million or 3.10% more than the FY 2018-19 Adjusted Budget. A significant portion of discretionary revenue is comprised of property taxes and sales and use taxes.

Total property tax assessments increased by 4% from FY 2018-19 contributing to an increase in property related revenue of \$10.7 million. The increase is the result of a greater assessed value of oil and gas properties and increases in assessed value for residential, commercial, and agricultural properties. Sales and use tax base revenue estimates for FY 2019-20 total \$41.3 million, which is slightly more than the FY 2018-19 Adjusted Budget. Fuel and service stations and business and industry, in addition to automobile sales, continue to produce strong base receipts for the County. One-time use tax receipts for construction activity and solar projects contributed to greater actual collections in FY 2018-19.

Proposition 172 Local Public Safety Funds generated by a statewide half-cent sales tax, is a significant discretionary resource for public safety departments. In FY 2019-20, public safety departments are estimated to receive \$75.1 million in Proposition 172 revenues, which is \$1.5 million less than in FY 2018-19. In order to maintain this level of funding, \$2.8 million in fund balance carry-forward at June 30, 2019 will be allocated to departments. The remaining balance of \$4.1 million of one-time fund balance carry-forward at June 30, 2019 for this fund is recommended to be set aside to mitigate the anticipated decline in future revenue.

The General Fund's unassigned fund balance carry-forward available from the fiscal year ending June 30, 2019 was \$61.6 million, which is \$16 million more than the prior fiscal year. The remaining balance available for the budget after Budget Savings Incentive credits (BSI) were allocated to departments, was \$38.7 million. The fund balance carry-forward, is a one-time source that is typically recommended for one-time projects and specific purpose designations. However, for FY 2019-20, nearly \$12.9 million of this resource was allocated to operations to minimize service level impacts under the multi-year deficit mitigation plan.

COUNTY FISCAL PLAN

In FY 2016-17, the Board of Supervisors approved the Four-Year Deficit Mitigation Plan for the County's General and Fire Funds. The intention of the plan was to gradually reduce department budgets over four years as needed to resolve structural deficits resulting from significantly lower property tax revenue related to oil and gas properties from depressed market prices for oil. Some use of one-time fund balance and reserves were anticipated over this time to phase-in the reductions and minimize service level impacts. In FY 2016-17, the County faced budget deficits in the General Fund and Fire Fund of \$44.5 million and \$17.8 million, respectively. With the steady recovery of property tax revenue since FY 2016-17 along with the continued reduction of costs under the plan, the deficit for the General Fund has declined 85% to \$6.9 million. The Fire Fund's structural deficit has also declined by more than 66% to \$6 million. The plan results include \$34.2 million in department reductions, the use of nearly \$54 million in one-time fund balance carry forward and the use of \$19.8 million in reserves. The General Fund is on target to resolve the deficit related to property tax losses by the end of this fiscal year.

FOUR-YEAR FISCAL DEFICIT MITIGATION PLAN RESULTS FOR THE GENERAL FUND

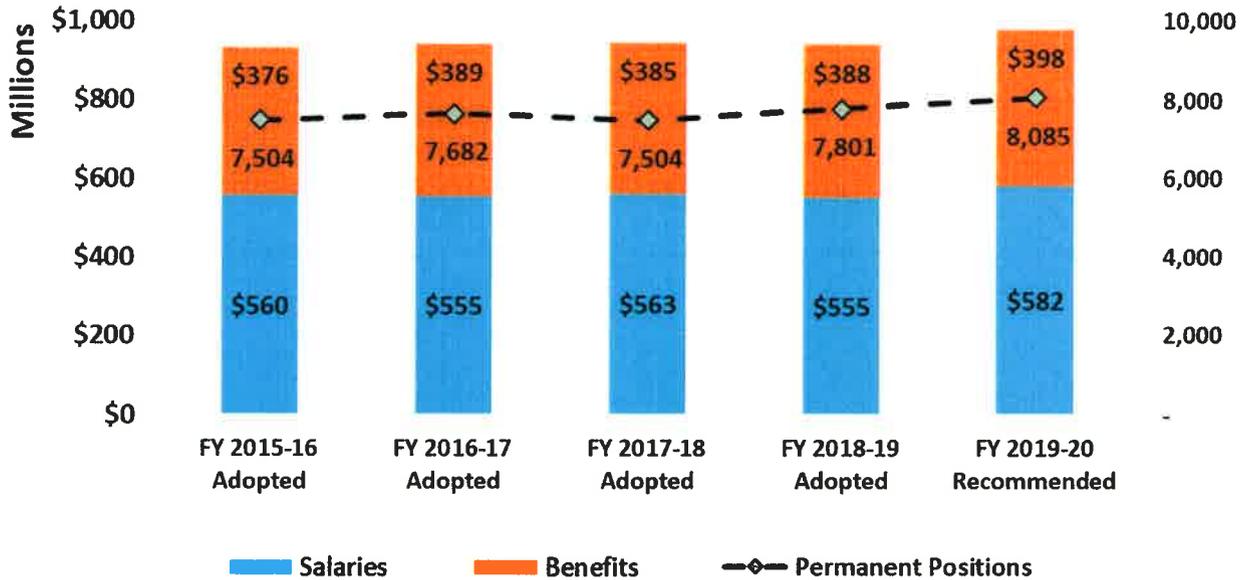

Action	FY 2016-17 Approved	FY 2017-18 Approved	FY 2018-19 Approved	FY 2019-20 Approved	Four-Year Total
Deficit	\$ 44,478,297	\$ 19,840,271	\$ 17,888,322	\$ 6,962,615	-----
Department Reductions	\$ 15,333,917	\$ 9,748,281	\$ 6,504,420	\$ 2,616,098	\$ 34,202,716
% Reduction	5.0%	3.5%	2.5%	0.7%	11.7%
Use of Fund Balance Carry-forward	\$ 23,563,180	\$ 10,091,990	\$ 7,350,902	\$ 12,936,241	\$ 53,942,313
Use of Reserves	\$ 5,581,200	\$ 3,988,000	\$ 10,233,000	\$ -	\$ 19,802,200

WORKFORCE CHANGES AND EMPLOYEE COSTS

Budgeted staffing recommended for FY 2019-20 is 8,085 positions, a net increase of 149 positions from the FY 2018-19 Adjusted Budget. One hundred thirty six positions are associated to non-General Fund departments funded by State and federal programs, with the most positions for Behavioral Health and Recovery Services Department (60 positions) and Department of Human Services (41 positions). General Fund staffing is increasing by 13 positions, a majority of which are related to public safety positions. The

County’s overall cost for employees’ salaries and benefits are projected to be \$980 million, an increase of approximately \$33 million from the FY 2018-19 Adopted Budget that is reflected in each department’s budget.

Adoption Positions and Staffing Costs (excluding KMC)

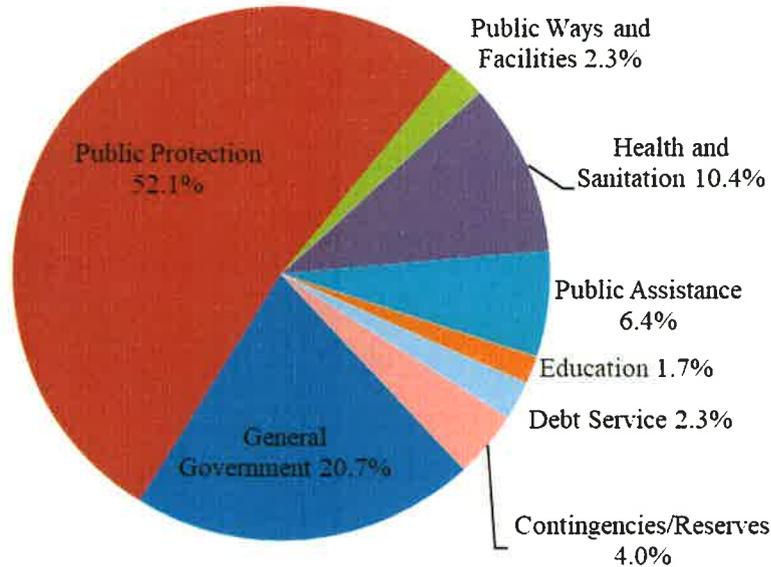

STATE BUDGET IMPACT

Governor Newsom’s approved State budget for the 2019-20 fiscal year pays down long-term debts and liabilities and sets-aside additional funding in reserves to prepare for the next recession. Although the Governor and Legislation sought to limit new, discretionary spending, most County priority proposals included in the May Revision remain largely intact in the 2019-20 Budget. It is anticipated that counties will receive homelessness emergency aid, assistance to increase housing production and provide housing to the Whole Person Care population. In addition, funding for Census 2020 outreach efforts, replacement of County Voting Systems, expansion of CalFresh eligibility for SSI recipients and Child Support agencies are also included. The Legislature also adopted the May Revision estimates for the County In-Home Supportive Services (IHSS) Maintenance of Effort (MOE). This includes lowering the County IHSS MOE base, reducing the inflation factor to 4%, and stopping the redirection of 1991 Realignment VLF growth from the Health and Mental Health subaccounts to Social Services. The County IHSS MOE will be rebased in FY 2019-20 down to \$1.56 billion, which means the State General Fund will assist counties by contributing \$296.7 million in FY 2019-20 and growing to \$615.3 million in FY 2022-23 to cover future IHSS costs.

NET COUNTY COST

**FY 2019-20 Recommended Budget
Net County Cost by Function**

For FY 2019-20, departments that receive an allocation of Net County Cost were requested to submit budgets with up to a .7% reduction of Net County Cost from FY 2018-19 in accordance with the Four-Year Fiscal Deficit Mitigation Plan. The net adjustments to department allocations generated \$2.6 million in savings that helped balance the budget. Public Protection continues to receive the greatest allocation of General Fund Net County Cost at 52.1%

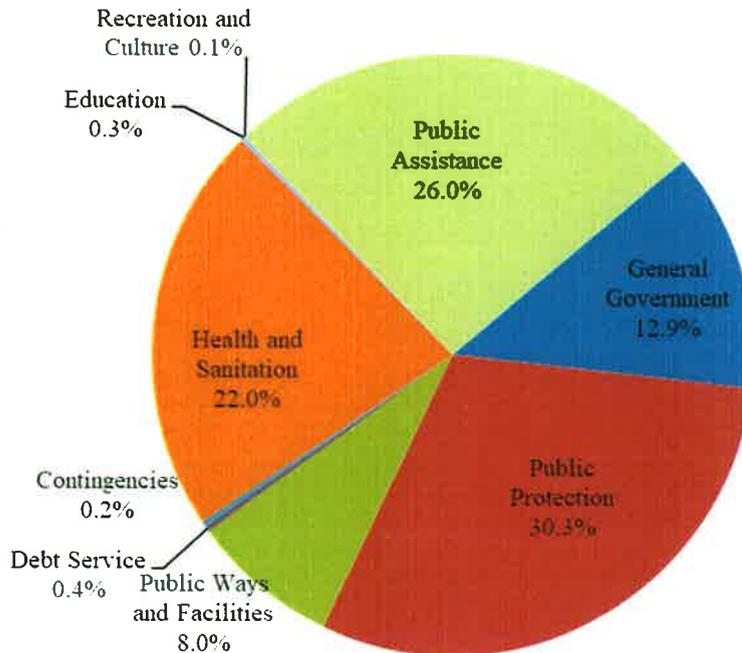

Reserves, designations and contingencies are a vital component of Net County Cost that mitigates future known and unknown liabilities and capital needs. The recommended budget for the General Fund isolates approximately \$6 million in the Appropriation for Contingencies budget unit to earmark funds against unexpected future costs or costs that are identified after the County budget is adopted. In addition, \$11.6 million in contributions to reserves and designations brings General Fund reserve balances to \$182.8 million.

The most significant contribution to a designations is \$4.3 million for the Designation for Infrastructure Replacement to set aside funds for the replacement of the Countywide Public Safety Communications System. Additionally, the budget sets aside \$2 million for public safety recruitment and retention and another \$2 million for homelessness initiatives and low barrier housing.

MAJOR PROGRAM HIGHLIGHTS

The recommended budget categorizes departments into functional areas by the services that they perform. Most departments are funded through direct program revenues, such as State and federal aid or fees, and/or an allocation of Net County Cost (NCC). Countywide discretionary resources, comprised mainly of property taxes and sales and use taxes, fund NCC. As NCC is a limited resource, it is helpful to put into perspective the budget for these functional areas as compared to the County’s total budget of \$2.9 billion and the General Fund budget of \$873 million.

FY 2019-20 Recommended Budget Requirements by Function (County Funds)

The highlights of departmental budgets by functional area are discussed below.

General Government

Budgets for general government departments total \$366 million, or 12.89% of the County’s total budget, and receive 20.7% of the total Net County Cost allocation. Within the General Fund, appropriations for general government departments total \$139.7 million, or 16% of the General Fund budget. Staffing for these departments totals 655 positions, a net increase of two positions from FY 2018-19.

General government departments handle the administration of the government and include departments such as the Board of Supervisors, County Administrative Office, Information Technology Services, Clerk of the Board, Human Resources, Auditor-Controller-County Clerk, Treasurer-Tax Collector, Assessor-Recorder, and General Services which includes the Parks Division.

Public Protection

Protecting public safety remains the top priority of the recommended budget for the County. Budgets for public protection departments total \$859.6 million and are budgeted to receive 52.1% of the total Net County Cost allocation. Within the General Fund, appropriations for public protection departments total \$458.7 million, or 52.5% of the General Fund budget. Staffing for these departments totals 3,469 positions, a net increase of 24 positions from FY 2018-19. Seven of the positions to be added are for the Child Support Services Department that is funded by State and federal programs. Eleven positions are recommended for the Probation Department, two for Sheriff's Office and Fire Department each and net of two for the District Attorney.

The Sheriff's Office recommended budget of \$239 million is the largest in the General Fund. The Sheriff's Office NCC is \$128 million, which is an increase of \$10.4 million from last fiscal year. In order to maintain current service levels, mitigate impacts to public services, enhance oversight in patrol areas, replace critical equipment, and better position the department to recruit and retain qualified deputy sheriffs, the department was allocated additional NCC. Funding a Sheriff Deputy Academy is included in the budget under Appropriation for Contingencies budget unit that will reimburse the Sheriff's Office as costs are incurred. Funds have also been set aside in a General Fund designation to address public safety recruitment and retention efforts.

The Probation Department is the third largest budget within the General Fund at \$91.5 million. The NCC for this department is \$32 million. The department received additional NCC for pension escalation. The department will add eleven new positions in juvenile institutions this year to provide enhanced services to juvenile wards. Elsewhere in the department there are not anticipated to be significant impacts to services levels; however, the department will continue to deal with large caseloads, especially in areas that are funded by General Fund dollars.

The District Attorney – Criminal Division budget is recommended at \$16.8 million. The department plans to fill positions historically vacant positions, some in areas where full reimbursement is possible. The department requested a number of position additions in the submitted budget, but due to fiscal realities within the County and department a majority of them were excluded from the recommended budget. We will continue to evaluate the addition of positions with the department as need arises and as ongoing and reliable funding sources allow.

The Fire Department's recommended budget will allow the department to maintain staffing levels required by the SAFER grant resulting in a predominantly status quo budget. The department will receive \$6.6 million in contribution from the General Fund towards pension costs, an additional \$2 million for critical capital needs, and \$413,555 originally due to the City of McFarland in January 2020, pursuant to a 2010 settlement agreement. Due to a recent agreement with the City of McFarland for fire service this amount will instead be transferred from the General Fund to the Fire Fund. The department will fund all but eight of 621 recommended positions.

Public Ways and Facilities

Budgets for public ways and facilities departments total \$ 225.7 million, or 7.95% of the County's total budget, and they receive \$9.9 million, or 2.3% of the total NCC allocation. Staffing for these departments totals 549 positions, a net increase of 19 positions from FY 2018-19. The additional positions are funded with land use and gate fees and are added to enhance existing recycling programs.

The recommended budget for Public Works is \$78.2 million, of which \$9.4 million is contributed from the General Fund. The Roads Department budget totals \$98.5 million. The Road Fund is estimated to receive \$16.1 million in Senate Bill 1 funding for maintenance, rehabilitation and safety improvements of streets

and roads in the unincorporated area of the County. The recommended budget for the Airport Enterprise Fund is \$11.6 million. The department has budgeted to utilize \$1.1 million in capital improvement funds toward improvements at Kern Valley Airport and Wasco Airport, in addition to the close-out phase of the Meadows Field runway rehabilitation project, which is 90% federally reimbursed.

Public Assistance

Budgets for public assistance departments total \$736.8 million, or 25.9% of the County's total budget, and they receive 6.4% of the total NCC allocation. Within the General Fund, appropriations for public assistance departments total \$144 million, or 16.5% of the General Fund budget. Staffing for these departments totals 204 positions, a net increase of 52 positions. Forty-one of the positions are for the Department of Human Services to assist with caseload. Eight and two positions are included for Aging and Adult Services and Employers' Training resources respectively and are funded by State and federal sources. The Veterans' Service Department is adding one grant funded position.

The Department of Human Services (DHS) comprises the largest budget for the public assistance functional area at \$217.4 million for Administration and \$266 million for Direct Aid. The General Fund contributes \$24.3 million to these budget units. The recommended budget for Direct Aid includes realignment growth funding and use of reserves to fund cost increases for the implementation of Continuum of Care, caseload and Cost Necessities Index growth in Foster Care and Adoptions entitlement programs, and State law changes to Maximum Aid Payment levels in the General Assistance program.

The recommended budget for Administration includes a \$14.8 million increase in expenditures over FY 2018-19 primarily due the department's continued efforts to implement Continuum of Care Reform (CCR) as mandated by the California Department of Social Services through AB 403, the new Home Visiting Initiative program, increase in Housing and Disability Advocacy program and increased utilization of CalWORKs, Medical and CalFresh allocations. The budget for DHS - Administration continues to include funding for expanded Differential Response services provided by the Kern County Network for Children in the amount of \$504,000, which is the same amount allocated in FY 2018-19.

Health and Sanitation

Budgets for health and sanitation departments total \$623.9 million, or 22% of the County's total budget and they receive 10.4% of the total Net County Cost allocation. Within the General Fund, appropriations for health and sanitation departments total \$83.8 million, or 9.6% of the General Fund budget. Staffing for these departments totals 1,287 positions, a net increase of 52 positions from FY 2018-19. Nearly all of the positions being added are for the Behavioral Health and Recovery Services Department and are funded by State and federal program revenues.

Behavioral Health and Recovery Services recommended budget is increasing by \$58 million from the FY 2018-19 Adopted Budget. The increased staffing level and services costs are funded by increases in Medi-Cal, Realignment and Mental Health Services Act (MHSA) revenue related to new and expanded State mandated programs. Public Health continues to obtain a mixture of federal grants and State funding, including Proposition 56 Tobacco Use Prevention tax, to improve the quality and delivery of public health services in the community.

Education and Community Programs

The Library's recommended funding level allows the department to maintain current levels of service and continue to meet its mission with no change in hours of operation. Funding for books is established in the FY 2019-20 Recommended Budget at \$396,205. The department is also pursuing grant funding to increase the purchase of materials and the hours of operations at certain libraries.

Several contributions to community programs are included in the recommended budget. The Special Services' budget provides funding totaling \$291,000 to organizations, such as the Volunteer Center of Kern County, Alzheimer's Disease Association of Kern County, Arts Council of Kern, Bakersfield Museum of Art, Bakersfield Symphony, Community Action Partnership of Kern County (CAPK), Court Appointed Special Advocates (CASA), Valley Fever Vaccine Project, and Kern Adult Literacy Council.

RENEWING INFRASTRUCTURE IN AN ERA OF FISCAL CONSTRAINT

Equipment and infrastructure are essential to the long-term quality of services to the people of Kern County. The County Administrative Office prioritizes requests for capital projects and equipment in the following order: legally mandated, health and safety, preventive maintenance, cost reduction, and extent of direct public use or benefit. Fiscal constraints over the past several years have forced the County to defer many pressing capital and maintenance needs for roads, parks, fire protection, and other important services to the public.

As part of the County's long-term fiscal plan, the use of one-time sources such as fund balance carry-forward is typically isolated to capital and major maintenance projects and reserves or designations. In FY 2019-20, \$4.2 million is set aside for the replacement of the County's public safety countywide communications system. Additionally, the recommended budget does include the allocation of General Fund fund balance carry-forward towards several deferred major maintenance projects.

The recommended budget includes 39 major maintenance projects totaling \$13.8 million. Projects include parks improvements, legally mandated upgrades, energy cost savings projects, utility and major systems repairs and replacements, and preventative maintenance such as various painting, paving, and roofing projects that were determined to be most critical to maintain. Several projects have revenue sources resulting in a Net County Cost of only \$10 million for all projects.

MITIGATING FUTURE CHALLENGES

The past several years have challenged your Board's ability to achieve fiscal sustainability and meet the increasing demand for public services. In addition to limited countywide discretionary revenue, the County is facing retirement cost increases and fiscal uncertainty related to economic challenges. In the coming years, the County faces the challenge of continuing to provide quality services to its residents while managing the impacts of revenue that is not expected to increase sufficiently to cover increased costs. Accordingly, the County Administrative Office seeks to avoid one-time funding solutions and steer a course that keeps the County within expected ongoing revenues that adequately fund needed services while setting aside reserves to address pension escalation, parks improvements, infrastructure replacement, future economic downturns, and other unexpected costs.

Nullify Declaration of Fiscal Emergency

The County declared a fiscal emergency in January 2015 as a proactive budgetary measure in preparation of absorbing (at the time) a \$50 million loss of property tax revenue as a result of a decline in the assessed value of oil and gas properties caused by the falling market value of oil. The declaration allowed access to the County's General Reserve and provided flexibility to modify staffing for the Fire Department if necessary. With immediate accompanying actions taken in FY 2014-15 and again in FY 2015-16 that included mid-year reductions to preserve resources and implementation of two long-term fiscal strategies, the General Fund budget was balanced without significant service level impacts to the community.

FY 2019-20 is the final year of the Four-Year Deficit Mitigation Plan implemented to address the significant loss of property tax revenue. Departments have incurred NCC reductions up to 11.7% or \$34.2 million. The Fire Department is currently in the process of developing a long-term plan to mitigate its \$6 million deficit

as well. Through the development of a strategic approach and disciplined implementation of budgetary restrictions, the deficits are declining. The use of fund balance carry-forward and reserves for a temporary period in addition to the NCC reductions have been pivotal to the plan. The budget deficit or gap for the General Fund for FY 2019-20 is \$6.9 million and will be fully mitigated by the end of the fiscal year. At this time, it is recommended that the Declaration of Fiscal Emergency be nullified for the FY 2019-20 budgetary cycle.

Retirement Costs

Retirement costs are increasing for FY 2019-20. Kern County Employees' Retirement Association (KCERA) contribution rates are decreasing approximately 0.21% for general members; however, a 1.34% increase for safety members will offset any savings associated with the decrease in rates for general members. After including the cost for Pension Obligation Bonds of \$70.3 million, the County's total retirement cost (including the Kern County Hospital Authority) is approximately \$294 million. Retirement costs for departments with safety members, Sheriff, Probation, District Attorney and Fire are once again increasing. The recommended budget includes pension cost increases for FY 2019-20 of \$3 million for General Fund departments and \$1.1 million for the Fire Fund. The increase is funded with available fund balance in order to preserve the \$33 million available in a designation for retirement to pay for escalating costs through 2022 when the 1995 Pension Obligation Bonds are paid off.

KCERA will again review the actuarial assumption in FY 2019-20. It is possible that the Retirement Board will again consider reducing the assumed rate of return, from 7.25% to either 7.0% or lower, during its next experience study. This would impact the County in FY 2020-21 and would cost approximately \$13 million in additional Discretionary General Funding for every quarter percent reduction

Economic Challenges

The County's Five-Year Financial Forecast covers July 2019 through June 2024 and includes moderate growth in major revenue streams throughout the period. Not included in the forecast are the impacts of a potential recession or the unknown economic impacts of the coming statewide \$15 minimum wage. The forecast does include an expectation of pension escalation beyond FY 2020-21 that may be imposed by the retirement association nor the permanent shift of General Fund resources to support the Fire Fund.

Sales Tax Volatility

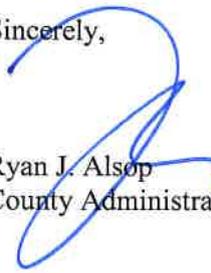

Historically, counties relied on relatively stable property taxes for the provision of services; however, with the realignment of many State services, counties have become increasingly dependent on sales tax revenue. When combining 1991 and 2011 Realignment revenues, which are primarily funded with sales tax (\$304.3 million), with County sales and use taxes (\$41.3 million) and Proposition 172 half-cent sales taxes (\$72.3 million), the portion of budget requirements funded primarily with sales tax revenue represents 14.3% of the County budget. While revenue from sales taxes are projected to increase slightly in FY 2019-20, they tend to be more volatile and more responsive to economic changes, resulting in a higher risk of losses in future years.

CONCLUSION

The recommended budget as developed by the County Administrative Office is balanced, funds substantial costs to maintain services, and allocates both one-time and ongoing funding for high priority County needs. It is important the County remain focused on fiscal stability and continue to follow the mitigation plan, seek ongoing alternative resources and be innovative in finding efficiencies where possible. This budget, which is consistent with the Board's policy directions, continues to achieve success with the Countywide Strategic Initiatives, while providing for the service needs of the County.

At the Budget Hearings that begin August 27, 2019, members of the public are welcomed and encouraged to participate in the discussions and decisions that affect the County's spending priorities. The County Administrative Office will continue to work closely with your Board and County departments to enact a budget that meets the County's legal obligations and the needs of the residents of Kern County.

Sincerely,

Ryan J. Alsop
County Administrative Officer

COUNTY OF KERN COUNTYWIDE FACTS AND FIGURES

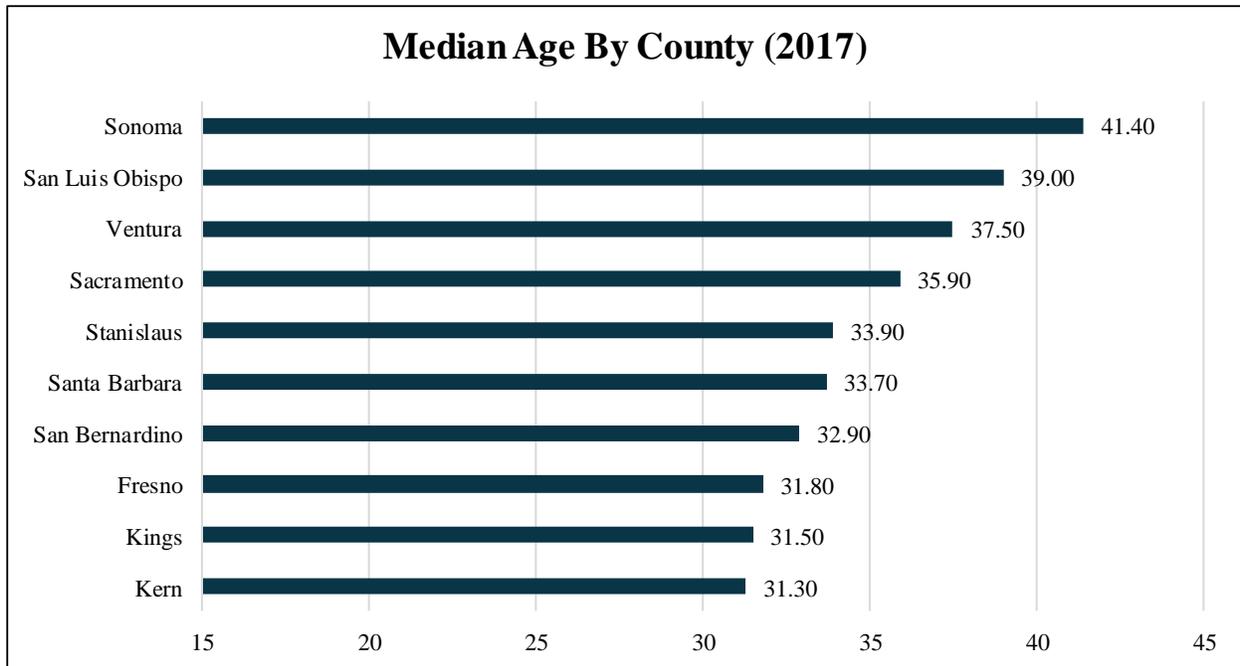

Source: State of California Employment Development Department, Report 400C Monthly Labor Force for Counties May 2019 - Preliminary

The unemployment rate in Kern County is .55% lower than it was in May of 2018 and currently hovers around 7.15% overall (May 2019). The county’s unemployment rate is approximately 3-5% higher than the state average and is prone to greater vulnerability as many within the county are in agriculture and the oil and gas industry, both of which ebb and flow based on seasonality and market volatility. Youth unemployment for those 16-24 years of age remains high and is exacerbating the unemployment rate due to Kern’s higher proportion of young people compared to other counties in the state.

Source: US Census Bureau, 2013-17 American Community Survey 5-year

Source: US Census Bureau, 2013-17 American Community Survey 5-year

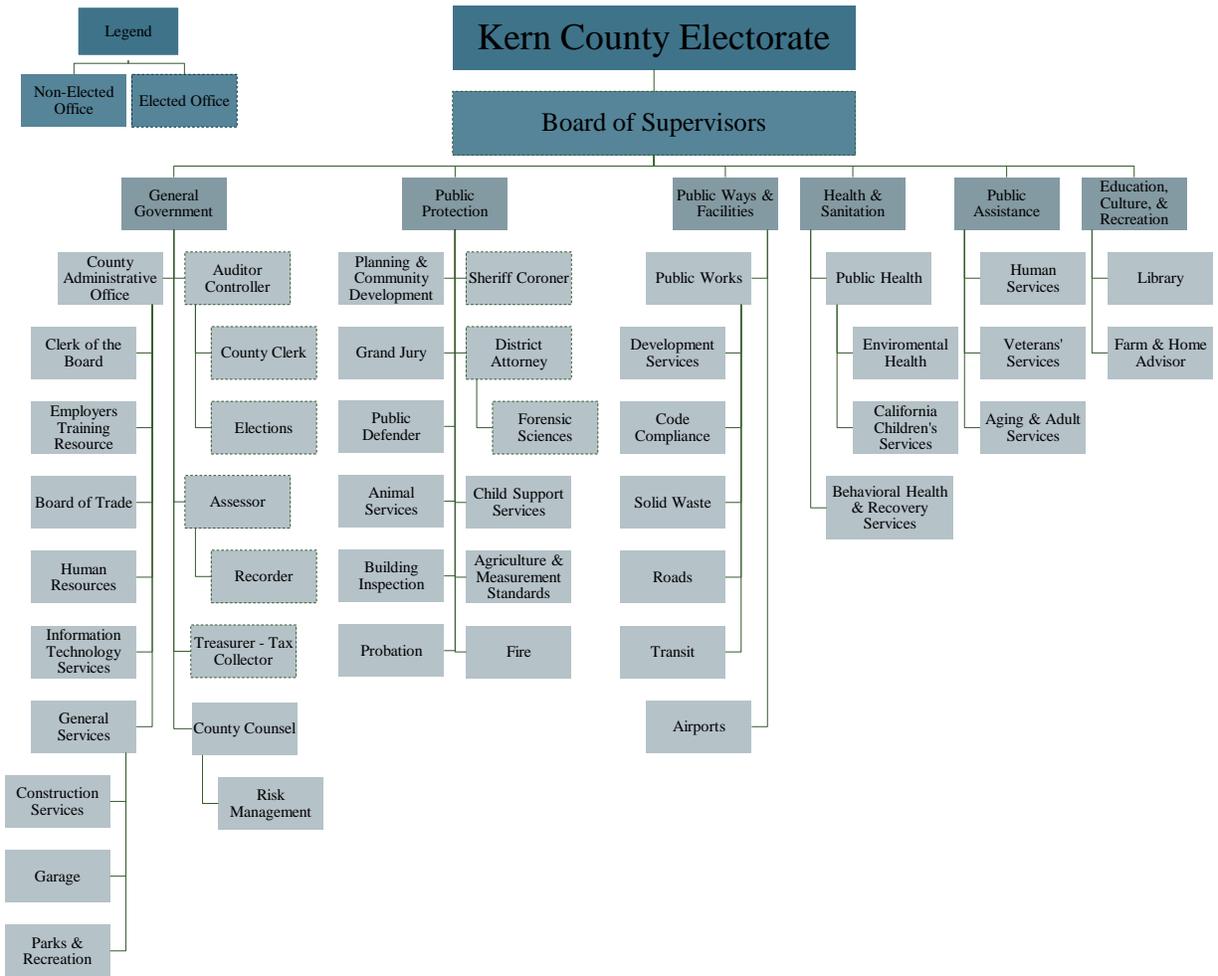

Kern County is one of the youngest counties in California and has a median age of about 31 years of age. That is nearly 5 years younger than the median age for California, which stands at 36 years of age. The area is experiencing healthy growth and expansion of young families. Kern County also continues to see strong increases in the overall population on an annual basis. The county experienced a 27% increase in population from 2000 to 2010. The current population, according to the State of California Department of Finance, is roughly 916,000. The region is expected to grow by almost 10% in total population from 2015 to 2020 according to the California Department of Finance Projections.

The chart above suggests the population in Kern County is relatively young and primed for potential economic growth. Regions with younger populations typically experience a growing market for manufactured goods, services, education, and are more capable of sustaining a strong and stable tax base.

Located at the southern end of the San Joaquin Valley, Kern County's 8,132 square miles of unique geography embraces portions of the Mojave Desert, the Sierra Nevada and Coast Ranges, and the valley. Half of Kern County's 916,000 residents live in the City of Bakersfield, the county seat. Agriculture and petroleum are economic mainstays, as well as aerospace and military research and development conducted at Edwards Air Force Base and Naval Air Weapons Station China Lake. Kern is one of the largest onshore producers of oil in the nation (USDA County-level Oil and Gas Production in the U.S. 2011), has North America's largest ice cream plant, and boasts history's first human-powered flight, first solar-powered flight, and first private space flight.

Kern County's broad desert expanses have hosted many milestones in military and private flight research, and Kern County has now emerged as a leader in renewable energy, generating nearly half of California's total solar and wind-powered electricity. Kern County is also home to a California landmark, Tejon Ranch, whose 270,000 acres of rangelands, cultivated farm land, and mountains comprise the largest continuous expanse of privately held land in the state.

Kern County Organizational Chart for Staffed Budget Units – by Function of Primary Budget Unit

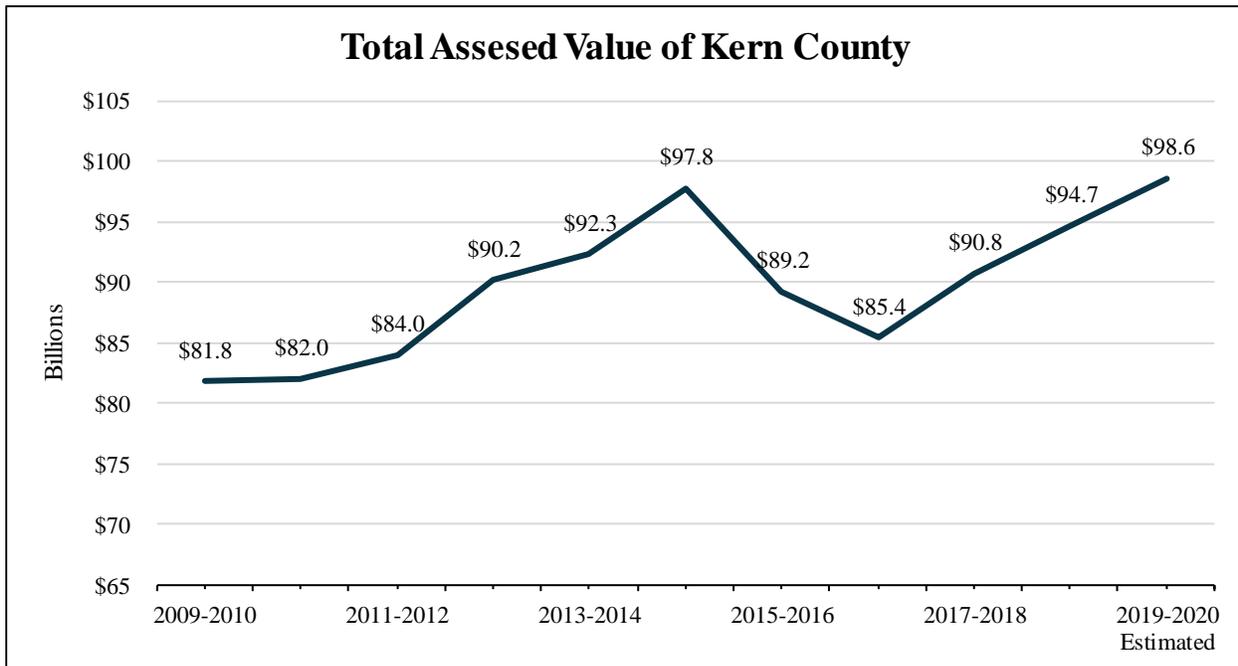

Economic Indicators

The County’s FY 2019-20 estimated total net assessed value is \$98.6 billion, an increase of \$3.9 billion, or 4% from FY 2018-19. Property related revenue accounts for over 76% of countywide discretionary revenues and other financing sources. These revenues are affected by the housing market and oil and gas property valuations in the County.

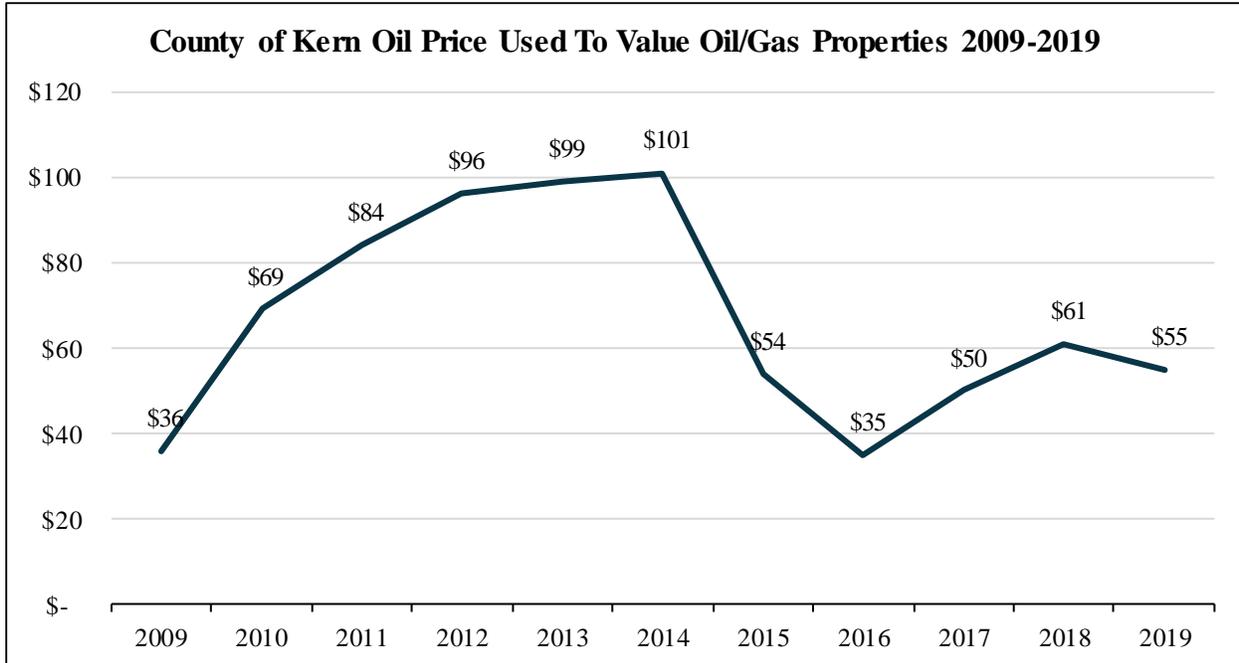

The January 1, 2019 lien date valuation of \$55 per barrel of oil reflects a noteworthy increase from the eleven year low of \$35 in 2016; however, declining reserves and significant property transfers at historically low prices have limited oil and gas property assessed valuations to a 3% increase from FY 2018-19.

The housing market has become increasingly stable, and rising home prices are leading to value being added back to the assessment roll for valuations that had been reduced through Proposition 8 reassessments. The 4.5% increase in commercial, residential, and agricultural property value represents the most significant increase to the County’s assessed value.

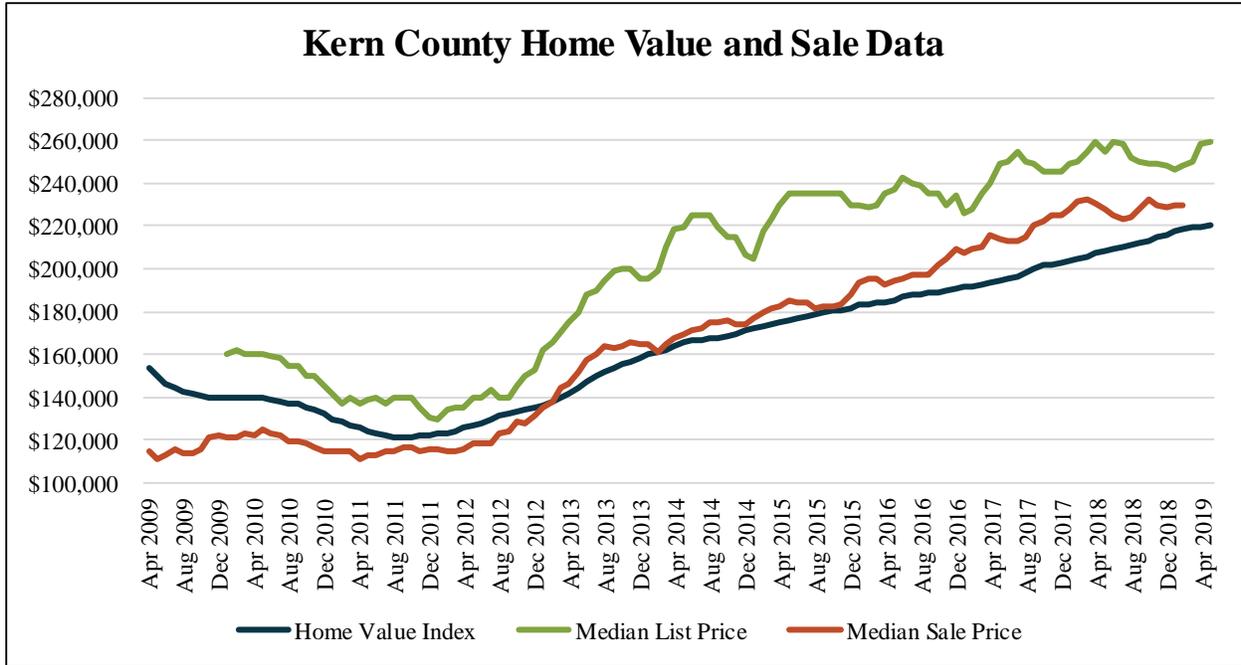

Source: Kern County Assessor’s Office

The following charts are strong indicators of the economic vitality in Kern County. The FY 2019-20 assessment and economic indicators show steady recovery, but time and value lost as a result of market declines in 2008, and again in 2015, have been a hindrance to the County budget and operations. The most notable change in the County’s assessed value is the increasing economic diversification which has led to a total assessed value exceeding the previous highest roll. In FY 2014-15, oil and gas property assessments made up 32% of the assessment roll, while in FY 2019-20, the oil and gas property assessments account for 16% of the roll. Economic diversity is a positive indicator of sustained economic health, as a stronger and more diversified economy will mitigate unsystematic market risks.

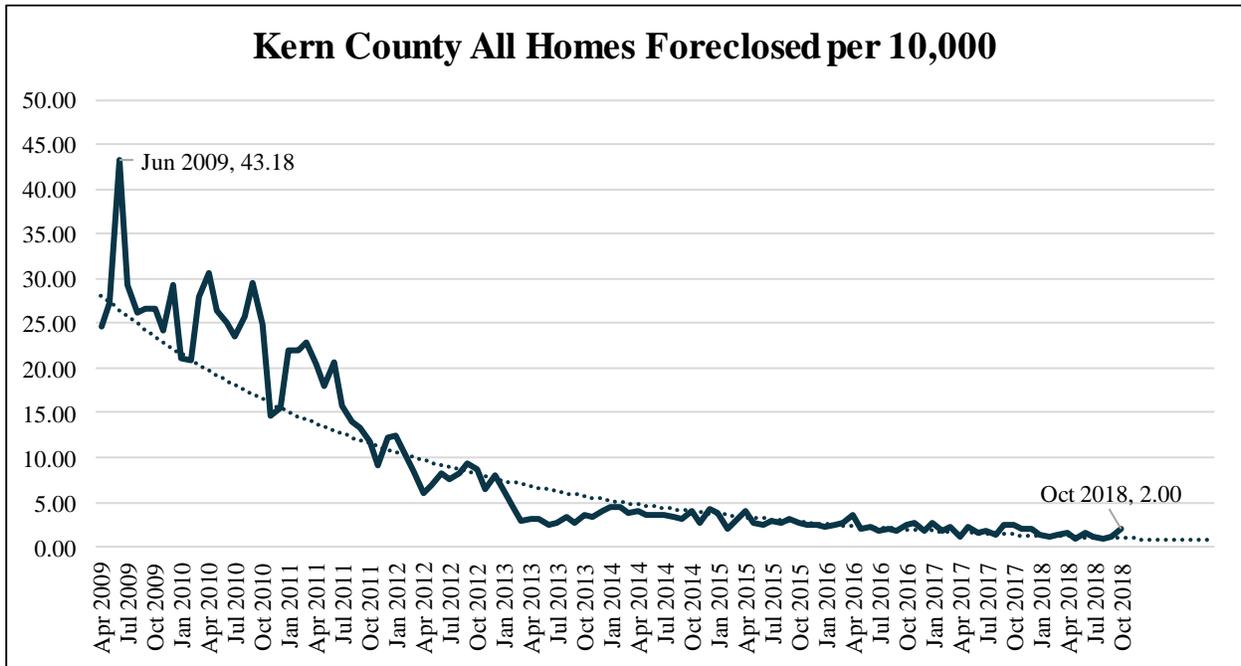

Source: Kern County Assessor's Office

Pictured above is the price per barrel of oil at January 1 of each year. A lien date value for each oil and gas producing property in Kern County is determined by the County Assessor, using the price per barrel of oil as a primary component in each property's discounted cash flow analysis. Since nearly 16% of all property valuations countywide are derived from the oil and gas properties, the County's discretionary revenue is heavily dependent on this industry. From 2012-2014 the price of oil remained strong. From 2015-2016, oil prices decreased sharply to \$35 per barrel which led to a slowing in the sector and the overall local economy. The lien date price per barrel of oil for 2019 is \$55, a \$4 decrease from 2018.

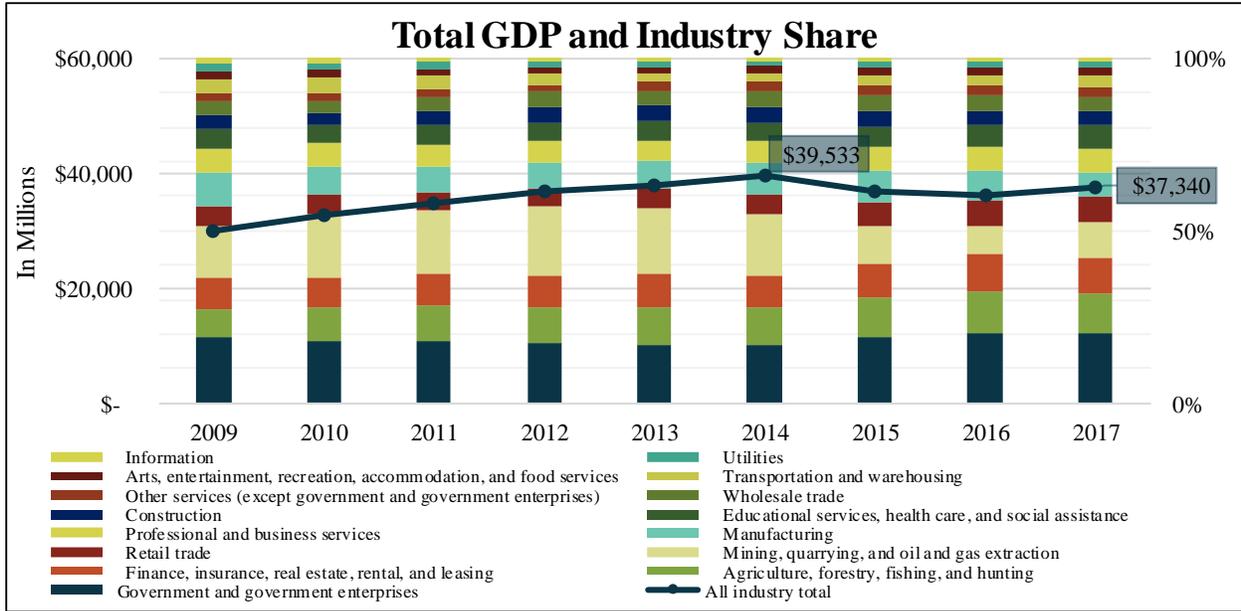

Source: Zillow Home Value Data 2019

Source: Zillow Home Value Data 2019

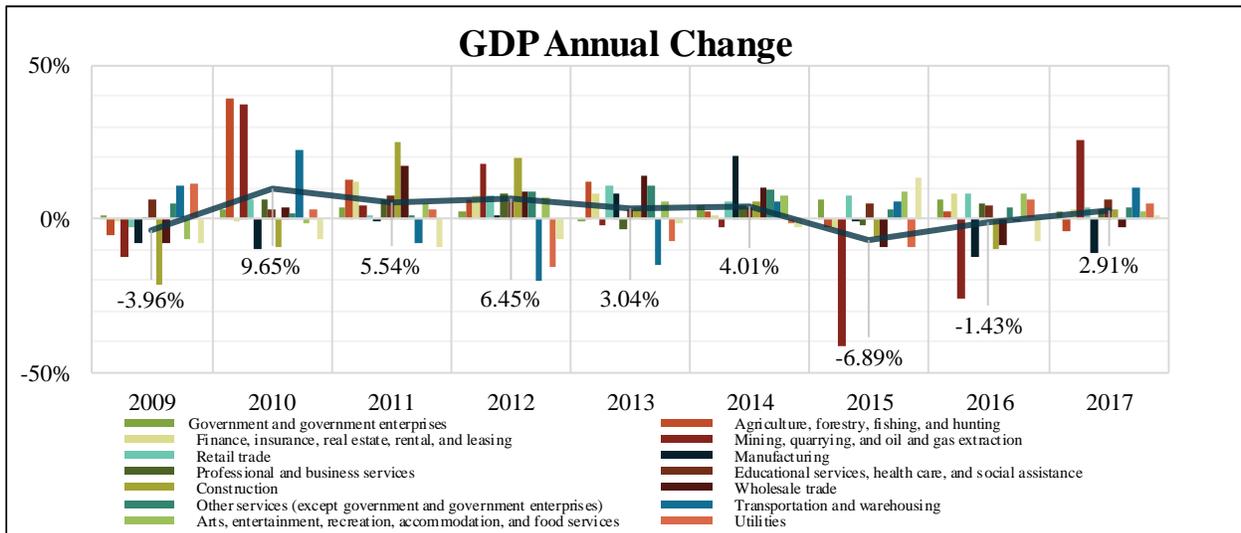

The median home value in Kern County for May 2019 was \$220,100. Kern County home values have gone up 5.72% over the 12 month period ending May 2019 and Zillow predicts they will rise 3.6% over the next 12 months based on the Zillow Home Value Index. Over the same period of time, the foreclosure rate in Kern County averaged 1.28 homes per 10,000. As of October 2018 Kern County’s 2.00 homes foreclosed per 10,000 is 1.55 greater than the State average of 0.45 homes foreclosed per 10,000.

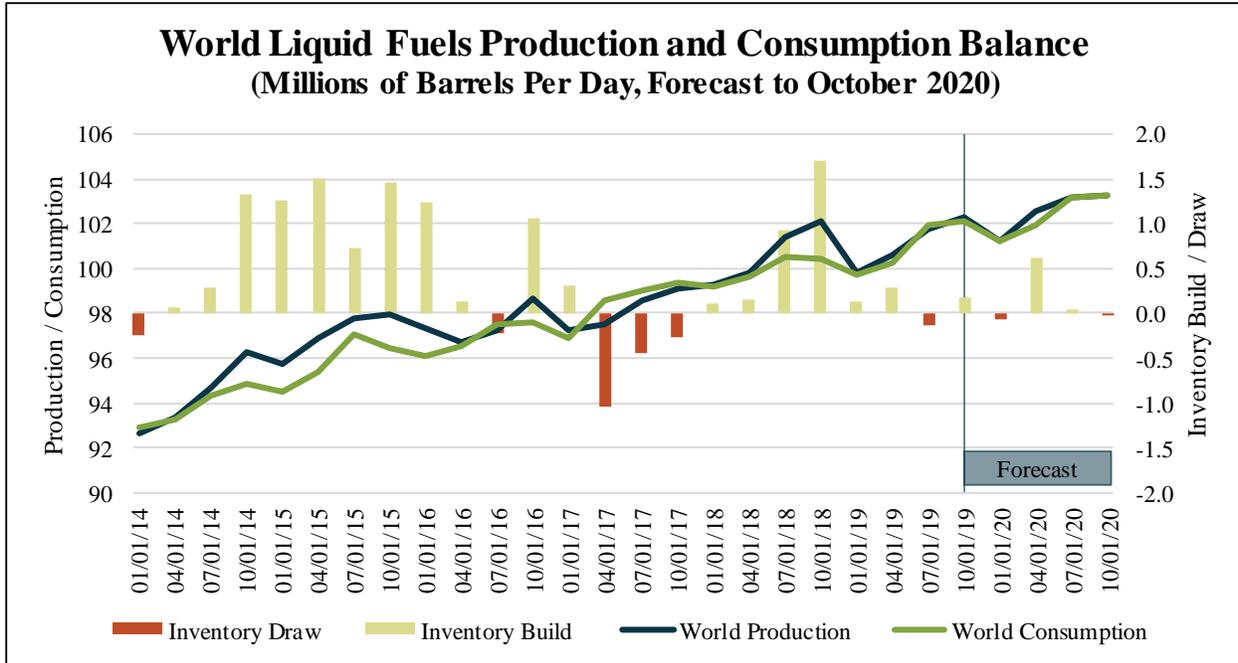

Source: Bureau of Economic Analysis MAGDP2 Gross domestic product (GDP) by metropolitan area

The Bakersfield metropolitan statistical area (“Bakersfield MSA”) encompasses all of Kern County and is used for measurement of the market value of all final goods and services produced in the County measured by gross domestic product (“GDP”). Two of the County’s largest industries are agriculture, forestry, fishing, and hunting and mining, quarrying, and oil and gas extraction.

Mining, quarrying, and oil and gas extraction has accounted for 8.48% to 20.21% of total County GDP from 2009-2017, and in 2017 accounted for 10.32% of GDP. Agriculture, forestry, fishing, and hunting accounted for 7.69% to 12.08% of the County’s total GDP from 2009-2017, and in 2017 accounted for 11.24% of GDP. These two industries are major drivers of all economic conditions due to their inherent volatility, cyclical nature, size, and interwoven relationship with other County industries.

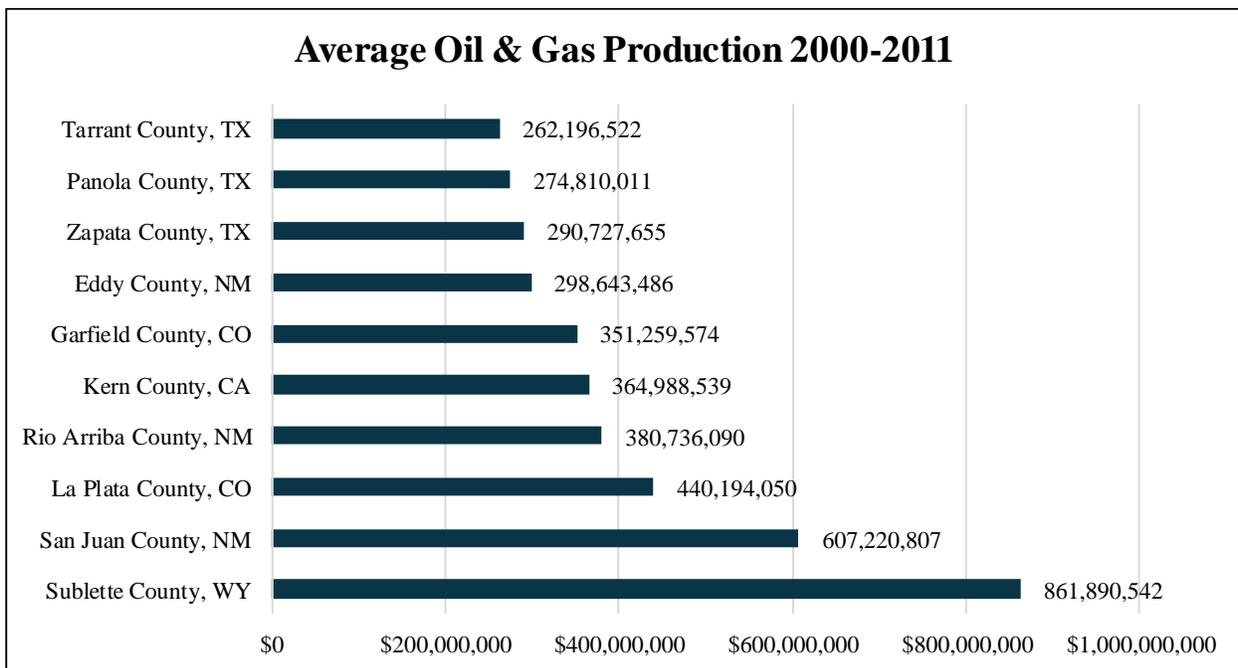

Source: Bureau of Economic Analysis MAGDP2 Gross domestic product (GDP) by metropolitan area

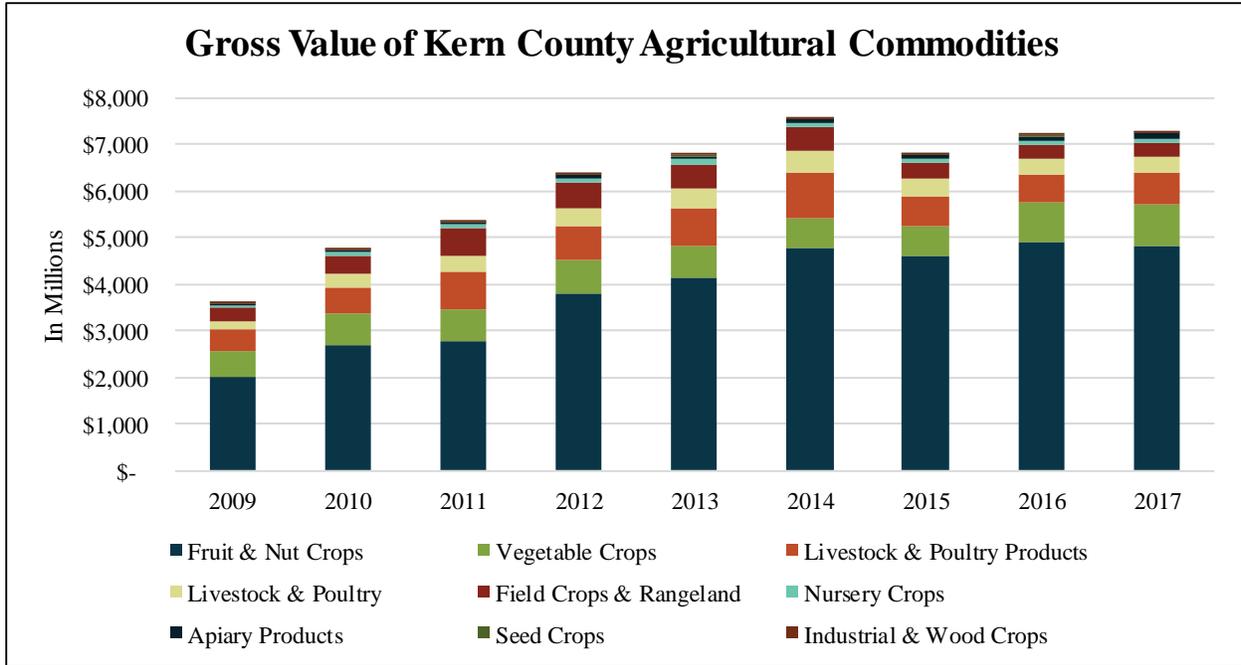

Source: EIA Short Term Energy Outlook, July 2019

Since the 2014 GDP high of \$39.5 billion, the county has declined to \$37.3 billion. The 2015 decline in the County’s GDP is largely the result of a downturn in the mining, quarrying, and oil and gas extraction industry as a result of excess production over demand in both the United States and World oil and gas industry. The 2017 GDP for the mining, quarrying, and oil and gas extraction industry in the Bakersfield MSA totaled \$3.8 billion, a 25.2% increase from 2016. Manufacturing GDP, comprised primarily of petroleum products manufacturing, has declined 22.4% due to declines in the petroleum market.

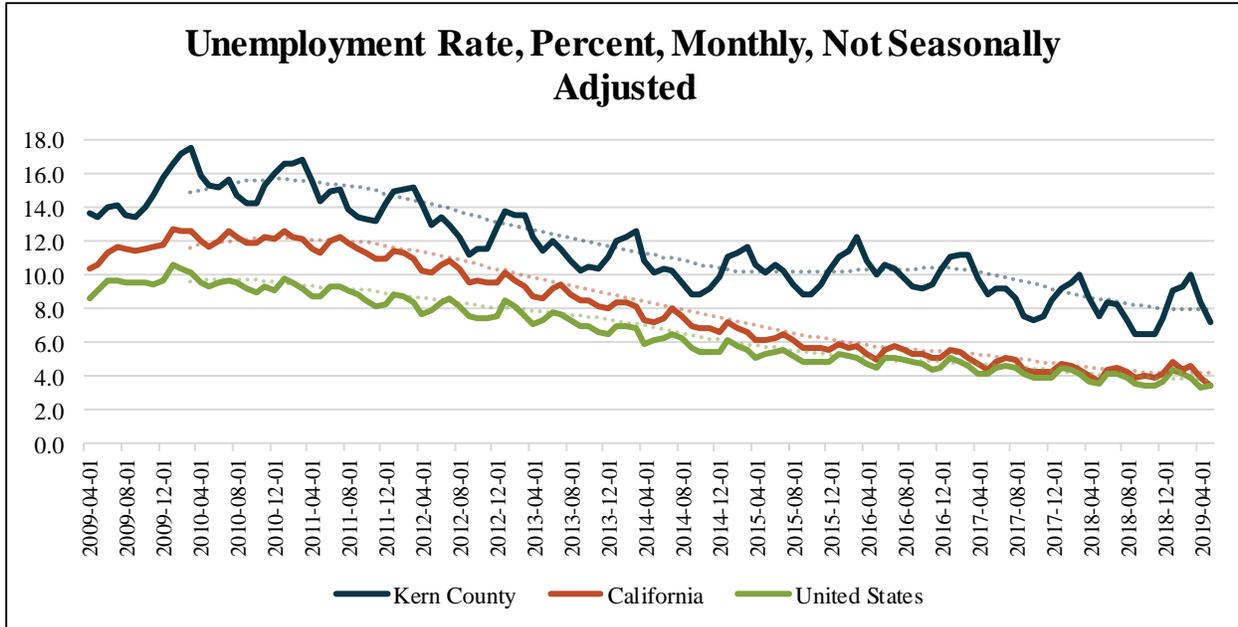

Source: USDA County-level onshore oil and natural gas production in the lower 48 States, 2000-11

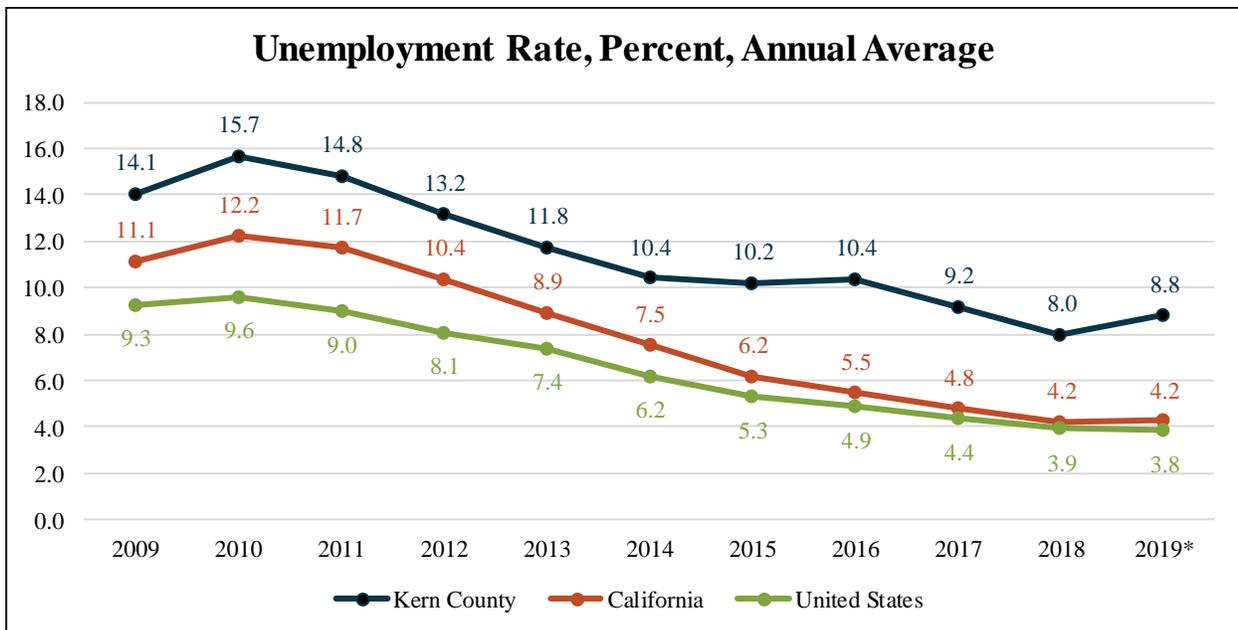

Source: County of Kern Agriculture and Measurement Standards, Agricultural Crop Report years 2009-2017

Agricultural commodities experienced a \$750 billion decline (-9.9%) in 2015 due in large part to the 2012-2016 drought. Since that period, the industry has regained \$452 million for a total gross valuation of \$7.2 billion in 2017. The 2017 GDP for the agriculture, forestry, fishing, and hunting industry in the Bakersfield MSA totaled \$4.2 billion, a 4.2% decrease from 2016.

Source: Federal Reserve Bank of St. Louis, Economic Research Division

*Through May, 2019; Sources: Federal Reserve Bank of St. Louis, Economic Research Division; State of California Employment Development Department, Report 400C Monthly Labor Force for Counties May 2019 - Preliminary

As illustrated in the graphs above, the unemployment rate was trending down for four consecutive years (2010–2014). However, beginning in 2014, the trend plateaued due to a sharp decrease in oil prices, resulting in a loss of jobs in that industry. Historically, the county’s unemployment rate is roughly 3-5% higher than the state average and is prone to greater variability as many jobs within the county are in agriculture and the oil and gas industry, both of which tend to ebb and flow based on seasonality and market volatility. In 2018, the County saw a decline in unemployment resulting from continued improvements in economic health across the County and State. Data through May of 2019 is closely following that of 2018.

THIS PAGE INTENTIONALLY LEFT BLANK

County of Kern

The County of Kern's FY 2019-20 Recommended Budget covers the period from July 1, 2019 through June 30, 2020. The County budget consists of the General Fund, special revenue funds, capital project funds, internal service funds, enterprise funds and other agency funds. Each department is responsible for operating within their budget and has authority to spend up to the approved budget.

When developing budgets, each department considers the County vision, mission and goals and objectives of the County, approved by the Board of Supervisors.

Mission Statement

"To enhance the quality of life in Kern County by protecting and serving our citizens."

The mission statement communicates what Kern County government is committed to doing for the community. It defines why our government exists.

Vision Statement

"To create and maintain a customer-centered County government designed to garner the confidence, support and trust of the people we serve."

The vision statement communicates that Kern County government is committed to the people we serve and can be a model of effective local government. Six key commitments are outlined below which must be fulfilled to fully implement our Vision:

1. A commitment to maintain and communicate a strategic vision focused on excellence and innovation.
2. A commitment to be effective *as defined by the customer*.
3. A commitment to respect all employees as vital, effective team members.
4. A commitment to collectively and continuously improve work.
5. A commitment to measure performance and to manage by fact.
6. A commitment to recognize individual and team performance based upon how well we meet organizational goals.

Strategic Plan

The process used in 2005 to create the original Kern County Strategic Plan was inclusive and comprehensive. Every effort was made to solicit participation of key internal and external stakeholders, including members of the public, County department heads and employees. The proposed goals, strategies and outcomes identified in the strategic plan are a result of input from the public and efforts by seven working groups that developed and refined the information gathered.

The County's citizenry requires a range of services covering a broad spectrum of health, public safety, transportation, social, recreational and environmental services. In today's environment the biggest challenge faced by the Kern County Board of Supervisors is fulfilling the demand for these services with limited resources. The strategic goals serve as a tool to use when policy decisions must be made to allocate financial resources during each budget year. During the budget process, information is provided to the Board that outlines efforts by departments to reach goals, and what opportunities are available to address the Boards priorities and establish an overall direction for allocation of the County's limited financial resources to meet long-term needs and service demands of the County's citizenry.

County Strategic Goals and Objectives

As part of the continuing effort to align resources with operational priorities, each department was asked to review existing performance measures to ensure alignment with the strategic plan. These measures should be realistic, easily quantifiable, and reflect progress on long-term multi-year strategic initiatives or the accomplishment of shorter-term tactical goals, that correlate to the identified County goals and reflect activities within the department's control. In addition, performance measurement progress is updated and reported as part of each budget process.

The FY 2019-20 Recommended Budget book includes prior year accomplishments, and departmental goals in accordance with the strategic plan. The FY 2019-20 Strategic Goals and Objectives are consistent with the original strategic plan approved by the Board.

Enhance Quality of Life for Kern County Residents

- Ensure strong public safety efficacy.
- Invest in infrastructure that benefits our community most.
- Deliver and sustain value-added places, programs, and services.
- Grow our economy and create jobs.

Be a model of Excellence in Managing our Business and People

- Make decisions that strengthen our fiscal outlook.
- Eliminate our structural deficit.
- Develop, retain, and reward our workforce, and attract talent.
- Prepare for the future.

Foster a Culture of Innovation

- Rethink, reformulate, re-engineer; embrace and deliver smart change.
- Expand digital communication.
- Develop and sustain public/private partnerships.
- Strengthen and diversify our tax base.

Budget Planning Calendar

Ongoing

Policy Direction – The Board of Supervisors provides ongoing policy direction to the County Administrative Officer.

Year-end Estimates – Departments provide year-end estimates of revenue and expenditures to the County Administrative Office on a monthly basis and any significant changes are addressed timely.

Amendments to the Adopted Budget – As needed throughout the fiscal year after the budget is adopted, departments are able to bring agenda items to the Board of Supervisors to transfer, add or reduce budget appropriations based on specific situations such as unanticipated revenue that the department requests to spend, or conversely, unrealized revenue the department is aware of that should reduce spending authority.

Mid-Year Budget Reports – Departments are required to submit a mid-year budget status report to the County Administrative Office by January 15 that details any concerns or issues the department may have regarding the budget and current projections for year-end. The County Administrative Officer compiles the information from departments and brings an agenda item to the Board of Supervisors that recaps the adjustments to the adopted budget for the General Fund through December 31 and notifies the Board of any known budgetary issues.

December through February

Major Maintenance – Proposals for capital and major maintenance projects are due to General Services Division by mid-December. Proposals related to General Services maintained buildings or facilities are due by mid-October with a copy to the County Administrative Office.

New or Replacement Vehicles – Departments using Garage vehicles under Plans 1 and 2 are required to submit Vehicle Request Forms to the County Administrative Office. Approved requests are forwarded to the General Services Division by mid-January.

Five-Year Fiscal Forecast – The County Administrative Office develops a Five-Year Fiscal Forecast of financial operations for General Fund programs, projecting major revenues (sources) and expenditures (requirements) based on current service levels and expected future changes to those programs or service levels. The analysis includes the identification of trends, significant impacts, and recommendations, which are presented by the County Administrative Officer for recommendation to the Board of Supervisors as part of the Budget Development Guidelines.

Budget Development Guidelines – In February, the County Administrative Office proposes to the Board of Supervisors a budget development guideline for Net General Fund Cost or Net County Cost allocations for the upcoming budget year in addition to proposed public budget hearing dates and revenue forecasts for budget development.

Budget Kickoff – The County Administrative Office hosts a "Budget Kickoff" meeting in late February for departments and issues guidelines for the development of next fiscal year's budget which includes procedural instructions and any relevant information.

March and April

Departmental Charges – Departments that charge other departments for services send charges to the County Administrative office by early March for review and distribution to departments.

Insurance Rates – Risk Management's charges for workers' compensation, general liability, automobile, and other insurance, are forwarded to the County Administrative office by early March for review and distribution to departments.

Fees – Requests for new or increased fees are submitted to the County Administrative Office no later than March 6. Fees must receive Board approval prior to June 30 to become effective with the new fiscal year and included in the recommended budget.

Departmental Budgets – Departments are required to submit budget requests, including step-down plans (if required) to the County Administrative Office and the Board of Supervisors in mid-April.

May and June

Program Prioritization Plans – Departments are required to submit their Program Prioritization Plans to the County Administrative Office by mid-May, two days after the California State Governor's May Budget Revision.

First Budget Discussion – In accordance with the County Budget Act, the County Administrative Office presents the preliminary recommended budget for Board approval prior to July 1. This is also the first of four public sessions regarding the County's budget.

July

Final Assessment Roll – The Auditor-Controller reports County fund balances available as of June 30 to the Board of Supervisors and the County Administrative Office.

Capital Projects and Major Maintenance – The General Services Division annually distributes a capital project submission and processing time line. The time line is accompanied by a list of projects previously requested by departments. The departments are required to (1) delete any projects no longer deemed necessary; (2) add any new project request; (3) indicate if a project is being revised; and (4) establish the department's prioritization of the projects. The General Services Division performs an initial screening of all projects to establish a preliminary priority. For those projects that are given preliminary priority as well as for revised projects, cost estimates are then generated. The list of prioritized projects is provided to the County Administrative Office for budgetary consideration.

Performance Measures – Departments provide performance measures with actual data to the County Administrative Office for inclusion in the recommended budget in early July.

Second Budget Discussion – The County Administrative Office presents an updated budget status and receives public input for the recommended budget.

Third Budget Discussion – The County Administrative Office presents an updated budget status with year-end closing numbers and department identified issues to the Board of Supervisors in mid-July. This is the third of four public sessions regarding the County’s budget.

Recommended Budget Document – Recommended budget documents are made available to the public at least 10 days before the start of final Budget Hearings. The Clerk of the Board also publishes the public notice announcing Budget Hearings.

Final Budget Hearings – The Board of Supervisors holds final Budget Hearings on the County Administrative Office Recommended Budget. Budget Hearings consist of two days, Tuesday through Wednesday in mid to late August. Tuesday and Wednesday (if necessary) are reserved for budget discussions and to give the public a final opportunity for input on the County’s budget. At the conclusion of final Budget Hearings the Board of Supervisors formally adopts resolutions adopting the regular County budget, budgets for funds not included in the regular County budget, budgets for county service areas and special districts under control of the Board.

Calendar for the FY 2019-20 Budget

Mid-December	Capital and Major Maintenance Requests
February 26, 2019	Adoption of FY 2019-20 Net General Fund Guideline
February 27, 2019	Budget Kick-off with Departments/Budget Preparation System Opening
February 28, 2019 March 1, 2019	Budget Preparation System Training
April 12, 2019	Departments Submit Requested Budgets
June 25, 2019	Presentation of the Preliminary Recommended Budget and First Public Budget Discussion with Program Prioritization Plans
July 29, 2019	Special Evening Meeting to Receive Public Comments
July 30, 2019	Second Public Budget Discussion with year-end closing numbers
August 27, 2019	Budget Hearing and Adoption of FY 2019-20 Budget

General Fund Budget Process

The County Administrative Office has the responsibility of developing the County fiscal plan for all General Fund departments. This plan begins with a five-year fiscal forecast and is used to highlight anticipated costs to be incurred and revenue projections in the upcoming fiscal years. The County uses this forecast to build the fiscal plan for five years beginning with FY 2019-20.

The County fiscal plan also focuses on three restricted funding sources, Proposition 172, and 1991 and 2011 Realignment. Proposition 172 revenue assists in funding the Sheriff-Coroner, District

Attorney, Public Defender, Fire and Probation departments. 1991 and 2011 Realignment assists in funding various departments that provide safety, public assistance and health services.

For some departments, budgets are also built utilizing revenues generated from fees. A public hearing before the Board of Supervisors is required for all fee increases and must be approved prior to implementation. The majority of approved fees were effective July 1, 2019.

The County Administrative Office develops a five-year fiscal plan focused on addressing the cumulative structural budget. For FY 2019-20 the budget is balanced with the inclusion of less than 1% reduction of Net General Fund Cost for most General Fund departments as well as the final year of a multi-year plan to phase in reductions to resolve a deficit associated with a significant reduction in property tax revenue and cost increases. This is further discussed in the County Fiscal Plan section of this book.

On June 25, 2019, the County Administrative Office presented the FY 2019-20 Preliminary Recommended budget to comply with the State's County Budget Act, which requires the County to approve a budget before June 30 (Government Code section 29064). An evening session specifically for public input was scheduled for July 29, 2019. A third budget discussion was held on July 30, 2019, concluding with the final budget adoption on August 27, 2019.

Other Funds Budget Process

In addition to the General Fund, the County of Kern has special revenue funds, capital project funds, county service area funds, enterprise funds and internal service funds. All of these funds are restricted to the revenue sources they receive. Each department having these types of funds is responsible for developing its budget based on the revenue (sources) available to them. These sources include projected revenue to be collected in FY 2019-20 and any revenue not spent and carried forward from prior year (for example fund balance for special revenue funds and retained earnings for enterprise funds). These budgets are also discussed during the Budget Hearings.

Amending the Adopted Budget

The County Budget Act authorizes counties to amend the adopted budget through a budget revision process. For County departments, amendments may be requested by placing the item on the Board of Supervisors meeting agenda as required by Kern County Administrative Policies and Procedures Manual Section 904. Budget adjustments require a 4/5 vote of the Board of Supervisors to pass and may be included on the agenda for consideration at any regularly scheduled Board meeting.

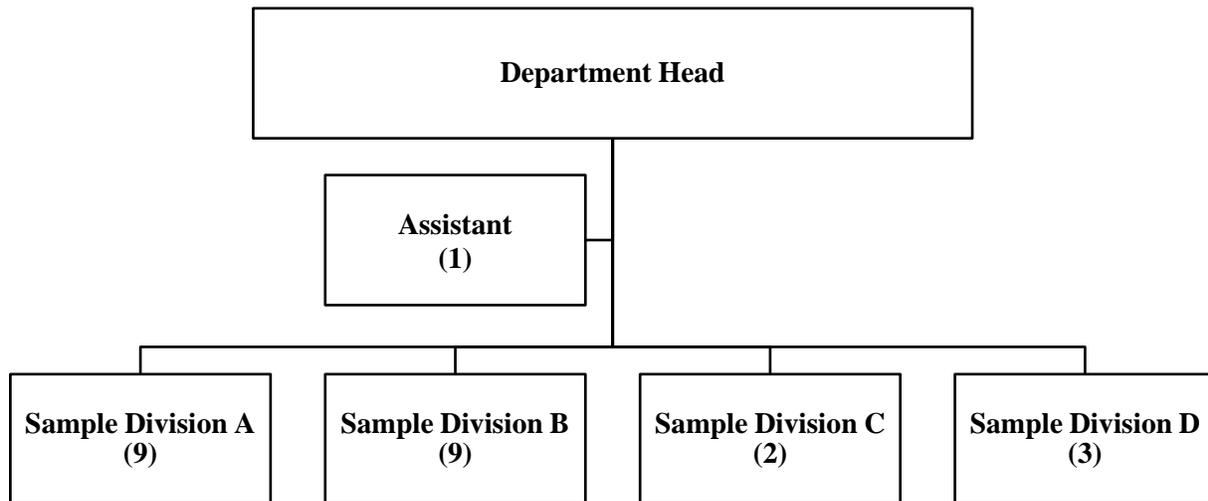

Budget Book Format

Budget units presented in this book are displayed at a fund/department level. Although some departments incorporate additional organizational levels when developing their budgets, the fund/department level of presentation was selected to provide consistency between all budget units. A sample of the departmental budget format is included in this overview.

The schedule above represents the entire County Budget from the FY 2017-18 Adjusted Budget through the FY 2019-20 Recommended Budget and includes special districts, employment grant programs, and community development grant programs under the authority of the County Board of Supervisors. The Adjusted Budget figures include the carry-forward of prior year appropriation associated with encumbrances or outstanding contractual obligations of the County. The FY 2018-19 Adjusted Budget requirements of \$2.8 billion includes \$87.1 million of prior year appropriations. The FY 2019-20 Recommended Budget for the County includes \$2.9 billion in budgeted requirements and sources and 8,085 positions in budgeted staffing. Further detail of the County's requirements, sources, and budgeted staffing for the upcoming fiscal year is provided in the following pages.

Appropriation Summary

The FY 2019-20 Recommended Budget includes appropriation of \$2.3 billion, which is a net increase of \$38.8 million, or 1.4%, over the FY 2018-19 Adjusted Budget. The schedule below lists appropriation, however, it does not include operating transfers-out, which provides a mechanism to transfer funding between budget units. This schedule shows the change from the prior year adjusted budget.

Summary of Appropriation - All Funds (Excludes Operating Transfer-Outs and Contribution to Reserves)

	FY 2017-18 Actual	FY 2018-19 Adopted Budget	FY 2018-19 Adjusted Budget	FY 2019-20 Recommended Budget	Change Between 2018-19 Adjusted & 2019-20 Recommended	Percentage Change
County Operations						
General Government	\$117,256,803	\$122,630,250	\$162,167,261	\$139,689,076	(\$22,478,185)	-13.9%
Public Protection	401,320,129	437,761,090	441,912,003	449,303,435	7,391,432	1.7%

Total All Funds	\$1,865,700,944	\$2,101,355,134	\$2,247,882,733	\$2,278,768,043	\$30,885,310	1.4%

Note: This schedule does not include operating transfers-out or contributions to reserves and, therefore, will not match the requirement summary schedules that follow.

Below are explanations of the major expenditures that are included in the \$2.3 billion of appropriation for the FY 2019-20 Recommended Budget. The following pages provide explanations of notable appropriation changes from the FY 2018-19 Adjusted Budget to the FY 2019-20 Recommended Budget.

Countywide Operations (General Fund)

The County General Fund contains the following functional groups, which have a total budgeted appropriation of \$711.8 million for FY 2019-20:

General Government has appropriation of \$139.7 million and contains County departments that provide administration, general services, and fiscal services to departments and County residents. In addition to maintaining and operating all parks. The administration departments provide leadership and support to departments that provide direct public services to County residents. Leadership departments include the Board of Supervisors (\$2.5 million), which is the governing body of County government, and the County Administrative Office (\$5.5 million), which directs and coordinates departmental activities according to the law and strategic goals set by the Board

of Supervisors. Various support departments include civil legal services provided by County Counsel (\$12.7 million); employment and employee related services provided by Human Resources (\$4.7 million); purchasing, property management, construction services, and park services and operations provided by General Services (\$20.3 million); fiscal services such as payroll, claims payments, auditing by the Auditor-Controller (\$5.4 million); tax collection and treasury oversight by the Treasurer Tax Collector (\$6.7 million); and information technology support provided by the Information Technology Services Department (\$23.3 million).

Public Protection has appropriation of \$449.3 million and provides public safety services to County residents. The Sheriff/Coroner/Public Administrator (\$239.3 million) provides law enforcement services for the unincorporated areas of the County. Primary functions of the department include providing countywide services for general operations as well as providing detention facilities for all of the County presentenced inmates including sentenced inmates no longer required to go to State prison as a result of the realignment by the State of adult offenders (2011 Realignment). The department also provides law enforcement services through contractual agreements. The Probation Department (\$91.5 million) provides supervision of adult and juvenile probationers throughout the County as well as for recently realigned State parolees (2011 Realignment). In addition, the department operates and maintains the County's juvenile detention facilities. The District Attorney's Criminal Division (\$38 million) is responsible for prosecuting crimes committed within the County and the Public Defender (\$19.2 million) provides legal counsel for the indigent defendants within the County.

Health and Sanitation has appropriation of \$77.7 million and provides health and medical service programs to County residents through a number of County Departments. Health services are provided by Public Health (\$32.1 million). A contribution to the Kern County Hospital Authority (\$36.5) provides funding for medical services for County inmates and medically indigent residents.

Public Assistance has appropriation of \$20.4 million and administers veteran social service and job assistance programs to County residents. Veterans' Services (\$1.5 million) advocates on behalf of local veterans, provides assistance with claim preparation and benefits counseling, refers veterans to other County, State, and federal agencies for whose programs they may be eligible for, and providing outreach throughout the County in order to inform residents of benefits and services available to veterans. Employers' Training Resource (\$17.3 million) administers federal and State grant funds to provide employment assistance programs.

Education has appropriation of \$7.8 million and provides educational information and services to enhance the quality of life for residents of all ages. The Library (\$7.4 million) provides services such as book lending, inter-library loans, reference, audiovisual, computer and other literacy information.

Debt Service is administered out of one budget unit which has appropriation of \$10.7 million and makes annual debt service payments for County projects and equipment financed on a long-term basis.

Contingencies of \$6.1 million include \$4 million for unforeseen operational changes and legislative impacts, \$500,000 for uncertainties, \$1.3 for potential cost associated with a Sheriff's

Academy, and \$315,451 for potential costs related to the new requirement of Assembly Bill 219 mandating counties to prepay return postage on vote-by-mail ballots.

Special Revenue Funds

Special Revenue Funds have appropriation totaling \$1.1 billion. These funds account for the proceeds of specific sources that are legally restricted to expenditures for specific purposes and are primarily used to fund the following functions within the County:

General Government has appropriation of \$2.3 million and provides special purpose funding for Development Services special revenue fund.

Public Protection has appropriation of \$200.8 million and provides fire safety services as well as special purpose funding for the District Attorney, Sheriff-Coroner, Probation Department, Agriculture and Measurement Standards, Planning and Community Development, Child Support Services and Animal Services operating departments in the General Fund. The Fire Department (\$150.8 million) responds to emergency fire, rescue, and medical aid requests. Building Inspection (\$10.6 million) enforces building regulations and administers parcel map and zoning requirements for land use throughout the County. Code Compliance (\$1.7 million) enforces and corrects violations that threaten public safety in County areas, including public nuisances, weeds, building and housing, solid waste and abandoned wrecked, inoperative, or dismantled vehicles.

Public Ways and Facilities has appropriation of \$98.5 million in the Roads Department which plans, designs, constructs, and maintains public roads, bridges, streets, and traffic-control devices in the County.

Health and Sanitation has appropriation of \$293.4 million and provides behavioral health and substance use disorder services to County residents primarily through the Behavioral Health and Recovery Services Department (\$280.7 million). Environmental Health Services (\$10.1 million) provides State-mandated regulatory oversight, compliance assistance, and enforcement actions for community businesses and activities.

Public Assistance has appropriation of \$505.4 million and provides social service programs to County residents. One of the largest special revenue funds in the County is Human Services - Administration (\$218.9 million) which provides child protective services as well as administers major public assistance programs including CalWORKs, CalFresh, and Medi-Cal. Human Services – Direct Financial Aid (\$266.1 million) provides direct assistance payments to qualifying County residents for the public assistance programs named above as well as non-major programs such as General Assistance. Aging and Adult Services (\$19.5 million) provides services such as abuse prevention, nutrition, homemaker, conservator, disease prevention and health promotion, insurance counseling, information and referral assistance, as well as the In-Home Supportive Services program.

Recreation and Cultural Services has appropriation of \$88,300 and provides special purpose funding for Parks and Recreation within the General Services Division of the General Fund.

Capital Project Funds

The FY 2019-20 Recommended budget does not include new projects funded in Capital Project Funds. For further detail on upcoming major capital projects, see the 'Countywide Capital Projects' section.

Enterprise Funds

Enterprise funds have appropriation of \$119.1 million. These proprietary funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods or services to the public be financed or recovered primarily through user charges. There are two major enterprise funds within the County, as follows:

Solid Waste Management has appropriation of \$75.9 million and is responsible for the operation and management of the County solid waste disposal system, which consists of seven active landfills, seven recycling/transfer stations, and three special waste facilities, eight inactive or closed landfills, and 43 closed burn dump sites.

Airports has appropriation of \$11.7 million which provides for the management, development, maintenance, and operation of seven airports and airfields within Kern County. Meadows Field Airport provides airline services to commercial aviation and the traveling public.

Internal Service Funds

Internal Service Funds have appropriation of \$284.7 million. These proprietary funds are used to account for the funding of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost reimbursement basis. The Internal Service Funds of the County are as follows:

General Liability has appropriation of \$19.8 million and administers the operation of a self-insured system to meet the County's legal liability for damages to persons and/or property arising out of the County's general and automotive activities.

General Services - Garage has appropriation of \$5.2 million in order to purchase and provide maintenance services for vehicles assigned operationally to County departments.

Group Health has appropriation of \$149.7 million and administers the operation of the County employees' health and dental insurance plans.

Retiree Group Health has appropriation of \$9.3 million to provide for the County's contributions to the Retired Employees Health Insurance and Retiree Premium Support Program.

Unemployment Compensation has appropriation of \$2.4 million to administer and operate the Unemployment Compensation Program to meet the County's obligation of providing unemployment benefits to former employees eligible under State Law.

Workers' Compensation has appropriation of \$19.8 million to provide for the administration and operation of the self-insured system to meet the County's statutory obligation to compensate its employees for work related injuries and illnesses.

Public Works has appropriation of \$78.2 million to provide labor and support for all its divisions including Roads, Development Services, and Waste Management.

Special Districts

Special Districts have appropriation of \$26.9 million and provide services including landscape maintenance, street sweeping, sewer service, and street lighting services. County Service Areas (\$5 million) are administered by the County's Public Works Department and provide the above mentioned services to areas throughout the County. The Kern Sanitation Authority (\$9 million) and Ford-City Taft Heights Sanitation District (\$1.2 million) which provide wastewater treatment services to specific areas in East Bakersfield and the area of Ford City and Taft Heights are also managed by the Public Works Department. In addition, the In-Home Supportive Services Public Authority (\$11.7 million) is administered by the Aging and Adult Services Department and is the employer of record for individuals providing services to eligible aged, blind or disabled individuals, in order to allow those persons to remain in their homes and avoid institutionalization.

Employment Grant Programs

Employment Grant Programs have appropriation of \$22.4 million and provides job assistance programs to County residents. Employers' Training Resource – Workforce Innovation and Opportunity Act (\$22.2 million) provides employment assistance programs primarily funded by the Department of Labor Workforce Innovation and Opportunity Act and includes on-the-job training, job placement, and training programs.

Community Development Grant Programs

Community Development Programs have appropriation of \$18.1 million and improve the economic environment and quality of life for County residents, primarily those with lower incomes, through projects and programs that revitalize neighborhoods, improve public facilities and provide decent and affordable housing. The Community Development Block Grant Program (\$8 million), the Emergency Solutions Grant Program (\$719,561), and the Community Development Home Investment Trust (\$6.5 million) are funded primarily by federal Community Development Block Grant funds.

Appropriation Changes and Operational Impacts

General Fund

Countywide operations in the General Fund show an overall decrease in appropriation of \$11.6 million, or 1.6% under the prior year adjusted budget. The large decrease in General Government is offset by increases in Public Protection, Health and Sanitation, Public Assistance, Debt Service, and Contingencies.

General Government is decreasing budgeted appropriation by \$22.5 million which is primarily due to prior year appropriations included in the FY 2018-19 Adjusted Budget for various major preventative maintenance projects in the amount of \$13.8 million and various capital projects and capital assets in the amount of \$7.3 million.

Public Protection appropriation is increasing by \$7.4 million due primarily to additional allocations to the Sheriff's department in order to maintain current service levels, mitigate impacts to public services, enhance oversight in patrol areas, replace critical equipment, and better position the department to recruit and retain qualified deputy sheriffs. In addition the Public Protection appropriations include additional funding for public safety departments to offset the increased FY 2019-20 pension costs for safety members.

Health and Sanitation is increasing budgeted appropriation by \$2.1 million primarily due to increases in costs of providing medical care to adult and juveniles in County jails and detention facilities.

Public Assistance appropriations remain flat with a small increase of \$14,101 primarily for the County's employment grant programs administered by Employer's Training Resource.

Debt Service is increasing by \$970,283 for debt service on an upcoming equipment lease. It is anticipated that \$4.6 million will be financed to acquire and outfit vehicles for the Sheriff's Office.

Contingencies appropriation was reestablished at \$6 million for FY 2019-20. See further discussion in section titled "Contingencies".

Other County Funds

The total net increase in appropriation for other County funds is \$19.8 million, which is a .9% net decrease. Changes are described below:

Special Revenue Funds are increasing by \$40.9 million primarily due to the net effect of the following:

- An increase of \$32 million for Behavioral Health and Recovery Services for staff and contracts necessary to meet network adequacy requirements and implementation of the Continuum of Care Reform;

- net decrease of \$9.6 million in Structural Fire resulting primarily from an increase of \$1.1 million for increases in safety pension costs and a decrease of \$7.2 million in Emergency Over-time that is not included in the recommended budget each year, but instead requires budget adjustments throughout the year based on need;
- A decrease of \$3.4 million in the Project Mitigation fund due to a draw down in FY 2018-19 for the acquisition of agricultural land easements to provide the benefit of the Swainson's hawk;
- An increase of \$33.3 million in Human Services – Direct Financial Aid for grant increases primarily for the CalWORKs program; and
- A decrease of \$4.4 million related to transportation impact fee and oil and gas road maintenance reimbursements for the Roads Department.

Enterprise Funds appropriation decrease of \$24.6 million is due primarily to a decrease in the Airport Enterprise Fund for appropriations included in in FY 2018-19 for Phase III of the Airport's Runway Project and other capital projects associated with the Solid Waste Management System.

Internal Service Funds appropriation is increasing by \$15.1 million due primarily to an increase of \$5 million in the Public Works Internal Service Fund due to increased staffing associated with implementation of solid waste programs as well as increases in anticipated legal settlements and claims in the General Liability and Worker's Compensation, respectively.

Special Districts and Grant Programs

Special Districts are increasing by a net 4.6%, or \$1.1 million, as the result of a mandated mechanism under the In-Home Supportive Services Authority Memorandum of Understanding with the State of California for reimbursement of administrative costs to be made directly to Aging and Adult Services beginning in FY 2019-20.

Employment Grant Programs are increasing by \$6.8 million from FY 2018-19 Adjusted Budget due to new grant allocations from the U.S. Department of Labor.

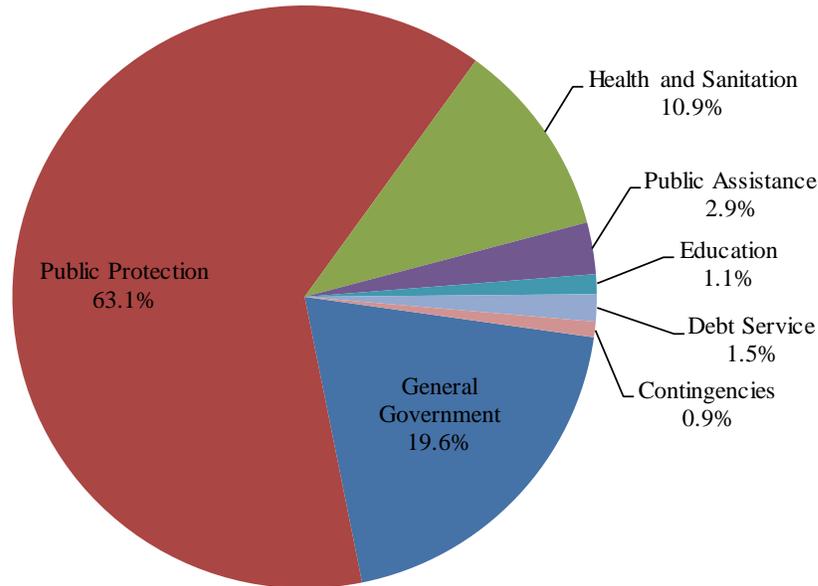

Community Development Programs are increasing by \$3 million due to an increase in grant funds available for projects.

General Fund Spending Authority Breakdown

The functional spending authority components included in the next pie chart are for countywide operations (General Fund) and consist of staffing expenses, operating expenses, and capital expenditures.

Components not incorporated into this pie chart are operating transfers-out, which provide a mechanism to transfer funding between budget units; reimbursements, which are considered a funding source; and contingencies, as no expenditures can be made from this appropriation.

**FY 2019-20 Recommended Budget
General Fund Spending Authority**

Requirements Summary

Total requirements include appropriation adopted by the Board of Supervisors plus operating transfers-out and contributions for reserves. Operating transfers-out provide a mechanism to transfer funding between budget units and are not appropriation to spend. Contributions for reserves are set-asides of resources for future use.

Summary of Requirements - All Funds

The County has one major fund. The County's General Fund is the only fund that exceeds 10% of the FY 2019-20 overall revenue estimate or appropriation.

Governmental Fund Types

General Fund: The General Fund is used to account for resources traditionally associated with government, which are not required legally or by sound financial management to be accounted for in another fund. The General Fund is the County's primary operating fund.

Special Revenue Funds: Special Revenue Funds account for the proceeds of specific revenue sources that are legally restricted to expenditures for specified purposes (other than for major capital projects).

Capital Project Funds: Capital Project Funds account for financial resources designated for the acquisition or construction of major capital facilities other than those funded by Enterprise and Internal Service Funds.

Proprietary Fund Types

Enterprise Funds: Enterprise Funds account for operations that are funded and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis, be funded or recovered primarily through user charges.

Internal Service Funds: Internal Service Funds account for the funding of goods or services provided by one department or agency to other departments or agencies of the governmental unit on a cost reimbursement basis.

The matrix below lists the functions as depicted in the organizational chart of the County. For each function listed, the various fund types utilized are shown, with their total requirements (including Operating Transfers-Out and Contributions to Reserves) for FY 2019-20.

	General Fund	Special Revenue Funds	Capital Project Funds	Enterprise Funds	Internal Service Funds	Total
General Government

Revenue Summary

The FY 2019-20 Recommended Budget is funded from several sources, including revenue, operating transfers-in, fund balance, and reserves and designations. The table below does not include fund balance carried over from the prior fiscal year or the use of reserves and designations. The table also excludes operating transfers-in as they provide a mechanism to transfer funding from one budget unit to another within the County. This table shows the change from the prior year adjusted budget.

Summary of Revenue - All County Funds (Excludes Operating Transfers-in and Use of Reserves)						
	FY 2017-18 Actual	FY 2018-19 Adopted Budget	FY 2018-19 Adjusted Budget	FY 2019-20 Recommended Budget	Change Between FY 2018-19 & FY 2019-20	Percentage Change
Taxes						
Property Related Revenue	\$377,354,580	\$386,982,790	\$387,247,972	\$398,490,865	\$11,242,893	2.90%
Other Taxes	57,744,037	55,052,166	55,036,984	55,906,528	869,544	1.58%
1991 Realignment	115,038,754	115,365,620	115,365,620	127,847,476	12,481,856	10.82%
2011 Realignment	175,623,722	169,506,637	176,150,979	176,504,635	353,656	0.20%

Subtotal	\$367,385,716	\$342,846,297	\$345,465,849	\$345,304,452	(\$161,397)	-0.05%
Total County Budget	\$2,031,607,697	\$1,932,824,586	\$1,990,545,651	\$2,075,472,995	\$84,927,344	4.27%

Property Related Revenue

Property related revenue of \$398 million primarily consists of funding from property taxes and is projected to increase by \$11.2 million, or 2.90% from the FY 2018-19 Adjusted Budget. This is primarily due to an anticipated increase in the assessed valuation of properties within the County. For more detail, refer to the section titled 'Countywide Discretionary Revenue' found in the Discretionary General Funding section of this book.

Other Taxes

Other taxes of \$55.9 million primarily consist of sales and use tax, transient occupancy tax, franchise fees, and hazardous waste facility tax. Other taxes are anticipated to increase by a net \$869,544 over the prior year adjusted budget. For more detail, refer to the section titled 'Countywide Discretionary Revenue' found in the Discretionary General Funding section of this book.

1991 Realignment

1991 Realignment departmental revenue of \$127.8 million is relatively flat compared to the prior year adjusted budget. For more detail, refer to the ‘Discretionary General Funding’ section of this book.

2011 Realignment

2011 Realignment departmental revenue of \$176.5 million is relatively flat compared to the prior year adjusted budget. For more detail, refer to the ‘Discretionary General Funding’ section of this book.

State, Federal or Government Aid

The County is estimated to receive funding from State, federal, and other government aid totaling \$664.3 million, which reflects a \$43.2 million, or 6.97% increase from the FY 2018-19 Adjusted Budget. The Public Assistance departments receive the largest amount of funds from other governments, with \$186 million in anticipated revenue for FY 2019-20.

Fee/Rate

The revenue category of fee/rate includes the following types of revenue: licenses, permits, fines, fees, rates, and other charges for services. Total revenue of \$252.7 million is anticipated, which is \$10 million or 4.24% more than the FY 2018-19 Adjusted Budget.

Other Revenue

Other revenue of \$54.4 million primarily includes interest earnings, fines, penalties, and other miscellaneous revenue. This revenue source is anticipated to increase by \$6.6 million, or 13.76% from the FY 2018-19 Adjusted Budget.

Enterprise Funds

Enterprise Funds revenue totaling \$94.4 million are anticipated to decrease by \$2.9 million. This reduction is primarily the result of a decrease in federal aid for an airport construction project that was finalized in FY 2018-19.

Internal Service Funds

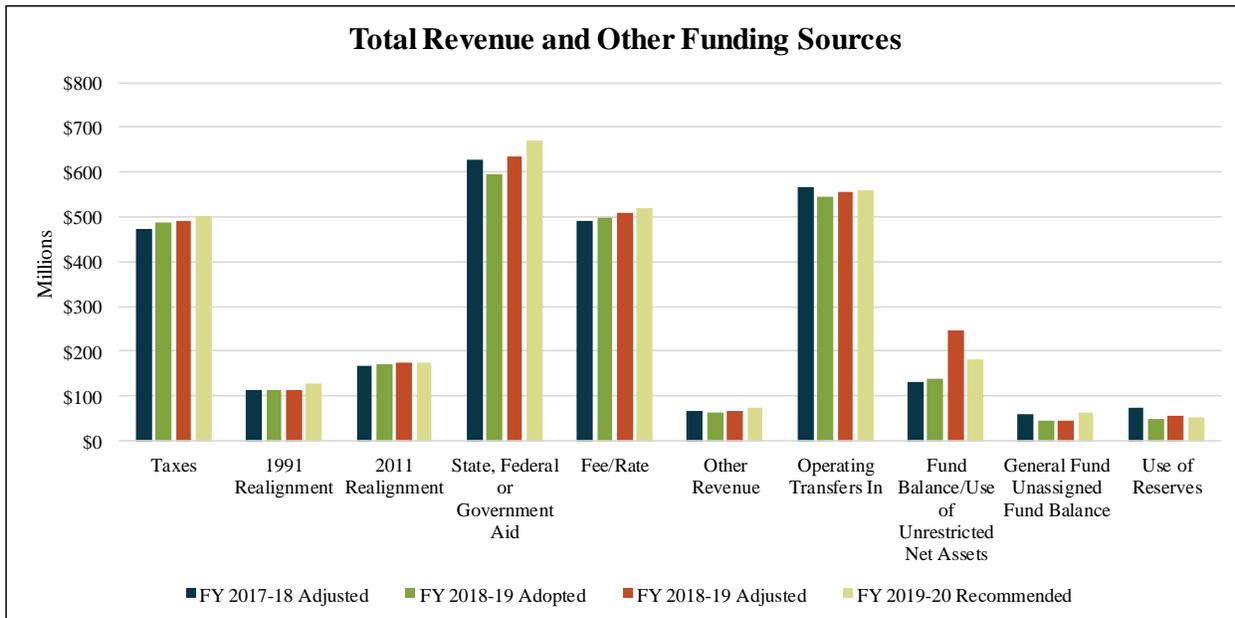

Internal Service Funds totaling \$250.8 million are anticipated to increase by \$2.7 million, approximately 1.57%. These funds charge other County departments for specific services, such as fleet, employee and retiree health and dental programs, general liability and worker’s compensation insurance, and unemployment benefits.

Total Revenue and Other Funding Sources

Summary of Revenue and Other Funding Sources - All Funds

	FY 2017-18 Adjusted Budget	FY 2018-19 Adopted Budget	FY 2018-19 Adjusted Budget	FY 2019-20 Recommended Budget

Total Revenue and Other Funding Sources	\$2,780,065,127	\$2,708,797,962	\$2,891,827,833	\$2,931,294,410

The revenue and other funding sources schedule above includes all County funds. This schedule includes operating transfers-in, which provide a mechanism to transfer funding from one budget unit to another within the County. Additionally, this schedule summary provides the fund balance/use of unrestricted net assets for all non-general funds, the General Fund’s available unassigned fund balance, as well as the use of reserves.

Authorized Staffing Summary

Authorized staffing is accounted for using a list maintained by the Human Resources Division of authorized positions approved by the Board of Supervisors; each position, whether full-time or part-time, is counted as one. The pie chart below depicts the budgeted staffing by function for FY 2019-20. The bar graph on the following page illustrates the budgeted staffing for FY 2019-20 as well as the two prior fiscal years.

**FY 2019-20 Recommended Budget
Authorized Staffing Summary**

**Authorized Staffing by Function
FY 2018-19 Through FY 2019-20**

Summary of Authorized Positions

	Year-End FY 2017-18	Year-End FY 2018-19	Recommended FY 2019-20	Change Between 2018-19 and 2019-20
General Fund	3,679	3,729	3,742	13
Other Funds	3,991	4,207	4,343	136
Total Authorized Positions	7,670	7,936	8,085	149

Overall staffing is recommended to increase in FY 2019-20 with changes outlined by fund and function below.

County – General Fund

- General Government** has a net increase of two positions from FY 2018-19 to FY 2019-20. The County Administrative Office will add one position. Human Resources and Elections will both add two positions while deleting one position. General Services will add two positions while deleting two positions. Construction Services is deleting one position. General Government departments will amount to a total salaries and benefits increase of approximately \$83,000.
- Public Protection** has a net increase of 16 positions. The District Attorney criminal division will add three positions while concurrently deleting one position. Public Defender will add four positions and delete four positions, for a net change of zero. The Sheriff will add three positions and delete one position. Probation will add 11 positions with no deletions. Agriculture and Measurement Standards will add one position and delete one position. Planning will add one position. In total, the position changes for the Public Protection department will amount to a total 16 new positions resulting in a salaries and benefits increase of approximately \$2.25 million.
- Health and Sanitation** consisting of the Public Health Department and California Children’s Services will have a net decrease of eight positions. Public Health will add four positions and delete six positions, resulting in a net decrease of two positions. California

Children's Services will add one position and delete seven. The position changes for these General Fund departments will result in an annual cost decrease of approximately \$760,000.

- **Public Assistance** will increase staffing by three positions. Employers' Training Resource will add 2 positions and Veterans' Service Department will add one position. The changes for Public Assistance will cause an annual cost increase of approximately \$239,000.

County – Other Funds

- **Public Ways and Facilities** has an increase of 19 positions in FY 2019-20. The Public Works Department will add 19 positions. The proposed changes will result in a net cost increase of approximately \$2 million.
- **Health and Sanitation** Comprised of Behavioral Health and Recovery Services, will increase staffing by a net of 60 positions. The department will add 61 positions and delete one position. Position changes in FY 2019-20 will result in a net cost increase of \$6.9 million.
- **Public Protection** will increase by a net of eight positions. Child Support Services will add eight positions and delete one position, for a net increase of seven positions. The Fire Department will add two positions and the Recorder will delete one position. These changes will result in a net cost increase of \$1.2 million.
- **Public Assistance** has a net increase of 52 full-time positions and a decrease of three part-time positions. Aging and Adult Services will add 11 full-time positions and one part-time position while deleting four part-time positions. The Department of Human Services will add 45 positions while subsequently deleting four positions. The proposed changes will result in a net cost increase of approximately \$5.8 million.

Overall, County costs associated to salaries and benefits will increase by approximately \$17.8 million. The majority of the cost increase will be funded with State and federal program revenue. Countywide staffing changes by County department function and activity are outlined in the Position Summary Schedule on the next page. In addition, a summary of detailed position changes by department can be found in Appendix B - Summary of Position Additions/Deletions.

The County has countywide capital projects that include construction, acquisition and rehabilitation of numerous facilities and structures, and the improvement of landfills. The total project cost also includes the acquisition of land.

Capital Budget Policy

An important part of the annual budget development cycle is the identification and prioritization of the County's capital and infrastructure maintenance needs. That process begins with developing a comprehensive capital and major maintenance project list with recommended priorities, based primarily on requests and supporting justification submitted by County departments. The list, however, does not represent all capital and infrastructure maintenance needs of the County. Project needs associated with enterprise funds and the Roads Department are not included in the list due to the different funding processes inherent in enterprise funds and the Roads Department. The projects included on the list are presented in priority order, as recommended by the County Administrative Office, based on the following evaluation criteria:

- *Legal Mandates.* Projects in this category are those that are required to meet some type of statutory, regulatory, or other legal mandate (such as court orders).

- *Health and Safety Concerns.* Projects in this category are those that mitigate potential health or safety threats to the public or County employees.
- *Preventive Maintenance.* Preventive maintenance projects are often given priority in order to maintain the structural integrity of the County's existing facilities. The three most critical preventive maintenance project categories are: roof replacement/repair projects; heating, ventilation, and air conditioning (HVAC) replacement projects, and parking lot repaving projects. Roof replacements are critical because as the condition of the roof deteriorates, structural damage and damage to other building components can occur as a result of leakage. HVAC replacements are critical because as the existing systems age, they become more expensive to maintain on an emergency basis. Parking lot repaving projects completed prior to damage occurring to the substructure of the parking lot are critical as it is much more expensive to replace parking lots rather than simply repaving them.
- *Cost Reduction Impact.* Cost reduction is included as an evaluation criteria in an effort to identify and prioritize those projects which are expected to result in reduced expenditures on an ongoing basis. The majority of the projects that have cost reduction implications are HVAC replacement projects.
- *Ongoing Staffing/Operating Costs.* The cost to operate and maintain new or replacement facilities on a continuing basis (including related staffing costs) is also an important consideration in the evaluation and prioritization of project proposals.
- *Direct Public Benefit and Usage.* Each project, or facility where a project is located, is evaluated to determine the level of direct public benefit gained as a result of the completion of the project. All other categories being equal, priority is given to projects that have a high public usage and/or public benefit, such as County roads and sumps, senior centers and veterans' halls, libraries, and multi-departmental use County buildings. Additionally, the evaluation process for each project also includes consideration of the project's consistency with and relative merit in facilitating the achievement of the County's Strategic Goals as adopted by the Board of Supervisors.
- *Subventions and Special Funding.* Several County departments are considered "subvented" because the costs of their operations, including capital needs, are primarily reimbursed with state and Federal funding. Special funding from sources other than the General Fund ease typical budgetary deliberations, particularly when external funds are earmarked specifically for capital projects and equipment replacement.

To the extent possible and under current policy, the County uses one-time funding or fund balance to fund one-time expenses such as capital projects in order to mitigate impacts to operations. The amount of discretionary General Fund resources for Capital Projects varies annually based on available one-time funding. As a result of limited resources, the County has prioritized major maintenance of existing structures and improvements over new capital projects. The 39 major maintenance projects funded in FY 2019-20 totaling \$13.7 million are listed in the General Government Section under Major Maintenance Projects.

Capital projects included in this section are limited to new construction, addition or betterment of an existing asset where the total project cost is greater than \$50,000. Land acquisition is also included in the definition of capital project.

The FY 2019-20 Recommended Budget includes a total of \$16.7 million in new projects.

General Services – General Fund Projects:

- *Psychiatric Health Facility*
\$920,000 is included to fund the land acquisition for the future construction of a Psychiatric Health Facility. The acquisition is funded with State revenue and does not impact the operating budget of the General Fund.
- *Animal Services Administration Building*
\$500,000 has been included for the acquisition of a temporary building to house the administrative staff of Animal Services Department until such time a new facility is constructed.

Waste Management Division of Public Works:

- *Landfill Projects*
The Waste Management Division of Public Works operates seven Class II landfills, three large volume transfer stations and six small volume transfer stations; all strategically located throughout the County. The Division has included \$14,592,020 for new projects. Included in the projects is \$8.3 million for improvements at the Bena Landfill, which consists of construction of a liner, drainage improvements, fencing and other road projects. \$1.5 million for improvements at other landfills, and \$5 million for small projects including the acquisition of landfill buffer property and road repairs are also included. The projects are funded with a portion of the land use fee collected for residential properties and a tipping fee for non-residential waste and do not impact the Division's operating budget.

Airports:

- *Kern Valley Airport*
\$207,000 is included to fund land acquisition to serve as airport buffer zone.
- *Wasco-Kern County Airport*
\$333,334 is included for the AP System Striping.
- *The Runway 12L-30R Rehabilitation and Taxiway Connectors Phase III*
This project is in the closeout phase. Additional appropriations in the amount of \$150,000 have been included to finalize payments. The overall project consists in general, of removal, construction and rehabilitation of airfield geometry on Runway 12L-30R. The improvements to Runway 12L-30R will enhance the runway and bring the surface to Federal Aviation Administration (FAA) pavement standards. The project cost is funded by an allocation from the FAA with a required match from the operations of the Airport of 10%.

The FY 2019-20 Recommended Budget also includes projects approved in prior years but not yet completed (Carryover Projects) totaling \$147 million. These major multi-year projects include the following:

General Services – General Fund Projects:

- *Lake Isabella and Hart Flat Fire Stations Land Acquisition and Design Cost*
\$521,994 is included for the land acquisition and final design phase cost associated with the Lake Isabella and Hart Flat Fire Station Replacements. Construction cost for these facilities is not included in the FY 2019-20 Recommended Budget as the Structural Fire Fund is in the fourth year of a structural deficit primarily from the loss of tax revenue. While the design cost does not have an operating impact on the FY 2019-20 budget as the funds were set aside in FY 2015-16, the construction phase of the projects will be evaluated during FY 2020-21 for debt financing along with other priority projects for the County.
- *Behavioral Health and Recovery Services Expansion*
The Behavioral Health and Recovery Services Department continues to be challenged in meeting the increased demand for services. \$238,150 in funding for the final phase of the improvements at the emergency psychiatric unit and design cost for a psychiatric health facility is included through the prudent use of Mental Health Services Act (MHSA) and realignment funds and will not affect or redirect funds from services.
- *Juvenile Detention Facilities Improvements*
\$1,087,015 is included for the installation of cameras throughout the James G. Bowles Juvenile Hall complex and the Crossroads – Larry J. Rhoades Facility in order to provide additional safety. In addition, \$546,571 has been added for the reconstruction of the Juvenile Hall south parking lot. These projects have funded with discretionary resources.
- *Lerdo Facility Solar System*
\$11,690,000 is included for the construction of two solar photovoltaic systems at the Sheriff's Lerdo Correctional Facility Campus. One is for Net Energy Metering (NEM) system. The NEM system is to offset the Lerdo Campus meters directly. The second system is a Renewable Energy Self-Generation Bill Credit Transfer (RES-BCT) system and will offset County facility PG&E meters countywide. Each system is estimated to produce two megawatts. It is estimated that the net benefit over the 25-year project life will be approximately \$20 million in reduced power costs. The project was financed with a direct purchase/bank loan. Debt Service for the project has been included in the Debt Service Budget Unit.

Waste Management Division of Public Works:

- *Landfill Projects*
The Division has included \$7,815,116 in funding for landfill drainage improvements, closure costs and the acquisition of landfill buffer property at an estimated cost of \$5,940,145. The projects are funded with a portion of the land use fees collected for residential properties and a tipping fee for non-residential waste.

Airports:

- *The Runway 12L-30R Rehabilitation and Taxiway Connectors Phase III*
\$309,904 is included for the Runway 12L-30R Rehabilitation and Taxiway Connectors reconstruction project phase III Meadows Field Airport that began in FY 2013-14.

Other Departments:

- *New Jail Facility*
These multi-year carryover project includes construction of a new jail facility with a total cost of \$123.9 million. Construction of the new jail was completed in February 2018. The new jail facility is listed under carry-over projects and financed with \$100 million State grant and \$24.8 million of other funding. The new jail opened in May 2018. The recommended budget includes ongoing operational costs of \$11.6 million to fund utilities, supplies, and salaries of approximately 62 positions to staff the medical and psychiatric area of the new jail further impacting the General Fund operating budget.

Summary of Capital Projects by Funding Source

	Discretionary		Total
	General Funding	Other Funding	
Projects Administered By:

Total	\$2,133,586	\$161,613,608	\$163,747,194

Further details for the General Services – General Fund Projects is included in the General Government section of this budget under Capital Projects. The projects for the Waste Management Division and Airports are included in the Enterprise section of this budget. The Other Departments

category encompasses countywide capital projects not accounted for in any other department. The detail for the projects is included in the Other Capital Projects section of this budget document.

Impact of Capital Projects on the Operating Budget

The County's operating budget is directly affected by the Capital Projects. Almost every new capital improvement entails additional expenses for routine operation, repair and maintenance upon completion or acquisition that must be incorporated in the operating budget. In addition, some capital projects require the addition of new positions. The cost of future operations for new facilities is incorporated within each operating department budget. Operating costs are carefully considered in deciding which projects move forward because it is not possible for the County to concurrently fund several large-scale projects that have significant operating budget impacts. The operating impact for the projects have been included in the description of each individual project in the previous pages.

Unmet Capital Needs

The County has numerous facilities and grounds that are in need of repair or replacement. Due to limited resources available, many projects have been delayed or postponed. The critical projects below will need to be funded in the next two to five years. Some projects were evaluated during FY 2018-20 for cost and funding through debt financing along with other priority projects for the County, use of General Fund reserves or California Parks and Environment Bond (Proposition 68) funding. Funds in the amount of \$4,422,111 are set aside for the Countywide Public Safety Communication System. Funds will be used to cover a portion of the costs not eligible for financing. An additional \$6 million was included in the Information Technology Division to fund the implementation of the new payroll and financial management system. Hart Park Master Plan Phase II improvements have been included to make needed renovations.

Summary of Unmet Capital Needs

Project Name:	<u>Estimated Cost</u>	<u>Fund in FY 2019-20</u>
Countywide Public Safety Communication System	\$60,573,000	\$4,422,111
Coroner/Crime Lab Facility	Unknown	0
Animal Services Facility	Unknown	\$500,000
Payroll and Financial Management System	\$6,000,000	\$6,000,000
Regional Parks Improvements	Unknown	615,000
Local Park Improvements	Unknown	0
Total known costs	<u>\$66,573,000</u>	<u>\$11,537,111</u>

Discretionary General Funding

County General Fund operations are funded with four major types of sources: departmental program revenue, Proposition 172 revenue, Realignment revenues (1991 and 2011 Realignment), and countywide discretionary revenue.

- **Departmental program revenue** includes fees, service charges, and state and federal support for programs such as welfare, health care, and behavioral health.
- **Proposition 172 revenue** is a permanent extension of a half-cent Local Public Safety Sales Tax approved by California voters on November 2, 1993. Proceeds of this sales tax must be dedicated to public safety. Proposition 172 revenue is restricted and is used solely for funding the Sheriff/Coroner/Public Administrator, District Attorney Criminal and Forensic Sciences Divisions, Public Defender, Probation, and Fire departments.
- **1991 Realignment revenue** provides health and welfare funding. In FY 1991-92, the State approved the Health and Welfare Realignment Program that involves a shift of program responsibilities from the State to the County. This shift is funded through a corresponding shift of dedicated sales tax and vehicle license fee revenue. Realignment revenue is restricted and used in funding mental health, social services and health programs within the County.
- **2011 Realignment revenue** provides public safety, health, and welfare funding. In FY 2011-12, the State approved what has become known as AB 109 Public Safety Realignment. As part of this realignment, the State addressed prison over-crowding by shifting custodial responsibility of non-violent, non-sex, and non-serious ('Triple-Nons') offenders to local jails. In addition, the parole function of the State was delegated to county probation departments. In conjunction with Public Safety Realignment, the State also shifted full financial burden of many social service and mental health programs. The County was responsible for delivery of these programs before realignment but with the shift the State would no longer participate in the share of cost. While the State no longer shares in the cost it has dedicated a portion of the State sales tax (1.0625%) revenue along with a portion of vehicle license fees for these realigned programs.
- **Countywide discretionary revenue** includes a variety of revenue sources that are not legally designated for a specific purpose or program. The majority of discretionary revenue is property related revenue, primarily property tax. Other revenue sources in this category include: sales and other taxes, net interest earnings, Countywide Cost Allocation Plan (CWCAP) revenue which is a reimbursement for overhead/indirect costs incurred by the General Fund, other State and federal aid, and other revenue. Additionally, the General Fund's available fund balance, use of reserves and operating transfers-in, are other funding sources that can be allocated to General Fund departments in the same manner as countywide discretionary revenue.

County General Fund operations not funded by departmental program revenue, Proposition 172 Revenue, and/or Realignment revenue are funded by a Net County Cost (or Discretionary General Funding). Net County Cost is funded by countywide discretionary revenue, which is primarily property tax revenue.

The County maintains an appropriated contingency budget unit within the General Fund to accommodate unanticipated operational changes, legislative impacts or other economic events affecting the County's operations, which could not have reasonably been anticipated at the time the budget was prepared. The contingency amount includes at least 1% of locally funded appropriations, or \$4 million for FY 2019-20. In addition, the County also maintains two additional contingencies, one for uncertainties such as emergency maintenance or other unforeseen circumstance, and a specific purpose contingency for situations that are not certain at the time of budget hearings; these funds total \$500,000 and \$1,640,451 respectively.

Any countywide discretionary revenue not distributed to departments through their Net County Cost allocation, if not transferred to other funds for specific projects/programs, is contributed to contingencies or reserves. Each year Kern County sets aside contingencies and/or reserves to ensure the County has resources to accommodate unforeseen events that would harm the fiscal health of the County and to be proactive to meet future known obligations.

The following sections provide details of:

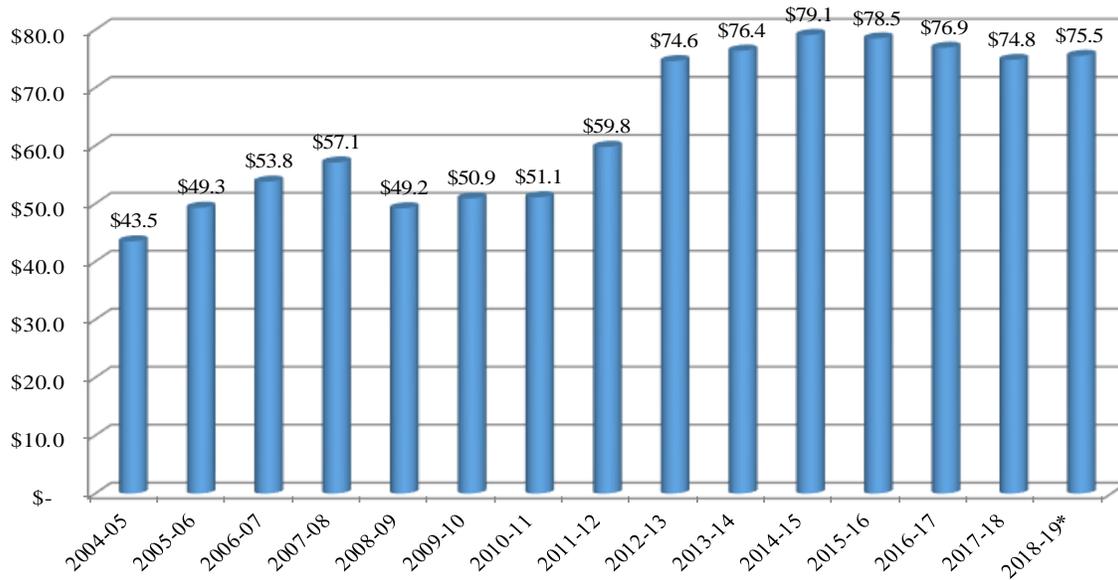

- The economic indicators that are factored into the County's fiscal plan.
- How these indicators and other factors affect Proposition 172 revenue, Realignment revenue, and countywide discretionary revenue.
- How Discretionary General Funding (Net County Cost) has been allocated for the fiscal year.
- Information on General Fund contingencies, reserves and designations.
- The County Fiscal Plan.

Proposition 172

Proposition 172 (Prop 172), which became effective January 1, 1994, placed a one-half percent sales tax rate in the State's Constitution and required that revenue from the additional one-half percent sales tax be used only for local public safety activities, which include but are not limited to sheriff, police, fire protection, county district attorney, and county corrections. Funding from Prop 172 enabled counties and cities to substantially offset the public safety impacts of property tax losses resulting from the State property tax shift to the Educational Revenue Augmentation Fund (ERAF).

The one-half percent sales tax imposed by Prop 172 is collected by the state and apportioned to each county based on its proportionate share of statewide taxable sales. In accordance with Government Code 30055, of the total Prop 172 revenue allocated to Kern County, 5% is distributed to cities affected by the property tax shift and 95% remains with the County. The following chart reflects the annual amount of Prop 172 revenues received by Kern County, excluding the cities' distributions, for the past 15 years.

**Prop 172 Revenue
Kern County
(In Millions)**

*Estimated

Source: State Controller's Office, Division of Accounting and Reporting

The allocation percentage for each department has remained consistent with the allocation percentage approved by the Board of Supervisors in FY 1994-95, which to date has been as follows:

❖ District Attorney	7.27%
❖ Public Defender	6.11%
❖ D.A.-Forensic Sciences	0.27%
❖ Sheriff	60.05%
❖ Probation	16.68%
❖ Fire	9.62%

As part of the budget development process, Prop 172 projections are estimated based on staff analysis of revenue trends and forecasts provided by a sales tax consultant. In recent years, the County has benefitted from one-time revenue due to energy projects and growth in the fuel, petroleum and oil industries. These one-time revenues began decreasing in FY 2017-18 and in FY 2019-20 the County is anticipating a decline of \$3.1 million from FY 2018-19 actual receipts. In an effort to mitigate the impact on public safety departments, the recommended budget includes the use of \$2.8 million in carryforward, which leaves a balance in general designation of \$4.1 million to offset future shortfalls in revenue.

The charts below summarize fund balance and the actual allocation of the Local Public Safety Fund for FY 2017-18, the final and actual allocations for FY 2018-19, and the recommended allocation for FY 2019-20, which reflects a reduction of \$1.5 million, or 2%, from FY 2018-19.

Breakdown of Departmental Usage of Proposition 172

Budget Unit and Department	Actual	Final Budget	Actual	Recommended
	FY 2017-18	FY 2018-19	FY 2018-19	FY 2019-20
2180 District Attorney	\$5,689,055	\$5,575,274	\$5,575,274	\$5,463,768
2190 Public Defender	4,781,310	4,685,684	4,685,684	4,591,970
2200 D.A.-Forensic Sciences	211,285	207,060	207,060	202,918
2210 Sheriff	46,991,437	46,051,609	46,051,609	45,130,577
2340 Probation	13,052,742	12,791,688	12,791,688	12,535,854
2415 Fire	7,528,020	7,377,460	7,377,460	7,229,911
Total Allocated to Departments	\$78,253,849	\$76,688,775	\$76,688,775	\$75,154,998

Proposition 172

	Actual	Final Budget	Actual	Recommended
	FY 2017-18	FY 2018-19	FY 2018-19	FY 2019-20
Beginning Fund Balance	\$12,487,060	\$8,073,022	\$8,073,022	\$6,886,098
Revenue	74,039,618	70,066,703	75,501,851	72,365,501
Departmental Usage	78,253,849	76,688,775	76,688,775	75,154,998

Change in Fund Balance	(\$4,414,038)	(\$6,622,072)	(\$1,186,924)	(\$2,789,497)

Realignment Funding

Beginning in 1991, the State of California shifted the fiscal and programmatic responsibility of several health and social services programs from the State to counties. In 2011 the State shifted more social services and mental health programs to counties along with law enforcement services. Realignment funding is accounted for separately in the following service areas:

<u>1991 Realignment</u>	<u>2011 Realignment</u>	<u>Other Realignment</u>
Mental Health	Law Enforcement	CalWORKs MOE
Social Services	Support Services	Family Support
Health		

With the realignment of many State services, counties have become increasingly dependent on sales tax and vehicle license fee revenue for these programs, putting counties at the mercy of the business cycle as funding rises and falls in direct correlation to the State's economy. While sales taxes are not projected to decrease in FY 2019-20, retail spending is seen to be much more volatile and quicker to react to changes in the economy, resulting in a higher risk of funding losses in future years.

1991 Realignment

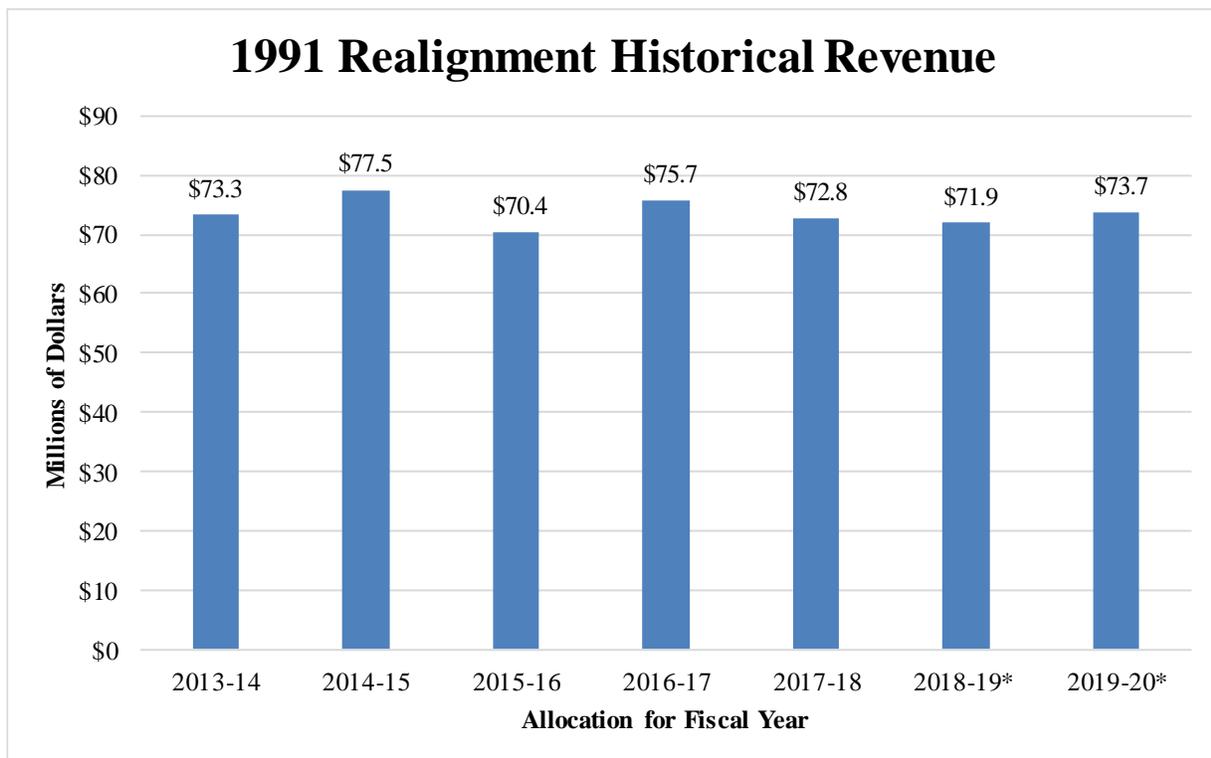

In 1991, the State shifted responsibility for a number of mental health, social services, and health programs to counties. This shift, known as 1991 Realignment, resulted in the creation of two dedicated funding streams to pay for the shifted services; a ½ cent Sales Tax and 24.33% of Vehicle License Fee (VLF) revenue made available by a change in the depreciation schedule for vehicles. Pursuant to SB 1096, Chapter 21, Statutes of 2004, the VLF was reduced from 2.0% of the market value of a vehicle to 0.65% of the market value. SB 1096 also changed the percentage of the VLF revenue allocated to Realignment from 24.33% to 74.9%. This change did not result in increased VLF revenue to 1991 Realignment, but simply reflects the same funding count expressed as a percentage of the reduced revenue collected. Each of the three services areas identified was required to have their own separate accounts established and each of those service areas receive a different share of statewide 1991 Realignment revenue. At the County level, these revenues are administered through the use of three special trust funds: Health Trust Fund 24079, Mental Health Trust Fund 24077, and Social Services Trust Fund 24078.

Within the mental health area, the programs the County is now responsible for are: community-based mental health programs, State Hospital services for County patients, and Institutions for Mental Disease. Within the social services, programs the County is now responsible for are: the County revenue stabilization program and the county justice subvention program. Within the health area, the programs the County is now responsible for are: AB8 County health services, local health services, medically indigent services, and the County medical services program.

In addition to these program responsibility shifts, a number of programs had changes made to their cost sharing ratios. For example, prior to 1991 Realignment, Foster Care costs were funded by 95% State resources and 5% County resources. Now Foster Care is funded by 40% State resources and 60% County resources, which is a significant impact to the County.

The 1991 Realignment program funding streams pose a challenge to the County as they are both sensitive to the economy. When the economy does poorly, demand for services is high, but revenues under perform. When the economy is doing well, demand for services is reduced, sales and vehicle license fee revenue are high, and growth in these funding streams is experienced. Social Services has priority claim on any sales tax growth received. If the growth is sufficient to cover the increasing Social Services caseload costs, then anything remaining is distributed to the 1991 Mental Health and Health Realignment funds.

1991 Health Realignment funding has been impacted with the State implementation of the optional Medi-Cal expansion under the federal Affordable Care Act. Health Realignment allocations will be reduced since the State assumes counties will achieve savings from the expanded eligibility.

*Estimated

For FY 2013-14, revenue came in nearly at the level of FY 2012-13 and was sufficient to continue meeting the demands of the need for services.

For FY 2014-15, revenue increased 5.6% over prior year actual realignment revenue due to a slight increase in State sales tax and VLF collections.

Revenue for FY 2015-16, reflected a decrease of 7.86% under prior year actual realignment revenue due to Assembly Bill 85 (AB 85) *Redirection of 1991 State Health Realignment (2012)*, which redirected \$13 million to Family Support Realignment. The redirected amount is offset by an anticipated increase in Social Services Realignment available for County programs.

Revenue for FY 2016-17 came in as expected and reflects an increase of 6.58% due to growth funds.

Revenue for FY 2017-18 reflected a slight decline from the FY 2016-17 level. For FY 2017-18, the maximum amount as prescribed by AB 85 of Health Realignment was redirected.

Revenue for FY 2018-19 came in as expected and reflects a slight decrease from the FY 2017-18 level. Again, for FY 2018-19, the maximum amount of Health Realignment was redirected.

The recommended funding for FY 2019-20 of \$73.7 million reflects a 2% increase over prior year actual realignment revenue due to a slight increase in State sales tax and VLF collections.

SUMMARY OF 1991 PROGRAM REALIGNMENT REVENUE					
	Actual	Final Budget	Actual	Recommended	Increase/
	FY 2017-18	FY 2018-19	FY 2018-19	FY 2019-20	(Decrease)
Health Trust Fund	\$8,667,456	\$8,059,835	\$8,393,255	\$8,121,074	(\$272,181)
Mental Health Trust Fund	26,070,295	25,724,169	25,899,737	25,724,169	(175,568)
Social Services Trust Fund	38,129,870	37,592,744	37,662,657	39,871,334	2,208,677
	<u>\$72,867,621</u>	<u>\$71,376,748</u>	<u>\$71,955,649</u>	<u>\$73,716,577</u>	<u>\$1,760,928</u>

The 1991 Realignment trust funds do not directly spend funds or provide services. They are pass-through funds required by the State and the actual expenditures occur within the operating budget units of the departments that receive Realignment revenue.

The 1991 Realignment legislation allows for some flexibility in usage of funds at the County level. Upon action by the Board of Supervisors, a County can transfer 10% of a given year's revenue from one fund to another if it is found that the transfer is the most cost-effective use of available resources to maximize client outcomes. An additional 10% can be transferred from the County's Health Realignment specifically to help meet caseload needs in excess of the revenue growth in the social services account. Kern County has utilized this provision as needed to help support either the health or social services programs, however, there are no transfers included in the FY 2019-20 Recommended Budget.

The breakdown of the revenue calculations and departmental usage for each of the three individual 1991 Realignment funds are as follows:

Health				
	Actual	Final Budget	Actual	Recommended
	FY 2017-18	FY 2018-19	FY 2018-19	FY 2019-20
Beginning Fund Balance	\$1,482,585	\$1,724,620	\$1,724,620	\$964,822
Revenue	8,667,456	8,059,835	8,393,255	8,121,074
Departmental Usage	8,425,421	8,271,598	9,153,053	8,371,074
Transfer to Social Services	0	0	0	0
Ending Fund Balance	<u>1,724,620</u>	<u>1,512,857</u>	<u>964,822</u>	<u>714,822</u>
Change in Fund Balance	\$242,035	(\$211,763)	(\$759,798)	(\$250,000)

Breakdown of Departmental Usage of Health 1991 Realignment				
	Actual	Final Budget	Actual	Recommended
	FY 2017-18	FY 2018-19	FY 2018-19	FY 2018-19
Animal Services	\$1,557,250	\$1,309,602	\$1,354,924	\$1,356,874
Environmental Health	101,375	99,991	99,727	100,509
Public Health	6,766,796	6,862,005	7,146,017	6,913,691
Kern Medical Center	0	0	552,385	0
Total Departmental Usage	\$8,425,421	\$8,271,598	\$9,153,053	\$8,371,074

Health 1991 Realignment is budgeted to maintain fund balance at \$714,822 in FY 2019-20. The decrease in Health Realignment is due to the change in the amount the State is withholding from the County in anticipation of cost savings related to the implementation of health care reform. In FY 2016-17, the State reduced the County's Health Realignment by \$14.9 million and in FY 2017-18 and FY 2018-19, the State redirected all of the County's Health Realignment for indigent care under AB 85. In FY 2019-20, the State will again redirect all of the County's Health Realignment for indigent care. The recommended budget includes sufficient resources to carry out mandated health programs and services for County residents.

Mental Health				
	Actual	Final Budget	Actual	Recommended
	FY 2017-18	FY 2018-19	FY 2018-19	FY 2019-20
Beginning Fund Balance	\$917,151	\$1,263,278	\$1,263,278	\$1,438,847
Revenue	26,070,295	25,724,169	25,899,737	25,724,169
Departmental Usage	25,724,168	25,724,169	25,724,168	25,724,169
Transfer to Social Services	0	0	0	0
Ending Fund Balance	1,263,278	1,263,278	1,438,847	1,438,847
Change in Fund Balance	\$346,127	\$0	\$175,569	\$0

Breakdown of Departmental Usage of Mental Health 1991 Realignment				
	Actual	Final Budget	Actual	Recommended
	FY 2017-18	FY 2018-19	FY 2018-19	FY 2019-20
Behavioral Health and Recovery Svcs.	\$25,724,168	\$25,724,168	\$25,724,168	\$25,724,169
Total Departmental Usage	\$25,724,168	\$25,724,168	\$25,724,168	\$25,724,169

The Mental Health fund is budgeted to maintain fund balance at \$1,438,847 in FY 2019-20, however; revenue is projected to slightly decline and departmental usage is projected to remain similar to prior year. Although sales tax is projected to increase statewide, the allocation provided to the 1991 Mental Health Realignment account at the State level is a fixed amount. The recommended budget includes sufficient resources to carry out mental health programs and services for County residents.

Social Services				
	Actual FY 2017-18	Final Budget FY 2018-19	Actual FY 2018-19	Recommended FY 2018-19
Beginning Fund Balance	\$5,254,520	\$4,858,234	\$4,858,234	\$5,077,580
Revenue	38,129,870	37,592,744	37,662,657	37,592,744
Departmental Usage	38,526,156	37,592,744	37,443,311	39,871,334
Ending Fund Balance	4,858,234	4,858,234	5,077,580	2,798,990
Change in Fund Balance	(\$396,286)	\$0	\$219,346	(\$2,278,590)

Breakdown of Departmental Usage of Social Services 1991 Realignment				
	Actual FY 2017-18	Final Budget FY 2018-19	Actual FY 2018-19	Recommended FY 2019-20
California Children Services	\$1,181,274	\$1,240,844	\$1,176,416	\$1,320,272
Human Services - Administration	1,457,258	1,533,717	1,533,717	1,631,892
Human Services - Direct Aid	20,685,360	21,053,151	20,598,607	22,400,788
Aging and Adult Services	739,427	778,006	748,674	827,807
In-Home Supportive Services	10,293,644	8,700,757	9,222,460	9,257,703
Probation	2,173,193	2,290,269	2,167,437	2,436,872
General Fund	1,996,000	1,996,000	1,996,000	1,996,000
Total Departmental Usage	\$38,526,156	\$37,592,744	\$37,443,311	\$39,871,334

Social Services realignment revenue is composed primarily of sales tax. The split is currently 96% sales tax and 4% vehicle license fees. For FY 2019-20, budgeted expense and ongoing revenue are expected to result in usage of fund balance of \$2.3 million. The recommended budget includes sufficient resources to provide social services programs and services for County residents.

THIS PAGE INTENTIONALLY LEFT BLANK

2011 Realignment

In 2011, the State addressed prison over-crowding by shifting custodial responsibility of non-serious, non-sexual, and non-violent ('Triple-Nons') offenders to local jails. In addition, the parole function of the state was delegated to county Probation departments; parole revocation hearings were shifted to the local jurisdictions and cases assigned to the District Attorney and Public Defender. The State also realigned Juvenile Re-Entry and Trial Court Security by shifting 100% of the financial burden of these programs to the County. The justification for the Public Safety Realignment is that it gives the county flexibility to better provide mental health and social services to the recently incarcerated in the hopes of reducing recidivism and having the net effect of lowering both jail and prison population.

In conjunction with Public Safety Realignment (AB 109), the State also shifted full financial burden of many social service and mental health programs to the County, including: Adult Protective Services, Foster Care, Child Welfare Services, Child Abuse Prevention and Intervention, Drug Court, and Medi-Cal substance abuse treatment programs. The County was responsible for the delivery of these programs before realignment, but with the shift, the State would no longer participate in the share of cost.

While the State no longer shares in the cost, it has dedicated a portion of the State sales tax (1.0625%) revenue, along with a portion of vehicle license fees for these realigned programs. However, realignment of sales tax and vehicle license fees also puts the County at the mercy of the business cycle, as funding will rise and fall in direct correlation to the State's economy. Exacerbating the potential problem, as with 1991 Realignment, when the economy is doing well demand for services goes down but when the economy begins to slump, demand for services rises while revenues decrease. This relationship has been partially mitigated in the past due to the State's share of cost. Since that is no longer applicable, the County is more vulnerable to fluctuations in the economy.

Further complicating matters is the State's decision to direct funding from 1991 Realignment for Mental Health Services to the CalWORKs MOE portion of 2011 Realignment. Sales tax and vehicle license fee revenue that used to be directed to the fund for Mental Health matching funds is now going to the CalWORKs MOE fund. Mental Health funding now comes in the form of a defined monthly amount taken off the top of 2011 Realignment revenues. Government Code establishes a statewide amount of \$1.121 billion per year directed to the Mental Health Fund with future growth in the CalWORKs MOE fund to be directed to Mental Health as well.

In November 2012, California voters passed Proposition 30 which increased both sales and income tax. The measure also dedicated a funding stream for 2011 Realignment in the State Constitution. That process has mitigated the revenue stream doubts that existed with the onset of 2011 Realignment, but funding will now, as mentioned earlier, be directly dependent on the health of the economy.

The 2011 Realignment budget units mirror 1991 Realignment in that they do not directly spend or provide services. They are strictly funding budget units with the actual expenditures occurring within the operating budget units of the departments that receive 2011 Realignment revenue.

As with the 1991 Realignment, the three service areas of 2011 Realignment (Law Enforcement Services, CalWORKs MOE, and Support Services) have each been assigned their own account. The Law Enforcement Services account has four sub-accounts for Trial Court Security, Community Corrections, the District Attorney and Public Defender, and Juvenile Justice. Human Services transfers funding from the CalWORKs MOE account to the fund used to pay benefits to CalWORKs clients. The Support Services account has two sub-accounts for Behavioral Health and Protective Services. Behavioral Health and Recovery Services allocates the Behavioral Health sub-account funding to the Drug Court and the Medi-Cal substance abuse treatment programs while Human Services allocates the Protective Services sub-account to the appropriate social service programs. The following information provides more detail of the three service areas of 2011 Realignment.

2011 Realignment Budget Units for FY 2019-20

Historical information on 2011 Realignment funding is included in the table below, and detailed information on the three service areas are included on the following pages.

BUDGET HISTORY FOR ALL 2011 REALIGNMENT BUDGET UNITS

	Actual FY 2017-18	Final Budget FY 2018-19	Actual FY 2018-19	Recommended FY 2019-20
Beginning Fund Balance	\$28,159,969	\$38,819,250	\$38,819,250	\$46,215,873
Revenue	205,910,843	192,164,535	210,348,790	199,162,533
Departmental Usage	195,251,562	199,079,837	202,952,167	204,710,092
Ending Fund Balance	<u>38,819,250</u>	<u>31,903,948</u>	<u>46,215,873</u>	<u>40,668,314</u>
Change in Fund Balance	\$10,659,281	(\$6,915,302)	\$7,396,623	(\$5,547,559)

Total departmental usage of \$204.7 million for FY 2019-20 is reflected in the table below. Expenditure levels will be monitored by departments receiving this revenue should the State implement reporting requirements for 2011 Realignment revenues.

SUMMARY OF 2011 REALIGNMENT BUDGET UNITS FOR FY 2019-20

	Law Enforcement	Support Services		Total
		Protective Services	Behavioral Health	
Beginning Fund Balance	\$23,282,371	\$2,405,010	\$20,528,492	\$46,215,873
Revenue	74,573,790	70,267,752	54,320,991	199,162,533
Departmental Usage	80,121,349	70,267,752	54,320,991	204,710,092
Ending Fund Balance	<u>17,734,812</u>	<u>2,405,010</u>	<u>20,528,492</u>	<u>40,668,314</u>
Change in Fund Balance	(\$5,547,559)	\$0	\$0	(\$5,547,559)

Law Enforcement Services

The Law Enforcement Services account has four (4) sub-accounts: Trial Court Security (administered by the Sheriff/Coroner/Public Administrator); District Attorney and Public Defender (which share the funds equally); Juvenile Justice (administered by Probation); and Community Corrections. The Community Corrections sub-account is administered by the Local Community Corrections Partnership, which consists of a membership defined by Penal Code Section 1230 (including the Chief Probation Officer, the Sheriff/Coroner/Public Administrator, the District Attorney, the Public Defender, and other Social Services Executives). The Local Community Corrections Partnership determines how to allocate funding for the Community Corrections sub-account in response to proposals submitted by various departments to fund positions and/or programs beneficial to the implementation of Public Safety Realignment. Departments that receive funding may vary from year to year and funding levels can differ depending on needs and available resources.

2011 Realignment requires each county to develop an annual spending plan approved by the Local Community Corrections Partnership and the Board of Supervisors. The FY 2017-18 plan included a significant number of additional positions and an appropriation savings occurred because hiring new staff continues to be a lengthy process. As a result, a fund balance of \$18.9 million existed in the Law Enforcement account at the end of FY 2017-18. The fund balance increased by \$4.4 million in FY 2018-19 as growth funds were carried forward for use in the FY 2019-20 Recommended Budget. Fund balance consists of funds for various law enforcement services resulting from existing and potential carry forward balances as of June 30, 2019. As the potential carry forward funds are realized, appropriations in the corresponding law enforcement departments will be adjusted as needed. The recommended budget includes the use of nearly \$5.6 million of fund balance. Detail of the fund balance for Law Enforcement Services is reflected in the following table:

LAW ENFORCEMENT SERVICES				
	Actual FY 2017-18	Final Budget FY 2018-19	Actual FY 2018-19	Recommended FY 2019-20
Beginning Fund Balance	\$18,168,694	\$18,894,081	\$18,894,081	\$23,282,371
Revenue	77,278,413	72,329,660	85,169,238	74,573,790
Departmental Usage	76,553,026	76,908,611	80,780,948	80,121,349
Ending Fund Balance	<u>18,894,081</u>	<u>14,315,130</u>	<u>23,282,371</u>	<u>17,734,812</u>
Change in Fund Balance	\$725,387	(\$4,578,951)	\$4,388,290	(\$5,547,559)

In accordance with Government Code Section 30029.07(b), beginning in FY 2015-16, each County shall establish a Local Innovation Account and transfer 10% of the moneys received during a fiscal year from each of the Trial Court Security, Community Corrections, District Attorney and Public Defender, and Juvenile Justice Special Growth Accounts. Funds in the Local Innovation Account can be appropriated by the Board of Supervisors for use consistent with any of the Law Enforcement sub-accounts. The balance in the Local Innovation Account totaled \$1,022,263 as of June 30, 2019. Growth allocations for FY 2018-19 are unknown at this time and therefore, not included in the recommended budget.

Details of the usage of 2011 Realignment funding for Law Enforcement Services is as follows:

BREAKDOWN OF LAW ENFORCEMENT DEPARTMENTAL USAGE				
	Actual FY 2017-18	Final Budget FY 2018-19	Actual FY 2018-19	Recommended FY 2019-20
<i>Law Enforcement Activities</i>				
Community Corrections:				
Sheriff	\$15,553,082	\$15,928,174	\$17,216,535	\$16,823,963
Probation	14,585,289	15,048,262	16,077,756	15,920,436
Mental Health	5,286,211	5,502,239	5,606,506	5,813,158
Employers' Training Resource	888,998	558,315	937,500	589,865
District Attorney	1,904,093	1,999,528	2,226,168	1,641,362
Public Defender	952,855	1,008,554	1,057,707	918,992
District Attorney - Forensic Sciences	177,975	190,151	190,151	200,896
Community Based Organizations	1,588,654	1,108,539	1,789,872	1,171,180

Support Services

The Support Services account has two sub-accounts: Behavioral Health and Protective Services. The Behavioral Health subaccount funds Drug Court, Drug and Non-drug Medical, Early and Periodic Screening, Diagnostic, Treatment (EPSDT), and Mental Health Managed Care. The Protective Services sub-account funds Adult Protective Services, Foster Care Administration, Foster Care Assistance, Child Welfare Services, Child Abuse Prevention, Adoptions Assistance, and Adoptions Administration. Fund balance available at June 30, 2019, in the amount of \$22.9 million was due to FY 2016-17 and FY 2017-18 Behavioral Health Services growth funds that were received in FY 2018-19 and not transferred to the Behavioral Health and Recovery Services budget unit as well as FY 2018-19 Protective Services carryforward funds.

The 2011 Realignment legislation allows for transfers between the two sub-accounts (Behavioral Health and Protective Services) in the Support Services account. Ten-percent (10%) of the amount deposited to the sub-account with the lowest balance can be transferred in from the other sub-account. The recommended budget does not include any transfers between the sub-accounts in the Supportive Services account. The Board of Supervisors also has the discretion to establish a Support Services Reserve sub-account up to five-percent (5%) from each sub-account's previous year's deposits. The FY 2019-20 Recommended Budget does not include the establishment of a Support Services Reserve. Additional historical detail of the Support Services account is included in the tables below:

* Mental Health Realignment flows through the County's 2011 Realignment Fund and is presented as part of Behavioral Health. It is also displayed in the 1991 Realignment section of this book.

CalWORKs MOE

Funding for the CalWORKs MOE comes from both Sales Tax and Vehicle License Fee revenues. These funds originally funded Mental Health, but as part of 2011 Realignment, the funds were diverted to CalWORKs, and Mental Health now receives a monthly flat amount from the new sales tax revenues brought in with the passage of Proposition 30. Funds received are subsequently transferred to the fund used for assistance payments to CalWORKs clients. Below is additional historical detail on the CalWORKs MOE account. The State funds CalWORKs with realignment and State General Fund. Increases or decreases have no effect on service levels as CalWORKs MOE funding results in an equal net adjustment in the State General Fund provided to the County.

CalWORKs MOE				
	Actual	Final Budget	Actual	Recommended

Family Support

This fund was established in FY 2013-14 in accordance with Welfare and Institutions Code 17600.10(a)(5). Assembly Bill 85 (AB85) *Redirection of 1991 State Health Realignment (2013)* was signed into law on June 27, 2013, in order to provide a mechanism for the State of California to redirect a portion of the 1991 Realignment for Health Services to the Family Support sub-account at the State level in order to fund social service programs. This shift is due to the idea that less health realignment is necessary as a result of the implementation of the Affordable Care Act. Funds are allocated to counties from the Family Support sub-account in lieu of State General Fund for CalWORKs assistance payments. The State funds CalWORKs with realignment and State General Fund. Any increases or decreases has no effect on service levels as CalWORKs MOE funding results in an equal net adjustment in the State General Fund provided to the County.

Detail on the Family Support fund is as follows:

Family Support				
	Actual FY 2017-18	Final Budget FY 2018-19	Actual FY 2018-19	Recommended FY 2019-20

THIS PAGE INTENTIONALLY LEFT BLANK

Countywide Discretionary Revenue

The entire General Fund budget including operating transfers-in is \$872 million; however, only \$327 million, or 37% is truly discretionary as seen in this pie chart.

**FY 2019-20 Recommended Budget
General Fund Spending**

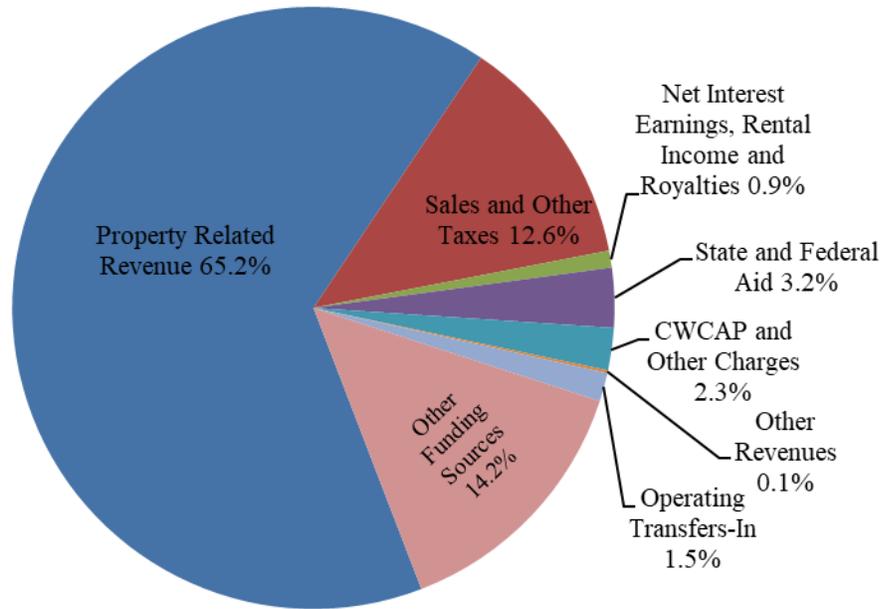

Required Matches /Fixed Obligations	\$110,067,228
No Discretion Other program costs funded through user fees, federal and State Aid	\$435,437,925
Some Discretion Includes contributions to reserves and contingencies and program costs funded by local revenue	\$327,318,059
Total General Fund Budget:	\$872,823,212

The countywide discretionary sources (including fund balance available and uses of reserves) total \$435,542,385 and are first obligated to pay for the required health and welfare mandated maintenance of effort contributions and other fixed obligations, which total \$110,067,228. The remaining amount of \$325,475,157 is available to fund departmental budgets' Net County Cost or other expenditures.

Shown below are the sources of the countywide discretionary sources of \$435,542,385 for the FY 2019-20 Recommended Budget:

The FY 2019-20 discretionary general funding of \$435,542,385 includes Countywide Discretionary Revenue of \$373.9 million and Other Funding Sources of \$61.6 million.

Countywide Discretionary Revenue

Property Related Revenue accounts for over 65% of countywide discretionary revenue and other funding sources. These revenues are affected by the housing market in the County. The median price of a home in the County has started to rise and the volume of home sales remains relatively stable. Rising home prices are also leading to value being added back to the assessment roll for valuations that had been reduced through Proposition 8 reassessments. Commercial and agricultural property values are increasing as well and contributing to a more diversified collection

of property related revenue. Approximately 16% of the County’s total assessed valuation is comprised of oil and gas properties. Oil and gas properties saw a significant decline in assessed value in FY 2016-17 as a result of a lower market price per barrel of oil. Assessed value for oil and gas property increased by 3% from FY 2018-19. Oil and gas property tax revenue equates to approximately \$29 million, or 6.7% of the County’s countywide discretionary revenue. The FY 2019-20 Recommended Budget anticipates a 4% increase in the assessed valuation of properties within the County. The cumulative increase in assessed value since FY 2015-16 has contributed to the recovery of property tax revenues to a historic high. Most of the assessed value growth is related to residential, commercial and agricultural properties, which increased for FY 2019-20 by 4.6% or \$3.2 billion in value compared to FY 2018-19.

Elimination of Redevelopment Agencies

A portion of the General Fund’s property tax revenue is pass-through of property tax increment from Redevelopment Areas. Redevelopment Agencies were dissolved as of February 1, 2012, pursuant to ABx1 26. Pursuant to ABx1 26, revenues that would have been directed to the dissolved Redevelopment Agencies will continue to be used to make pass-through payments to other public agencies (i.e., payments that such entities would have received under prior law). In addition, the State projects that the elimination of Redevelopment Agencies will provide additional property tax revenue for local public agencies, including the County. The County has not budgeted any additional property tax revenue that might result from the dissolution of Redevelopment Agencies pursuant to ABx1 26, but does continue to budget for pass-through payments consistent with the legislation.

The Teeter Plan

The Teeter Plan is an alternate property tax distribution procedure authorized by the California Legislature in 1949, and implemented by the County in FY 1993-94. Generally, the Teeter Plan provides for a property tax distribution procedure by which secured roll taxes are distributed based

on the tax levy, rather than on the basis of actual tax collections, for agencies that elect to participate in the Teeter Plan (including the County general fund). Under the Teeter Plan, the County advances each participant an amount equal to the participant's Teeter Secured Levy (adjusted at year end for corrections to the assessment roll) that remains unpaid at the end of the fiscal year. In return, the County receives all future delinquent tax payments, penalties and interest. The County bears the risk of loss on the delinquent property taxes but benefits from the penalties and interest associated with these delinquent taxes when they are paid. Under the Teeter Plan, the County is also required to establish a Tax Loss Reserve Fund to cover losses that may occur as a result of sales of tax-defaulted properties.

The Teeter Secured Levy includes each participating agency's share of the 1% ad valorem secured levy, plus any ad valorem levy for the debt service of voter-approved general obligation bonds. Not included in the Teeter Secured Levy are supplemental roll revenues, special assessments, utility roll revenues, or property tax passthrough amounts from Redevelopment Agencies within the County (see 'Elimination of Redevelopment Agencies' above).

As a participant in the Teeter Plan, the County General Fund receives its entire share of the Teeter Secured Levy, regardless of delinquencies. The County's Tax Loss Reserve Fund receives all participating agencies share of the penalties and interest associated with the delinquent taxes advanced under the Teeter Plan once they are paid. The interest and penalties, accounted for as an operating transfer-in from the Tax Loss Reserve Fund in countywide discretionary revenue, are projected to be \$6.3 million, which is slightly less than the amount transferred in FY 2018-19.

The following paragraphs describe the components of property related revenue in detail:

Current Secured, Unsecured, Unitary

Secured Property Tax Revenue makes up approximately \$155 million of the \$169 million in the FY 2019-20 "Current Secured, Unsecured, Unitary" budgeted revenue number, up from \$150 million in the FY 2018-19 Adjusted Budget. This reflects a projected increase in assessed valuation of 4%. The County has not budgeted any additional property tax revenue that might result from the dissolution of Redevelopment Agencies pursuant to ABx1 26, but does continue to budget for pass-through payments consistent with ABx1 26 (see 'Elimination of Redevelopment Agencies' on the previous page).

VLF/Property Tax Swap

Historically, approximately three-fourths of Vehicle License Fee (VLF) revenue was allocated to cities and counties as general purpose funding. Beginning in FY 1998-99, the State reduced the VLF payment required from vehicle owners. However, the State made up the revenue impact of the VLF rate reductions with State general fund revenue (the 'VLF Backfill').

The VLF Backfill was eliminated in the FY 2004-05 State Budget. In that year, the VLF Backfill to cities and counties was permanently replaced with an equivalent increase in property tax revenues (VLF/Property Tax Swap revenues). This increase was funded by decreases in property tax revenues allocated to schools and community colleges.

For FY 2004-05, the State established the base amount of the VLF/Property Tax Swap. The base is equal to the amount of VLF backfill that the counties and cities would have received in FY 2004-05, calculated using actual VLF receipt amounts for FY 2004-05. For years beginning in FY 2005-06, the VLF/Property Tax Swap amount is calculated using the prior year VLF/Property Tax Swap amount adjusted by the percent change in assessed valuation. This percent change includes both secured and unsecured assessed valuation, but excludes the change in unitary valuations. The FY 2019-20 revenue estimate is \$4.4 million more than the FY 2018-19 Adjusted Budget as a result of the projected increase in assessed valuation of 4%.

Supplemental Property Tax

Supplemental Property Tax payments are required from property owners when there is a change in the assessed valuation of their property after the property tax bill for that year has been issued. Generally, there are two types of events that will require a supplemental property tax payment: a change in ownership or the completion of new construction. As a result, when property values have been increasing and sales activity is high, there will be an increase in the number and dollar amount of supplemental property tax bills, which will result in increased supplemental property tax revenue to the County. Conversely, when home values are decreasing, refunds may be due to homeowners, and supplemental property tax revenues will decrease. Because the collection of these revenues may not occur for one to two years after the sale of the property, supplemental property tax revenue will generally lag the reality in the housing market by at least a year.

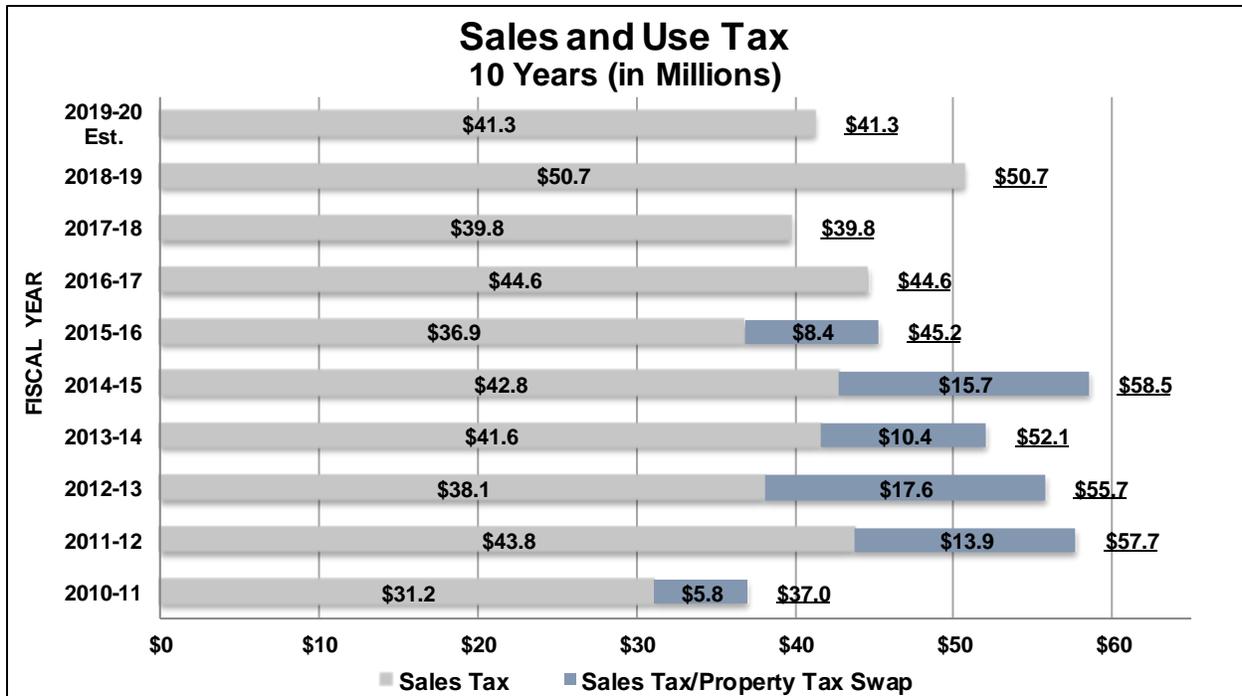

Property Transfer Tax

The Property Transfer Tax is collected when any lands, tenements, or other realty sold within the County is granted, assigned, transferred, or otherwise conveyed to or vested in the purchaser. The tax is imposed when the value of the property exceeds \$100. The tax rate is \$0.55 for each \$500 of property value. For sales in the unincorporated areas of the County, the County receives 100% of the tax. For sales in those cities that have adopted the transfer tax, the County receives 50%. The County anticipates that property transfer tax will total \$4.5 million in FY 2019-20, which is slightly less than FY 2018-19 actual revenue.

Sales and Use Tax

Countywide discretionary revenue includes 1.0% of the 7.50% sales tax rate charged on purchases made in the unincorporated areas of the County. When preparing the annual budget, the County projects future sales tax revenue based on data provided the County's sales tax consultant. For FY 2019-20, Sales and Use Tax revenue is budgeted at \$1.7 million more than FY 2018-19. Actual collections in FY 2018-19 totaled \$50.7 million, which was \$9.4 million than anticipated. The additional collections were primarily related to one-time use tax receipts for construction, prior year allocation corrections and economic activity. From FY 2011-12 through FY 2016-17, the County was benefitting from significant one-time use tax collections related to wind, roads and solar construction projects. Projects are sporadic and difficult to predict; therefore the budget assumes the base anticipated collection.

FY 2018-19 ongoing sales tax revenue in the unincorporated area is projected to total \$41.3 million as shown on the table on the next page.

Net Interest Earnings

Net interest earnings for FY 2019-20 are projected at \$3.96 million. This is \$150,000 more than the FY 2018-19 Adjusted Budget amount.

CWCAP (Countywide Cost Allocation Plan) Revenue

The budgeted CWCAP Revenue amount reflects the recovered allowable costs included in the FY 2019-20 Countywide Cost Allocation Plan (CWCAP) published by the Auditor-Controller. CWCAP revenue is reimbursement for overhead/indirect costs incurred by the General Fund. Reimbursements are received from various state and federal grant programs (that permit such reimbursement) and fee supported General Fund departments and taxing entities such as Board-governed Special Districts. The County anticipates an increase in CWCAP revenue in an amount of \$1.5 million from these departments and agencies in FY 2019-20.

State and Federal Aid

State and federal aid consists of a payment from the welfare realignment trust fund, which replaced the state revenue stabilization program and excess Vehicle License Fee (VLF) revenue. It also includes revenues received from the federal government’s Payment in Lieu of Taxes (PILT) program. The County receives revenue from the federal government’s Payment in Lieu of Taxes (PILT) program. PILT program eligibility is reserved to local governments that contain non-taxable federal lands and provide vital services, such as public safety, housing, social services and transportation. Using a formula provided by statute, the annual PILT payments to local governments are computed based on the number of acres of federal entitlement land within each county or jurisdiction and the population of that county or jurisdiction. The funding for this program is considered each year within the federal budget. The County has received about \$2.4 million each year from this program since 2008. The County expects to receive \$2.9 million in FY 2019-20, which is slightly more than what was received in FY 2018-19.

Other Revenue

Other revenue includes voided warrants issued by the County, projected transfers of unclaimed property tax refunds to the General Fund, the county share of vehicle code violation revenue, and other miscellaneous revenues. The revenue estimate for FY 2019-20 is the same as last fiscal year.

Operating Transfers-In

The budget includes two ongoing transfers-in from other governmental funds of the County; \$6.3 million from the Tax Loss Reserve Fund (Teeter Plan) and \$400,000 in interest earned on funds held in the County's Tobacco Endowment Fund for a total of \$6.7 million.

Other Funding Sources**Fund Balance and Reimbursements**

The FY 2018-19 year-end fund balance for the General Fund is \$61.6 million. This reflects fund balance that is available for appropriation. Fund balance is typically the result of unspent General Fund contingencies, departmental cost savings, and additional revenue. Fund balance carry-forward is considered one-time funding resources and are typically allocated to projects or set aside for future use in accordance with County policy. Approximately \$12.9 million of the fund balance is being used towards operations under the Four-Year Deficit Mitigation Plan.

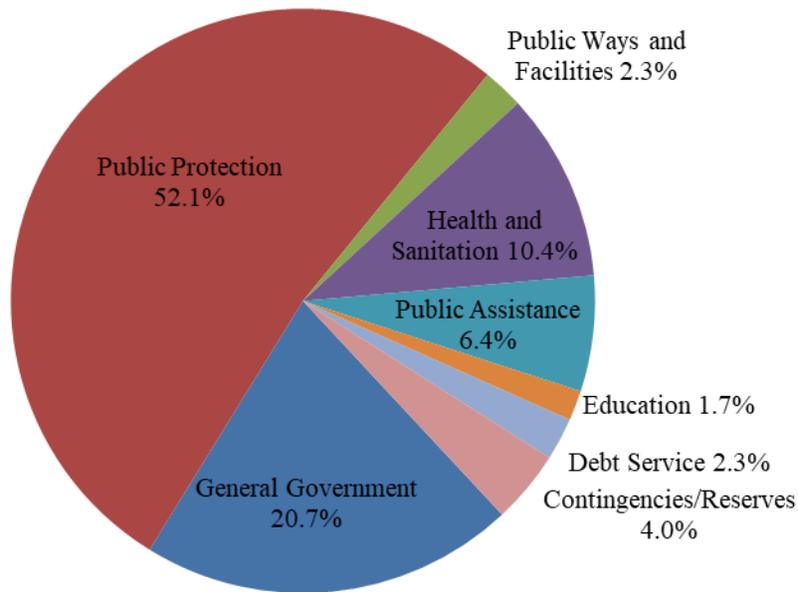

Use of Reserves and Designations

There are currently no reserves budgeted to be used in the FY 2019-20 budget. Use of reserves over the past three years of about \$9 million annually helped bridge budget gaps for safety department pension cost increases. The pension increases were covered by fund balance carry-forward for FY 2019-20. The County is currently in the final year of a Four-Year Deficit Mitigation Plan that required the use of reserves for operations on a temporary basis. See County Fiscal Plan section.

Net County Cost

Countywide discretionary revenue is allocated as Net County Cost to various General Fund departments within the County. The pie chart below shows what percentage of the Net County Cost is allocated to each of the groups.

**FY 2019-20 Recommended Budget
Net County Cost by Function**

The schedule on the following page shows a comparison of FY 2018-19 adjusted Net County Cost and FY 2019-20 recommended Net County Cost by department. This schedule also includes requirements and sources, including operating transfers, which are mechanisms to move funding between the various county budget units. Operating transfers are presented in the following chart because the intended purpose is to provide a complete picture of the department’s requirements and sources. Operating transfers are excluded from the countywide appropriation and revenue summaries presented in the County Budget Summary section of the FY 2019-20 Recommended Budget book, as their inclusion would overstate countywide appropriation and revenue on a consolidated basis.

For FY 2019-20, departments were requested to submit budgets with up to .7% less Net County Cost allocation than FY 2018-19. The reduction totaling \$2.6 million is assisting to mitigate an annual deficit resulting from losses in property tax revenue related to oil and gas properties.

Net County Cost Allocations By Department

Budget Unit	Department Title	2018-19 Recommended Budget			2019-20 Recommended Budget			Change from 2018-19 Adjusted Budget to 2019-20 Recommended Budget

The Department subtotal from the previous page shows an increase in Net County Cost of \$27.9 million. The increase is primarily the result of greater discretionary revenue allocated to the Sheriff’s department for operations and vehicles, a one-time increase of \$6 million to Information Technology Services for replacement of the County’s payroll and financial system, an increase in contribution to the Fire Department for equipment purchases, and one-time fund balance carry-forward allocated to major maintenance for deferred maintenance.

The Total Countywide Costs line shown above reflects a Net County Cost increase overall of \$29.4 million. This amount includes the allocation of one-time year-end fund balance carryforward to appropriations for contingencies and reserves and designations for various priorities of the Board of Supervisors, including homelessness and public safety recruitment and retention.

THIS PAGE INTENTIONALLY LEFT BLANK

Contingencies

The County Contingencies includes the following elements that are itemized in the budget presentation for budget unit 1970 Appropriations for Contingencies:

1% Locally Funded Appropriation for Contingencies

In accordance with policy, the County maintains an appropriated contingency to accommodate unanticipated operational changes, legislative impacts or other economic events affecting the County's operations, which could not have reasonably been anticipated at the time the budget was prepared. Funding is targeted at 1% of locally funded appropriation.

Uncertainties Contingencies

The County maintains an amount appropriated for other general uncertainties that departments may encounter such as emergency maintenance projects and other unforeseen circumstances.

Other Specific Purpose Contingencies

On occasion, the Board of Supervisors may approve the set aside of appropriations for contingencies associated to specific purposes with potential costs to be incurred during the fiscal year but are not certain at the time of budget hearings.

	FY 2018-19 Adopted Budget	FY 2018-19 Approved Contributions/(Uses)	FY 2018-19 Adjusted Budget	FY 2019-20 Recommended Budget
Contingencies				
Mandatory Contingencies (1% of Locally Funded Appropriation)	\$4,000,000		\$4,000,000	\$4,000,000
Uncertainties Contingencies	500,000		500,000	500,000
Other Specific Purpose Contingencies	1,325,000	(220,883)	1,104,117	1,640,451
Total Contingencies	\$5,825,000	(\$220,883)	\$5,604,117	\$6,140,451

FY 2019-20 1% Locally Funded Appropriation for Contingencies

The minimum base allocation to the 1% Locally Funded Appropriation for Contingencies is \$3,740,000, based on projected locally funded appropriation of \$374 million. The amount budgeted for FY 2019-20 is \$4,000,000.

FY 2019-20 Uncertainties Contingencies

The recommend budget includes \$500,000 for uncertainties contingencies that may arise throughout the fiscal year for emergency maintenance projects and other unforeseen circumstances departments may encounter.

FY 2019-20 Other Specific Purpose Contingencies

In addition to the standard general purpose contingencies identified above, the recommended budget includes \$1,640,451 in the following specific set asides:

- \$1,325,000 for Sheriff Academy costs for FY 2019-20
- \$351,451 AB219 mandate of prepay of postage for vote-by-mail ballots for Elections and potential consulting services costs for the 2020 Primary Election.

Reserves and Designations

The County has a number of reserves and designations that have been established over the years. Some are for specific purposes, such as to meet future known obligations or for capital projects. The general purpose reserve are funds held to protect the County from unforeseen increases in expenditures or reductions in revenues, or other extraordinary events, which would harm the fiscal health of the County. The Board of Supervisors approved a reserve policy that includes a County General Purpose reserve target of 10% of locally funded appropriation and the Tax Litigation reserve target is 10% of the General Fund's contingent liability of property tax assessment appeals. The Board of Supervisors has also established specific purpose designations to help meet future needs.

FY 2018-19 Contributions

The County's reserve policy requires a General Purpose reserve targeted at 10% of locally funded appropriation. For FY 2018-19, the balance in the General Purpose reserve was 11.04% of locally funded appropriation. As the target was met, no contributions to this account were recommended. The Tax Litigation reserve balance of \$5.8 million at June 30, 2019 was 10.0% of the contingent liability of property tax assessment appeals, meeting the target goal of 10%.

Other contributions made to designations were as follows:

- \$1.1 million contribution of property tax increment revenue to the East Kern Revitalization Area designation for grant allocations for approved RENEWBIZ projects.
- \$500,000 contribution to the Blight Remediation designation for clean-up projects initiated by Code Compliance - Abatement Fund.
- \$9 million contribution to the Retirement designation to cover department costs of rate increase anticipated in FY 2019-20 and beyond for retirement contributions.
- \$400,000 contribution for the Road Improvements designation for road improvement funding per the mitigation agreement with Clean Harbors, Inc.

- \$400,889 contribution of property tax increment to the Oildale Economic Opportunity Area.
- \$976,783 contribution of property tax increment to the Lost Hills Economic Opportunity Area.
- \$5 million contribution to the Information Technology Projects designation for replacement of the County's HR, Payroll and Financial Management Systems.
- \$643,048 contribution of property tax increment to the WESTARZ Economic Opportunity Area.
- \$1 million contribution to the Parks Capital Improvements designation for enhancement of local and regional parks.

FY 2018-19 Uses

- \$3.1 million use of the Tax Litigation Reserve to adjust the balance to 10% of the contingent liability at June 30, 2017 related to property assessment appeals.
- \$380,000 use of the East Kern Revitalization Area designation for grant allocations for approved RENEWBIZ projects.
- \$200,000 use of the Blight Remediation designation for abatement activities during FY 2018-19.
- \$5.8 million use of the Retirement designation to offset pension costs for Public Safety departments, including the Fire Fund.

FY 2019-20 Recommended Contributions and Uses

For FY 2019-20, the balance of the General Purpose reserve is \$40,000,000, or 10.7% of locally funded appropriation of \$373,895,990. No contribution to the General Purpose reserve is recommended. The recommended budget also includes:

- \$582,650 contribution of property tax increment revenue to the East Kern Revitalization Area designation for grant allocations for approved RENEWBIZ projects.
- \$500,000 contribution to the Blight Remediation designation for clean-up projects initiated by Code Compliance - Abatement Fund.
- \$4.3 million contribution to the Infrastructure Replacement designation to fund a portion of the Public Safety Countywide Communications System.
- \$2 million to the Public Safety Recruitment/Retention designation to assist first responder departments with hiring efforts.
- \$2 million to the Homeless – Low Barrier Housing designation to fund projects of priority to the Board of Supervisors related to homelessness initiatives.
- \$21,811 contribution of property tax increment to the Oildale Economic Opportunity Area.
- \$400,000 contribution for the Road Improvements designation for road improvement funding per the mitigation agreement with Clean Harbors, Inc.
- \$273,439 contribution of property tax increment to the Oildale Economic Opportunity Area.
- \$358,873 contribution of property tax increment to the Lost Hills Economic Opportunity Area.

- \$426,811 contribution to the Information Technology Projects designation for replacement future replacement of the County's Storage Area Network (SAN).
- \$359,299 contribution of property tax increment to the WESTARZ Economic Opportunity Area.
- \$370,000 contribution to the Parks Capital Improvements designation for improvements at Buena Vista regional park.

The chart below shows history of the County reserve and designation levels.

Account	Year-end Actual Balances						Recommended	
	2013-14	FY 2014-15	FY 2015-16	FY 2016-17	FY 2017-18	FY 2018-19	FY 2019-20

Long-term Financial Planning

Long-term fiscal planning is an effective tool for creating sustainable budgets and providing fiscal stability beyond the annual budget horizon. Long-term fiscal planning is a strategic process that provides governments with the insights and information needed to establish multi-year budget solutions and fiscal policies and actions that maintain good fiscal health. The County creates a five-year operating forecast for the purpose of providing the Board of Supervisors with a framework for use in decision-making in order to maintain and continue the fiscal health of the County, to ensure and enable a plan for the provision of services and capital assets.

The forecast is updated annually and is not a budget. It does not establish policy or priorities, it simply summarizes fiscal capacity. The forecast identifies key factors that affect the County's fiscal outlook and assesses how difficult balancing the budget may be in the future. It helps the County to understand the fiscal challenges ahead and the need to establish priorities.

The forecast is developed using a baseline environment, that is, revenues and expenditures are projected based primarily on trend analysis, specific circumstances and present level of services provided by the County. This forecast is not a prediction of what is certain to happen but rather a projection of what will occur in the absence of any mitigating actions or changing circumstances. As such, this plan highlights significant issues or problems that must be addressed in order to maintain a structurally balanced budget.

Significant Issues Impacting the General Fund

The General Fund's spending flexibility is hindered by limited resources at the same time that impending significant costs must be incurred. The General Fund lost nearly \$45 million in property tax revenue in FY 2016-17 related to the price of oil and gas properties and the market price for oil. While oil and gas valuations have recovered slightly since that time, growth in values of residential, commercial and agricultural properties have been strong and steady. The final assessment roll reflects a net assessed value increase of 4% overall from all properties, which equates to a \$10.7 million increase in property tax revenue from last fiscal year. Most of the increase in property tax revenue is related to growth in values of residential, commercial and agricultural properties, which increased by 4.6% or \$3.2 billion in assessed value compared to last fiscal year. The growth of value in these properties have contributed to a historic high gross total assessed valuation for Kern County of \$99.3 billion.

The County's Structural Fire Fund has recovered from a significant loss of property tax revenue related to oil and gas properties, but continues to contend with operational cost increases primarily related to pension costs. To preserve service levels, the General Fund is contributing \$7 million in FY 2019-20 for pension escalation costs and an additional \$2 million for critical equipment needs. The limited term contribution will be supported through the use of fund balance carry-forward or reserves of the General Fund.

The General Fund is in the final year of a Four-Year Deficit Mitigation Plan that has resulted in phased-in reductions of Net County Cost allocations to departments. The deficit of \$44.5 million in FY 2016-17 is now reduced to \$6.9 million, making it nearly 85% resolved. By the end of FY

2019-20, the deficit is anticipated to be fully mitigated. The use of one-time fund balance carry-forward to balance the General Fund budget is scheduled to end in FY 2019-20 in accordance with the approved plan.

General Fund departments continue to be impacted by pension cost increases that began in FY 2015-16, as a result of actuarial assumption changes including the reduction of the assumed rate of return from 7.75% to 7.5%, which contributed to a \$13 million retirement cost increase. The Kern County Employees' Retirement Board is phasing in another .25% reduction in the assumed rate of return down to 7.25% that began in FY 2018-19. The cost increase from this change will be phased-in over three years. In FY 2019-20, the increase is impacting the cost for public safety employees by \$4.1 million. The cost increase for FY 2019-20 is being covered by the use fund balance carry-forward. Additionally, the County established a Retirement designation to set aside funds to pay for the budgetary annual increases, thereby minimizing service level impacts. Another impact is the debt service payments for the County's Pension Obligation Bonds are scheduled to escalate through FY 2021-22 at which time one of the Pension Obligation Bonds issuances will be fully paid.

The State Budget for FY 2019-20 includes the third year of the phased-in termination of the Coordinated Care Initiative (CCI), which shifted In-Home Supportive Services (IHSS) costs to counties in FY 2017-18. While the State's budget for the FY 2019-20 increased the State support to the program and reduced the inflation factor from seven percent to four percent beginning in Fiscal Year 2020-21, it is anticipated that the cost will continue to increase.

Ongoing cost increases for higher direct aid payments at Department of Human Services, vehicle leases for the Sheriff's Office, salary adjustments for Sheriff Deputies and Detention Officers, and enhanced Ranger staffing are included in the budget. The additional funding for the Sheriff's Office is helping to mitigate recruitment and retention issues at the department.

In May 2018, the County's new Justice Facility was opened and fully operational. Costs for mental health and medical services were included in the operational budget; however, those costs are projecting higher than originally estimated. The Kern County Hospital Authority negotiated salary increases for correctional nurses as well as increases in pension cost that have resulted in a \$1 million increase in ongoing costs for these services.

The fiscal constraints on the General Fund have resulted in the deferral of many major maintenance and capital projects for the past several years. The Board of Supervisors and various community groups have indicated interest in the investment of parks and roads. Additionally, the County has several facilities and critical equipment that are reaching end of life, including the countywide public safety communications system that is estimated at \$60.5 million to replace.

Mitigating Future Challenges

TABLE 1
FIVE-YEAR FINANCIAL FORECAST
CHANGE IN GENERAL FUND ONGOING REVENUE AND COSTS
FISCAL YEARS 2019-20 THROUGH 2023-24

Annual (Deficit)/Surplus	(\$6,962,615)	(\$8,898,686)	\$1,704,211	\$16,482,211	\$4,383,697
<u>Balancing Mitigation:</u>					
Fund Balance Carry-forward for operations	\$ 4,346,517				
Use of Reserves/Designations for operations	-				
Net Department Adjustments	2,616,098				
Percent of Net County Cost Reduction	0.7%				
Estimated Net Annual (Deficit)/Surplus	\$ (0)	\$ (8,898,686)	\$ 1,704,211	\$16,482,211	\$4,383,697

Table 1 summarizes the County's five-year forecast as it relates to ongoing expenditures funded with ongoing discretionary revenue in the County's General Fund. The forecast reflects that revenues are increasing slightly each year primarily from anticipated growth in residential, commercial and agricultural property values. Ongoing cost changes reflect the cost to maintain current service levels and new significant ongoing costs identified that would need to be funded in the respective fiscal year. After accounting for these changes, the Annual (Deficit)/Surplus is projected to be negative for the next two fiscal years. These deficits will have to be mitigated in the respective years in order to produce a balanced budget.

For FY 2019-20, the Annual (Deficit) of \$6.9 million is resolved through the use of fund balance carry forward at June 30, 2019 and a net department NGFC adjustment of \$2.6 million, or .7%. It is anticipated this reduction in allocation of Net County Cost to departments will be ongoing. This generates an estimated Net Annual (Deficit)/Surplus of \$0.

Most of the cost increase anticipated for FY 2019-20 and beyond is related to salaries and benefits cost for safety employees, both in pension escalation and ongoing operations to maintain service levels for the Sheriff's Office and Probation Department.

A significant portion of the \$6.9 million deficit for FY 2019-20 is resolved through the use of one-time fund balance carry-forward. In accordance with County reserve policies, the use of these resources for ongoing operations can only be considered in the context of a multi-year mitigation plan. The Board of Supervisors approved a fiscal plan in FY 2016-17 to phase-in Net County Cost reductions to departments over a four-year period in lieu of full and immediate reductions, so department management could plan accordingly. The Four-Year Fiscal Deficit Mitigation Plan was proposed to allow for management to identify how best to reduce costs within their department, use attrition of positions to minimize layoffs, and if possible identify other revenue sources including property tax revenue if oil assessments recover greater than anticipated. In order to accomplish the plan, the use of fund balance carry forward at the end of each year and reserves would be necessary. County policy approved by the Board requires that if one-time funds such as reserves and fund balance carry forward are used to support ongoing operations, it must be in the context of a multi-year plan to ultimately mitigate the issue. Each year the estimated deficits will be updated with the most current revenue and expenditure information. Departments have incurred 11.7% reductions over four years under the plan; 5% in FY 2016-17, 3.5% in FY 2017-18, 2.5% in FY 2018-19, and another .7% in FY 2019-20. The amount of the deficit carried forward each year is shown in Table 1 on the previous page on the line item titled 'Use of one-time for ongoing mitigation'. While the deficit from previous years will be resolved by the end of FY 2019-20, pension cost escalation has been incorporated for FY 2019-20 and beyond for anticipated actuarial assumption changes. Department's will be expected to absorb these costs. The County will have pension savings related to payoff of the 1995 Pension Obligation Bond beginning in FY 2021-22 that is attributing to the Surplus projected in the same fiscal year.

Table 2 on the next page shows the estimated phase-in percent and value of the proposed cuts and the anticipated use of reserves and fund balance carry forward over the four-year period of the Deficit Mitigation Plan. The 'Use of Reserves' row includes reserves allocated to the Fire Fund. General Fund reserves funded \$19.8 million in operational costs for the General Fund and Fire Fund over the past three fiscal years. There are no reserves budgeted for towards the deficit in FY 2019-20. Use of fund balance carry-forward for the General Fund over four years is projected to be \$53.9 million. Approximately \$12.9 million in fund balance carry forward is budgeted for FY 2019-20 to help mitigate the deficit of both the General and Fire Funds. For the plan to be successful in achieving fiscal sustainability at end of the plan, General Fund departments and the Fire Department will need to contain operations to available ongoing resources.

TABLE 2 - FOUR-YEAR FISCAL DEFICIT MITIGATION PLAN FOR THE GENERAL FUND

Action	FY 2016-17 Approved	FY 2017-18 Approved	FY 2018-19 Approved	FY 2019-20 Approved	Four-Year Total
Deficit	\$ 44,478,297	\$ 19,840,271	\$ 17,888,322	\$ 6,962,615	-----

County Identified Needs

The County fiscal plan (five-year fiscal forecast) primarily focuses on identifying increases in costs to maintain current services and how much discretionary revenue is available to fund these costs and/or what mitigations are needed. The County Administrative Office also identifies needs within the County that are recommended to be funded although the funding would require ongoing or one-time sources into the future.

ONGOING NEEDS

The FY 2019-20 Recommended Budget funds \$18.6 million in increased significant ongoing costs that are included in the County fiscal plan.

Significant Ongoing Costs Identified to be Funded

	<u>Ongoing Costs</u>
Pension Costs	\$7,005,450
In-Home Supportive Services (IHSS) MOE Increase	384,817
Sheriff Safety Personnel Negotiated Salary Increases	6,419,410
Sheriff Lieutenants for Jail Watch Command	850,000
Sheriff Vehicle Lease	992,000
Human Services- Direct Aid Increases	1,600,000
Correctional Medicine Cost Increases	1,000,000
Ranger Staffing Reorganization for 24/7 Coverage	300,000
Significant Ongoing Costs in FY 2019-20 Recommended Budget	\$18,551,677

\$7 million for Pension Escalation

Public safety departments, such as Sheriff and Probation, were impacted by the second year of a three-year phase-in of retirement rate increases related to actuarial assumption changes.

\$384,817 for IHSS MOE Increase

While the State's budget for the FY 2019-20 increased the State support to the program and reduced the inflation factor from seven percent to four percent beginning in Fiscal Year 2020-21, it is anticipated that the cost will continue to increase.

\$6.4 million for Sheriff Safety Personnel Negotiated Salary Increases

The Board of Supervisors approved the reclassification of Sheriff Deputies (\$1.1 million), the addition of an "F" step for Detention Officers (\$1.8 million) and salary adjustments for the Kern Law Enforcement Agency represented employees totaling an estimated \$3.5 million.

\$850,000 for Sheriff Lieutenants for Jail Watch Command

The budget includes cost for the addition of three new Lieutenant positions to enhance oversight in patrol areas.

\$992,000 for Sheriff's Vehicle Leases

The Sheriff's Office requested the purchase of \$7.1 million in vehicles. Approximately \$1.5 million will be purchased with cash and the remaining will be purchased as part of a capital lease with annual debt service payments estimated at \$992,000.

\$1.6 million for Direct Aid Increases at Department of Human Services

Increased costs for Foster Care, Adoptions and General Assistance programs requires and additional contribution to meet statutory obligations to recipients.

\$1 million for Correction Medicine Cost Increases

The County contracts with the Kern County Hospital Authority to provide medical care to indigent residents and inmates housed in the County's adult and juvenile detention facilities. The Kern County Hospital Authority negotiated salary increases for correctional nurses as well as increases in pension cost that have resulted in a \$1 million increase in ongoing costs for these services.

\$300,000 for Ranger Staffing Reorganization for 24/7 Coverage

The Parks Division is reorganizing Ranger positions in order to hire more staff to achieve near 24/7 security coverage of the Kern River Parkway and Buena Vista lake areas.

ONE-TIME NEEDS

The FY 2019-20 Recommended Budget funds \$32.6 million in one-time costs. Significant one-time costs are primarily funded through one-time sources such as fund balance carry-forward or the use of reserves or designations.

Significant One-time Costs Identified to be Funded

	One-time Costs
Major Maintenance Projects	\$10,003,482
Capital Projects - Animal Services Admin Modular Building Purchase	500,000
Deficit Mitigation Plan Use of Fund Balance Carry-forward	12,936,241
Information Technology - Human Resources/Payroll/Financial System ERP	6,000,000
Sheriff Vehicle Direct Purchase	1,500,000
Other Specific Purpose Contingencies	1,640,451
Significant One-time Costs in FY 2019-20 Recommended Budget	\$32,580,174

\$10 million for Major Maintenance Projects

The recommended budget includes 39 major maintenance projects totaling \$13.8 million. Costs cover various painting, paving, roofing and HVAC projects that were deemed most critical by General Services staff. Some of the projects are funded by other revenue leaving a Net County Cost of \$10 million. The projects are funded by one-time fund balance carryforward at June 30, 2019.

\$500,000 for Capital Projects – Animal Services

The recommended budget includes funding for the purchase of a modular building to house the administration staff of the Animal Services Department.

\$12.9 million Use of Fund Balance Carry-forward for Deficit Mitigation

The Four-Year Deficit Mitigation Plan for the General Fund requires the use of one-time fund balance carry-forward to balance the FY 2019-20 budget. Approximately \$10.3 million of the use is related to pension cost increases for public safety staff in lieu of the use of reserves.

\$6 million for Information Technology – Human Resources/Payroll/Financial System ERP

The County is in contract negotiations to replace its 40 year old Legacy System. Milestone payments are anticipated to be paid during the fiscal year.

\$1.5 million for Sheriff Vehicle Direct Purchase

The Sheriff's Office requested \$7.1 million in vehicle replacements. \$1.5 million will be used to purchase some vehicles. The remaining vehicles will be purchased by lease.

\$1.6 million for Other Specific Purpose Contingencies

In addition to the standard general purpose contingencies maintained by the County, the recommended budget includes the following specific set asides:

- \$1,325,000 for a new FY 2019-20 Sheriff Deputy Academy
- \$315,451 for cost related to potential postage and consulting services for the 2020 Primary Election

FUTURE ONE-TIME NEEDS

In addition to one-time needs allocated for use in FY 2019-20, there are additional one-time needs that are recommended to be set aside for the future within County specific reserves and designations. Detail of these needs are described on the next page.

One-time Needs Set Aside In General Fund Reserves/Designations

	One-time
Designation - Public Safety Recruitment/Retention	\$2,000,000
Designation - Homelessness & Low Barrier Housing Initiative	2,000,000
Designation - Infrastructure Replacement	4,273,252
Designation - Blight Remediation	500,000
Designation - Road Improvements	400,000
Designation - Information Technology Projects	426,811
Designation - Economic Opportunity Areas	1,596,071
Designation - Parks Capital Improvements	370,000
Additional One-time Set Aside in FY 2019-20 Recommended Budget	\$11,566,134

\$2 million one-time for Public Safety Recruitment/Retention

The Sheriff's Office has been challenged with recruiting and retaining Deputies. These funds are intended to be used towards opportunities and activities related to promoting the recruitment and retention of public safety personnel.

\$2 million one-time for Homelessness & Low Barrier Housing Initiative

This contribution will fund projects of priority to the Board of Supervisors related to homelessness initiatives.

\$4.3 million one-time for Infrastructure Replacement

This contribution is helping to fund the replacement of the Public Safety Countywide Communications System.

\$500,000 one-time for Blight Remediation

This funding pays for clean-up projects initiated by Code Compliance – Abatement Fund.

\$400,000 one-time for Road Improvements

This designation was established to set-aside funds for road improvements as part of a mitigation agreement with Clean Harbors, Inc. It requires that \$400,000 of Hazardous Waste taxes that are paid by the company be used for road improvements in a specific area until the improvements are made.

\$426,811 one-time for Information Technology Projects

This designation was established to set-aside funds for information technology projects that are necessary to maintain countywide services. The amount of \$426,811 is specifically set aside for partial costs related to replacement of the County's Storage Area Network.

\$1.6 million one-time for Economic Opportunity Areas

The County sets aside property tax increment in various Districts to promote enhancement in those specific areas that currently include: East Kern Revitalization Area, Arvin/Lamont, Oildale, Lost Hills and Westarz.

\$370,000 one-time for Parks Capital Improvements

This designation was established to set-aside funds for various capital improvements at park facilities throughout Kern County. The amount of \$370,000 is specifically set aside for partial costs related to improvements at the Buena Vista regional park.

County Debt Policy

The Board of Supervisors has approved policies that address the issuance of debt and are in compliance with Senate Bill 1029. These policies guide the management and administration of the County's portfolio of long-term debt. The policies require, in general, that:

1. Debt will not be used to finance ongoing operational costs.
2. Whenever possible, the County will pursue alternative sources of funding in order to minimize the level of debt.

More specifically, the policies include the following elements:

1. Require that the term of bonds be no longer than the economic useful life of the property, or in excess of available payment streams.
2. Require annual review of the County's portfolio of long-term obligations to initiate any type of restructuring, refunding, or refinancing beneficial to the County.
3. The policies outline the responsibilities of the County's Debt Financing team. These responsibilities include oversight and review of all debt policy and debt issuance activities and to make recommendations to the Board of Supervisors regarding appropriate actions on debt matters.

Projects Funded with General Fund Discretionary Resources

As detailed above, County's policies require prudent management of liabilities and, whenever possible, alternative sources of funding in order to minimize the level of debt. The FY 2018-19 adopted budget included \$4.4 million of discretionary General Fund resources for Major Maintenance projects. The FY 2019-20 recommended budget includes \$10 million of discretionary General Fund resources for the same purpose. Due to ongoing fiscal challenges, the County has prioritized maintenance over new capital projects. The FY 2019-20 recommended budget includes \$500,000 in discretionary General Fund resources for new capital projects.

Significant FY 2018-19 Debt Related Actions

In June of 2019 the County entered into an equipment lease/purchase agreement to finance the acquisition and installation of new solar photovoltaic equipment. The financing agreement has a principal amount of \$11,690,000, with a term ending on June 1, 2039.

Anticipated FY 2019-20 Debt Related Actions

The County is in the process of evaluating proposals for the replacement of the physical infrastructure that supports the emergency communications system. Due to the significant estimated cost of the project the County anticipates the issuance of debt instruments for project financing.

The FY 2019-20 Recommended Budget includes appropriations in the Debt Service budget unit to pay the anticipated debt service payments for a new equipment lease agreement for the

acquisition and outfitting of law enforcement vehicles. The total cost of the financing is anticipated to be \$4.6 million over five years.

County Long-Term Debt

The following discussion relates to long-term debt backed by the full faith and credit of the County's General Fund or secured by revenue.

The County's outstanding long-term debt has been issued for the following purposes:

- To finance or refinance construction and improvement of County structures.
- To refinance County pension obligations.

The County finances such projects with a variety of debt instruments. For construction and improvement projects the County has utilized lease obligations with a non-profit public benefit corporation. Such obligations are in the form of Certificates of Participation, or Private Placements with a financial institution. For pension obligations the County has issued Pension Obligation Bonds.

As of June 30, 2019, the County's long-term obligations include debt issued to finance or partially finance the following projects:

- Construction of County roads, fire stations, and an information technology building.
- Construction of the central plant at Kern Medical, countywide communication equipment and fire apparatus.
- Construction of a new terminal at the Meadows Field Airport.
- Refinancing of a portion of the County's Unfunded Accrued Actuarial Liability in the years 1995 and 2003.

A summary of long-term debt issuances of the County is shown on the following page.

County of Kern
Summary of Long-Term Debt Issuances

Debt Service Budget Information

The 1995, 2003 and 2008 Pension Obligation Bonds are budgeted in individual department budgets as a portion of salary and benefit expense. Approximately 50.5% of the pension obligation bonds debt service is allocated to General Fund departments.

County of Kern

Other Long-Term Debt

The County has an outstanding principal amount of \$2,274,523 of a lease/purchase agreement in connection with a project consisting of the acquisition of solar panels and related equipment. The project qualifies as a “qualified conservation purpose,” and the County received an allocation for subsidized financing pursuant to the American Recovery and Reinvestment Act. The debt service is budgeted in the Debt Service Section of this budget book in the Debt Service budget. Annual debt service on this obligation is approximately \$434,980 in FY 2019-20. The County expects to receive interest rate subsidy payments from the Internal Revenue Service approximately 64% of the interest component of the interest payments which amounts to approximately \$77,364 in FY 2019-20. Final payment is expected in FY 2025-26.

The County has a note with the California Infrastructure and Economic Development Bank for funds borrowed to finance the construction of curbs and gutters in the fifth supervisorial district. This note is backed by the full faith and credit of the General Fund; however it is paid using Community Development grant funds; the debt service is budgeted in the Debt Service Section of this budget book in the Debt Service budget. The outstanding principal amount of this note as of June 30, 2019 was \$3,449,973. Annual debt service on this obligation is \$489,574 in FY 2019-20 with final maturity in FY 2026-27.

In 2002, the County entered into a joint powers authority agreement with the Board of Education and formed the Kern Public Services Financing Authority. The Authority has \$8,235,000 in outstanding bonds that mature in FY 2031-32. The majority of the debt service is paid by the authority from rental payments received from County departments. The expense is reflected under the services and supplies expense category in the individual budget units.

The County has six outstanding lease obligations for equipment. The outstanding principal balance as of June 30, 2019 of those lease obligations was \$20,695,938. The debt service payments for the equipment leases are made from the budget units owning the equipment and are reflected under other charges expense category. Total outstanding debt is reflected in the Debt Service Section of this budget book, in the total outstanding debt schedule.

Effects of Existing Debt Levels on Current and Future Operations

As part of the County’s Fiscal Plan and in order to mitigate impact on operations, the County will set aside available fund balance in a designation to be strategically released to offset the increase in the debt service for the pension obligation bonds. The County intends to continue this strategy through FY 2021-22 when the 1995 Pension Obligation Bonds will be paid-off. For FY 2019-20 other discretionary resources are available, and will be utilized for the same purpose in-lieu of the designation.

In aggregate, current required debt service expenditures remain relatively level for all fiscal years through 2021-22 and then drop significantly after fiscal year 2021-22 when the 1995 pension obligation bond is paid off. The County will see a significant decline in FY 2028-29 when all pension obligation bonds are paid off.

Legal Debt Limit

The County General Fund has no outstanding General Obligation Bonds; therefore no debt service payments for General Obligation Bonds are budgeted in this document. The County's legal debt limit, which applies only to General Obligation Bonds, is as follows (figures shown in thousands):

<u>Fiscal Year</u>	<u>Assessed Valuation</u>	<u>Legal Debt Limit</u>	<u>Bonded Debt</u>	<u>Legal Debt Margin</u>
2018-19	\$94,675,253	\$4,733,763	\$0	\$4,733,763

Source: Auditor-Controller

California Government Code

Government Code Sections 29000 through 29144 and Section 30200 provide the statutory requirements pertaining to the form and content of the State Controller's prescribed Line-Item Budget. Government Code Section 29009 requires a balanced budget in the recommended, adopted, and final budgets, defined as "the funding sources shall equal the financing uses."

County Code

Title 2. Chapter 2.12:

Section 2.12.010

The position of County Administrative Officer is created. The County Administrative Officer shall be appointed by and serve at the pleasure of the Board of Supervisors.

Section 2.12.020

In accordance with the provisions of the laws of the state of California, county ordinances, and the policies and orders of the board of supervisors, the county administrative officer shall, under the direction of the board of supervisors, perform the following duties:

- Execute and coordinate the administrative policies and directives of the board of supervisors; furnish information and advice to county officers and department heads in matters of county administrative policies, practices and procedures; furnish consultation and coordination on public relations practices to appointed department heads and, when requested, to elected officials; report to the board regarding the manner in which county administrative, fiscal and ethical compliance policies and directives are carried out by the departments, services, boards, commissions and institutions of the county and make recommendations for the enforcement, modification or augmentation thereof;
- Perform continuous research, investigation and analysis of administrative practices and procedures, work processes and work methods for the improvement of efficiency, organization, economy of operation, program/service effectiveness and customer responsiveness; promote the effective and efficient delivery of county services to the public by providing quality advice and assistance to the board, county departments and employees;
- Supervise the financial fiscal affairs of the county, within the limits of the law and policies established by the board of supervisors; recommend fiscal and budgetary policies and procedures to the board; prepare budget projections and recommend budget development guidelines to the board; coordinate countywide budget planning, budget preparation, and budget review activities; review departmental budget requests and revenue estimates and make recommendations to the board concerning same; coordinate public hearings on the county's annual proposed budget; prepare financial and budget status reports, process fund and budget transfers, and establish such controls and reviews as are necessary for budget control; manage the county's debt financing programs and activities;

- Manage the county's capital and major maintenance projects and financing programs; coordinate facilities and office space planning activities; and supervise the general services division's activities related to the county's compliance with the federal Americans with Disabilities Act;
- Conduct analyses of public policy issues and local governmental jurisdictional changes, and advise the board concerning same. Coordinate intergovernmental relations activities with cities, special districts, other counties, and other agencies;
- Manage the county's legislative analysis and legislative advocacy program, and advise the board of supervisors on state and federal legislative issues; provide public information and assist with media liaison activities;
- Manage the functions and activities of the human resources division and advise the board regarding the optimum use of the division's resources;
- Perform the function of chairman of the county claims review board;
- Perform the function of chairman of the Kern County Emergency Council;
- Assist the board in the administration of the appointed department head performance evaluation program;
- Manage the data processing and information technology and automation central support services provided through the information technology services division, and advise the board regarding optimum use of data processing personnel, facilities and equipment;
- Manage the functions and activities of the general services division, and advise the board regarding optimum use of the division's resources;
- Manage the functions and activities of the economic and workforce development division and advise the board regarding the optimum use of the division's resources;
- Attend meetings of the board of supervisors; advise and assist the board; perform specific work and undertake such studies as may be assigned by the board; undertake and be responsible for the administration and supervision of any governmental function or county department upon order of the board of supervisors; report to and be directly responsible to the board for the overall performance of his or her duties, functions, authority and relationship with other departments; and
- Provide the direct administrative management for the clerk of the board of supervisors.

Pursuant to County Ordinance Code Section 2.38.210, the functions and responsibilities of the parks and recreation department (Section 2.38.220) and the personnel are transferred to the division of general services under the direction of the supervision of the County Administrative Officer.

Section 2.38.220

The assistant county administrative officer for general services or his designee shall exercise the powers and duties set forth in Chapters 2.50, 2.52, 13.04, 13.08, 13.16, 13.20, 13.24, 13.28, 13.32, 13.36, 13.40, 13.44, and 13.48 of the Kern County Code of Ordinance and such other duties as may be directed by the board of supervisors. The assistant county administrative officer for general services or his designee shall have the following additional duties:

- Operation, maintenance, collection of authorized fees, and scheduling of use of assigned veteran's halls, community halls, senior centers, and such other county public use buildings as assigned by the board of supervisors under the rules and regulations for such use established by the board;
- Administration of leases of all county-owned golf courses; and
- Such other duties related to such property as may be directed by the board.

Section 2.12.030

It shall be the duty of all employees of the county, and the head of every department, institution, service, board or commission of the county to cooperate with the county administrative officer and to assist the county administrative officer in the performance of his or her duties and responsibilities, as said duties and responsibilities are set forth in this chapter. It shall also be the duty of the employees of the county and the head of every department, service, institution, board or commission of the county to make available to the county administrative officer any and all records in their possession or control which the county administrative officer may determine necessary to enable performance of his or her duties and responsibilities. However, nothing in this chapter shall be construed to require any officer or employee of the county to make available to the county administrative officer any record or document which is confidential and not open to inspection by the county administrative officer under the laws of the state of California.

Section 2.12.040

No provisions of this chapter shall be deemed or construed to grant any authority or to impose any duty upon the county administrative officer which is by law or ordinance vested in or imposed upon any other officer, board, commission, employee or department, nor to delegate to said county administrative officer any duty or authority required by law to be performed or exercised by the board of supervisors, it being the intention of the board to establish the position of an employee to assist the board of supervisors in the performance of its duties, responsibilities and lawful functions, and to assign to the county administrative officer only such duties and responsibilities as may be lawfully delegated. The county administrative officer shall have no power to bind, obligate or commit the board of supervisors or the county of Kern in any matter except as set forth in this chapter or as may be lawfully directed by the board of supervisors of the county.

Basis of Accounting

Governmental funds are accounted for using the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Property tax revenue is recognized in the fiscal year the taxes are levied. Revenue from donations, entitlements, and grants

are recognized in the fiscal year in which all eligible requirements have been fulfilled. Property and sales taxes are considered available if collected within 60 days after the end of the accounting period. Interest and charges for services are accrued when their receipt occurs within 90 days after the end of the accounting period. The County considers voluntary non-exchange transactions, such as certain federal and State grants, available if received within 9 months after the end of the accounting period.

Under the accrual basis of accounting, expenditures are recorded when a liability is incurred. However, debt service expenditures, expenditures related to claims and judgments, and compensated absences are only recorded when payment is due. In governmental funds, general capital asset acquisitions are reported as expenditures. Proceeds from general long-term debt and capital leases are reported as other financing sources.

Proprietary funds are accounted for on the accrual basis of accounting. Revenue is recognized in the period earned and expenses are recognized in the period incurred.

Basis of Budgeting

Governmental Funds:

An operating budget is adopted each fiscal year for the governmental funds in accordance with provisions of the County Budget Act. The County's financial statement, the Comprehensive Annual Financial Report (CAFR), is prepared using generally accepted accounting principles (GAAP). Budgets for the governmental funds are adopted with the following differences from GAAP:

Encumbrance accounting is employed in governmental funds. For budget purposes, outstanding encumbrances (which represent the unspent amounts of purchase orders and contracts funded in the fiscal year), are not treated as expenditures in that fiscal year; therefore, they are not included in the "actual" data that appears in the budget book. For GAAP purposes, the governmental fund financial statements of the CAFR include encumbrances outstanding at year-end which are reported within the assigned fund balance for their specific purposes. Appropriation for these encumbrances commitments survives the expiration of the fiscal year. Encumbrances cancelled subsequent to the end of the fiscal year also cancel the underlying appropriation.

On a budgetary basis, unrealized gains and losses on the fair value of investments are not recognized. For GAAP purposes, such gains or losses are recognized.

Proprietary Funds:

The Board of Supervisors approves an annual spending plan for proprietary funds. Adopted expense estimates are appropriated and these County funds have budgetary controls the same as those for the governmental fund types. Because these funds generally collect fees and revenue to cover the cost of the goods and services they provide, their accounting and budgeting bases are closer to commercial models. Budgeting, like accounting, is done on the accrual basis and generally according to GAAP.

County Policies

When building the FY 2019-20 budget, the following County policies were considered:

Budgeting Policy

State law, the County Budget Act (Government Code 29000), as well as County ordinances, policies and procedures dictate numerous conditions and requirements for budget preparation. The County operates on a Fiscal Year (FY) that begins July 1 and ends on June 30 of the following calendar year. By law, the Board of Supervisors must approve a recommended budget before June 30 to authorize any spending until a final budget is adopted. The final budget, including any revisions directed by the Board as a result of public hearings, is typically adopted in late August. Once adopted by the Board, a final budget document is prepared by the Office of the Auditor-Controller. The objective of the County's budgeting guidelines is to help ensure the County has adequate resources to meet its basic financial obligations, and to serve as a vehicle to help the County achieve financial continuity and stability. Practically speaking, the County's budgetary guidelines create a standardized methodology for departments to follow when preparing budget plans for the Board of Supervisors' approval.

To obtain a balanced budget, total revenue, including carry-over fund balances, will equal the total fund appropriation and reserves. The annual operating budget will be structurally balanced upon adoption by the Board of Supervisors. One-time funds are discouraged from being used to fund ongoing operational costs, except within the context of a larger plan to balance ongoing revenue and expenses over a multi-year period. Significant budget variances and recommended actions are reported to the Board of Supervisors on an as-needed basis.

Budget Cycle

Mid April

Departments' budget requests, including step-down plans (if required) are submitted to the County Administrative Office and the Board of Supervisors.

Mid May

Department Program Prioritization Plans are due to the County Administrative Office after the State releases its May budget revisions.

Mid June

County Administrative Office presents the preliminary recommended budget with the Department Program Prioritization Plans to the Board of Supervisors for the first budgetary discussion.

Late June

Assessor files assessment roll.

Early July

Auditor-Controller reports County fund balances available as of June 30 to Board of Supervisors and County Administrative Office (not later than the first Tuesday after the 14th working day in July).

Early July

The General Services Division distributes a list of major maintenance and capital projects to their respective departments. Departments then edit and prioritize capital projects listed or add new projects. General Services then prices each project before forwarding their prioritized list to the County Administrative Office. Based on the prioritized list, the County Administrative Office then funds department requested major maintenance and capital projects.

Early July

Departments provide performance measures to the County Administrative Office to be included in the recommended budget.

Mid July

The County Administrative Office presents updated budget status with year-end closing numbers and departments identify budgetary issues to the Board of Supervisors for the second budgetary discussion.

Early August

Recommended budget documents are available for the public (must be 10 days before start of Budget Hearings). Clerk of the Board publishes notice announcing Budget Hearings.

Mid/Late August

Board of Supervisors holds Budget Hearings on the County Administrative Office Recommended Budget. After close of Budget Hearings, Board of Supervisors adopts resolutions adopting the regular County budget, budgets for funds not included in regular County budget, budgets for county service areas and special districts under control of Board.

Department heads are urged to plan in conformance with this general budget cycle, so that their annual budget requests can be submitted and reviewed in a complete and timely manner. The County Administrative Officer publishes a schedule of the principal specific dates applicable to each fiscal year's budget development.

Justification of Budget Requests

- The annual budget request for each department and affiliated budget unit(s) must justify the cost to County taxpayers in juxtaposition to the level of service provided to the general public and/or other governmental entities. Staffing, funds, and facilities deemed necessary to provide an appropriate level of service must be provided by each department. The financial data required to justify each budget request, the forms by which to assemble and present it, and the "letter of justification" by which to explain and transmit the data are described in the following subsections:

- *Net General Fund Cost.* Departments must identify the portion of total expenses of a budget unit or work program that must be paid by the County's countywide discretionary funds (i.e., revenue and fund balances that may be used for any legal purpose the Board of Supervisors deems appropriate). The net general fund cost of any budget unit or work program is determined by subtracting any program revenue and/or special-purpose fund balances, which are received for that budget unit or work program, from the net total expenditures for that budget unit or work group. Departments are required to submit a budget at the approved Net General Fund Cost (NGFC) guideline.
- *Supplemental Budget Request.* When a supplemental budget request is submitted, the justification for the request and alternative source of funding for the request must be included in a department's budget request.
- *Level of Service.* Departments must provide the quantity and quality of services provided within the fiscal year. As a rule, specific justification is required for increases in expenditure appropriations that will result in an increase over the current level of service.
- *Letter of Justification.* Each departmental budget request must be transmitted to the County Administrative Officer by a signed letter of justification. Budget requests without a justification letter will not be accepted by the County Administrative Office. The department head is expected to accurately summarize any significant budget changes, noting the reasons for proposed increases or decreases in current levels of service and/or initiation of a new work program. Federal, state, or other directives should be cited when applicable. In addition, the letter must provide descriptive information as to the impact that the requested budget will have on work programs and levels of service. The letter of justification should also address increases in existing fees or any new approved fees to be charged. If the budget request includes increases in staffing, justification and the funding source(s) for those new positions must be included.
- *Step-down Plans.* Depending on the fiscal constraints facing the County, departments may be required to submit a step-down plan along with their budget. If required, departments must detail how they intend to incrementally reduce their Net General Fund Cost by a given percentage determined in advance by the County Administrative Office. Departments will need to identify what the impact of each incremental step-down will be, including potential reductions in staffing levels, performance measure ramifications, and impacts to service levels.
- *Program Prioritization Plans.* Departments are required to produce a program prioritization plan that provides the costs associated with and resources available for programs and functions the department performs. The plan is compiled in a prescribed format that allows the department to maintain current information and produce periodic reports as requested by the Board of Supervisors.
- *Performance Measures.* Departments have been tasked with establishing meaningful criteria for assessing the quality and effectiveness of services to the public. To be developed and revised in coordination with the County Administrative Office, these performance

measures are monitored throughout the year with annual changes reported as part of the budget process. Departments should identify any significant improvements or declines in performance, explaining the reason for change and providing reasonable goals for the upcoming fiscal year. Departments are required to submit performance measures for fiscal year-end data to be included in the recommended budget book.

- *Organization Chart/List of Department Positions.* Departments are expected to maintain charts of their current organizational structure, showing all regular positions currently assigned to each organizational unit. Each department or budget unit organizational chart shall be accompanied by a list of currently authorized positions and a functional statement briefly describing the operational tasks performed by each organizational unit, and how they relate to performance of the budget unit's work programs. For submission with annual budget requests, the organizational chart, position listing and functional statement must be amended to show any proposed increases or decreases in positions and related functional assignments, and will be used by the County Administrative Office in evaluating staffing requirements, and by the Human Resources Division in classifying positions.
- *Fee for Service Review.* Changes in the department's fee structure require approval by the Board of Supervisors. In preparing the revenue estimate, departments should pay particular attention to revenue generated through charging fees for services (user fees). Since revenue is an important part of the budget planning process, it is appropriate that a review of revenue be made prior to departmental planning for expenditures.

Appropriation Changes

An operating budget is adopted each fiscal year for all governmental funds. The adopted budget establishes total appropriations (expenditure authority) by object level in each budget unit. Expenditures are controlled at the appropriation unit level (i.e., salaries and benefits, services and supplies, fixed assets, etc.) within individual budget units. Departments are expected to maintain expenditures within their budget authority as adopted by the Board of Supervisors.

Expenditures can never exceed authorized appropriations for each object, or the budget in total. By State law, agency and department heads are personally responsible for any expenditure in excess of the approved appropriations.

Transferring Existing Appropriations

A 4/5 vote by the Board of Supervisors is required to transfer existing appropriations between expenditure objects in a budget unit or between budget units in the same operating fund. The transfer of appropriations between budget units that operate out of different funds cannot be accomplished through the Request for Budget Transfer process.

Justification for appropriation transfers is the responsibility of the requesting department. The County Administrative Office will review the justification/explanation of need submitted by the department, and if sufficient, will forward the request to the Board of Supervisors for consideration.

Adjustments between non-capital asset accounts within the same object and budget unit do not require approval by the County Administrative Office or the Board of Supervisors. When justified, the Auditor-Controller-County Clerk processes these transfers upon a request from a department. Appropriation transfers between capital asset accounts require a budget transfer.

Encumbrances

All financial commitments must be encumbered, including purchase orders, blanket purchase orders, Board-approved contracts, contracts negotiated by authorized County employees, and yearly commitments for lease agreements. An encumbrance is an obligation in the form of a purchase order, contract, or other commitment that is chargeable to an appropriation.

Required encumbrances related to purchase orders, blanket purchase orders, and contracts negotiated by the Purchasing Agent, are automatically established within the requesting department's budget. Encumbrance of funds in connection with other forms of financial obligations should be initiated at the department level using the Auditornet System. Purchase order encumbrances are processed through the Purchasing Agent and all other encumbrances are processed through the Auditor-Controller-County Clerk.

Use of One-Time Funding Sources

The appropriation of carry-over fund balances and other one-time funding sources must be managed with care. These sources are most appropriately used to fund one-time expenses such as capital expenditures, start-up costs for new programs, or to supplement the general purpose reserve. A goal is to invest one-time monies in a way that increases ongoing revenue and/or reduces ongoing expenses.

The County discourages the use of one-time funds to finance ongoing operational costs, except within the context of a larger plan to balance ongoing revenue and costs over a multi-year period. Such a plan could involve short-term use of one-time funds to preserve essential public services where longer-term financial forecasts demonstrate the near-term future potential for ongoing revenue to fund those services.

Budget Monitoring

The County Administrative Office provides a mid-year fiscal outlook report to the Board of Supervisors. Departments must annually submit a report detailing the department's projected budgetary outcome for the current fiscal year to the County Administrative Office. The report must use the actual expenditure and revenue data through the period ending December 31.

The department's budget status report is to identify and explain critical concerns about major expenditure overages and revenue shortfalls or, if applicable, projected expenditure savings or revenue excesses. The reports must also include a description of the proposed corrective action to be taken to meet the department's approved Net County Cost or General Fund Contribution and the impact these actions will have on the department's services, programs, and projects.

Grant Funding

The County will aggressively pursue opportunities for federal, state or local grant funding including private foundations. Aggressively pursuing opportunities for federal or state grants provides citizens with the assurance that the County is striving to obtain all state and federal funds to which it is entitled – thereby reducing dependence on local taxpayers’ funds. However, prior to applying for, and accepting such intergovernmental aid, the County will consider the current and future implications of either accepting or rejecting the grant. That consideration shall include: 1) the amount of matching local funds required; 2) in-kind services to be provided; 3) length of grant, and whether the County is required to continue the service after the grant has ended; and 4) related operating expenses. The County shall also assess the merits of any individual grant program as if it were funded with local tax dollars.

Contingencies

The objective of the contingency policy is to help protect the County from unforeseen increases in expenditures or reduction in revenue, or from extraordinary events that might otherwise substantially harm the fiscal health of the County. In doing so, it is also intended to help avoid undue service level fluctuations during periods of economic instability.

1% Locally Funded Appropriation for Contingencies

The County maintains an appropriated contingency to accommodate unanticipated operational changes, legislative impacts or other economic events affecting the County’s operations, which could not have reasonably been anticipated at the time the budget was prepared. Funding is targeted at 1% of locally funded appropriation.

Uncertainties Contingencies

The County maintains a minimum amount of \$500,000 appropriated for other general uncertainties departments may encounter during the fiscal year, such as emergency maintenance projects and other unforeseen circumstances.

Other Specific Purpose Contingencies

On occasion, the Board of Supervisors may approve the set aside of appropriations for contingencies associated to specific purposes with potential costs to be incurred during the fiscal year, but are not certain at the time of budget hearings.

Fund Balance and Reserves Policy

Fund balances represent unspent amounts from prior years within a fund. Fund balances can be caused by timing issues (projects not completed as expected) or they can be planned for, such as setting aside monies for future or contingent events. The County has developed fund balance policies for the General Fund that guide how much in unassigned fund balances should be maintained in the General Fund. When developing a “balanced budget,” available fund balances are combined with estimated revenues to comprise the total sources available to fund appropriations.

Fund balance applies to the General Fund, Special Revenue Fund, Debt Service, Capital Projects, and Permanent funds and is classified into five categories: nonspendable, restricted, committed, assigned, and unassigned. The categories of fund balance are described below and represent a hierarchy with (1) being the most restrictive and (5) being the least restrictive.

1. Nonspendable fund balance – amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Due to the nature or form of these resources, they generally cannot be expected to be converted into cash or a spendable form. These fund balance amounts are recorded each year by the Auditor-Controller to reflect the amount of fund balance determined to be nonspendable. No Board action is required to change these amounts.
2. Restricted fund balance – amounts are restricted by external parties, i.e., creditors, grantors, contributors, or laws/regulations of other governments or restricted by law through constitutional provisions of enabling legislation. Restrictions may be changed or lifted only with the consent of the resource provider.
3. Committed fund balance – amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government’s highest level of decision-making authority (the Board of Supervisors). The formal action must occur prior to the end of the reporting period, however, the amount may be determined in the subsequent period. These are self-imposed limitations on available resources. These committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same action it employed to previously commit those amounts. These committed amounts would be approved and adopted by formal action of the Board of Supervisors.
4. Assigned fund balance – amounts that are constrained by the County’s intent to be used for specific purposes, but are neither restricted nor committed. Intent can only be expressed by the Board of Supervisors through the signing and approving of contracts and agreements.
5. Unassigned fund balance – The General Fund, as the principal operating fund, often will have net resources in excess of what can properly be classified in one of the four categories described above. Therefore, unassigned fund balance equals total fund balance less nonspendable, restricted, committed, and assigned. This amount is available for any purpose and may be appropriated or contributed to the General Purpose Reserve or a specific purpose designation until allocated for a specific purpose by the Board by a four-fifths vote. In other funds, the unassigned classification is used only if expenditures incurred for specific purposes exceed the amounts restricted, committed, or assigned to those purposes.

The Board of Supervisors establishes, modifies and rescinds fund balance commitments and assignments by passage of an ordinance or resolution. This is done through the adoption of the budget and subsequent budget amendments that occur throughout the year. When both restricted and unrestricted resources are available for use, it is the County’s policy to use restricted resources first, followed by the committed, assigned and unassigned resources as they are needed.

Unassigned Fund Balance – General Purpose Reserve

The General Purpose Reserve has no identified contingent liability or specific future use. It is intended for unanticipated major emergencies; to allow a transition period when key economic

indicators point to recession likely to substantially reduce county revenue and increase public assistance expenditures; and to ensure the County's ability to make debt service payments in periods of declining general purpose revenues. The County shall maintain an unassigned fund balance designated as General Purpose Reserve for the General Fund targeted at a minimum of 10% of locally funded appropriation based on the adopted budget. Locally funded appropriations are those funded by countywide discretionary revenue, such as unrestricted property tax, sales tax, interest income, and other revenues not linked to specific programs, and by ongoing operating transfers in. The unassigned fund balance designated as General Purpose Reserve shall be built up with one-time sources until the established minimum target is achieved. In the event the locally funded appropriation declines from the previous year, the General Purpose Reserve shall have no downward adjustments. Increases to the General Purpose Reserve generally are only made once at the beginning of the fiscal year through the budget process.

Fund Balance Spend Down

Use of fund balance will be limited to nonrecurring expenditures, debt reduction, one-time capital costs or emergency situations (such as economic conditions or natural disasters). The County generally will use the specific purpose designations (Assigned) first, then the Tax Liability Reserve (Assigned) and finally the General Purpose Reserve (Unassigned) when using fund balance.

Within a five year planning cycle, should unforeseen events cause the use of fund balance to be used for ongoing operational needs, the following budget balancing strategies will be invoked to determine corrective actions:

- a. Seek other revenue opportunities, including new service fees or increase existing fees.
- b. Reduce expenditures through improved productivity
- c. Reduce or eliminate services.
- d. Manage staffing costs.

After evaluating and implementing where possible the above budget balancing strategies, the unassigned fund balance may be used as a temporary fix to address an ongoing budget gap if incorporated in a multi-year plan to balance ongoing revenues and expenses. A planned draw down of unassigned fund balance for ongoing operational needs generally should not exceed 3% of local funded appropriation in a given fiscal year.

Unassigned Fund Balance Replenish Procedures

Before the unassigned fund balance can be withdrawn below the General Purpose Reserve target, a replenishment plan must be adopted by the Board of Supervisors. The unassigned fund balance shall be built up with one-time sources until the established target is achieved/replenished. One-time sources will be used to replenish reserves before using for one-time, nonemergency expenses.

Debt

The County has policies that cover the issuance, management, and administration of the County's portfolio of long term debt and are in compliance with Senate Bill 1029. These policies require, in general, that:

- Debt will not be used to finance ongoing operational costs;
- Whenever possible, the County will pursue alternative sources of funding in order to minimize the level of debt.
- More specifically, the policies include the following elements:
- Require that the term of the bonds be no longer than the economic useful life of the property, or in excess of available payment streams;
- Require annual review of the County's portfolio of long term obligations to initiate any type of restructuring, refunding, or refinancing beneficial to the County;
- The policies outline the responsibilities of the County's debt financing team, which include oversight and review of all debt policy and debt issuance activities, and make recommendations to the Board of Supervisors regarding appropriate actions on debt matters.

Capital Budget Policy

An important part of the annual budget development cycle is the identification and prioritization of the County's capital and infrastructure maintenance needs. That process begins with developing a comprehensive capital and major maintenance project list with recommended priorities, based primarily on requests and supporting justification submitted by County departments.

The County Administrative Policy and Procedures Manual requires the General Services Division to annually distribute a capital project submission and processing timeline. The timeline is accompanied by a list of projects previously requested by departments. Each department receiving a list of its prior year requests is required to (1) delete any projects no longer deemed necessary; (2) add any new project requests; (3) indicate if a project is being revised, and (4) establish the department's prioritization of the projects. The General Services Division performs an initial screening of all projects to establish a preliminary priority. For those projects that are given preliminary priority, as well as for revised projects, cost estimates are generated. The list of prioritized projects is provided to the County Administrative Office for budgetary consideration. The list, however, does not represent all capital and infrastructure maintenance needs of the County. Project needs associated with enterprise funds and the Roads Department are not included in the list due to the different funding processes inherent in enterprise funds and the Roads Department. The projects included on the list are presented in priority order, as recommended by the County Administrative Office, based on the following evaluation criteria:

- *Legal Mandates.* Projects in this category are those that are required to meet some type of statutory, regulatory, or other legal mandate (such as court orders).
- *Health and Safety Concerns.* Projects in this category are those that mitigate potential health or safety threats to the public or County employees.

- *Preventive Maintenance.* Preventive maintenance projects are often given priority in order to maintain the structural integrity of the County's existing facilities. The three most critical preventive maintenance project categories are: roof replacement/repair projects; heating, ventilation, and air conditioning (HVAC) replacement projects, and parking lot repaving projects. Roof replacements are critical because as the condition of the roof deteriorates, structural damage and damage to other building components can occur as a result of leakage. HVAC replacements are critical because as the existing systems age, they become more expensive to maintain on an emergency basis. Parking lot repaving projects completed prior to damage occurring to the substructure of the parking lot are critical as it is much more expensive to replace parking lots rather than simply repaving them.
- *Cost Reduction Impact.* Cost reduction is included as an evaluation criteria in an effort to identify and prioritize those projects which are expected to result in reduced expenditures on an ongoing basis. The majority of the projects that have cost reduction implications are HVAC replacement projects.
- *Ongoing Staffing/Operating Costs.* The cost to operate and maintain new or replacement facilities on a continuing basis (including related staffing costs) is also an important consideration in the evaluation and prioritization of project proposals.
- *Direct Public Benefit and Usage.* Each project, or facility where a project is located, is evaluated to determine the level of direct public benefit gained as a result of the completion of the project. All other categories being equal, priority is given to projects that have a high public usage and/or public benefit, such as County roads and sumps, senior centers and veterans' halls, libraries, and multi-departmental use County buildings. Additionally, the evaluation process for each project also includes consideration of the project's consistency with and relative merit in facilitating the achievement of the County's Strategic Goals as adopted by the Board of Supervisors.
- *Subventions and Special Funding.* Several County departments are considered "subvented" because the costs of their operations, including capital needs, are primarily reimbursed with state and Federal funding. Special funding from sources other than the General Fund ease typical budgetary deliberations, particularly when external funds are earmarked specifically for capital projects and equipment replacement.

Investment Policy

The County of Kern's Investment Policy has been prepared in accordance with California Government Code (CGC) sections 53630 et seq. The investment policy is reviewed annually by the County's Treasury Oversight Committee and approved by the County Board of Supervisors. The purpose of this policy is to establish cash management and investment guidelines for the County Treasurer, who is responsible for the management and investment of the County Treasurer's Pool, which consists of pooled monies held on behalf of the County, school districts, community college districts and certain special districts within the County.

The policy applies to all investments held within the County Treasurer's Pool and made on behalf of the County and member agencies of the Pool with the exception of certain bond funds for which the Board of Supervisors may specifically authorize other allowable investments, consistent with State law. Also exempt from the policy are retirement funds and other post employment benefit (OPEB) funds managed through an external trust. The Treasurer and Treasurer's staff are responsible for the full-time, active management of the Pool. All investments and activities of the Treasurer and staff are conducted with the understanding that the Treasurer holds a public trust with the citizens of the County, which cannot be compromised.

It is the policy of the Treasurer to invest public funds in a manner that preserves the safety and liquidity of all investments within the County investment pool while obtaining a reasonable return within established investment guidelines. The portfolio is actively managed in a manner that is responsive to the public trust and consistent with State law. Accordingly, the County Treasurer's Pool is guided by the following principles, in order of importance:

1. The primary objective of the Treasurer's investment of public funds is to safeguard investment principal;
2. The secondary objective is to maintain sufficient liquidity to insure that funds are available to meet daily cash flow requirements;
3. The third and last consideration is to achieve a reasonable rate of return or yield consistent with these objectives.

To provide sufficient liquidity to meet daily expenditure requirements, the portfolio will maintain at least 35% of its total book value in securities having a maturity of one (1) year or less. Investments shall be restricted to those authorized in the CGC and as further restricted by this policy statement, with the exception of certain bond funds in which the Board of Supervisors has specifically authorized other allowable investments. All investments shall be further governed by the restrictions in Schedule I of the policy which defines the type of investments authorized, maturity limitations, portfolio diversification (maximum percent of portfolio), credit quality standards, and purchase restrictions that apply. Whenever a maximum allowable percentage of the portfolio is stipulated for any type of security or structural maturity range, the limit or maximum allowable is determined by the portfolio size at the close of the date on which the security is settled. Repurchase agreements are restricted to primary dealers of the Federal Reserve Bank of New York. All counterparties must sign a PSA Master Repurchase Agreement and for tri-party repurchase agreements a Tri-Party Repurchase Agreement as well before engaging in any repurchase agreement transactions. Collateral for repurchase agreements shall have a market value of at least

102% of the amount invested and must be marked to market by staff or by an independent third-party or custodial bank acting under contract to the County. Collateral for term repurchase agreements should be marked to market on a regular basis. Repurchase agreements are required to be collateralized by securities authorized under Section 53601 et. seq. of the California Government Code.

The total of Reverse Repurchase Agreement transactions shall not exceed 10 percent of the base value of the portfolio. The term of such agreements shall not exceed 92 calendar days, unless the agreement includes a written codicil guaranteeing a minimum earning or spread for the entire period between the sale of a security using such an agreement and the final maturity date of the same security.

Board of Supervisor – First District

Supervisor: Mick Gleason, Elected

Function: General Government

Fund: General

Activity: Legislative and Administrative

Budget Unit: 1011

Description of Major Services

Kern County is governed by a five-member Board of Supervisors elected to four-year terms from separate geographical districts. The Board enacts legislation governing the County and has responsibility for oversight of some special districts. The Board of Supervisors powers and authority are prescribed in the State Constitution and in State statute. The Board meets on selected Tuesdays, taking action on public and departmental requests and other matters presented on the agenda. The Board also sits as the Board of Directors of the County sanitation districts on the first Tuesday of each month. Other Board member activities include committee and commission meetings, as well as, participation in organizations at the local, regional, State, and federal levels.

Summary of Expenditures and Revenue						
	FY 2017-18	FY 2018-19		FY 2019-20

* BSI = Budget Savings Incentives

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

A majority of the expenditures for this budget unit are associated with salaries and benefits. This budget unit is primarily funded by general purpose revenues of the General Fund through an allocation of Net General Fund Cost. There are no major changes in expenditures and revenue expected in FY 2019-20.

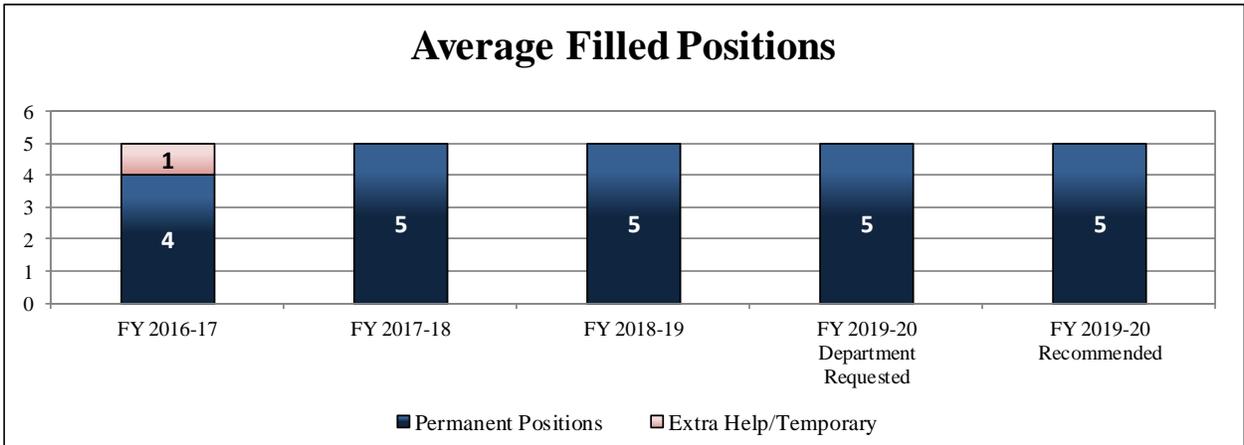

Budget Changes and Operational Impacts

The recommended budget provides adequate resources to assist the Supervisor in performing the various duties and functions required of the governing body. The department is currently authorized five permanent positions.

Staffing Changes and Operational Impacts

No position additions or deletions are included in the recommended budget.

4-Year Staffing Trend	Actual			Department	
	FY 2016-17	FY 2017-18	FY 2018-19	Requested	Recommended
AVERAGE FILLED POSITIONS				FY 2019-20	
Permanent Positions	4	5	5	5	5
Extra Help/Temporary	1	0	0	0	0
Total Positions	5	5	5	5	5

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

A majority of the expenditures for this budget unit are associated with salaries and benefits. This budget unit is primarily funded by general purpose revenues of the General Fund through an allocation of Net General Fund Cost. There are no major changes in expenditures and revenue expected in FY 2019-20.

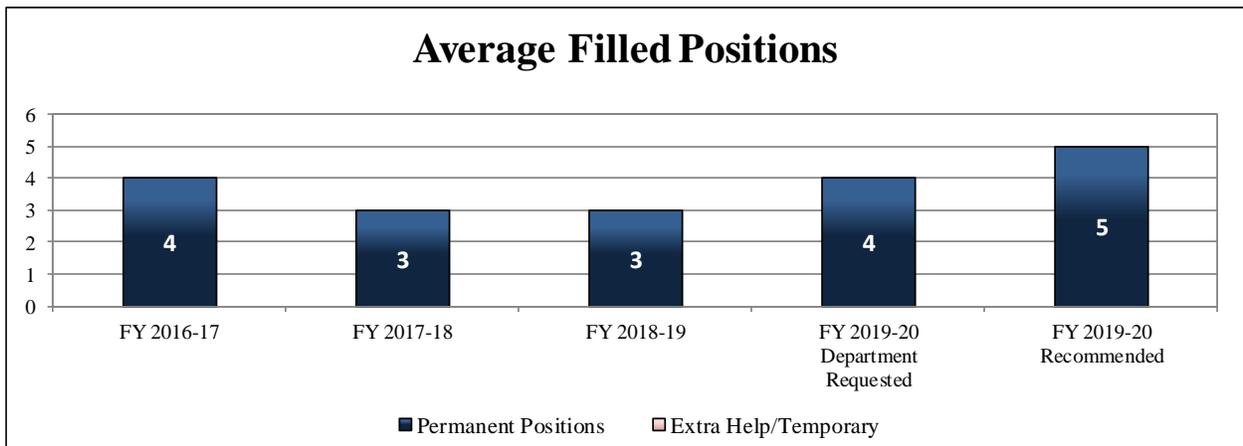

Budget Changes and Operational Impacts

The recommended budget provides adequate resources to assist the Supervisor in performing the various duties and functions required of the governing body. The budget provides the department with funding for five authorized permanent positions, of which three are part-time.

Staffing Changes and Operational Impacts

No position additions or deletions are included in the recommended budget.

Board of Supervisors – Third District

Supervisor: Mike Maggard, Elected

Function: General Government

Fund: General

Activity: Legislative and Administrative

Budget Unit: 1013

Description of Major Services

Kern County is governed by a five-member Board of Supervisors elected to four-year terms from separate geographical districts. The Board enacts legislation governing the County and has responsibility for oversight of some special districts. The Board of Supervisors powers and authority are prescribed in the State Constitution and in State statute. The Board meets on selected Tuesdays, taking action on public and departmental requests and other matters presented on the agenda. The Board also sits as the Board of Directors of the County sanitation districts on the first Tuesday of each month. Other Board member activities include committee and commission meetings, as well as participation in organizations at the local, regional, State, and federal levels.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

A majority of the expenditures for this budget unit are associated with salaries and benefits. This budget unit is primarily funded by general purpose revenues of the General Fund through an allocation of Net General Fund Cost. There are no major changes in expenditures and revenue expected for the district in FY 2019-20.

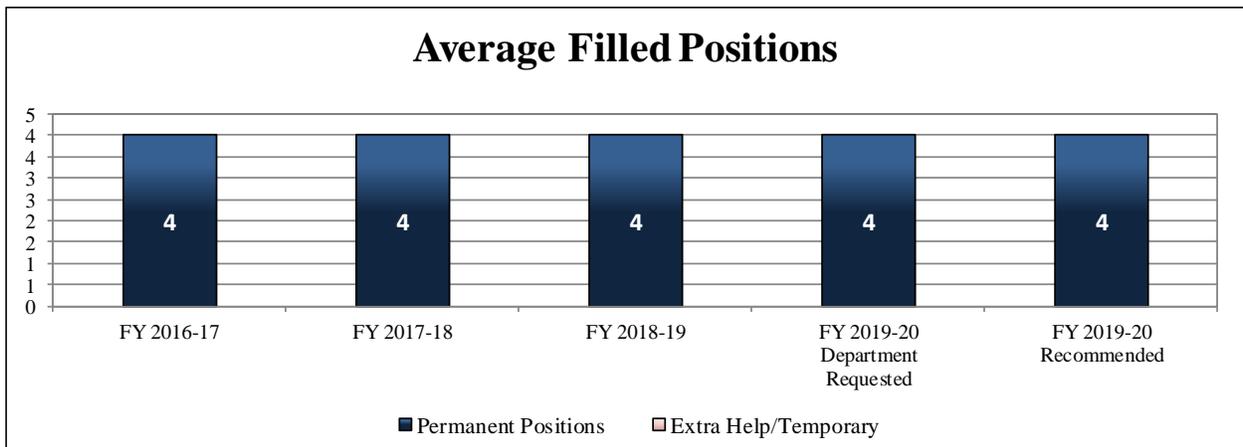

Budget Changes and Operational Impacts

The recommended budget provides adequate resources to assist the Supervisor in performing the various duties and functions required of the governing body. The budget provides the department with funding for all requested positions. This includes four funded positions, with one of the four being part-time. Services and supplies remain relatively flat.

Staffing Changes and Operational Impacts

No position additions or deletions are included in the recommended budget.

Mission Statement

To promote the effective and efficient delivery of County Services by providing quality advice and assistance to the Board of Supervisors, departments you, employees and the public.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Received the Distinguished Budget Presentation Award and Certificate of Recognition of Budget Preparation from the Government Finance Officers Association for FY 2017-18 and FY 2018-19.
- Continued with the successful deployment of LaunchKern, the County’s continuous improvement initiative. Over 900 employees have been trained. Employees have completed over 160 projects resulting in \$14 million saved.
- Signed property tax rebate agreements with L’Oreal and Amazon under AdvanceKern that will create 1,155 new jobs for Kern residents. AdvanceKern is a program to assist, grow and diversify the County’s economic base and to enhance the County’s statewide and national competitiveness in economic development.
- Received grant funding from the Office of Economic Adjustment to implement strategic plans for economic diversification in east Kern.
- Continued to address homelessness and provide support to the Kern County Homeless Collaborative with over 100 County employees participating in 2019 Point In Time Count.

County Administrative Office

Department Head: Ryan J. Alsop

Fund: General

Budget Unit: 1020

Function: General Government

Activity: Legislative and Administrative

Description of Major Services

The County Administrative Office (CAO) provides staff support to the Board of Supervisors, researching issues, preparing reports and analyses, and advising the Board on federal and State legislative proposals. The department coordinates and executes County administrative and financial policies, administers economic development and debt management activities and enforces the rules, regulations, policies, and ordinances enacted by the Board. A key responsibility is developing the County budget and overseeing its execution. Services provided to departments include consulting on administrative, budgetary, and legislative matters, and analyzing administrative practices and procedures to recommend improvements.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of expenditures for the department are associated with staff costs and supplies necessary to perform the functions of the office. The budget unit is funded primarily by an allocation of Net General Fund Cost. Additionally, the department receives reimbursement of staff costs for eligible administrative and debt management activities. These reimbursements account for the majority of charges for services and expenditure transfers transactions.

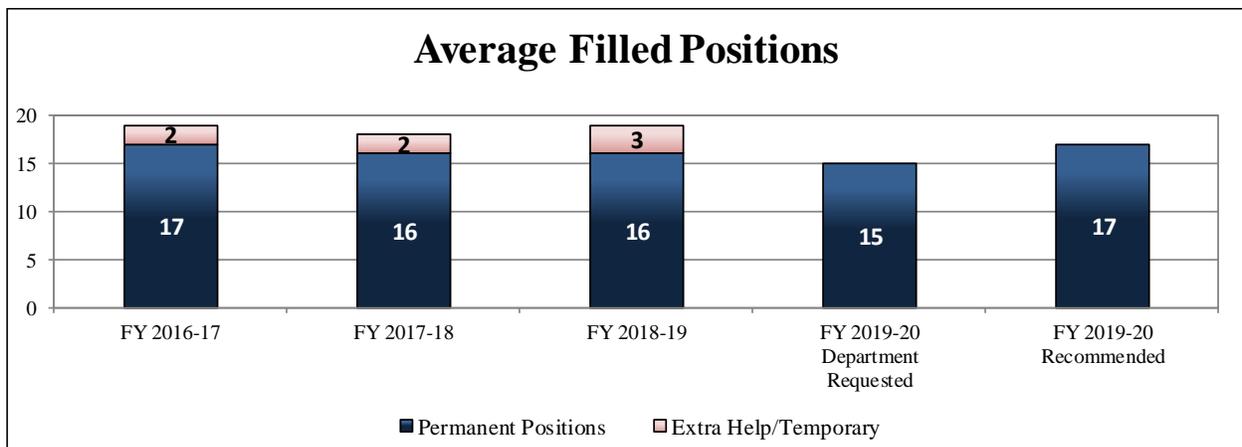

Budget Changes and Operational Impacts

Intergovernmental revenue of \$1.4 million is anticipated in FY 2019-20 and includes \$611,131 in grant funding from the Office of Economic Adjustment to implement strategic plans for economic diversification in east Kern. An additional \$810,087 is anticipated from the California Census Office to develop and implement a communication and outreach strategy to ensure hard-to-count population throughout the County is counted in the 2020 Census. Costs associated with the grants are reflected in the recommended budget under Salaries and Benefits to cover contract staff and Services and Supplies.

Staffing Changes and Operational Impacts

The recommended budget provides the department with funding for 17 authorized positions. The department will add one (1) Fiscal Support Technician position at an estimated cost of \$81,000 to assist with administrative responsibilities.

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Improve fiscal efficiency and responsibility of County.

Objective: Ensure proper fiscal planning that meets the needs of the public and County departments.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Ratio of General Fund backed debt service to General Fund expenditures.	1.47%	1.3%	2 to 3% not to exceed 4.5%	.93%	2 to 3% not to exceed 4.5%

This ratio serves as an internal indicator of the potential that a disproportionate share of County’s discretionary resources would be utilized for repayment of debt instead of providing vital County services. The Board of Supervisors approved the established benchmark on February 26, 2002. This measure assists in the analysis of the County’s credit rating, fiscal prudence and credit worthiness. It also measures debt capacity in terms of annual debt service and provides a critical tool for planning Countywide financial management and capital projects. The proportionate share of County resources used for debt service continues to be well below the established goal.

Objective: Ensure the integrity of County government through ethical decision-making.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of departmental internal and external audit reports reviewed and evaluated.	100%	100%	100%	100%	100%

This indicator measures the degree of integrity and accountability the County Administrative Office displays through its responsiveness to the Board of Supervisors in identifying and assisting in the correction of deficiencies discovered through audits.

Goal 2: Maintain a safe and healthy work environment.

Objective: To prevent the number of work-related injuries or illness resulting in employees being off work.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of work-related injuries resulting in an employee being off work for one full day or longer.	0	0	0	0	0

This indicator measures the County Administrative Office’s degree of health and safety consciousness in the performance of its functions. The County Administrative Office has achieved its established goal to zero time-off due to work related illness and injury and will take all measures to achieve the goal of zero for FY 2019-20.

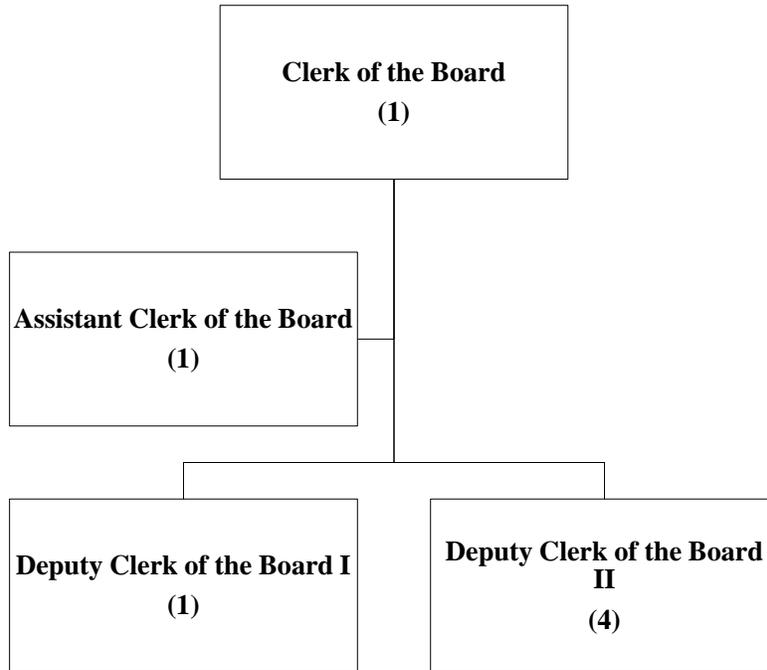

THIS PAGE INTENTIONALLY LEFT BLANK

Mission Statement

To provide exceptional customer service to the County and its citizens while preserving the past, recording the present, and providing accessibility to official County records and information.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Conducted agenda training as needed with County departments to improve agenda submission in compliance with the Ralph M. Brown Act.
- Introduced electronic filing and application submission system for members of the public interested in serving on Boards, Commissions, and Committees in June 2019.
- Ongoing maintenance of records for tracking the nearly 500 appointments made by the Board of Supervisors to the 65 Boards, Commissions, and Committees under the Board’s appointing authority.
- Ongoing staff development to maintain high standards of performance, exceptional customer service, and to achieve efficiencies through identified streamlining of procedures, process improvement and continuous re-evaluation.
- Careful stewardship of public funds insured that all County departments were charged proper billing rates for newspaper publications.
- Reached disposition or two-year waiver filed for all 2,230 property tax assessment appeal applications filed in 2016, which met the November 30, 2018, statutory deadline.

Clerk of the Board

Department Head: Kathleen Krause
Fund: General
Budget Unit: 1030

Function: General Government
Activity: Legislative and Administrative

Description of Major Services

The Clerk of the Board of Supervisors prepares the Board of Supervisors' agendas, attends Board meetings, records official Board actions, and prepares the Board meeting minutes. The department maintains historical records and indexes, and the Clerk of the Board is the filing officer for conflict of interest codes and statements of economic interests. The department also records the actions of the Assessment Appeals Board and other select entities as required.

* BSI = Budget Savings Incentives

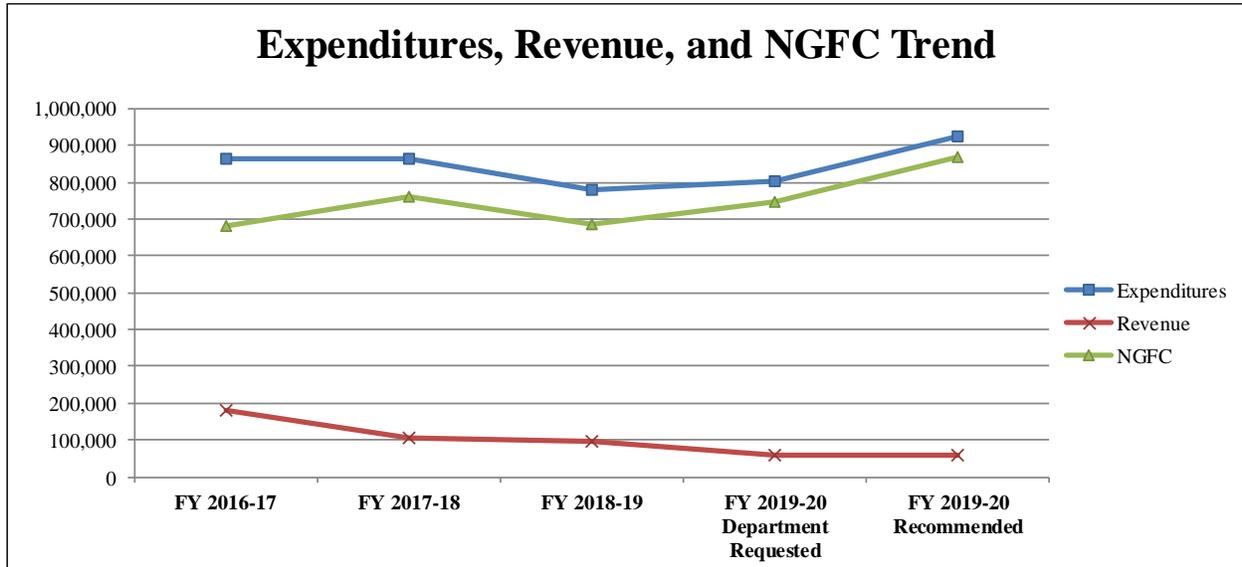

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of the Clerk of the Board expenditures are associated with salaries and benefits for staff to support the functions of the Board of Supervisors and assessment appeals processing. Services and supplies expenses include office supplies, application maintenance and assessment appeals costs. The department is primarily funded by an allocation of Net General Fund Cost. Charges for services represent reimbursements for processing assessment appeals applications.

Budget Changes and Operational Impacts

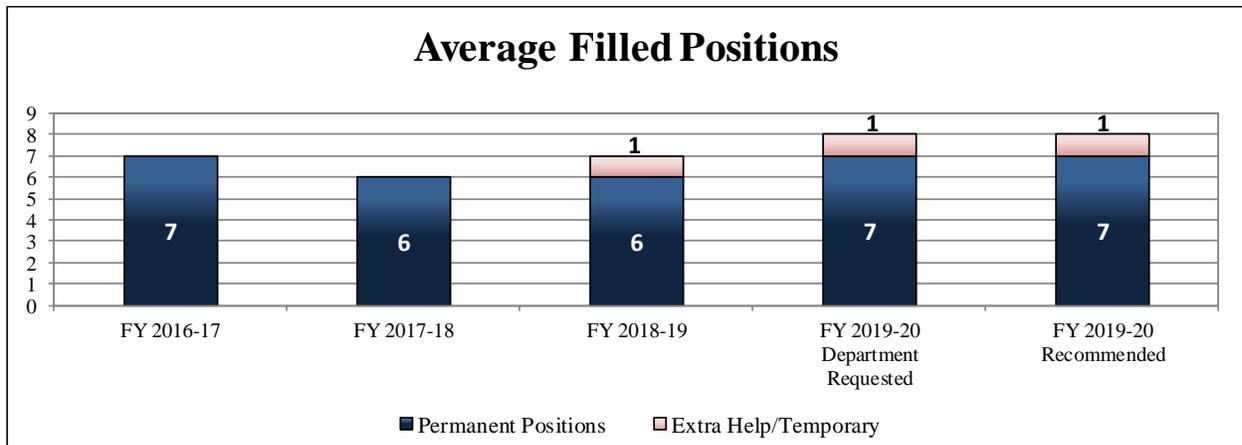

The recommended budget provides adequate funding that allows the department to perform its core duties and services. In FY 2017-18, the department experienced a significant reduction in Supplemental Roll Assessment fee revenue, which will continue through FY 2019-20. The

department will use \$14,451 in budget savings incentives in order to meet mandated duties and minimize service level impacts to County departments and the public.

Staffing Changes and Operational Impacts

The recommended budget includes holding one (1) Deputy Clerk of the Board II position vacant for the first three quarters of FY 2019-20. Filling this position in the fourth quarter will allow the department to accomplish its mandates, including processing property tax appeals in a timely manner. The department will seek extra-help or temporary assistance as needed to conduct training and oversee special projects, as needed.

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Promote responsible and efficient government

Objective 1: Improve customer service and promote citizen participation and transparency in County government decision-making.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of customer service surveys submitted with excellent or good overall ratings	99%	99%	100%	99%	100%
Number of changes or corrections to Board of Supervisors meeting agenda after distribution	4,063 items/10 corrections	4,082 items/12 corrections	4,000 items/10 corrections	3,805 items/8 corrections	3,900 items/10 corrections
Percentage of property assessment appeals claims that reached disposition or waiver filed within two-year statutory deadline	100%	100%	100%	100%	100%
Number of electronic subscriptions to online Board meeting agendas/summaries	2,621	2,880	3,000	3,156	3,500
Total number of views to Board meeting video/agenda/summary website page	49,284	47,407	50,000	49,552	50,000

The department's primary objective to improve customer service and promote citizen participation and transparency in local government decision-making is tracked by measuring customer satisfaction. Customer satisfaction remains high as indicated through customer service surveys. The Clerk of the Board continually strives for accuracy in submission of Board agenda item titles and compliance with the Ralph M. Brown Act. In tracking the number of Board agenda changes or corrections, the Clerk can assess the quality of instruction to County departments to submit accurate agenda item titles. A fundamental function of the Department is to facilitate a fair and equitable property assessment appeal process. Assessment appeal applications must be processed timely and this measurement indicates successful caseload management to ensure all appeals reached disposition or two-year waiver filed within statutory deadlines.

It is the department's goal to implement technology upgrades to improve access to information and promote citizen participation and transparency in the County government decision-making process. Tracking the use of technology enhancements not only improves transparency, but provides valuable information in determining what future enhancements should be considered.

Special Services

Department Head: Ryan J. Alsop
Fund: General
Budget Unit: 1040

Function: General Government
Activity: Legislative and Administrative

Description of Major Services

This budget unit contains appropriations for a variety of services and programs including the contribution for the employee group life insurance premium, expenses for special studies and projects, consulting and professional services expenses, and Board of Supervisors' general and discretionary expenses not allocated to individual supervisorial districts. The County's contributions to private non-profit agencies and the Local Agency Formation Commission are also included in this budget unit.

The Special Services budget includes funding to support the activities of the Assessment Appeals Board (AAB). AAB activities include professional and specialized services agreements to assist in the preparation and defense of major assessment appeal cases, per diem payments for meeting attendance and travel expenses for AAB members, reimbursement of County Counsel's staff costs related to handling AAB matters, office expenses, and postage. The County Administrative Office administers this budget unit.

Summary of Expenditures and Revenue

NET GENERAL FUND COST	\$3,278,680	\$5,656,414	\$2,859,750	\$4,956,414	\$4,956,414	\$4,956,414

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

A majority of the expenditures for this budget unit are associated with special projects activities, such as costs for the County's single audit contract, contributions to other agencies and consulting services for the AAB, legislative review and updates and sales tax analysis. Salaries and benefits include the countywide payments for group life insurance premiums and the replacement benefits offered by the County pursuant to Section 31899.4 of the Government Code and the Kern County Replacement Benefits plan. The budget unit is primarily funded by an allocation of Net General Fund Cost.

Contributions to Other Agencies

The Special Services budget contains recommended contributions totaling \$291,000 to various non-profit agencies for performance of cultural or humanitarian services benefiting the public. The following contributions are included in the recommended budget:

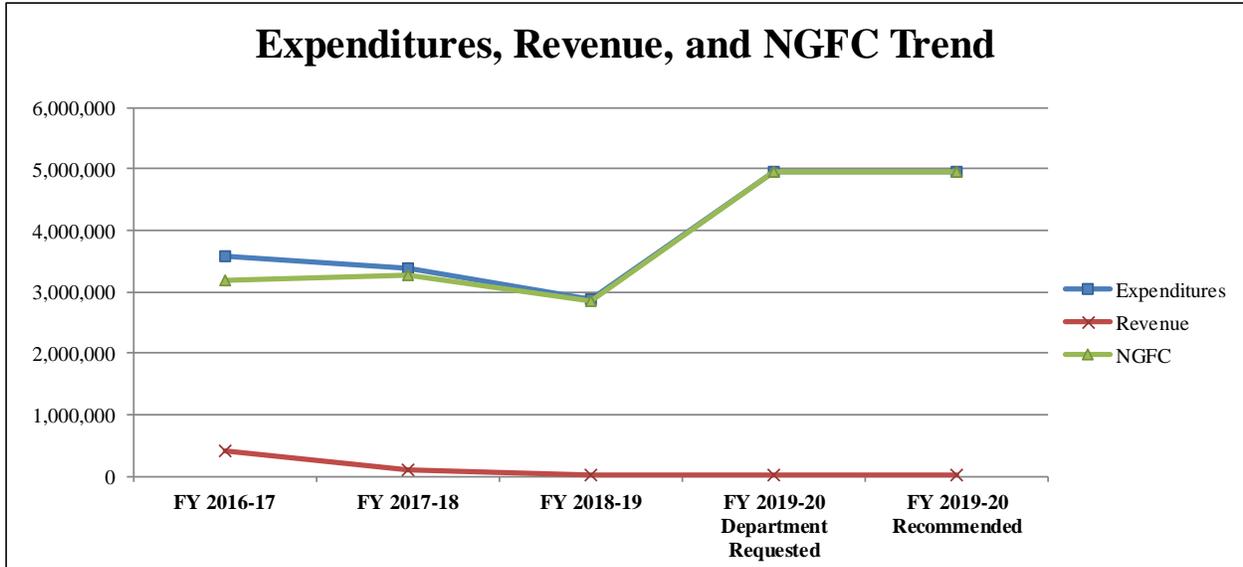

- Alzheimer's Disease Association of Kern County: \$30,000
- Arts Council of Kern: \$45,000
- Bakersfield Museum of Art: \$23,000
- Bakersfield Symphony: \$45,000
- Community Action Partnership of Kern County (CAP): \$45,000
- Court Appointed Special Advocates (CASA): \$65,000
- Kern Literacy Council: \$10,000
- Valley Fever Vaccine Project: \$23,000
- Volunteer Center of Kern County: \$5,000

Budget Changes and Operational Impacts

The recommended budget includes an allocation of \$50,000 for each District Supervisor to support activities within their respective areas. In addition, approximately \$1 million of Supervisorial carry forward discretionary funds is budgeted under services and supplies. The recommended budget includes contributions to the Local Agency Formation Commission and the Kern County Museum.

The recommended budget includes \$856,000 in consultant fees and other costs; \$100,000 is associated with the Sustainable Groundwater Management Act requirements. An additional \$200,000 has been included for expert fees necessary for assessment appeals litigation. Additionally, travel costs for the Board of Supervisors is accounted for in this budget unit to accommodate the geographic variances in district size.

Revenue sources are limited to supplemental roll assessment fees and property tax administration charges for cost reimbursement for activities of the Assessment Appeals Board.

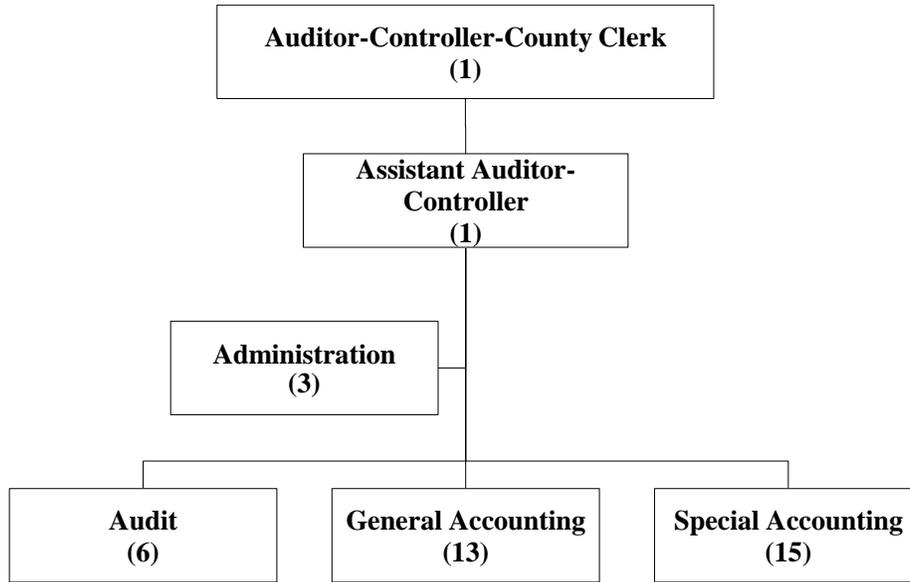

THIS PAGE INTENTIONALLY LEFT BLANK

Mission Statement

To perform all delegated and statutory responsibilities of Auditor, Controller, County Clerk and Registrar of Voters with excellence and foresight.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Automated the calculation of tax rates, contingent liability and tax interest balances.
- Created additional efficiencies in the areas of processing tax payment rejects and annexations.
- Created a new State Disability Insurance tracking program to efficiently manage leave of absences.
- Collaborated on various countywide information technology projects including AB 11 technical planning for electronic data retention standards, web content filtering and end point security planning implementation.
- Earned the Government Finance Officer’s award for the County’s Comprehensive Annual Financial Statement and reporting award on the State Controller’s Report submission.

Auditor-Controller

Department Head: Mary B. Bedard, Elected
Fund: General
Budget Unit: 1110

Function: General
Activity: Finance

Description of Major Services

The Auditor-Controller is responsible for performing the financial functions prescribed by State and federal law along with County ordinances and policies adopted by the Board of Supervisors. These functions include audits of select departments, property tax accounting, accounts payable, cash receipts, payroll, preparing State required reports such as Countywide Cost Allocation Plan, and preparing financial reports for the County and all special districts under the control of the Board of Supervisors.

* BSI = Budget Savings Incentives

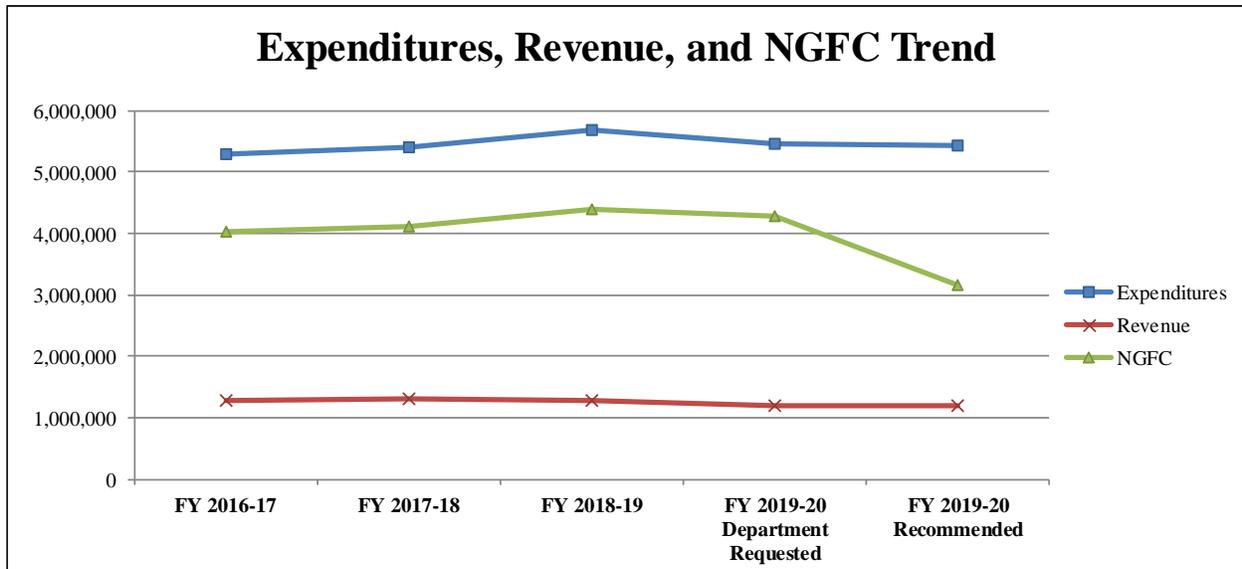

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of the expenditures for this budget unit are associated with staffing costs for positions required to perform the financial functions of the County. The department receives some reimbursement for services but is primarily funded by general purpose revenues of the General Fund through the allocation of Net General Fund Cost.

Budget Changes and Operational Impacts

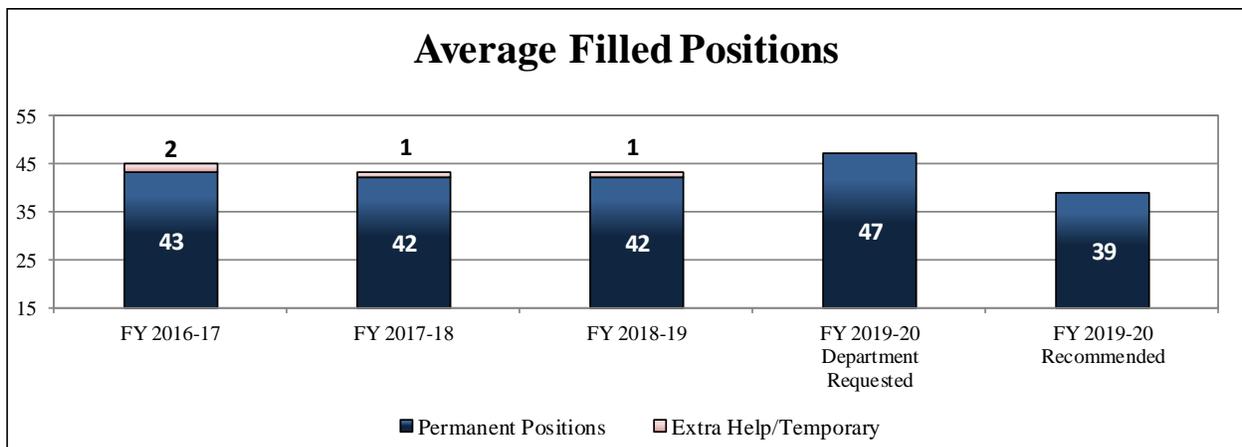

The recommended budget includes a decrease in salaries and benefits resulting from a reorganization that was approved by the Board of Supervisors in FY 2018-19, which deleted the Assistant Auditor-Controller-County Clerk-Operations position, increased the salary range of the

Assistant Registrar of Voters, added one (1) Accountant I/II/III position and transferred eight (8) positions to the Information Technology Services Division in order to increase efficiency of service delivery by centralizing information technology resources and reducing redundancies. No significant service level impacts are anticipated as the department prepares to begin assisting with the implementation of the County’s new enterprise resource planning (ERP) system for human resources and general ledger. The recommended budget includes the use of \$268,599 of accumulated Budget Savings Incentives credits to meet the department’s mandated duties and the implementation of the ERP.

Staffing Changes and Operational Impacts

On June 18, 2019, the Board of Supervisors approved the transfer of the department’s eight information technology positions to the Information Technology Services Division of the County Administrative Office. The recommended budget reflects the transfer of NGFC in the amount of \$1,098,519. No additional position additions and deletions are included in the recommended budget.

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Improve County government operations.

Objective: Monitor and evaluate operations and implement strategies to continually improve efficiency and effectiveness.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Payments to vendors mailed within seven working days of receipt of an approved claim	99% in 7 days	99% in 7 days	95% in 7 days	99% in 7 days	95% in 7 days
Calculate and deliver to the Treasurer-Tax Collector the unsecured bills by July 31 st	July 7th	July 6th	July 31st	July 5th	July 31st
Calculate and deliver to the Tax Collector the secured bills by Oct 3 rd	Sept 12th	Sept 11th	Oct 3rd	August 21st	Oct 3rd
Produce accurate and timely financial reports	Received GFOA award for FYE 6/30/16	Received GFOA award for FYE 6/30/17	To receive GFOA award	Pending GFOA award for FYE 6/30/18	To receive GFOA award

Timely payment of claims increases the efficiency of departmental operations by avoiding additional review and follow up by County staff. Additionally it decreases the possibility of late payment fees. For property taxes, California law requires a 30-day notice to taxpayers. Timely delivery of the tax bill data to the Treasurer-Tax Collector allows for timely mailing of tax bills and the possibility of increased interest earnings when tax payments are received earlier.

Goal 2: Promote integrity and fiscal responsibility in operations.

Objective: Utilize resources more efficiently and effectively.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Complete County departmental audits on a biennial basis Beginning FY 2016-17, complete audits as prioritized in audit plan	75% of field work completed by June 30th	65% of field work completed by June 30th	Complete audits per audit plan by June 30th	64% of field work completed by June 30 th	Complete audits per audit plan by June 30 th

This performance measure indicates whether departments are being audited timely in conformance with State law and County ordinance. The audit division educates departments on internal controls and helps familiarize departments with County policies. The division also helps ensure internal controls are in place, County resources are being properly utilized, County assets are accounted for, and policies are being followed. Additionally, audits help deter and detect fraud. During FY 2016-17, the County moved to change from yellow book standards to red book standards. The change in measurement above is due to the change in audit standards. FY 2018-19 goal was not achieved as the division changed some limited scope audits to full scope audits requiring more staff time.

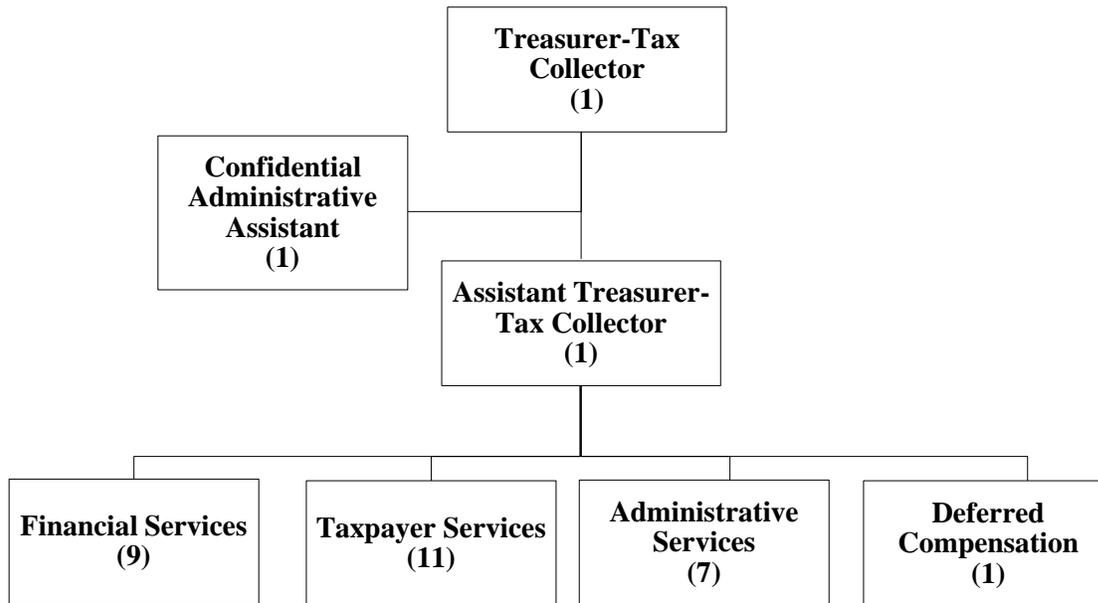

THIS PAGE INTENTIONALLY LEFT BLANK

Mission Statement

To collect, manage and safeguard public funds to provide community services to the constituents of Kern County. To administer the Deferred Compensation Plan for all eligible Plan Participants in order to provide enhanced retirement benefits.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Collected nearly \$1.2 billion in secured property taxes at a collection rate of 98% and collected over \$88 million in unsecured property taxes at a collection rate of 98.2% in FY 2017-18.
- Increased the number of on-line payments from 63,147 to 75,495 in FY 2017-18, and projecting to increase another 19.6% in FY 2018-19. On-line payments now account for approximately 14% of all bills paid.
- Completed three public auctions of tax defaulted property that included a total of 2,671 parcels.
- Answered nearly 42,000 taxpayer phone calls in FY 2017-18.
- Managed Treasury Investment Pool with assets of over \$3.47 billion at the end of FY 2017-18, and provided liquidity for over 200 public agency pool participants and earning over \$46 million in net interest earning revenue for all Treasury Pool participants.
- Successfully transitioned the deferred compensation plan to a new record keeper providing an enhanced experience to participants, lowering fees by 60%, and increasing the return on the stable value fund.
- As of June 30, 2018, managed over 13,600 participant accounts in the Deferred Compensation program with assets of over \$531 million.

Treasurer-Tax Collector

Department Head: Jordan Kaufman, Elected

Function: General Government

Fund: General

Activity: Finance

Budget Unit: 1120

Description of Major Services

The Treasurer-Tax Collector receives, safeguards, invests, and disburses funds for the school districts, special districts, special trust funds and the County deferred compensation plan. The department invests all funds on deposit in the County treasury in accordance with government code to ultimately achieve a reasonable return for pool participants. The department also distributes property tax bills and collects those taxes in addition to other local taxes for all local governmental agencies and conducts tax-defaulted land sales.

* BSI = Budget Savings Incentives

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of the expenditures for this budget unit are associated with staffing costs for positions required to perform the banking and property tax collection functions of the County. The services and supplies expenditures originate from banking fees, as well as costs related to printing and mailing tax bills, and equipment upgrades. The department is primarily funded through charges to participants in the treasury pool for banking and investment services, various property tax delinquency charges, and an allocation of Net General Fund Cost (NGFC).

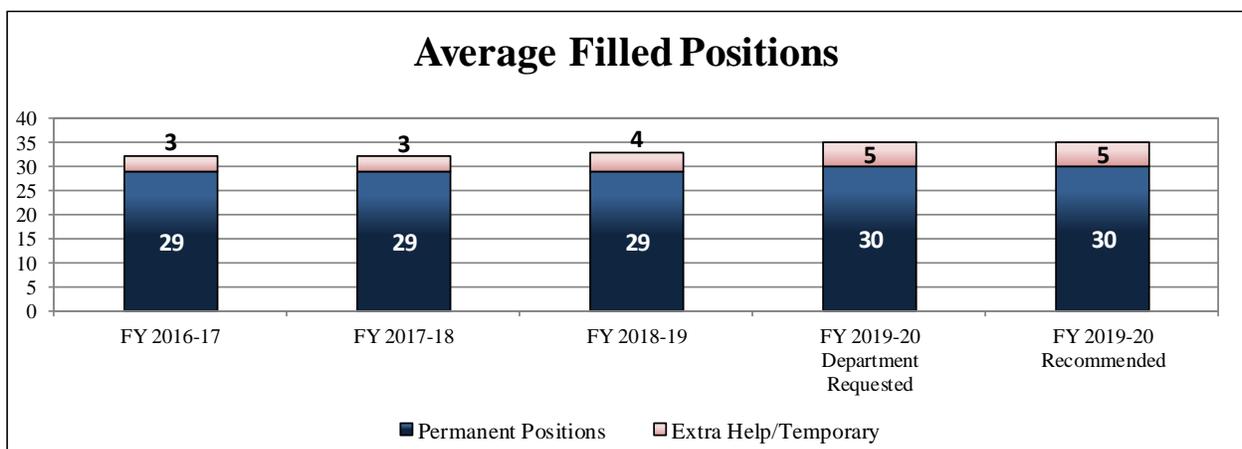

Budget Changes and Operational Impacts

The recommended budget maintains current levels of service and includes \$85,001 for the purchase of three (3) network servers and one (1) vehicle. The department has budgeted to use \$327,836 from the Redemption Trust Fund-Budget Unit 1121 to offset the cost of collecting and processing redemption payments. Reduction in redemption activity expenses or additional tax sale revenue, generated from the sale of delinquent properties, can reduce the amount of funds needed to be transferred. The recommended budget includes the use of \$188,200 of Budget Savings Incentive (BSI) credits to offset the cost of extra-help staffing and technology upgrades and equipment, which restricts its use to one-time costs only.

Staffing Changes and Operational Impacts

The recommended budget does not include any addition or deletion of positions. In order to meet NGFC, one (1) Fiscal Support Technician position will be left vacant and unfunded during FY 2019-20.

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Collection of property taxes in the most efficient manner.

Objective 1: Maximize the collection of property taxes.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of secured taxes collected	97.98%	97.89%	100%	97.94%	100%
Percentage of unsecured taxes collected	98.63%	98.17%	100%	97.05%	100%

These indicators measure the collection rate of the secured and unsecured lien date tax bills. The high percentages demonstrate the effectiveness of all collection activities undertaken by the Treasurer-Tax Collector. There was a small decline in the collection of unsecured taxes due to large unsecured assessments being placed on the tax roll at the end of the fiscal year.

Objective 2: Maximize the level of customer service to the taxpayer.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Average wait time for incoming taxpayer telephone calls	36 sec.	30 sec.	Under 35 sec.	34 sec.	Under 35 sec.

This indicator measures the average time a taxpayer waits in our automated call management system, listening to an automated message before speaking to a taxpayer services representative. This is an indication of the customer service level provided by the Treasurer-Tax Collector. For budgetary purposes, the department held vacant one Fiscal Support Technician position during FY 18-19 and had several additional vacancies throughout the year. The goal for this upcoming year reflects leaving one full time Fiscal Support Technician position vacant.

Goal 2: Operate the deferred compensation plan in the most efficient manner.

Objective 1: Process deferred compensation transactions in the most efficient manner.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Deferred compensation transactions processed per FTE in the Deferred Compensation Division	6,606	6,434	6,000	N/A	N/A

This indicator measures the number of deferred compensation transactions processed per FTE in the Deferred Compensation division. Deferred compensation (DC) transactions include: setting up new participants; payroll deduction transactions; distribution requests; rollovers into and out of IRAs, 401ks, and other DC plans; periodic payment plan setups; plan II to plan I transfers; purchase of service credit; loans; and other DC related transactions. In FY 17-18 the County changed record-keepers from Empower Retirement to Voya Financial, introducing significantly different ways of reporting information, and allowing participants to interact and make changes through mobile devices. As a result, we are no longer able to track this statistic in a meaningful way, and will be replacing this performance measure by tracking and reporting on the total number of plan participants as indicated below.

Objective 2: Maximize employee participation in the deferred compensation plan.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of deferred compensation participants in Plan 1	N/A	N/A	N/A	N/A	10,700
Number of deferred compensation participants in Plan 2	N/A	N/A	N/A	N/A	4,400
Percentage of new employees taking advantage of the deferred compensation employer match	52.2%	59.2%	100%	56.2%	100%

These indicators measure the total number of participants participating in the County's Deferred Compensation Plan 1 and Plan 2, and the percentage of new employees taking advantage of the deferred compensation employer match. Participants in the plans include both current employees as well as retired employees. Due to the lower defined benefit retirement tier of new Service Employees International Union (SEIU) and unrepresented management employees, the deferred compensation plan with the employer match now represents a more critical piece of their overall retirement savings plan. The employer match program began in November of 2007 with the adoption of the SEIU Memorandum of Understanding. The average match percentage remains at 5.1%.

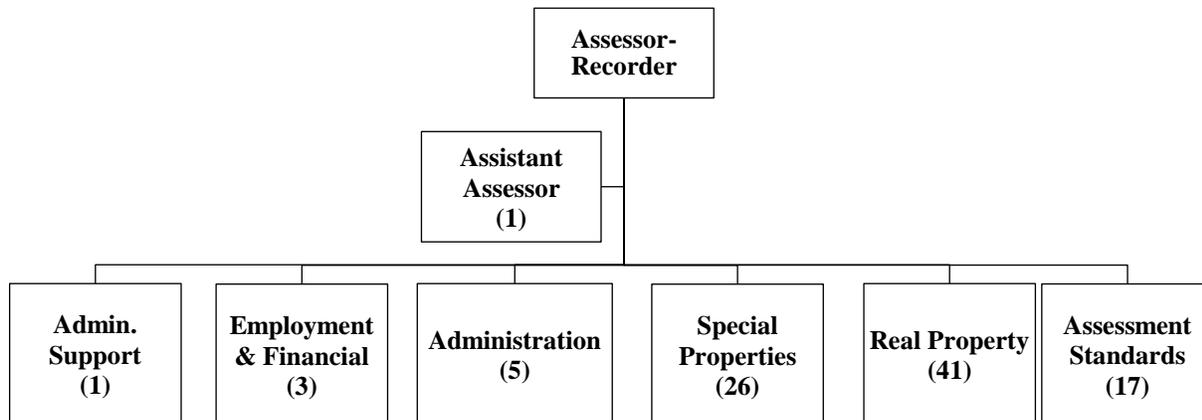

THIS PAGE INTENTIONALLY LEFT BLANK

Mission Statement

The Kern County Assessor-Recorder's Office will continue to provide professional and courteous public service as well as maintain a high morale and positive working conditions for all employees. This Office will fulfill the functions of Assessor-Recorder as mandated by law. The Assessor-Recorder will emphasize training for all new employees and improve employee performance and develop job satisfaction. The Assessor-Recorder will be dedicated to automating systems and procedures.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Initiated the replacement of the Oil and Gas Program.
- Reviewed and adjusted approximately 35,000 residential values in Section 51 status as a result of changes in the real estate market.
- Completed the 2018 assessment roll by the end of June 2019.
- Eliminated an eight year backlog of well supplemental assessment appeals.
- Adjusted agricultural rents for Williamson Act properties and established a review policy to keep these rents current.
- Resolved numerous assessment appeals and had approximately 1,600 assessment appeals filed to date for the 2018 assessment year. The appeals backlog will be further reduced given the level of filing volume.

Assessor

Department Head: Jon Lifquist, Elected

Function: General Government

Fund: General

Activity: Finance

Budget Unit: 1130

Description of Major Services

Under California law, the Assessor establishes a valuation for all locally taxable property including residential, commercial, business and personal property. The Assessor locates all taxable property in the County, identifies the owners, and describes the property. Additionally, the department applies all legal exemptions and exclusions, when applicable. The Assessor completes an assessment roll presenting the assessed values for all property and must maintain a record of those assessments.

* BSI = Budget Savings Incentives

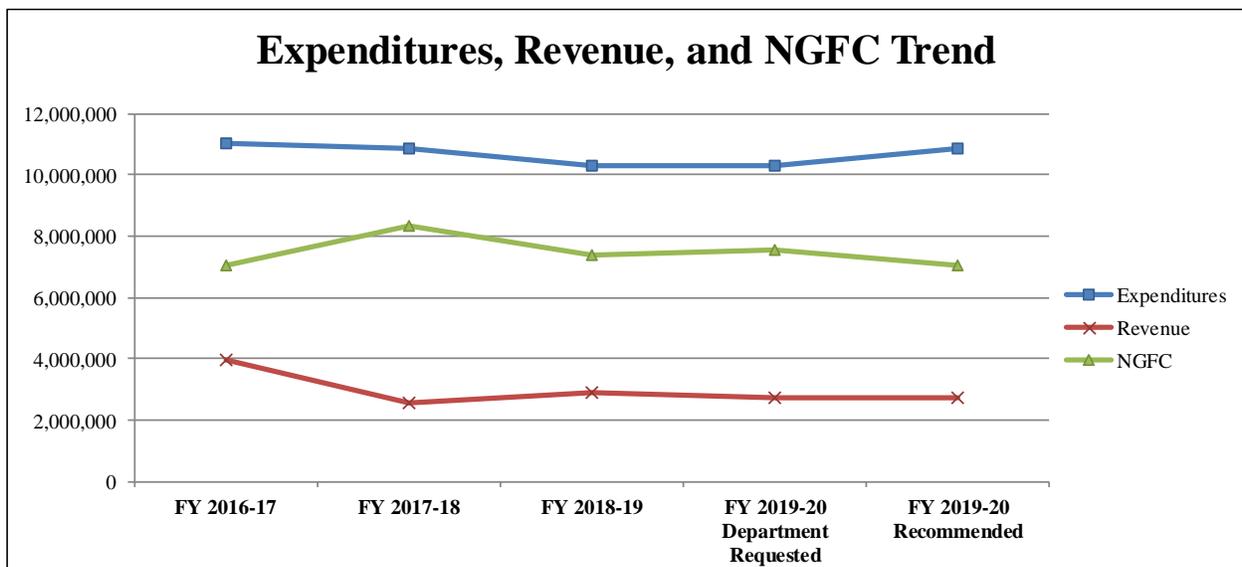

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of expenditures for this budget unit are associated with staffing costs for positions required to perform the functions of the Assessor's office. The department is funded primarily through an allocation of Net General Fund Cost. In addition, the department receives revenue for reimbursement of costs for the administration of property taxes and supplemental property taxes as statutorily allowed.

Budget Changes and Operational Impacts

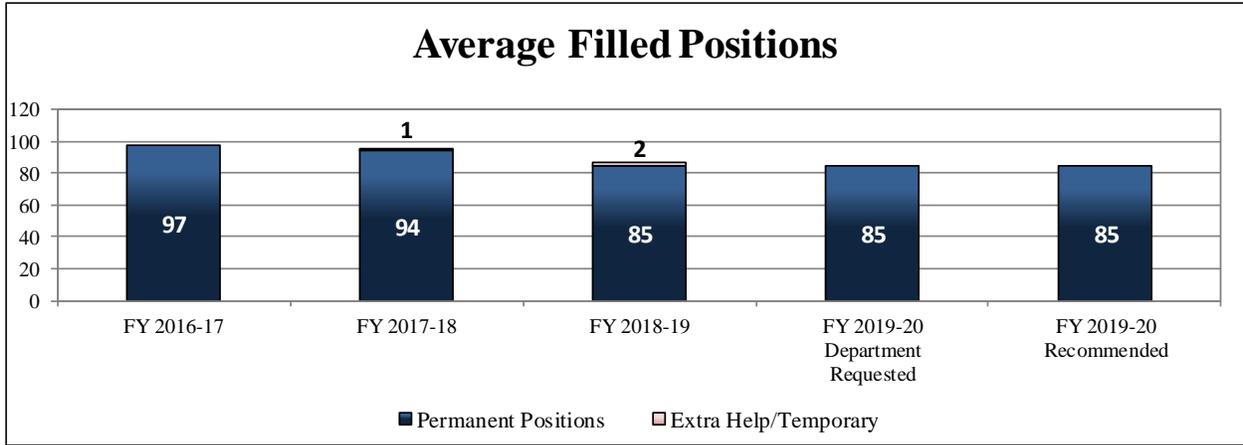

In FY 2017-18, the department saw a steep decline in Supplemental Assessment Fee revenue. Prior to FY 2017-18, the department was receiving Supplemental Assessment Fee revenue in arrears. While the revenue source is slowly recovering, the recommended budget includes the use of \$442,483 of its accumulated Budget Savings Incentive (BSI) credits to in order to meet its Net General Fund Cost (NGFC) and minimize service level impacts. In addition to the use of BSI, it is necessary for the department to hold several positions vacant and unfunded as described below.

On June 11, 2019, the Board of Supervisors approved the transfer of the department’s four information technology positions, along with \$536,246 in NGFC to the Information Technology Services Division of the County Administrative Office. The recommended budget reflects the transfer of NGFC.

Staffing Changes and Operational Impacts

The recommended budget provides the department with funding for 85 of its 95 authorized permanent positions. The department will hold one (1) Senior Appraiser position, one (1) Auditor-Appraiser I/II/III position, four (4) Fiscal Support Technician positions, and four (4) Assessment Technician positions vacant and unfunded for FY 2019-20.

4-Year Staffing Trend

	Actual			Department

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Improve the fiscal efficiency and responsibility of the County.

Objective 1: Establish a value for appraisable events by the close of the roll year to optimize tax revenue.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of appraisable events completed prior to roll close	99.52%	99.9%	99.59%	99.9%	99.9%

This objective represents the number of appraisable events that are processed before roll close. However, there are situations that cause roll corrections after the event is processed. The lower the amount of roll corrections equates to higher continued productivity and timely revenue to the General Fund. This performance measure has been recorded internally for many years.

Objective 2: Process paperwork timely to optimize revenue.

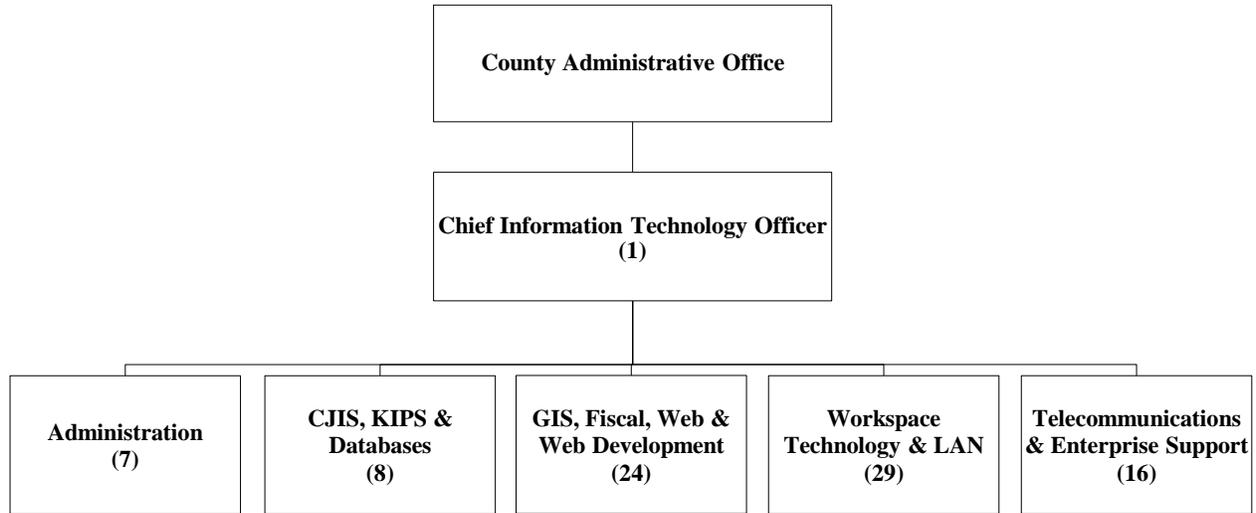

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of 571L Business Property Statements filed by the annual deadline.	100%	100%	100%	100%	100%

This performance measurement represents the number of business property statements that are processed from those received. The department has, for the reflected years, processed 100% of the business statements by roll close. This ensures that the County is receiving full tax revenue without delays.

Mission Statement

To promote cost-effective and innovative delivery of public services through coordinated and customer-driven application of information, technology, and resources.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- The division has, through the LaunchKern initiative, implemented seven projects. These projects have saved the County an estimated \$400,000 and increased employee efficiency.
- The division launched an effort to deploy Microsoft PowerBI to over a dozen departments. This software will enhance the ability of County staff to analyze and present complex data.
- The division consolidated Microsoft Enterprise licensing countywide, which will improve standardization efforts and reduce redundancies.
- The division developed a mobile phone application that improves the ability of the public to interact with the Animal Services Department.
- The division deployed a new customer service request solution that improves incident reporting and tracking, which allows for enhanced service delivery to customer departments.
- The division deployed the innovation hub website which presents a central location for all customer facing services and initiatives.
- The division deployed a temporary wireless network at Hart Park which allowed attendees of the Hart Park After Dark event to enjoy free Wi-Fi.

Information Technology Services

Department Head: Ryan J. Alsop

Function: General Government

Fund: General

Activity: Other General

Budget Unit: 1160

Description of Major Services

The Information Technology Services Division of the County Administrative Office provides a variety of professional information technology and telecommunications services to all County departments. The division is responsible for 24 hours-a-day, seven days-a-week computer operations and systems support. The division administers and supports the County enterprise server, telephone systems, wide and local area networks, as well as County e-mail and web site. The division also provides support for Kern Integrated Property Management System, Criminal Justice Information System (CJIS), County's Payroll System, Financial Management System, and Database Administration.

BSI Ending Balance *	\$412,363	N/A	\$269,821	N/A	N/A	N/A

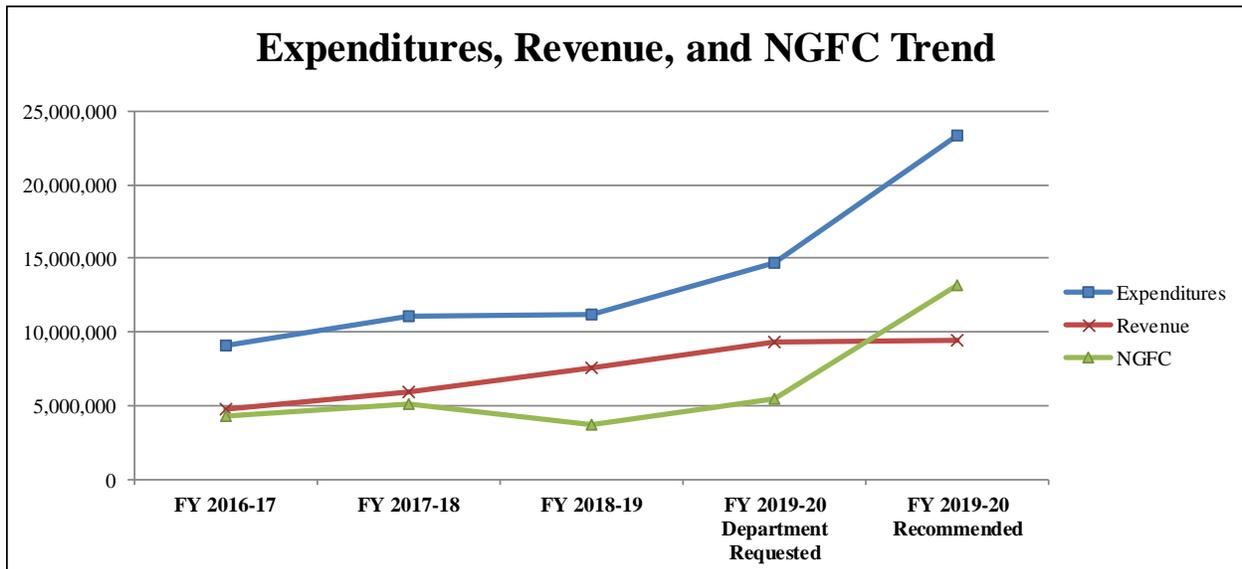

* BSI = Budget Savings Incentives

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of expenditures for this budget unit are associated with supplies and staffing costs for positions required to establish and support the information technology platform for the County. The division pays for internet, storage, phone and IT maintenance and is reimbursed by charging departments for the cost. In addition, the division receives an allocation of Net General Fund Cost.

Budget Changes and Operational Impacts

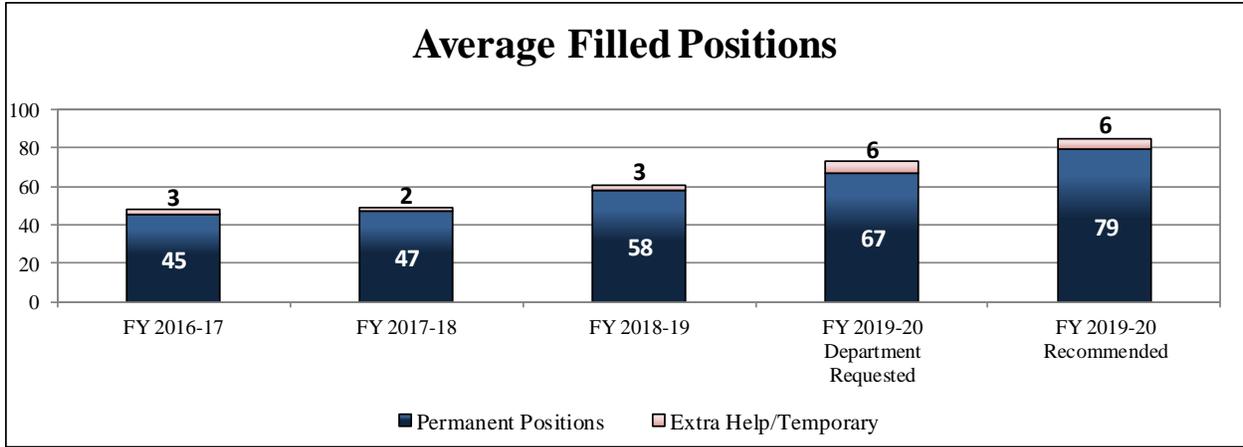

The budgeted increase in salaries and benefits expenditures for FY 2019-20 compared to FY 2018-19 actual is primarily due to the planned filling of funded vacant positions, the transfer of four information technology positions from the Assessor-Recorder, and the transfer of eight information technology positions from the Auditor-Controller. Services and supplies expenditures, expenditure reimbursements, and charges for service revenue are budgeted to significantly increase primarily due to the recent consolidation of license acquisitions. Previously, several departments completed their own procurement and contracting for information technology licenses, such as Microsoft Office. ITS will now acquire licenses on behalf of all County departments, and will be reimbursed for costs incurred. Capital assets expenditures are budgeted to increase due to the acquisition and implementation of a new enterprise resource planning system, which will replace the legacy human resources, payroll, budgeting, and financial systems. The recommended budget will allow the division to maintain current levels of service.

Staffing Changes and Operational Impacts

The recommended budget includes the deletion of one (1) Programmer I/II-Systems Analyst I/II position, and the addition of one Geographic Information Systems Programmer/Analyst position.

The recommended budget holds one (1) Senior CAO Manager position, one (1) Database Analyst I/II position, one (1) Senior Systems Analyst position, one (1) Programmer I/II-Systems Analyst I/II position, one (1) Information Systems Specialist I/II/III/Sr. position, and one (1) Systems Programmer I/II position vacant and unfunded, at an annual savings of approximately \$1.0 million.

4-Year Staffing Trend

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: To promote and improve the efficiency and responsibility of Kern County government.

Objective 1: Make the County government accessible to citizens.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Average number of hits on County website per resident	10.5	10.5	10.5	14.5	12.5

This measures public use of the County's website and demonstrates public acceptance of our internet offering as an alternative method of obtaining information and conducting business with the County government. The increased usage of the County's website indicates the public is becoming more aware of the County's efforts to share information on its website. The division continues to work with customer departments to enhance the offerings of the County's website.

Objective 2: Deliver Quality Service to our customers

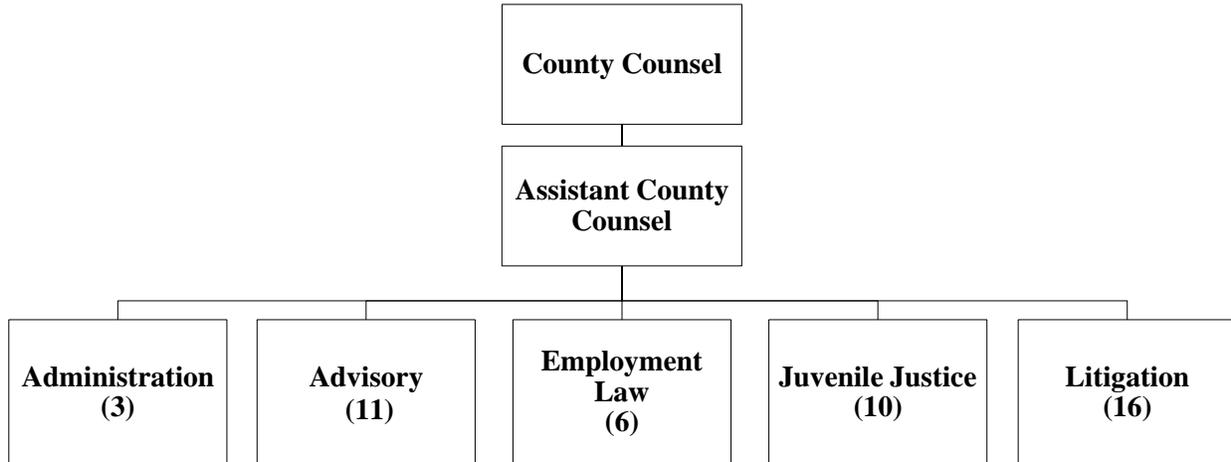

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of time that the County's IT servers are fully operational	99.97%	99.97%	99.97%	99.98%	99.98%
Average number of staff training hours per full time equivalent	15	15	15	37	20

This measure demonstrates the division's ability to provide timely and effective service to customers. The division continues to search for innovative ways to provide effective support to the customer departments within budget constraints. In FY 2018-19 the division made employee training a higher priority. Increases to the FY 2018-19 actual and the 2019-20 Goal reflect this change.

Mission Statement

To advise, assist and represent our clients as efficiently and economically as possible, in accordance with the highest professional and ethical standards.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- The department made 7,042 appearances and managed 1,553 open cases on juvenile dependency matters and handled 28 appeals and ten writs.
- Employment Law handled 386 new and distinct employment matters, of which 360 are disciplinary or performance related matters, fifteen Department of Fair Employment and Housing and Equal Employment Opportunity Commission complaints, eleven workplace violence related matters and managed 434 litigated workers’ compensation claims of which 108 were newly opened. The Disability Management Coordinator participated in 188 Interactive Process meetings over the last two fiscal years.
- Litigation attended 677 hearings and 230 appearances in litigation matters. Litigation conducted 54 trials, received and reviewed 82 new complaints, and resolved 89 cases at no cost to the County
- Advisory completed 120 Ordinances and 628 Resolutions.
- For the Lean Six Initiative, two employees have completed green belt training. The department currently has several pending projects including the simplification of signature processes for all departments.

County Counsel

Department Head: Margo Raison

Fund: General

Budget Unit: 1210

Function: General Government

Activity: Counsel

Description of Major Services

County Counsel is the civil attorney for the County and represents the County in all civil court actions. County Counsel is also the legal advisor to the Board of Supervisors, County departments, elected and appointed County employees, and all boards and commissions that do not separately contract for legal services. County Counsel also advises and represents Kern Health Systems, and represents the Kern County Employees' Retirement Association on litigated disability appeals.

* BSI = Budget Savings Incentives

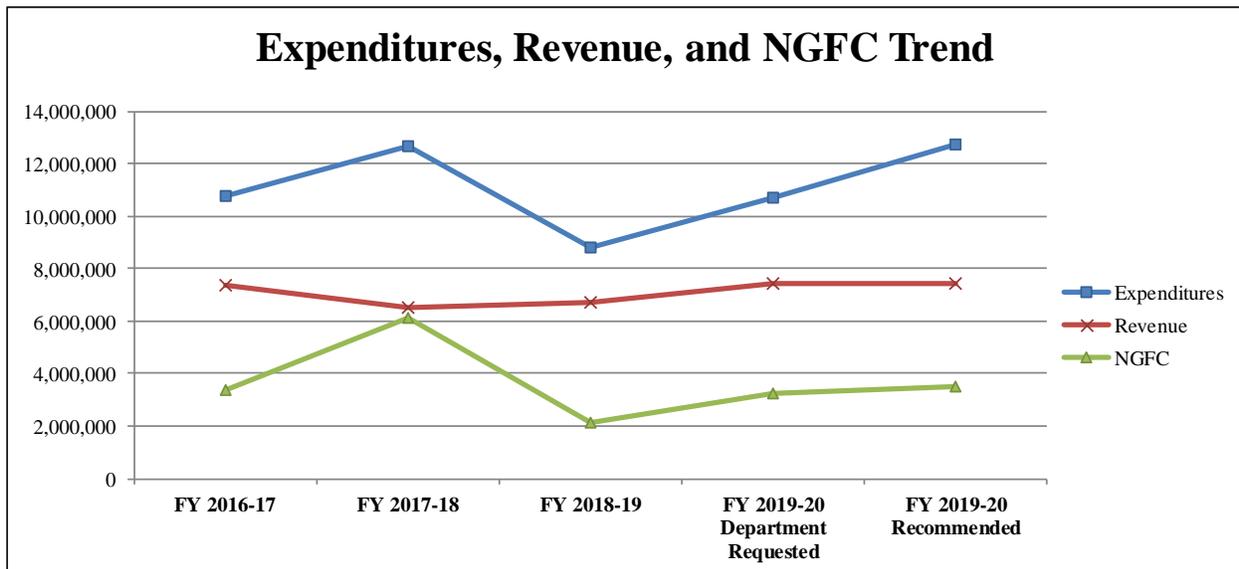

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The department is primarily funded through charges for services to other departments and an allocation of Net General Fund Cost (NGFC). The majority of the expenditures for this budget unit are associated with staffing costs for positions required to perform the legal functions of the County. The expenses in the other charges category cover the costs of uninsured litigation, exclusive of associated in-house attorney and paralegal costs. Other charges include \$1.14 million for uninsured litigation, or legal matters requiring litigation not covered under the County's General Liability or Workers' Compensation self-insurance programs.

The department has accrued Budget Savings Incentive (BSI) credits in the amount of \$1,767,230, and anticipates the use of available BSI to invest in training, office equipment, and software upgrades.

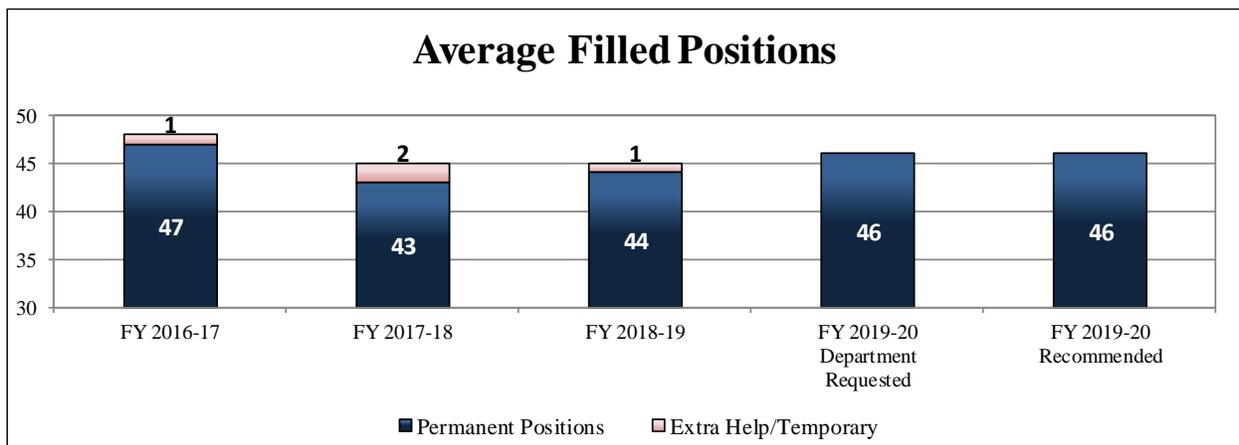

Budget Changes and Operational Impacts

Salaries and benefits have increased to reflect the funding of one (1) previously vacant Deputy County Counsel I/II/III/IV/V position. Services and Supplies is increasing due to equipment upgrades, software renewal costs, and information technology service fees. Uninsured litigation funding has been included in other charges at historical levels. Charges for services is increasing due to increases in the attorney and paralegal hourly rates.

Staffing Changes and Operational Impacts

The recommended budget includes 48 authorized positions. One (1) Office Service Specialist position will be deleted from County Counsel and transferred to the Risk Management Department in an effort to more efficiently utilize staff and resources between the divisions.

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Improve the fiscal efficiency and responsibility of the County.

Objective 1: Provide cost effective litigation services to protect County interests.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Total cost of legal services as a percentage of total County expenditures.	0.56%	0.63%	0.59%	0.47%	0.47%
Percent of lawsuits resolved with a payout to plaintiffs of \$10,000 or less.	27 of 43 or 63%	23 of 39 or 59%	25 of 40 or 63%	23 of 42 or 55%	23 of 42 or 55%

The first indicator measures the cost of all County legal services in relation to total County expenditures, including special circumstances when private counsel is retained to handle cases calling for special expertise. It helps assess programs that reduce the costs of litigation, experts, discovery, and more expensive private counsel. The second indicator measures the performance of County lawyers in managing financially significant lawsuits from general liability and medical malpractice claims. In recent years the County has been subjected to cases with the potential for exposure and large settlements. While County Counsel does not have control over the behavior that caused these claims, recently the department has seen a decrease in the number of serious incidents. The department is cautiously optimistic that legal costs due to case settlement may be trending down.

Objective 2: Provide effective services to County departments.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
The percentage of clients rating legal services as effective.	92%	96%	98%	100%	100%
The percentage of contracts reviewed within ten business days.	97%	95%	100%	99%	100%

The first indicator measures how clients (County departments) assess the effectiveness of the legal services provided by the attorneys based on the completion of standardized legal service evaluations. The evaluations provide a measurement of how timely and competently the County attorneys are addressing the legal needs of the departments. The second indicator measures how timely the Advisory Team of attorneys reviews contracts. The goal for the department is that contracts be reviewed within ten business days. Timely turnaround of contracts ensures the pace of County business is maintained. A reduction in County Counsel’s costs means a reduced net general fund contribution.

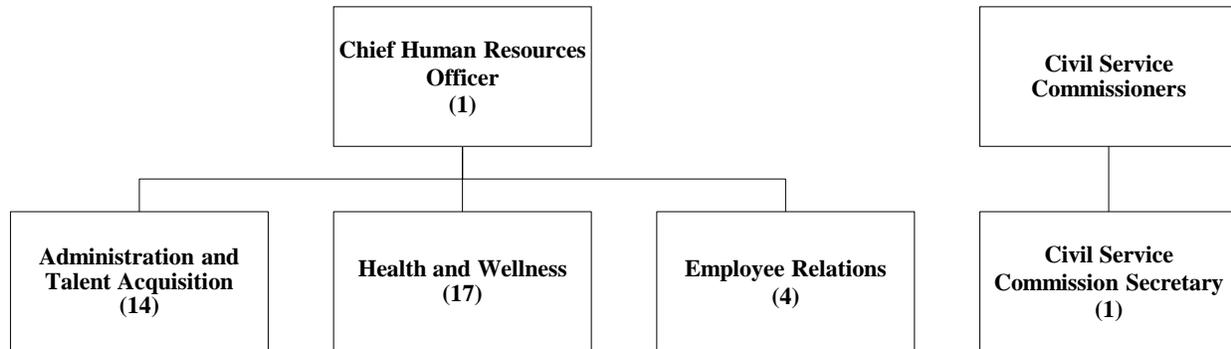

THIS PAGE INTENTIONALLY LEFT BLANK

Mission Statement

The Human Resources Division is committed to building a healthy, positive, and productive workforce in order to effectively and efficiently assist and provide services to the residents and businesses of the County of Kern.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- The Human Resources Division re-branded the in-house health care products under the Kern Legacy brand and eliminated the non-Kern Legacy self-funded plan.
- The division is finalizing the update to the County’s Respectful Workplace Policy and has bolstered staffing and investigation processes to better address complaints of workplace misconduct.
- The division launched the effort to participate in the LinkedIn Learning personal learning platform, improving employee enrichment.
- The division is continuing internal lean six sigma projects related to payroll, health benefits, and employee leaves of absence processing.

Human Resources Division

Department Head: Ryan J. Alsop

Fund: General

Budget Unit: 1310

Function: General Government

Activity: Human Resources

Description of Major Services

The Human Resources Division of the County Administrative Office is responsible for the test and measurement process for potential and existing County employees, which includes recruitment, application review, testing, and the establishment of eligible lists. The division is also responsible for classification maintenance, records management, payroll and leave administration, employee-employer relations program, employee and retiree health benefits, voluntary benefits, unemployment insurance, pre-employment and fitness for duty medical examinations, and administration of the County's Drug and Alcohol policy. Additional responsibilities include the implementation of the Equal Employment Opportunity Program including investigation of complaints of discrimination and harassment.

The voters of Kern County adopted a Civil Service Ordinance in 1956 under the authority of Civil Service Enabling Law as set forth in the Government Code of the State of California. The Civil Service System provides for employment on a merit basis and equitable and uniform procedures for dealing with personnel matters through a Civil Service Commission.

* BSI = Budget Savings Incentives

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of expenditures for this budget unit are associated with staffing costs for positions required to perform the functions of the division. The division is primarily funded by an allocation of Net General Fund Cost. However, the department also receives reimbursement of staff costs for administration of the County's health benefits programs and is reimbursed for the

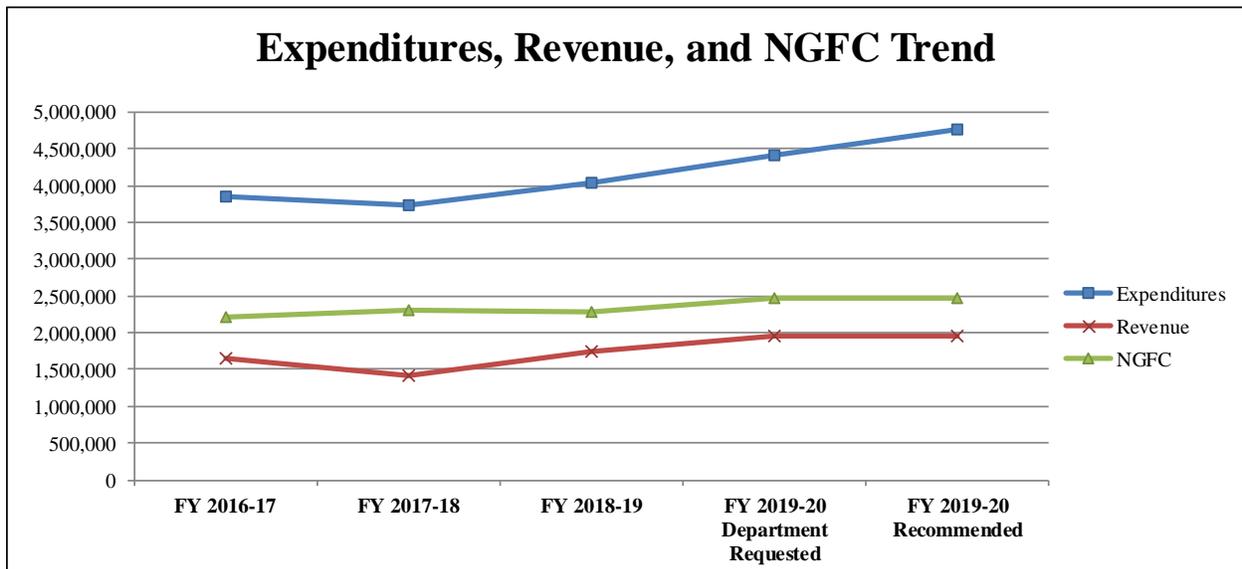

expenses of purchasing employee service awards to recognize employees for their years of service.

The Civil Service Commission portion of this budget, totaling \$136,000, provides resources for Commission meeting expenses in the amount of \$27,000, hearing officer service fees in the amount of \$20,000, travel expenses in the amount of \$3,000, supplies in the amount of \$3,000, and salaries and benefits for the Civil Service Commission Secretary in the amount of \$83,000. The Civil Service Commission approved this budget in accordance with County Ordinance 3.04.040.

Budget Changes and Operational Impacts

Changes in salaries and benefits expenditures are primarily due to position additions and the planned filling of currently vacant positions.

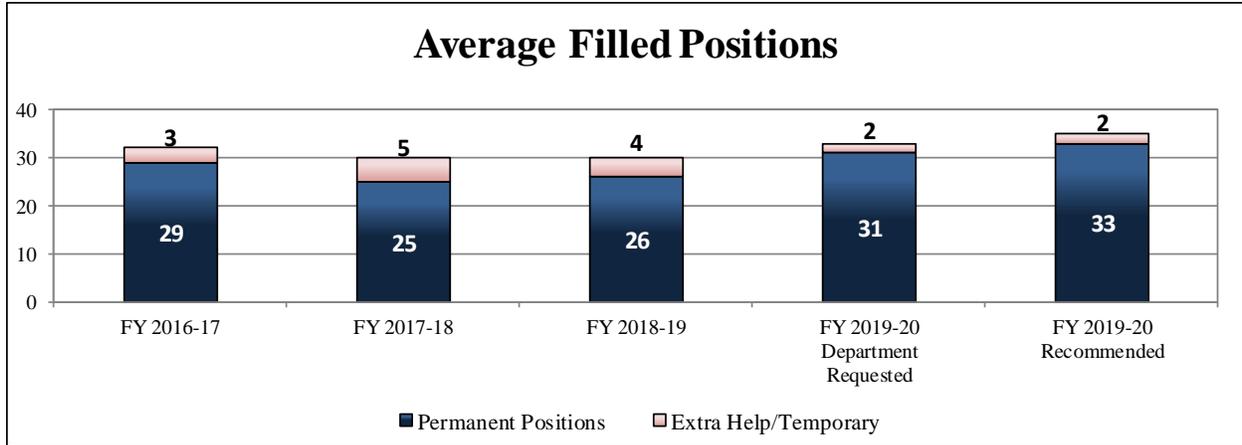

Charges for services revenue reflects reimbursement of actual costs incurred by the division when performing management and oversight of the health benefit internal service funds. Budgeted increases in charges for services revenue are primarily due to planned increases in staff hours and staff costs billable to the internal service funds. The recommended budget will allow the division to operate without any negative service level impacts.

Staffing Changes and Operational Impacts

The recommended budget includes the addition of one (1) Health Plan Services Coordinator position and one (1) Principal Human Resources Analyst position. The budget also includes the deletion of one (1) Talent Recruiter I/Sr. position. The approximate annual net cost increase of these position changes is \$148,000.

The recommended budget holds vacant and unfunded one (1) Health Plan Services Specialist I/II position and three (3) Senior Human Resources Specialist I/II positions.

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Improve fiscal efficiency and responsibility of the County.

Objective 1 Monitor recruitment and promotion processes to ensure optimal responsiveness

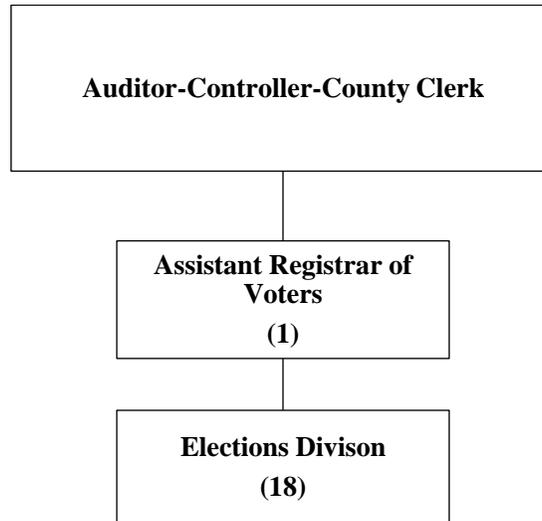

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of certifications made within two days of the availability of an eligible list and valid requisition.	99%	97%	100%	97%	100%
Average number of days for completion of eligible lists from date of the receipt of a requisition	40	45	40	45	40
Percentage of classification actions completed within three months of receipt of request	100%	95%	100%	60%	85%

The recruitment process is the most basic division function. This measure allows the division to track progress in this fundamental area, which determines the time frame for advertising, accepting and receiving applications, and identifying and certifying eligible candidates to departments in order to fill vacancies. It should be noted that the testing components for some classifications may be minimal and will therefore result in a relatively smaller number of days for completion of an eligible list, while others may include multiple testing components (i.e. written, performance, and/or an oral examination) and will take longer to establish an eligible list. In FY 2018-19, the division instituted additional study of classification change requests to better align the subject specifications with best practices and industry standards, resulting in additional lead time. Additionally, increased interest in discussion on such changes from employee unions has resulted in a greater number of requests, contributed to the division not attaining the previous goal. The division has adjusted this goal to reflect the current situation, and will continue to evaluate all goals and seek overall improvement in customer service.

Mission Statement

To perform all delegated and statutory responsibilities of Auditor, Controller, County Clerk and Registrar of Voters with excellence and foresight.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- The voter information pamphlet was redesigned in order to increase informed voter participation.
- Implemented online campaign finance filing system, which will increase efficiency and transparency.
- Established a Language Accessibility Advisory Committee to assist in preparing outreach efforts to increase participation in the voting process.
- Implemented the accessible device portion of the new voting system.
- Continued with the succession planning efforts in order to mitigate impacts of experienced staff retiring.

Elections

Department Head: Mary B. Bedard, Elected

Function: General Government

Fund: General

Activity: Elections

Budget Unit: 1420

Description of Major Services

The Auditor-Controller-County Clerk Elections Division conducts general and special elections for all levels of government. The Auditor-Controller-County Clerk is the Registrar of Voters and maintains election-related documents such as the voter index, affidavits of registration and precinct records. State and federal elections laws mandate the services performed by this division.

NET GENERAL FUND COST	\$3,089,709	\$3,243,537	\$3,431,888	\$3,223,301	\$3,223,301	\$3,223,301

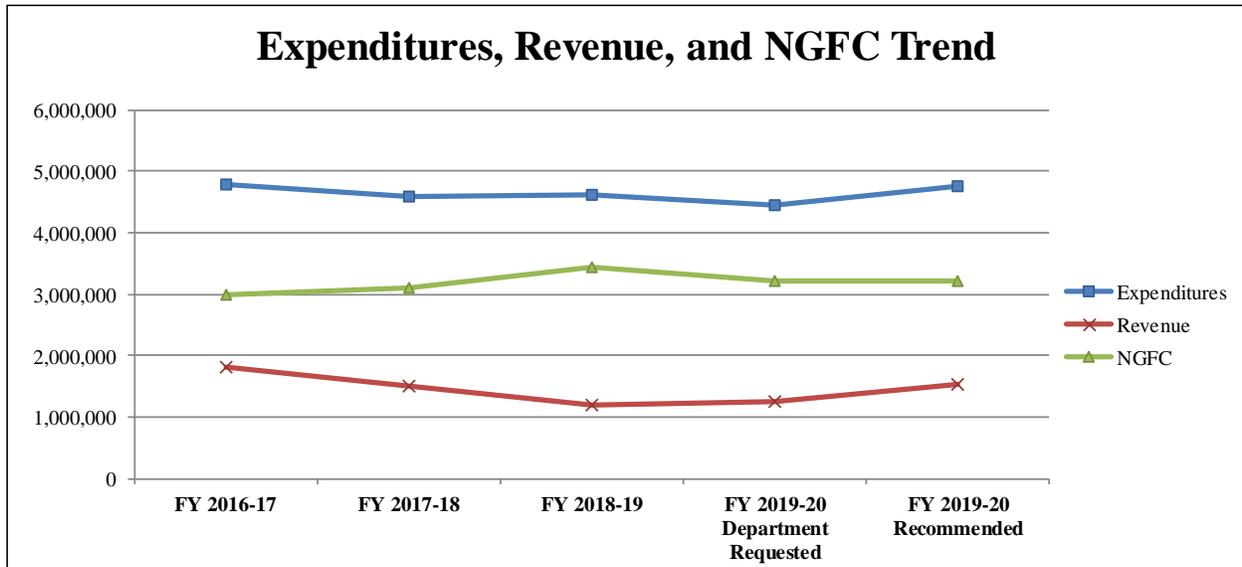

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of the expenditures for this budget unit are associated with staffing and supply costs for the positions and materials required to perform the legally mandated election functions of the County. The largest revenue source for the budget unit is charges for election services provided to other entities, and general purpose revenue received from the General Fund through the allocation of Net General Fund Cost (NGFC).

Budget Changes and Operational Impacts

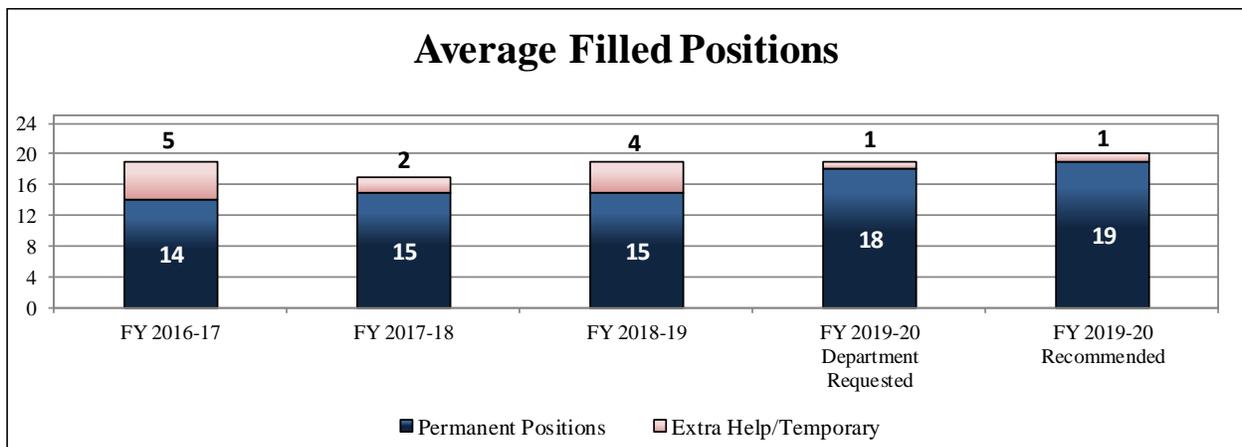

The recommended budget provides funding for the 2020 presidential primary election. The Division's budget shows a slight decrease in both revenue and expenditures due to the anticipated costs and reimbursements related to the primary election. A capital asset in the amount of \$503,806 for the purchase of a high speed sorting system has been included to assist with faster reporting of election results. A supplemental request in the amount of \$315,451 was submitted to the County Administrative Office (CAO) to provide funding for unknown costs related to the new requirement of Assembly Bill 219 mandating counties to prepay return postage on vote-by-mail

ballots as well as additional temporary staffing and consultant services that may be required due to the retirement of two experienced staff members. This request is included in Appropriations for Contingencies and will be transferred to the Division, if needed.

Staffing Changes and Operational Impacts

The recommended budget includes the addition of two (2) Election Process Clerk I/II/III positions and the deletion of one (1) System Analyst I/II position. The approximate net annual cost increase of these positions is \$43,000. The position changes will assist the division with the 2020 presidential election.

Summary of Authorized Positions

The division has requested 19 authorized permanent positions, all of which have been budgeted to be filled during FY 2019-20 as indicated below.

Mission Statement

The General Services Division provides responsive, customer-focused support enabling the effective delivery of County services.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- The Purchasing Division was nationally recognized and awarded the “Achievement of Excellence in Procurement” for the eighth consecutive year. The division also received the California Association of Counties 2018 Challenge Merit Award for the County’s Enterprise pilot program.
- The Property Management Division negotiated and completed 42 new, amended, and/or assigned lease agreements, nine property transfers, seven license agreements, and 16 new or renewed franchise agreements. Division staff successfully renegotiated several existing lease agreements to reduce current and future rental rates, resulting in approximately \$300,000 in savings.
- The Maintenance Division maintains approximately 3.5 million square feet of County occupied facilities from Frazier Park to Ridgecrest.
- The Parks Division maintains over 720 acres of park grounds which spans across eight regional and 35 local parks.
- The Custodial Services Division maintains approximately 1.5 million square feet of County facilities.

General Services

Department Head: Ryan J. Alsop

Fund: General

Budget Unit: 1610

Function: General Government

Activity: Property Management

Description of Major Services

The General Services Division of the County Administrative Office manages the Construction Services, Major Maintenance, Capital Projects, Garage and Utility Payments budget units. The division provides operational support to County departments, including routine and preventive maintenance for all County-owned buildings; custodial services in dozens of County-owned and leased buildings; property management services, including land purchases, leases, franchises, rights of entry and easements; energy and utility coordination; Countywide radio and microwave communications; mail services; purchasing; payment and allocation of utility costs; and operations and maintenance of County park and senior center facilities.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of the expenditures for this budget unit are associated with staffing and supplies costs for the positions and materials required to perform the assigned functions. The division

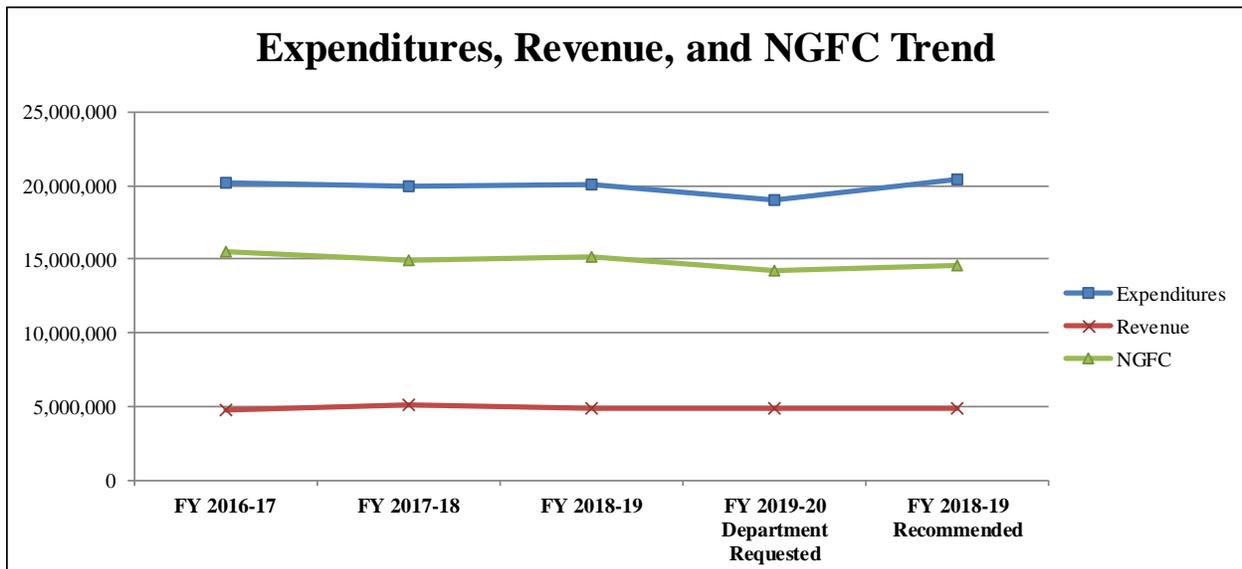

receives some reimbursement for services but is primarily funded by an allocation of Net General Fund Cost (NGFC).

Budget Changes and Operational Impacts

The budgeted decrease in salaries and benefits expenditures for FY 2019-20 is primarily due to the anticipated usage of BSI credits to cover staffing costs. The recommended budget provides the division with funding for 154 permanent positions, which includes the planned use of \$713,585 of \$1,002,595 in accumulated BSI credits. After adjusting for the planned usage of BSI, budgeted salaries and benefits costs and staffing levels are greater than FY 2018-19 actuals. This was partially accomplished by an increase of \$300,000 in NGFC to expand Ranger coverage at County parks.

The decrease in budgeted services and supplies expenditures for FY 2019-20 is primarily due to large one-time expenditures for Phase I of the Hart Park Master Plan that occurred during FY 2018-19. Phase II of the Hart Park Master Plan has been included in the Major Maintenance budget for FY 2019-20.

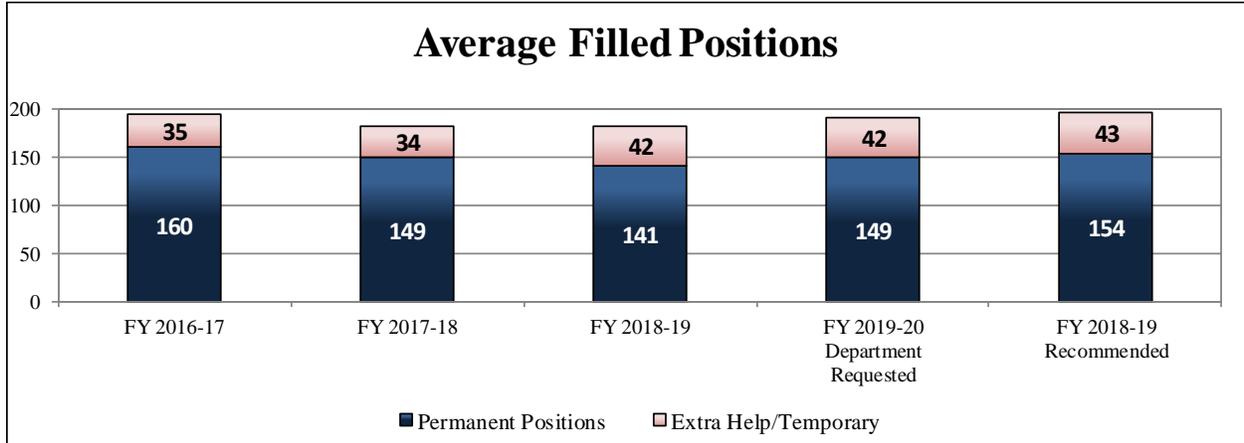

The recommended staffing for the Parks, Reservations, and Rangers sections totals 59 authorized positions, of which 52 have been budgeted to be filled.

Staffing Changes and Operational Impacts

The recommended budget includes the addition of one (1) Fiscal Support Technician position and one (1) Office Services Specialist position, and the deletion of one (1) Real Property Agent I/II/III position and one (1) Office Services Coordinator position. Prior year average filled and full-time equivalent position figures have been modified to include historical Parks data for consistent annual comparisons.

The recommended budget holds the following positions vacant and unfunded: one (1) Communications Technician I/II/III, eight (8) Maintenance Worker I/II/III/IV, ten (10) Building Service Worker I/II/III, one (1) Security Attendant I/II, one (1) Park Ranger I/Sr., one (1) Park Supervisor, one (1) Groundskeeper III, and three (3) Groundskeeper I/II, at an annual savings of approximately \$3.1 million.

4-Year Staffing Trend

	Actual			Department	
	FY 2016-17	FY 2017-18	FY 2018-19	Requested	Recommended

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Hold County department and employees accountable to do their jobs well.

Objective 1: County facilities are well maintained and fully operational enabling the effective delivery of County services.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Average number of days to complete a non-emergency request for maintenance or repair services within County facilities	17	19	19	17	19
Average number of days to complete a request for communication services within County facilities	3	3	3	2	3
Average number of inspections of County owned and leased facilities performed by Property Management	90	90	90	102	95
Average number of annual energy audits of County owned and leased facilities performed by Property Management	30	46	45	32	30

Staff anticipate needs, provide effective solutions, maintain communication and strive to perform work in a timely manner for over 200 facilities County-wide. Maintenance staff spent a material amount of time on major maintenance projects, which caused a temporary increase in the average number of days to respond to a maintenance or repair request.

Goal 2: Maintain an efficient purchasing process in order to facilitate the acquisition of goods and services for our customers in a cost effective and responsive manner.

Objective 1: Increase fiscal savings achieved through the open and fair competitive process

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of fiscal savings from competitive process	21%	20%	20%	22%	20%

This measure delivers the average percentage of cost avoidance realized by conducting open and fair competitive processes where cost avoidance is defined as the difference between the average bid price and the bid price obtained. The division recently implemented a third-party bidding platform which has increased the number of bids received. Additional aggressive bids have lowered the average, decreasing cost avoidance, but increasing County options.

Goal 3: Promote beautification in parks and increase accessibility to recreational resources and opportunities

Objective 1: Increase tree planting and remove hazardous trees

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Ratio of trees planted to trees removed across the County by the General Services Division	32/124	167/254	160/80	122/55	160/80

The division seeks to beautify the community by increasing shade canopy and improving the environment with trees and other vegetation. Trees and vegetation improve the environment, air quality, and aesthetics of the community. Planting region-appropriate vegetation and trees ensure a greater likelihood of plant survival, as well as a suitable urban forest. The ratio of 2:1 was met for FY 2018-19, but the total number of trees removed and planted was less than the goal due to reduced staffing on the tree crew during the fiscal year.

Objective 2: To track utilization of website to make reservations and to purchase boat permits

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Total transactions processed in reservations system.	4,699	6,262	6,500	5,572	6,129

This performance measure tracks the number of automated transactions made by the public through the public website and use of the Kern River Campground (KRCG) kiosk. The goal for FY 2018-19 was not met due to problems with the KRCG kiosk and reduced reservations at Buena Vista due to other events taking place at the park. The goal for FY 2019-20 has been adjusted to reflect the use of the park for other events.

Utility Payments

Department Head: Ryan J. Alsop
Fund: General
Budget Unit: 1615

Function: General Government
Activity: Property Management

Description of Major Services

This budget unit is used to pay utility costs for most County facilities. Utilities include electricity, gas, water, sewer, garbage, postage, elevator services, pest control, security and fire alarm systems, and fire extinguishers/sprinkler systems. The General Services Division administers this budget unit. Some utility costs for Fire and Roads are not included in this budget unit.

NET GENERAL FUND COST	\$8,791,066	\$10,190,611	\$10,045,392	\$10,915,780	\$10,690,613	\$11,488,063

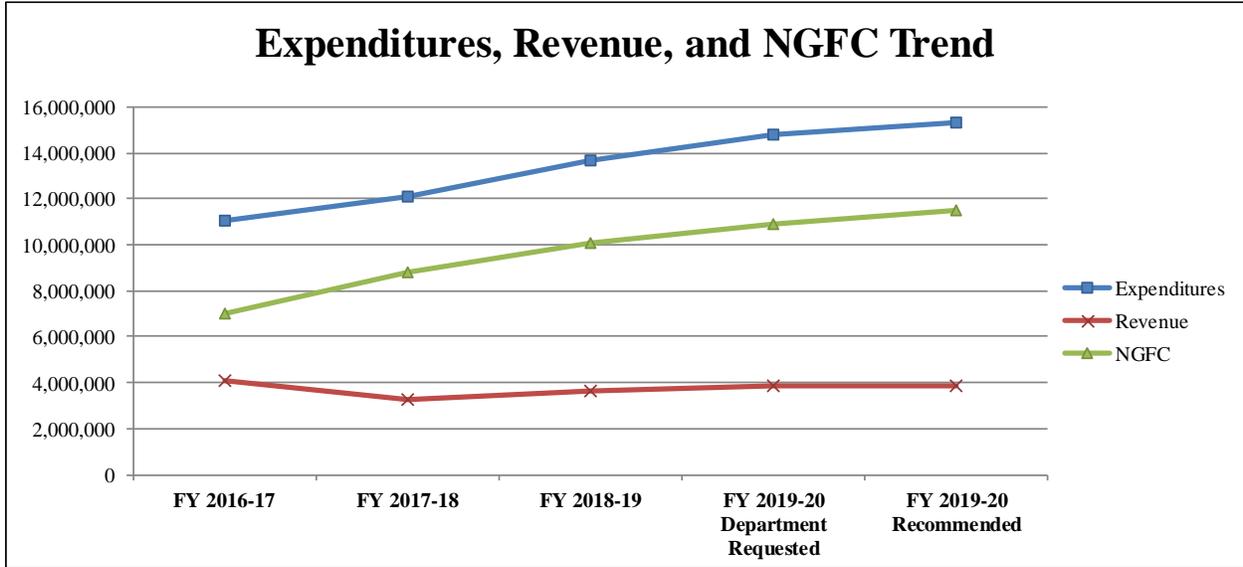

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The General Services Division continues to review and evaluate the acquisition of utility services and commodities to attain the best rates possible. Services and supplies are budgeted to cover the anticipated cost of utilities. Charges for services and other financing sources revenue are primarily collected from customer entities for services provided, and general purpose revenue received from the General Fund through the allocation of Net General Fund Cost.

Budget Changes and Operational Impacts

In an effort to standardize budgeting and accounting procedures, some utilities expenditures not historically accounted for in this budget unit were transferred in during fiscal years 2016-17 and 2017-18. The increase in budgeted services and supplies expenditures for FY 2019-20 is primarily a result of increased utility rates for locations that are not directly billed for usage. This includes the new justice facility that is now fully operational. The budgeted increase in other charges is due to new debt service payments on the financing used to install additional solar photovoltaic arrays near the Lerdo complex. The savings that will be generated after the

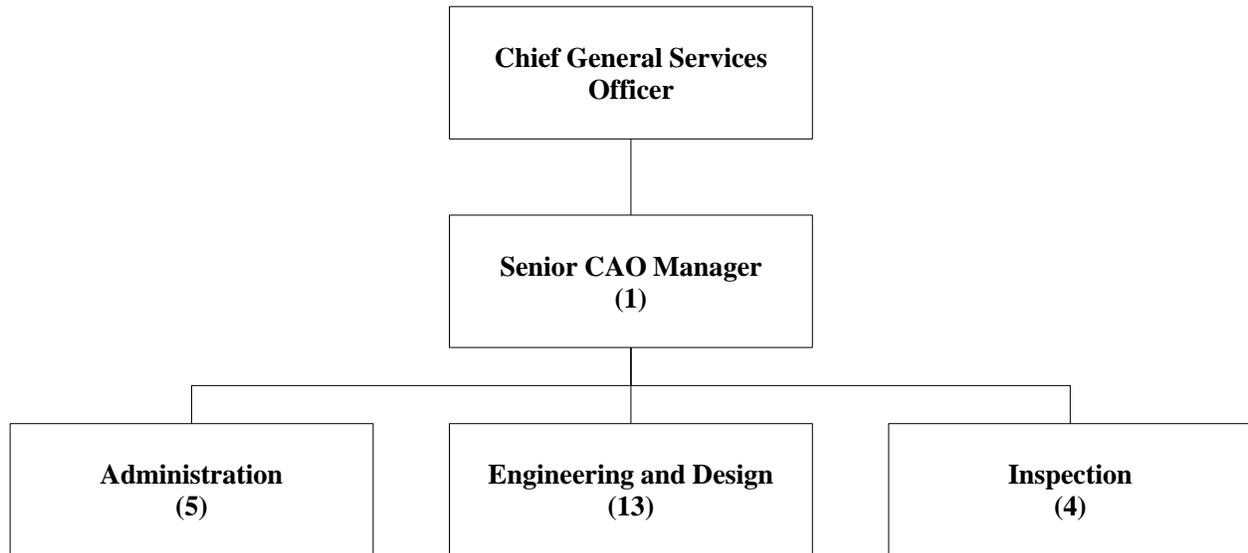

installation is complete are anticipated to be enough to fully offset the new debt service costs. Due to the timing of the financing and the project installation, these savings will not be realized until FY 2020-21.

Mission Statement

The General Services Division provides responsive, customer-focused support enabling the effective delivery of County services.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- The Construction Services Division completed the following projects: 1215 Truxtun Court facility corridor remodel; Lerdo facility security upgrades; various parks improvements; Public Services Building tenant improvements; Pioneer Park light panel installations; 1415 Truxtun Court facility basement painting; Hall of Records interior improvements; Kern River and Buena Vista dam studies; various reroofs; various Americans with Disabilities Act compliance improvements; and various parking lot resurfacings.
- Projects in construction include: Superior Court facility ventilation system improvements; Treasurer-Tax Collector office remodel; Probation facility camera system installation; and Probation facility fire alarm upgrades.
- Projects in design include: Various parks improvements in all Supervisorial Districts; Public Services Building office remodel; 1115 Truxtun facility fire dampers; Public Health facility ventilation system improvements; Public Health facility education center upgrade; Camp Condor water system improvements; Camp Okihi water system improvements; Animal Services facility septic improvements; and irrigation control upgrades at North Kern and Kern River golf courses.

Construction Services

Department Head: Ryan J. Alsop

Fund: General

Budget Unit: 1640

Function: General Government

Activity: Property Management

Description of Major Services

The Construction Services section within the General Services Division provides design, engineering cost estimates, bids and awards, inspection and project management for capital and major maintenance projects related to the County's real property infrastructure. County design staff efforts are augmented through the use of architectural and engineering consultant contracts, when appropriate.

Summary of Expenditures and Revenue

NET GENERAL FUND COST	\$386,851	\$512,042	\$417,817	\$485,561	\$485,561	\$485,562

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of the expenditures for this budget unit are associated with staffing costs for positions required to perform project related services. The costs are offset by revenue received for services provided, primarily from charges to capital and major maintenance projects.

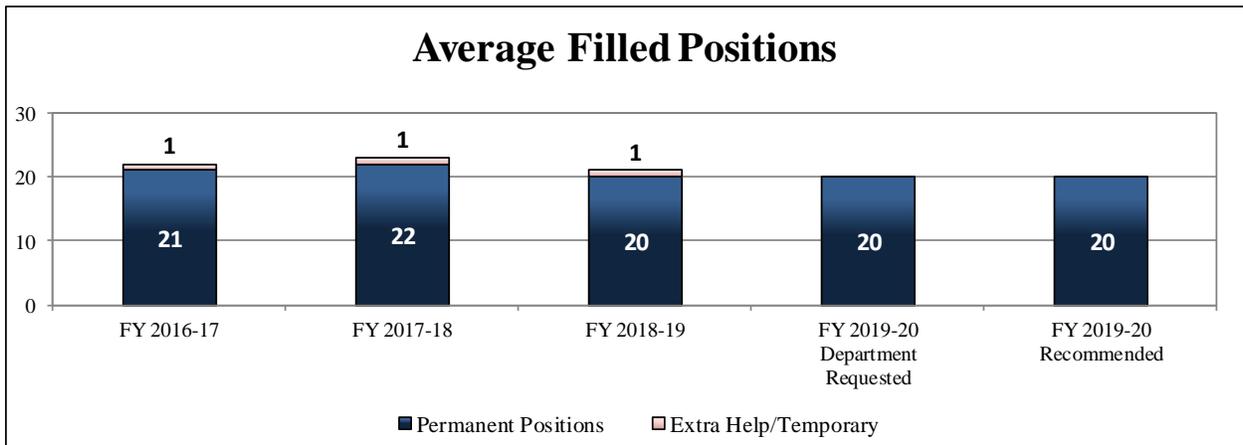

Budget Changes and Operational Impacts

The recommended budget includes an increase in services and supplies due to increased costs for outside professional service contracts. Charges for services revenue declined in FY 2018-19 primarily due to the permanent end of services previously provided to Kern Medical. Other financing sources and expenditure reimbursements are adjusted to reflect anticipated staffing costs and project workloads. The division is able to meet the Net General Fund Cost reduction with no material service level impacts.

Staffing Changes and Operational Impacts

The recommended budget includes the deletion of one (1) Administrative Coordinator position. There are no savings associated with this deletion as the division recently added an Accountant I/II/III using the funding previously dedicated to the Administrative Coordinator position. The recommended budget holds one (1) Engineer I/II/III position, one (1) Engineering/Draft Technician I/II/III position, and one (1) Planner III position vacant and unfunded for an annual savings of approximately \$492,000.

Fiscal Year 2019-20 Goals, Objectives, and Performances Measures

Goal 1: Provide efficient construction administration by minimizing non-construction costs.

Objective 1: Decrease the percentage of indirect cost to total cost for all projects.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of administrative cost to total construction cost	.9%	.5%	2%	1.4%	2%
Percentage of design and engineering costs to total construction cost	15.2%	14.2%	15%	14.9%	15%
Percentage of project management and inspection costs to total construction cost	4.6%	3.9%	6%	6.3%	6%

This measure reports indirect cost for all projects. This measure is intended to track cost by fiscal year in an effort to decrease the indirect expense as a percentage of total construction costs which maximizes the use of taxpayer resources.

Major Maintenance Projects

Department Head: Ryan J. Alsop

Fund: General

Budget Unit: 1650

Function: General Government

Activity: Property Management

Description of Major Services

The General Services Division of the County Administrative Office annually develops a master list of all major maintenance projects requested by departments. The projects are prioritized using the following criteria: legally mandated, health and safety concern, preventive maintenance concern, cost reduction impact, and extent of direct use or benefit to the public. Offsetting revenue and special funding are also considered when prioritizing the projects requested for funding consideration.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

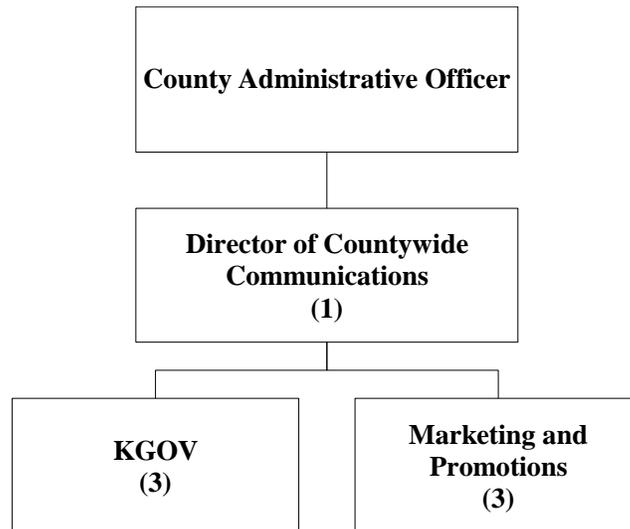

The following table contains a list of the recommended projects for FY 2019-20. For each project, the project cost, any offsetting revenue or special purpose funding, and the Net General Fund Cost (NGFC) are presented. The projects listed in the table on the next page include 39 projects with a combined NGFC of \$10 million. Revenue for this budget unit includes \$1.4 million for projects started in prior fiscal years. The recommended projects are in accordance with the County's objective of evaluating and meeting the County's infrastructure needs. These recommended projects were identified by both the General Services Division and other operating departments as urgent unmet maintenance and facility needs.

Project Number	Description	Recommended Appropriation	Estimated Revenue	Net County Cost
Parks Improvements

Mission Statement

To contribute to Kern County's economy and quality of life by globally marketing its unique treasures, identifying tourism and filmmaking opportunities, enhancing the image of Kern County as a visitor destination, and creating a unified strategy to meet these goals.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- The division successfully transferred the State of the County dinner production to Kern Economic Development Corporation.
- The division updated the County tourism and film production websites with modern interfaces and cleaner designs.
- The division produced, shot, and edited videos for County and department promotion.
- The division participated in Chamber of Commerce meetings countywide.
- The division promoted Kern County as a location for filming production.
- The social media presence of the division was increased in accordance with the integrated marketing strategy.

Board of Trade

Department Head: Ryan J. Alsop
Fund: General
Budget Unit 1812

Function: General Government
Activity: Promotion

Description of Major Services

The Board of Trade promotes tourism and commercial filming within the County and provides local stakeholders with general promotional, legislative, and educational assistance in regards to tourism-related matters. The division administers the County Tourism Promotion Grant Program and conducts a number of special events to promote the County.

The division functions as the County's Film Commission and is the designated film-permitting authority in the County. As the Film Commission, the division is responsible for advertising, publicizing, and promoting film production resources and locations within the County.

The division is also responsible for the design and implementation of enhanced content for Kern Government Television (KGOV). The division develops and produces video segments for use on KGOV and department websites to highlight and showcase the services and programs offered by County departments.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of expenditures for the division are associated with staffing costs for positions required to perform the functions assigned and economic development activities. The increase in salaries and benefits in fiscal years 2018-19 and 2019-20 is primarily due to the transfer of three

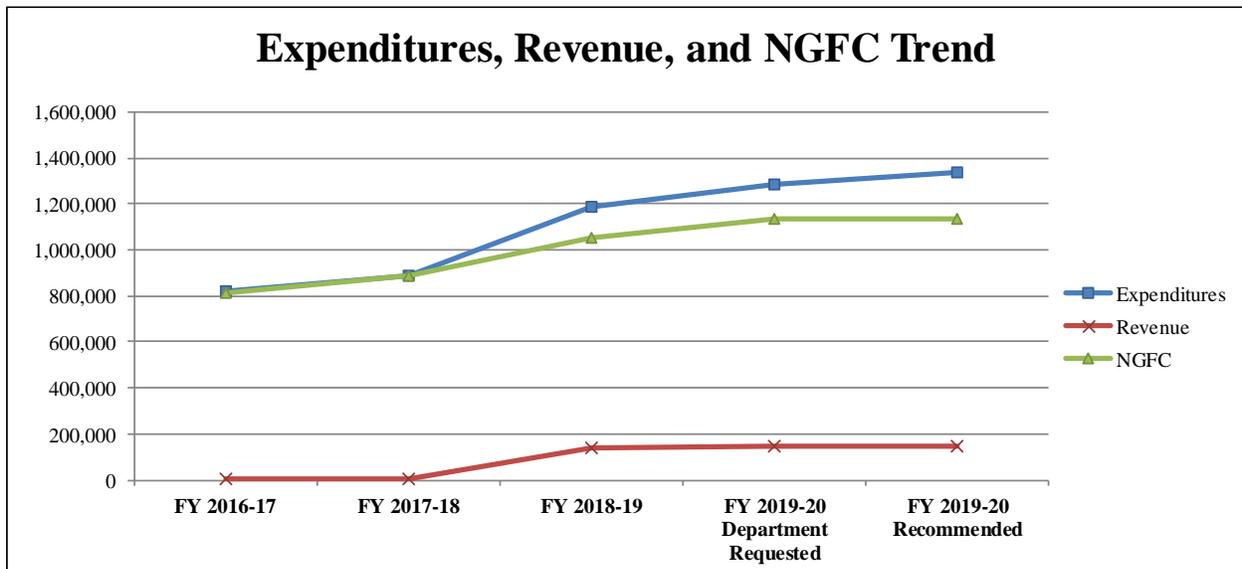

KGOV employees from the General Services Division of the County Administrative Office in late FY 2017-18. The recommended budget includes the use of \$39,000 of \$56,347 in accumulated BSI credits. This one-time use of BSI is not anticipated to result in long-term budget concerns.

The division is primarily funded by an allocation of Net General Fund Cost. The primary source of revenue is reimbursement of staff costs.

Budget Changes and Operational Impacts

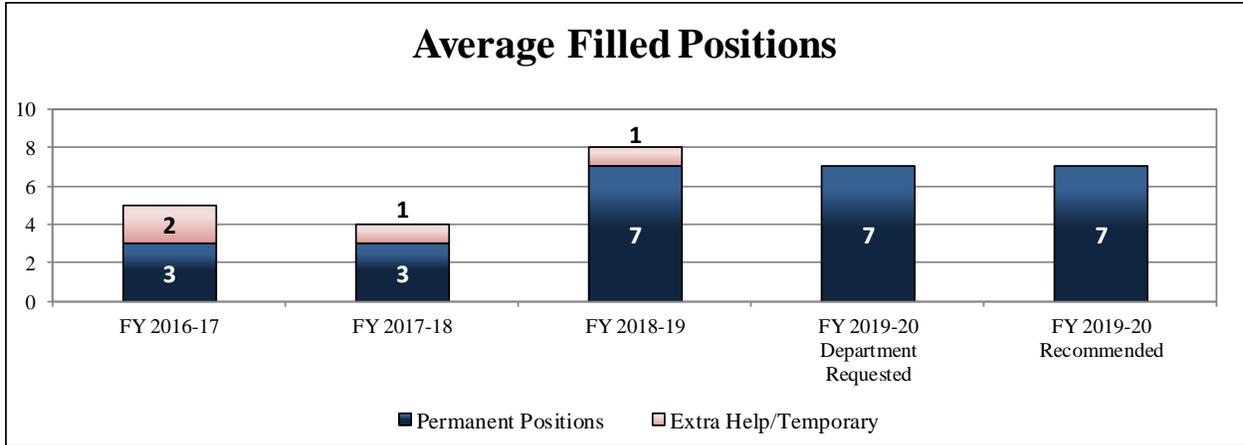

Services and supplies costs cover the procurement of specialized services for video production as well as contributions toward community economic development efforts. The recommended budget was developed with the clear purpose of using limited resources toward community engagement efforts through digital communication and social media.

The budgeted increase in other financing sources revenue is primarily due to increased participation in activities that are eligible for reimbursement from the division’s two special revenue funds.

Staffing Changes and Operational Impacts

The recommended budget does not include any position additions or deletions.

4-Year Staffing Trend

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Increase tourism and filming in the County.

Objective 1: Promote Kern County as a great place to visit and film.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of visitor guides distributed	50,000	50,000	50,000	50,000	50,000
Number of tour companies presented with information about Kern County	83	75	80	70	70
Number of ad impressions distributed from tourism print and web advertising	1,250,000	1,200,000	1,250,000	1,100,000	1,150,000
Number of unique visitors to visitkern.com	19,880	18,345	20,000	17,312	18,000
Number of unique visitors to filmkern.com	9,855	8,956	10,000	7,896	8,000
Number of tourism related social media interactions	93,286	90,217	100,000	83,546	85,000
Number of location scouts contacted through trade shows	28	23	25	21	20

The division's primary mission is to promote and increase tourism and filming in the County. Performance measures are aimed at tracking specific actions the division is taking to promote the County with measurable outcomes that can be used to evaluate the division's effectiveness in promoting the County.

Objective 2: Encourage visitors and film makers to stay longer.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of film locations located by film commission staff	142	139	150	131	140

Tourists and filmmakers are often unaware of the unique locations available throughout Kern County. Board of Trade staff encourage additional time spent in the County by pointing out additional points of interest. Performance measures track how effective the division's efforts are in continuing outreach and providing services to visitors and film makers. Fluctuations in visitors are to be expected depending on whether more or less people are traveling through Kern County or whether smaller groups of people are visiting the tourism center, however, the division does not have a way to track the specific reasons for those fluctuations.

Goal 2: Enhance the County's image and promote services to the public.

Objective 1: Assist County departments with branding and promoting services to the public.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of positive media interactions	63	57	60	54	60
Number of hours spent on print projects completed for departments	1,100	950	1,000	870	900
Number of hours spent on video production projects	950	900	750	650	700
Number of hours spent on other marketing projects	1,750	1,550	1,500	1,350	1,400
Number of hours spent on coordinating events	340	380	320	310	320
Number of KGOV shows produced	2	3	3	2	3

These are measures for the division that are reflective of focused efforts on building and enhancing the image of the County by providing print, video, web-design, social media, and other marketing support to County departments. The division is also producing video content for airing on KGOV television. These measures reflect the number of hours spent by staff assisting other County departments with their marketing efforts.

Development Services

Department Head: Craig Pope
Fund: Development Services
Budget Unit: 1905

Function: General Government
Activity: Other General

Description of Major Services

Beginning with FY 2017-18 operations of Engineering, Surveying, and Permit Services have been accounted for in the Development Services budget unit and fund. Development Services is a division of the Public Works Department that reviews and processes tract and parcel maps, oversees drainage, floodplain and geologic activities related to land-development permits. The division also reviews construction and grading plans for code and regulation compliance. Other functions include assessment and monitoring surface mining activity.

General Fund Contribution	2,021,270	1,594,951	1,594,951	1,594,951	1,594,951	1,594,951
TOTAL REVENUE	\$3,005,709	\$2,191,325	\$2,575,693	\$2,152,482	\$2,152,482	\$2,152,482
NET FUND COST	(\$231,808)	\$151,991	(\$209,809)	\$129,680	\$129,680	\$171,781

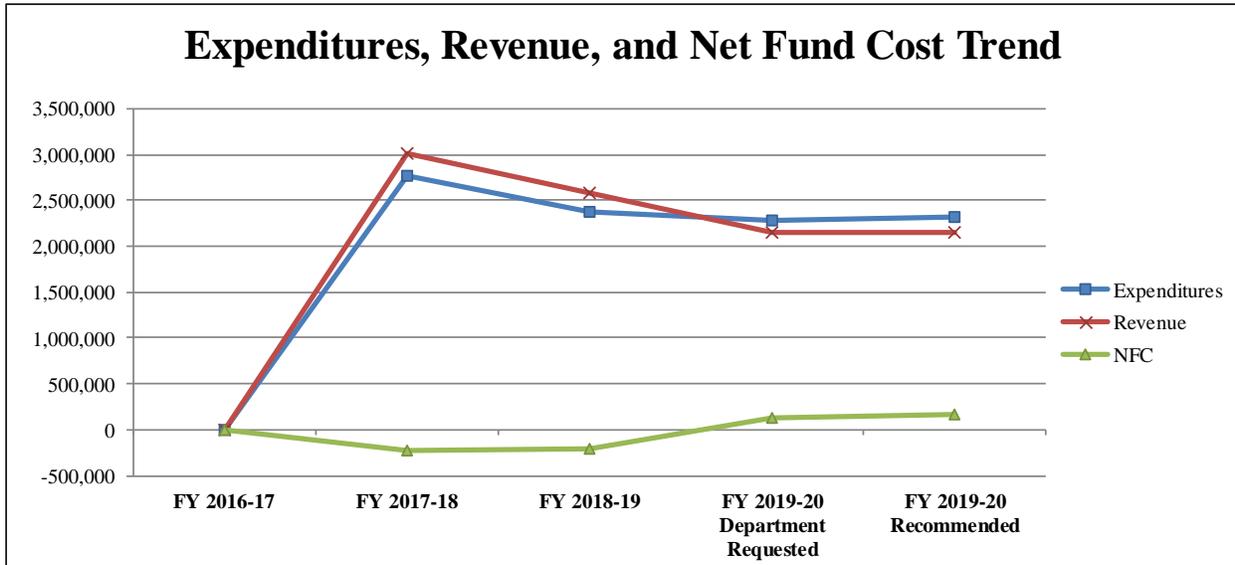

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The recommended budget includes \$2.3 million for services and supplies, of which \$2.1 million is budgeted to reimburse the Public Works Department for staffing the operations of the division. Major revenue sources include services provided to other County departments and the public. The remainder of funding is fulfilled through a General Fund contribution of \$1.6 million.

Budget Changes and Operational Impacts

Budget Unit 1900 Engineering, Surveying and Permit Services was transferred to the Development Services budget unit 1905 in FY 2017-18 as part of Public Works' restructuring efforts for greater efficiency of funds, staff and resources. The negative appropriation recommended for Other Charges is related to overpayments to the General Fund for indirect costs charged through the Countywide Cost Allocation Plan (CWCAP).

The recommended budget includes a General Fund Contribution of \$1,594,951 to Development Services, equal to the budgeted and actual amount for Fiscal Year 2018-19, to cover costs such as surveying and general work not covered by charges for services.

Fiscal Year 2019-20 Goals, Objectives and Performance Measures

Goal 1: Facilitate development by performing timely reviews

Objective 1: Increase the speed of map reviews

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of tract map first reviews performed within 28 days	100%	95%	100%	95%	100%
Percentage of subsequent tract map reviews performed within 14 days	95%	90%	100%	95%	100%
Percentage of parcel map first reviews performed within 28 days	100%	95%	100%	95%	100%
Percentage of subsequent parcel map reviews performed within 14 days	95%	90%	100%	95%	100%

Review of tract maps and parcel maps is a critical function of the Development Services division and is important to our customers as they are dependent on timely reviews so they can record their maps. The division continues to make every effort to meet the designated time lines, as they were generated by a private consultant for the purpose of establishing an appropriate turnaround time. It has always been the goal to meet or exceed this standard, which previously had been the case. However, reduction in staff time due to health and the lack of redundancy has allowed several maps exceed the adopted goal for the noted fiscal year. Changes in staff have been made and the division is seeking to increase staffing levels by one, which will put the division on a path to meet the specified goal, which is reflected above. The division expects to improve in this area, with added staff, improved training and more direct oversight to prevent this from happening again and to ensure that all proposed goals are met for the next fiscal year.

Objective 2: Increase the speed of flood hazard evaluations

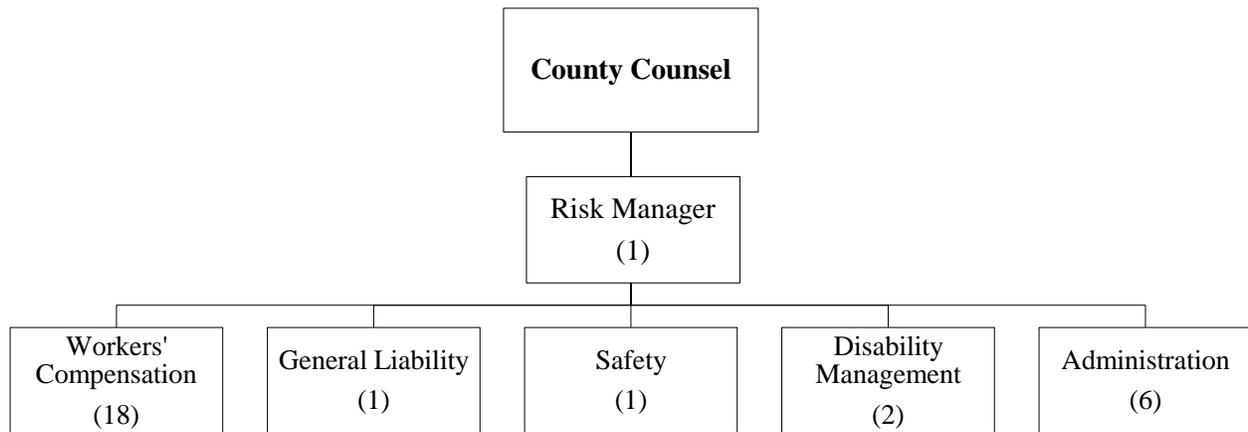

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of flood hazard evaluations completed within 1 day	95%	95%	95%	95%	95%
Percentage of flood hazard evaluations completed within 1 week	100%	98%	100%	98%	100%

Regulating development in the floodplain is a critical function of this division. The flood hazard evaluation is necessary to determine mitigation requirements in accordance with the division's Floodplain Management Ordinance and other applicable federal regulations and provide that information to our customers so they can incorporate it into their project drawings and specifications, without delays.

Mission Statement

To meet the legal and risk management challenges facing the County of Kern in partnership with our clients and to provide quality and innovative services to benefit our clients while supporting the public good.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Completed over 250 ergonomic workstation evaluations for County departments, which help change improper body mechanics and reduce injuries.
- Assisted the Behavioral Health and Recovery Services. Department with Cal-OSHA inspections resulting in a “withdrawal” action taken by Cal-OSHA for an estimated 37% reduction of penalties.
- Improved the County Active Shooter Policy and added enhanced safety measures for the division’s overall office security.
- The Workers’ Compensation division’s focus on injury trends and training reduced new workers’ compensation claims 10.8%
- Achieved a 100% success rate in small claims court.
- Continue to mine and extrapolate car accident data and investigate motor vehicle accidents to identify trends and initiate discussions with departments. Following the implementation of this strategy, there has been a 20% reduction in motor vehicle accident where the County is at fault.
- For the Lean Six Initiative, two employees have completed green belt training and all Risk Management employees have attended the initial white belt training. The department has achieved several “quick wins” and currently has one project pending. The department has updated the records retention policy, allowing them to purge records annually and avoid paying unnecessary storage fees.

Risk Management

Department Head: Margo Raison

Fund: General

Budget Unit: 1910

Function: General Government

Activity: Other General

Description of Major Services

The County Counsel Risk Management Division administers the County's General Liability and Workers' Compensation self-insurance programs, processes employee and liability claims, and provides loss prevention and safety programs. The division also negotiates the purchase of specialty insurance coverage for County departments. While there is no planned net General Fund cost associated with this division, any increase in expenditures directly increases the costs charged to other County departments.

Summary of Expenditures and Revenue

	FY 2017-18	FY 2018-19		FY 2019-20

NET GENERAL FUND COST	\$600	\$0	\$202,514	(\$62,767)	\$0	\$0

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of expenditures for this budget unit are associated with staffing costs necessary to provide services and perform functions of the division. Expenditures in services and supplies are primarily for the various insurance policies managed by the division. These insurance costs, and all staffing costs, are charged directly to customer departments. These charges are recognized as expenditure reimbursements and charges for services.

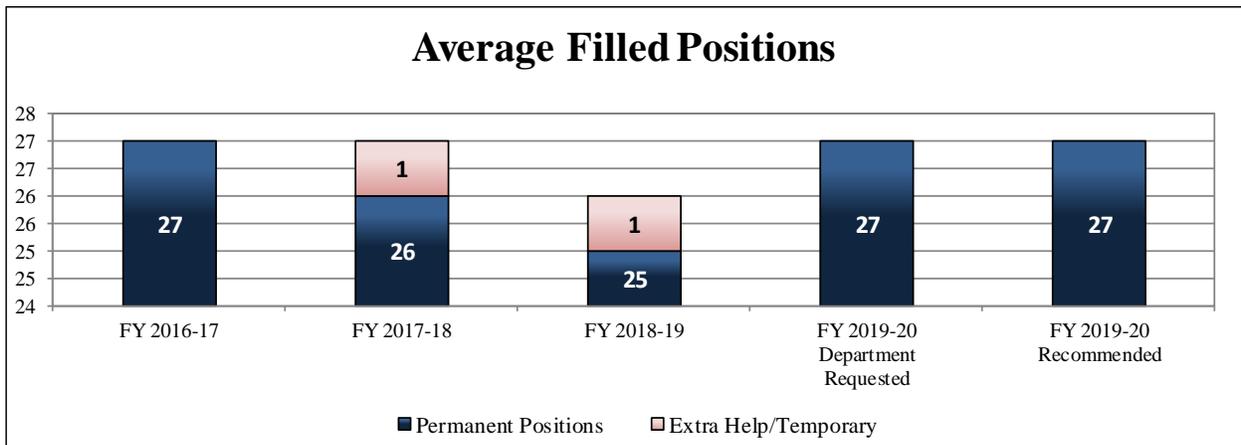

Budget Changes and Operational Impacts

The recommended budget provides the department with funding for all but two of its authorized positions, including the transfer of one Office Service Specialist position from County Counsel, resulting in an additional salary cost of \$62,767 over FY 2018-19 expenditures. An increase of \$65,386 in services and supplies is anticipated primarily due to expenditures related to insurance coverage. The department's net General Fund cost of \$202,514 in FY 2018-19 is the result of uncollected expenses and will be charged in 2019-20. Charges for services and expenditure reimbursements will fully fund the cost of this budget unit in FY 2019-20.

Staffing Changes and Operational Impacts

The recommended budget includes 29 authorized positions. One (1) Office Service Specialist position will added as a transfer from County Counsel to Risk Management in an effort to more efficiently utilize staff and resources between divisions.

Fiscal Year 2018-19 Goals, Objectives, and Performance Measures

Goal 1: Improve the fiscal efficiency and responsibility of the County.

Objective 1: Provide effective loss prevention and safety services to minimize the number of employees injured on the job.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
The number of workdays lost per lost-time Workers' Compensation claim on which benefits are paid for general employees.	44	33	31	59	56
The number of workdays lost per lost-time Workers' Compensation claim on which benefits are paid for safety employees.	38	58	55	52	55
Percentage of departments rating loss prevention and safety as effective.	97.70%	100%	100%	99%	100%
Number of accidents and incidents per man hours worked County-wide	0	0	2	6	5
The percentage of lien-to-value settlements.	89.90%	92.80%	97.40%	73.64%	70.00%

The first indicator calculates time used by general employees as an average of days used. The second indicator calculates 4850 time used by public safety employees as an average number of days used. California Labor Code Section 4850 allows peace officers and firefighters a leave of absence up to one year without loss of salary for industrial injuries. The department is working diligently to reduce the amount of 4850 time paid while still complying with the law. The third indicator measures how effective the preventative safety programs are to the operating departments. Departments are generally pleased with the service, which is evident in our surveys. The fourth indicator measures the effect of safety awareness preventative programs on the number of accident incidents. The fifth indicator measures the lien amounts reduced through negotiation with health care providers. A staff adjuster is assigned to negotiate a reduction in medical liens with service providers or request a reduction at a lien conference before Workers' Compensation Appeals Board.

Objective 2: Ensure proper fiscal planning that meets the needs of the public as well as County departments.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Total actual cost of risk of County operations.	\$39,441,863	\$44,511,570	\$41,853,951	\$40,105,935	\$38,100,638
General liability cost as a percentage of County expenditures.	0.58%	0.51%	0.48%	0.42%	0.40%
The total payout to resolve lawsuits.	\$6,710,428	\$9,159,959	\$9,139,000	\$5,751,458	\$5,578,915
Workers' Compensation costs as a percentage of County expenditures.	0.82%	0.76%	0.72%	0.82%	0.78%

The first indicator measures the total cost of risk to the County and is based on FY 2018-19 budget estimates. The total cost is comprised of payouts, insurance premiums, security costs, the value of lost workdays, and other expenses related to workers' compensation and general liability claims. This indicator demonstrates whether the County is managing risk effectively and controlling costs from year to year. The second indicator measures the portion of costs the County incurs as a result of general liability claims, lawsuits, and insurance. The third indicator measures the dollars paid out to resolve general liability and medical malpractice lawsuits. The fourth indicator measures the portion of County expenditures spent on work-related injuries including claims, insurance and administrative expenses.

Capital Projects

Department Head: Ryan J. Alsop
Fund: General
Budget Unit: 1960

Function: General Government
Activity: Plant Acquisition

Description of Major Services

The Capital Projects budget provides funds for land and facility purchases, new construction projects, and major building alterations for most County departments. This budget unit is administered by the General Services Division.

Summary of Expenditures and Revenue						
	FY 2017-18	FY 2018-19		FY 2019-20		
	Actual	Adopted Budget	Actual	Department Requested	Preliminary Recommended	Recommended

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

Due to significant declines in available discretionary funding sources, only two capital projects are included in the recommended budget. Other projects will be addressed as resources become available.

The recommended budget includes one capital project for the development of a new psychiatric care facility for Behavioral Health and Recovery Services, at no cost to the General Fund. The recommended budget also includes one project for the development of an administrative services building for Animal Services, which will be fully funded by the General Fund.

Trial Court Funding

Department Head: Ryan J. Alsop

Fund: General

Budget Unit: 2110, 9410, 9435, 9445 and 9455

Function: Public Protection

Activity: Judicial

Description of Major Services

The Trial Court Funding budget unit is used to pay the State mandated funding for the courts, including the County’s maintenance of effort payments to the State for court operations and funding for court related costs that are not recognized by the State under the Trial Court Funding Act definition of court operational costs. Facility charges, operations and maintenance agreements, and auto allowances for judges are also paid from the budget unit. The County Administrative Office administers this budget unit.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

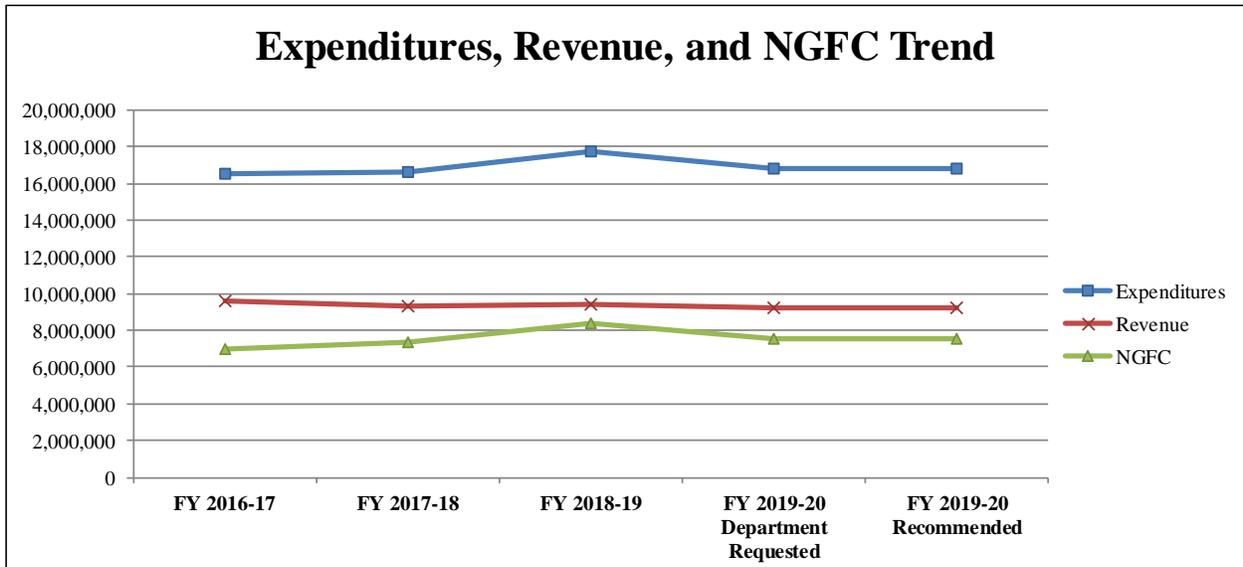

The majority of expenditures for this budget unit are associated to payments to the State for court operations, and the required maintenance of effort (MOE) payment effective when the municipal courts transitioned to the State. The courts collect fines, forfeitures, and traffic school fees that are deposited to the County in this budget unit and are used to offset the costs. The court collections are not sufficient to cover the costs incurred; and, therefore an allocation of Net General Fund Cost is required.

Budget Changes and Operational Impacts

The recommended budget, compared to FY 2018-19, will change as expenditures are anticipated to decrease while revenue will remain largely unchanged. Services and supplies are expected to decrease by approximately \$1 million from prior fiscal estimated actual due to the decrease in court facility repairs, for which the County is contractually required to pay a share. Revenue in this budget unit are for fines and forfeitures collected by the courts throughout the County, which fluctuate annually. At this time, collections are anticipated to remain consistent, but the state continues to face litigation, which may hamper the Court’s ability to collect fines and fees.

The budget includes funding to meet the County’s statutory fiscal responsibilities to the State and the courts.

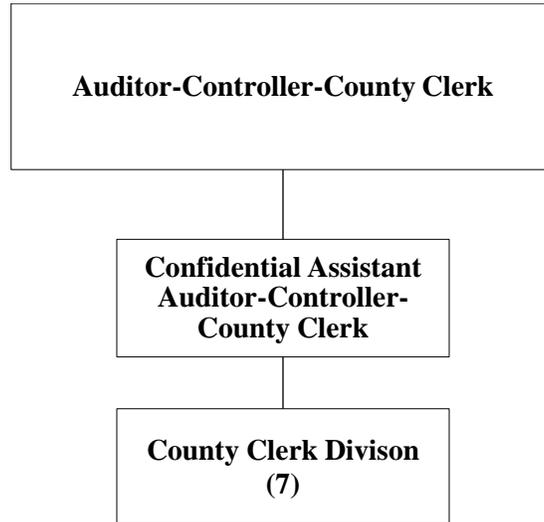

Public Protection

Mission Statement

To perform all delegated and statutory responsibilities of Auditor, Controller, County Clerk and Registrar of Voters with excellence and foresight.

Organizational Chart

Public Protection

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Issued approximately 4,945 marriage licenses.
- Received approximately 5,978 fictitious business name filings.
- Received approximately 2,442 CEQA filings.
- Processed approximately 859 clerk certificates and 540 notary public registrations.
- Implemented newly required credit card processing hardware to keep technology current and to limit the County’s liability.
- Collaborated with the Recorder’s Office and Auditor-Controller’s programming staff to provide shared access for documents creating improved processes for both offices.
- Created a new segment in the fictitious business name program for abandonments and withdrawals in order to improve efficiency for customers.
- Improved customer wait time with an electronic sign-in program.

County Clerk

Department Head: Mary B. Bedard, Elected

Function: Public Protection

Fund: County Clerk

Activity: Judicial

Budget Unit: 2118

Description of Major Services

The County Clerk is a division of the Auditor-Controller's Office and is responsible for issuing marriage licenses and fictitious business names, and accepting filings of notary public bonds, environmental impact reports, County loyalty oaths, and other miscellaneous filings. The division relies heavily on the Auditor-Controller for supervisory, administrative and technical support.

Summary of Expenditures and Revenue

NET FUND COST	(\$184,228)	\$184,228	\$68,615	\$11,934	\$11,934	\$112,313

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The primary expenditures of the division are for staffing necessary to complete all assigned functions. The estimated revenue from licenses, permits and fictitious business name filings is anticipated to offset expenditures with a small portion covered with the fund balance available as of June 30, 2019.

Budget Changes and Operational Impacts

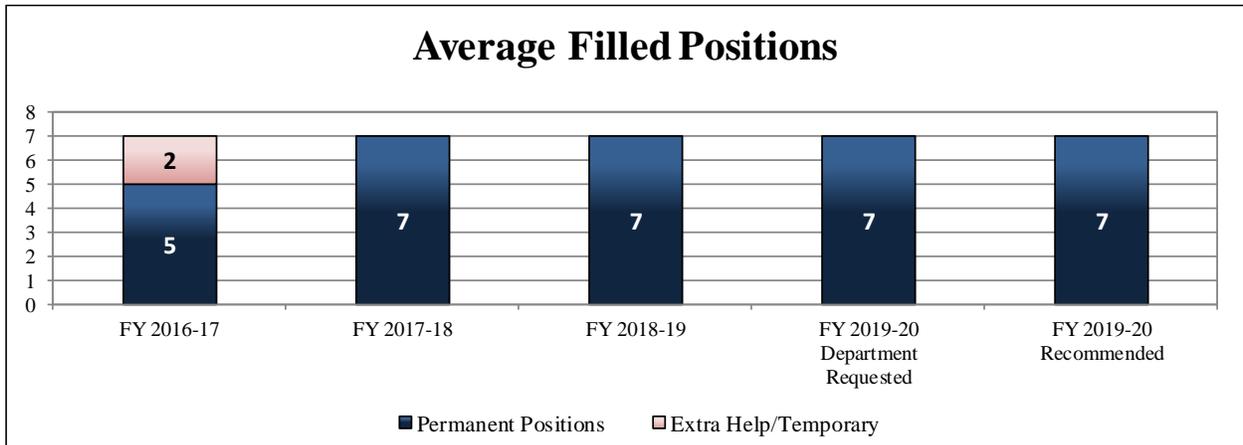

The recommended budget provides a level of funding that allows the County Clerk to fund all of its authorized positions and continue serving the public without any impacts to service levels. Charges for Services have leveled off as California Environmental Quality Act (CEQA) filings have stabilized.

Staffing Changes and Operational Impacts

While this budget unit was primarily funded by fees, all activity prior to FY 2017-18 was accounted within the General Fund. In November 2017, the Auditor-Controller requested that the functions of County Clerk be accounted in its own fund.

The recommended budget will fund seven (7) permanent positions. One (1) Office Services Assistant position remains as an authorized part-time position servicing the Ridgecrest area. The recommended budget includes an increase in expenditures due to the appropriation of \$100,379 available fund balance as of June 30, 2019, which the department will use toward unanticipated operational costs.

Local Emergency Relief

Department Head: Ryan J. Alsop

Fund: General

Budget Unit: 2120

Function: Public Protection

Activity: Other Protection

Description of Major Services

This budget unit is used to reimburse County departments for eligible costs incurred performing extraordinary response services during locally declared emergencies. Costs are reimbursed per County policy. The County Administrative Office administers this budget unit.

Public Protection

	FY 2017-18	FY 2018-19		FY 2019-20		
	Actual	Adopted Budget	Actual	Department Requested	Preliminary Recommended	Recommended
APPROPRIATIONS:						
Services and Supplies	\$0	\$500,000	\$0	\$100,000	\$100,000	\$100,000
TOTAL EXPENDITURES	\$0	\$500,000	\$0	\$100,000	\$100,000	\$100,000
NET GENERAL FUND COST	\$0	\$500,000	\$0	\$100,000	\$100,000	\$100,000

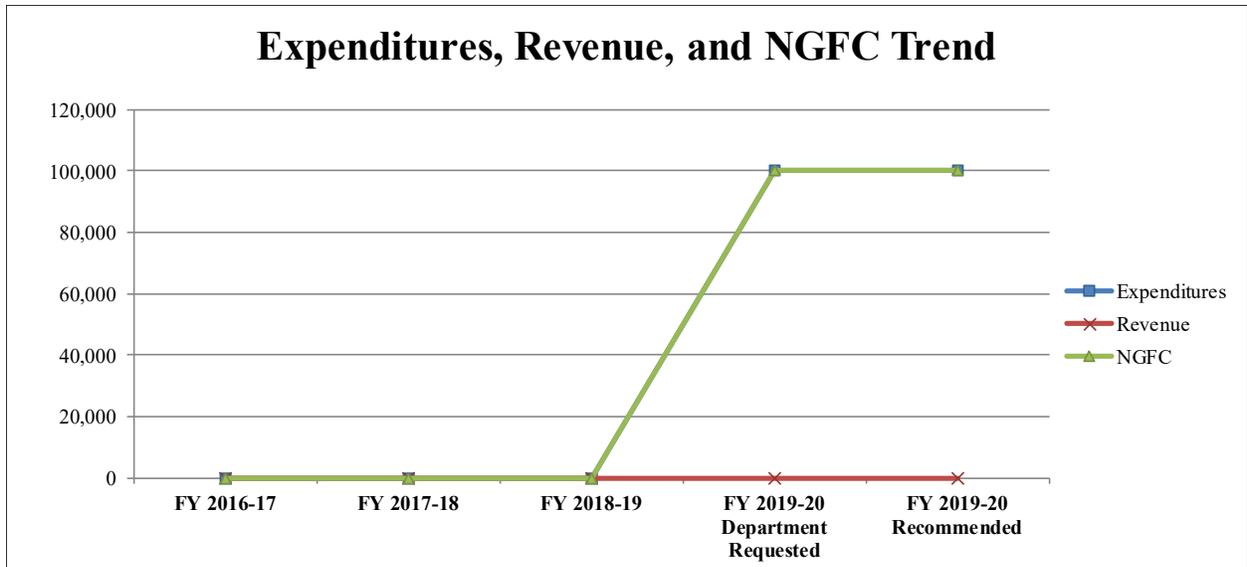

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

Services and supplies are budgeted to cover a portion of eligible costs for extraordinary emergency response services that are not reimbursable by any other sources. This budget unit is entirely funded by the General Fund through an allocation of Net General Fund Cost.

Budget Changes and Operational Impacts

The Board of Supervisors established this budget unit in FY 2015-16 in anticipation of future extraordinary costs resulting from response efforts for locally declared emergencies. No reimbursements to departments have been processed during FY 2018-19. Funding for FY 2019-20 is established to cover eligible unanticipated costs for locally declared emergencies.

Public Protection

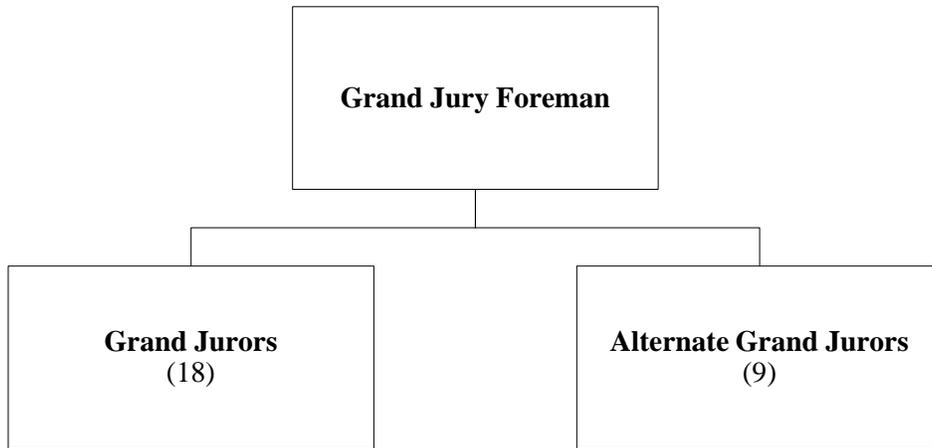

Mission Statement

The Kern County Grand Jury reviews Kern County cities, departments, governmental agencies and special districts to ensure these bodies comply with fiduciary responsibilities and are governed effectively. The Administration and Audit, Cities and Joint Powers, Health, Education and Social Services, Law and Justice and Special Districts Committees investigate, evaluate and report on findings.

Public Protection

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- In FY 2017-18, the Grand Jury received 36 complaints, issued 32 reports and completed one criminal indictment.
- In FY 2018-19, the Grand Jury received 35 complaints, issued 30 reports and completed one criminal indictment.

Grand Jury

Department Head: Grand Jury Foreman
 Fund: General
 Budget Unit: 2160

Function: Public Protection
 Activity: Judicial

Description of Major Services

The Grand Jury conducts civil and criminal investigations. The Grand Jury may examine the accounts and records of local government agencies and schools, and may inquire into possible criminal offenses, determining whether to return indictment charges in felony cases. Legal support is provided to the Grand Jury by the County Counsel's Office in civil matters and by the District Attorney's Office in criminal matters.

Summary of Expenditures and Revenue

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

Services and supplies provide for jurors' stipends, office supplies, travel reimbursement and other support cost. The County provides an allocation of net General Fund cost to fund the activities of the Grand Jury in accordance with California Penal Code sections 888-939.91.

Budget Changes and Operational Impacts

The two major expenditures in services and supplies include juror fees and travel reimbursement in the amount of \$149,776.

Public Protection

NET GENERAL FUND COST	\$4,891,901	\$5,220,000	\$4,414,422	\$5,220,000	\$5,220,000	\$5,220,000

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of expenditures for this program are allocated to the Kern County Bar Association that is paid to administer the program and provides representation to the indigent clients in the metro area and outlying areas of the County. This budget unit is primarily funded by an allocation of Net General Fund Cost. In addition, the budget unit receives intergovernmental revenue from State aid for trial court funding, court reimbursement for dependency counsel costs and State reimbursement for the cost of representing incarcerated defendants.

Budget Changes and Operational Impacts

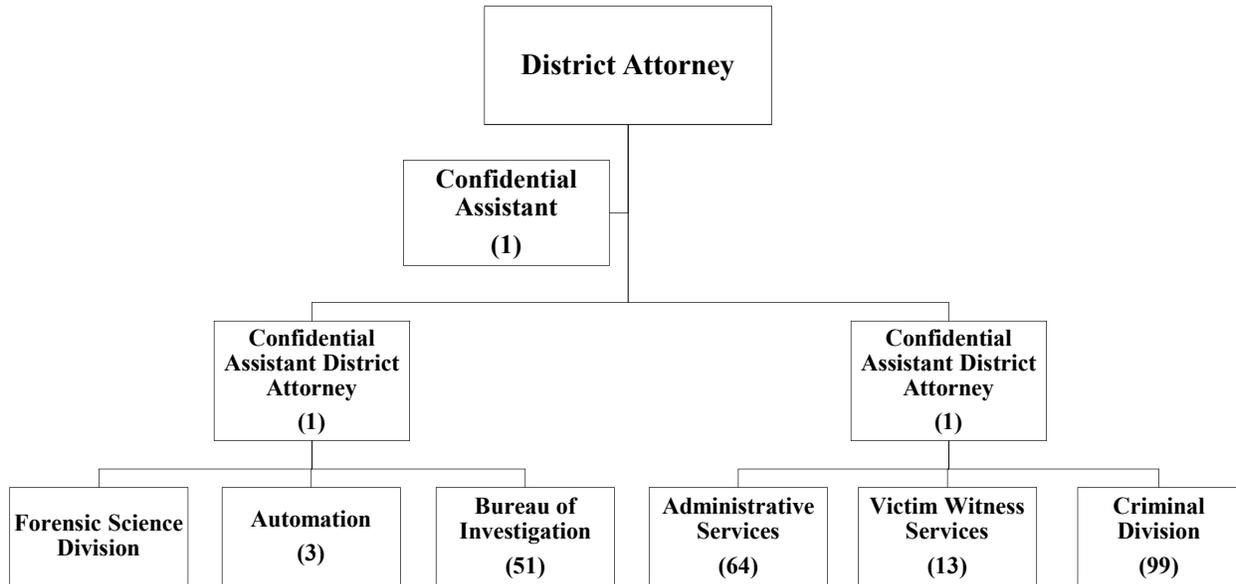

The recommended budget provides sufficient resources to meet the County’s constitutional mandate of providing legal representation. Expenditures in this budget unit are dependent on the number of cases referred to the Indigent Defense Program, which fluctuate annually.

Mission Statement

To fairly and vigorously represent the People of the State of California in the administration of justice in Kern County.

Organizational Chart

Public Protection

Fiscal Year 2017-18 and 2018-19 Accomplishments

- The Kern County District Attorney’s Office strives to provide the most effective system of justice possible for all the citizens in Kern County. The department continued to perform these duties while trying to utilize the most efficient means possible with the limited resources available.

District Attorney – Criminal Division

Department Head: Cynthia Zimmer, Elected

Function: Public Protection

Fund: General

Activity: Judicial

Budget Unit: 2180

Public Protection

Description of Major Services

The District Attorney's Office – Criminal Division is tasked with reviewing law enforcement requests for criminal complaints against juvenile and adult offenders, issuing and servicing subpoenas in all cases filed in Bakersfield, prosecuting all cases filed by this Office, assisting and advising the Grand Jury, reviewing consumer fraud and environmental complaints, processing civil actions, and conducting post-filing investigations of all misdemeanor and felony cases. The department also provides victim services.

BSI Ending Balance *	\$1,059,446	N/A	\$459,015	N/A	N/A	N/A

* BSI = Budget Savings Incentives

Major Expenditures and Revenue in 2019-20 Recommended Budget

The majority of the department's expenditures are for staffing costs necessary to continue to investigate and prosecute criminal cases. Approximately half of the department's expenditures are funded by an allocation of Net General Fund Cost (NGFC). Other major sources of revenue include funding from the State for special prosecutions and investigations within the Prison and Special Investigation Units. The department also receives approximately \$5.46 million of Local Public

Safety Funds (Proposition 172) and an allocation of 2011 realignment funds of approximately \$2.75 million to mitigate the impacts of the State prison realignment under Assembly Bill 109 (AB 109).

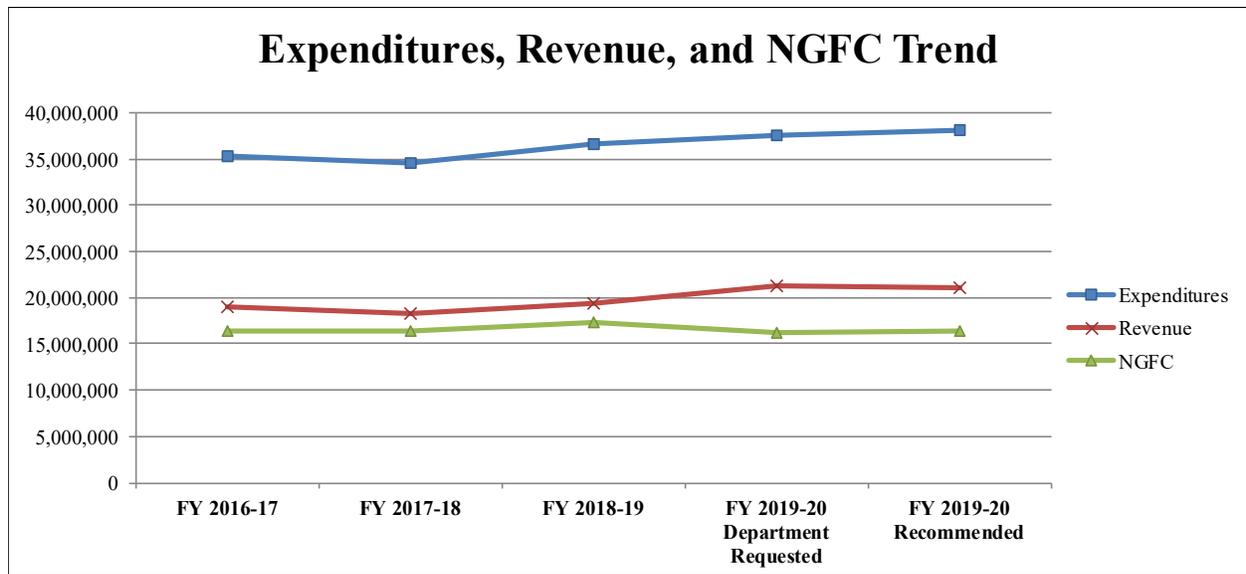

Budget Changes and Operational Impacts

The department submitted a requested budget at the adopted NGFC and required the use of \$394,498 in Budget Savings Incentive (BSI) credits towards ongoing staffing costs.

The recommended budget includes the addition of \$152,000 in net General Fund allocation for potential cost increases related to negotiations with the Kern Law Enforcement Association.

Salaries and benefits are expected to rise slightly in FY 2019-20 over the prior year as the department plans to fill positions historically vacant. In addition, services and supplies are expected to rise as costs associated with prosecution are often unknown, especially in high-profile cases. Revenue will rise nearly \$1.8 million over the prior year as the department continues to focus resources on state prison prosecution, which is reimbursable, along with enhanced efforts to obtain grant funding. The County Administrative Office continues to express concern regarding the department’s ability to collect revenue associated with prison prosecution, State Workers’ Compensation Fraud, and State Disability & Healthcare Fraud reimbursement primarily because the historic actual revenue collections do not substantiate the requested and recommended revenue estimates. Failure to collect revenue may lead to a General Fund obligation beyond the recommended NGFC.

Public Protection

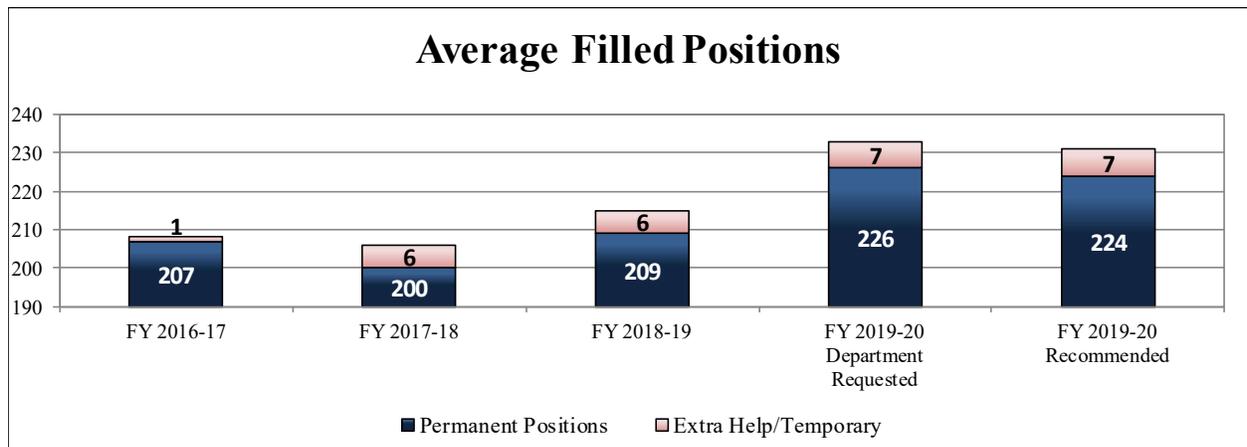

Staffing Changes and Operational Impacts

The recommended budget includes funding for 224 of the department’s 234 requested positions. This staffing level relies on \$394,498 in one-time funding, BSI, and maintains a staffing level that far exceed the average filled positions during the past three years.

The department requested budget included the addition of three (3) Paralegal positions; one (1) Program Support Supervisor position; one (1) Media Services Coordinator position; one (1) Assistant District Attorney position; and one (1) grant funded Program Coordinator position.

The recommended budget does not include the addition of the three (3) Paralegal positions; one (1) Program Support Supervisor position; or one (1) Media Services Coordinator position. This is due to the department’s continued reliance on one-time BSI funds for ongoing salaries and benefits costs and because the department has recently filled two filled District Attorney Investigator positions that were not funded. Adding the requested positions resulted in the use of additional BSI, commitment of additional General Fund dollars, or layoffs. The recommended budget would allow the department to fund the filled District Attorney Investigator positions with ongoing resources.

The Confidential Assistant District Attorney positions additions along with the deletion of the current Assistant District Attorney position are recommended as part of a departmental reorganization and the Program Coordinator position is recommended because it is grant funded.

Summary of Authorized Positions

The recommended budget includes funding for 224 of 234 requested positions after the addition of two positions. The budget does not include funding for 10 positions which includes eight (8) Deputy District Attorney positions; one (1) Fiscal Support Specialist position; and one (1) Office Services Technician position, at an annual cost savings of approximately \$1.2 million. The recommended budget includes the addition of two (2) Confidential Assistant District Attorney positions and one (1) Program Coordinator position and subsequent deletion of one (1) Assistant District Attorney position.

These measurements reflect the caseload and success of various prosecution efforts to reduce crime and provide for an effective system of justice.					

Mission Statement

To deliver outstanding child support services so that all children receive the financial and medical resources necessary for their well-being.

Organizational Chart

Public Protection

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Served approximately 54,425 children in the County, and distributed \$82,470,467 in child support payments in Federal Fiscal Year 2018.
- Partnered with Community Connections Centers in Delano, Lamont, and Shafter to provide direct services to those communities. Staff from Bakersfield drives to each center monthly to provide direct child support services.
- Recognized by the Acting Director of the California Department of Child Support Services in March of 2018 for decreasing the average number of days from opening a new case and obtaining an order for support in federal fiscal year 2016-17.
- Hosted the 9th annual Health and Wellness Fair in August 2018 in collaboration with the Kern County Bar Association Charitable Foundation, one of its many community events and partnerships.
- Through private donations, raised funds that allowed for the distribution of 3,911 backpacks and school supplies to children and families throughout the County. Of the 3,911 backpacks distributed, 997 were distributed at Kern County Library summer events in Mojave, Rosamond, Shafter, Wasco, Lamont, and Taft.

Child Support Services

Department Head: Elizabeth Chavez

Fund: Child Support Services

Budget Unit: 2183 and 2189

Function: Public Protection

Activity: Judicial

Description of Major Services

The Child Support Services Department initiates court actions necessary to establish responsibility for financial support of minors. The department establishes legal paternity, enforces support orders, and collects child support payments from non-custodial parents under the Social Security Act. The department is committed to ensuring that all children have the resources available to achieve long-term self-sufficiency and independence, and continues to educate and advocate on behalf of children to ensure appropriate services are received.

Summary of Expenditures and Revenue

NET FUND COST	(\$104,072)	\$0	(\$859,908)	\$0	\$0	\$0

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The budget for Child Support Services is maintained in a special revenue fund and does not receive a General Fund contribution. This budget is funded entirely from State and federal subvention revenue and other departmental revenue. The majority of expenditures are associated with staffing costs to perform the functions of the department. Services and supplies expenses of \$2.5 million include rents and leases, utilities, and office expenses.

Budget Changes and Operational Impacts

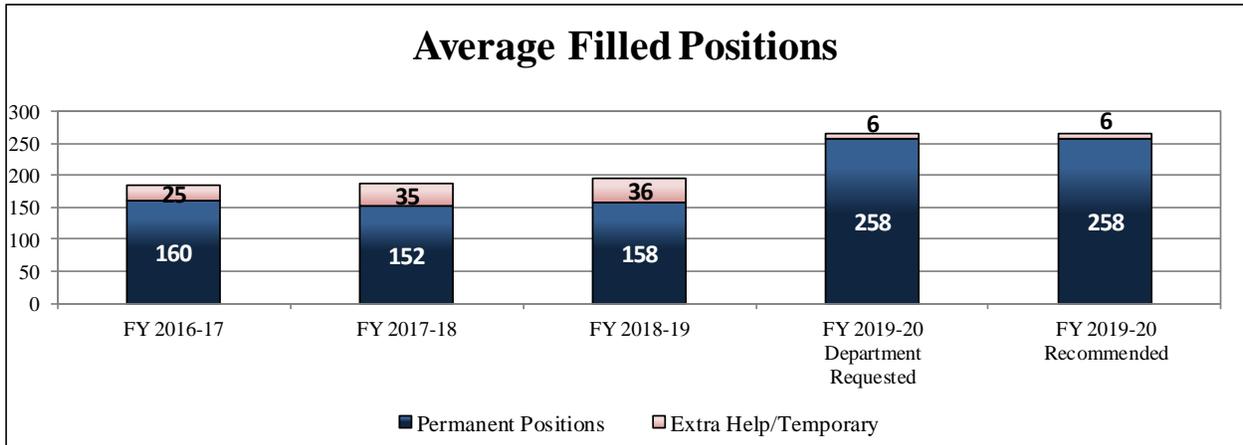

The recommended budget includes an increase in both revenue and appropriations of \$5.1 million and \$6 million, respectively. The increase is funded primarily by an additional allocation of \$4.5 million from the State Department of Child Support Services for underfunded counties and approximately \$840,000 in additional normal allocation. The recommended budget provides sufficient revenue for the department to expand and enhance its current level of services and meet State program goals and objectives. Costs related to services and supplies are anticipated to decrease due to the department’s relocation from their previous 18th street location to their new location on Sillect Avenue, which is better suited to serve their clients and results in nearly \$1 million in annual savings on rent and utilities. Salaries and benefits are anticipated to increase due to the additional allocation which allowed the department to add 54 positions on June 4, 2019 to increase services provided to the public, the increase in normal allocation, and the savings in services and supplies being applied toward filling additional positions. All expenditures against approved state allocations are fully reimbursable and the recommended budget continues to allow the department to operate at zero Net County Cost.

Staffing Changes and Operational Impacts

The recommended budget includes the addition of seven positions resulting in an increase of authorized positions from 257 to 264. The recommended budget proposes adding seven (7) Child Support Officer I/II/III positions, which will be funded with the additional normal allocation and the annual savings realized from the department’s relocation. In addition, the department will add one (1) Help Desk Technician I/II/III position and delete one (1) Help Desk Technician I position.

The department will hold the following positions vacant and unfunded: one (1) Program Specialist I/II position, one (2) Office Services Specialist positions, one (1) Fiscal Support Supervisor position, one (1) Fiscal Support Technician position, and one (1) Supervising Departmental Analyst position.

Public Protection

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Public Protection

Goal 1: Ensure every child has the opportunity to become self-sufficient and independent, and have the opportunity for optimum health

Objective 1: Increase the financial resources available to properly support children.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Projected*	2019-20 Goal
Percentage of current support collected	60.97%	61.94%	63.00%	61.63%	63.00%
Percentage of cases with arrearage collections	58.25%	59.01%	62.00 %	59.53%	62.00%
Total distributed child support collections	\$79,884,156	\$82,477,414	\$81,000,00	\$82,470,467	\$83,300,000

The above figures are Federal fiscal performance measures used to determine the State’s funding and measure program success. They demonstrate the department’s ability to collect and distribute child support on current support owed and arrears. Collections on current support and past due balances are essential to improving the financial wellbeing of children. Consistent support allows a family to meet basic needs and reduces the reliance on public assistance. Increased percentages indicate more money reaching families as regular monthly support.

Objective 2: Children’s access to medical services is increased.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Projected*	2019-20 Goal
Percentage of children in the caseload who were born out of wedlock and for whom paternity has been established	103.10%	106.41%	105.00%	102.98%	105.00%
Percentage of open cases with support orders	90.83%	89.80%	92.00%	90.16%	92.00%

Establishing a paternity provides legal rights to a child of unmarried parents and sets the framework to legally document biological parents, establishes a support order if necessary, and facilitates access to a variety of benefits, such as medical support, that would be unavailable if paternity was not established. Increased percentages indicated are due to all valid paternity declarations that were signed in Kern County even if they were not part of the department’s current caseload.

Goal 2: Promote fiscal responsibility in operations

Objective 1: Maximize the utilization of federal and State funding more efficiently and effectively

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Projected*	2019-20 Goal
Amount of child support collected for every dollar expended	\$3.69	\$3.87	\$3.85	\$3.87	\$3.85

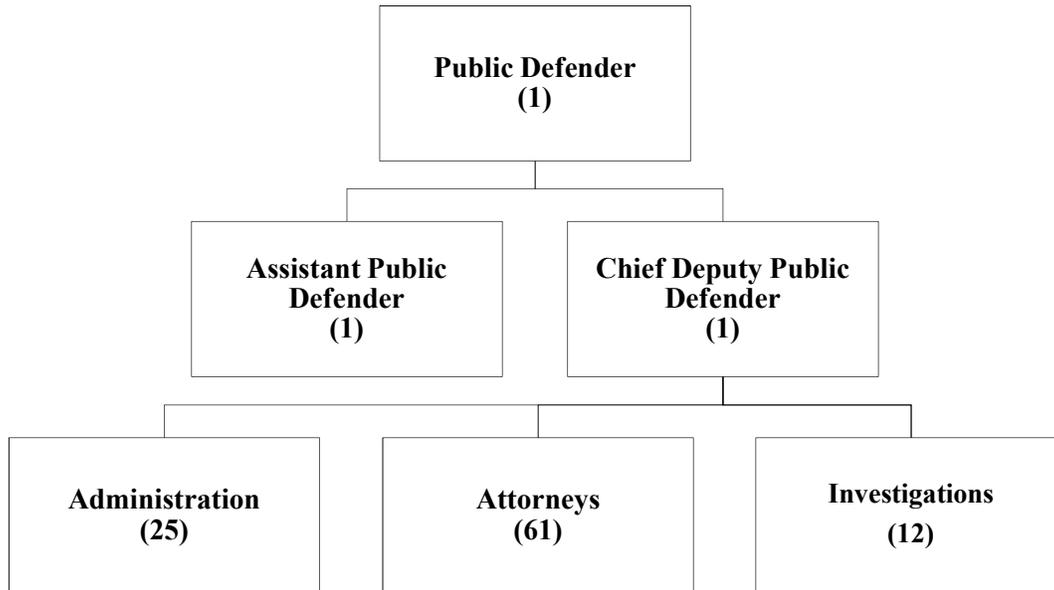

Cost effectiveness is a comparison of total child support dollars collected to total dollars expended, which demonstrates the department’s efficient use of federal and State funding. Actual performance exceeded.

* Reported figures above are based on Federal fiscal year, which runs from October 1st through September 30th. As such, FY 2018-19 figures are not yet final.

Mission Statement

The Kern County Public Defender's driving priorities are providing high quality and professional representation to all clients who have the privilege and constitutional mandate to represent, and respecting Kern County and state taxpayers who fund our department's work.

Organizational Chart

Public Protection

Fiscal Year 2017-18 and 2018-19 Accomplishments

- In FY 2017-18, the department was assigned to 27,888 new felony and misdemeanor cases. The combined care and diligent efforts of the department's attorneys, investigators, and staff resulted in the exoneration of numerous accused persons, including those who faced a life in prison sentence or murder prosecution.
- In FY 2018-19, the department opened new files for almost 1600 minors in both delinquency and dependency matters. Each attorney represented hundreds of new and continuing minor clients each year. Dependency matters resulted in the reunification of families and/or dismissals in over 40% of the matters.
- In FY 2018-19, the department began providing an on-call attorney for consultation to juveniles 24 hours a day, consistent with legislation in Senate Bill (SB) 395.
- Most recently, the department began filing dozens of motions on behalf of clients pursuant to SB 1437 (murder accomplice rule) and SB 1391 (fitness for juvenile court) to seek appropriate remedies.
- The department is also working to protect the rights of imprisoned veterans by seeking their resentencing pursuant to Penal Code Section 1170.91(b), which compels the court to consider service-connected trauma as a mitigating factor.

Public Defender

Department Head: Pam Singh

Fund: General

Budget Unit: 2190

Function: Public Protection

Activity: Judicial

Description of Major Services

The Public Defender's Office provides high quality legal representation to the indigent who are accused of criminal offenses, juvenile dependents, and certain conserved and mentally disadvantaged individuals.

BSI Ending Balance *	\$1,980,243	N/A	\$2,374,153	N/A	N/A	N/A

* BSI = Budget Savings Incentives

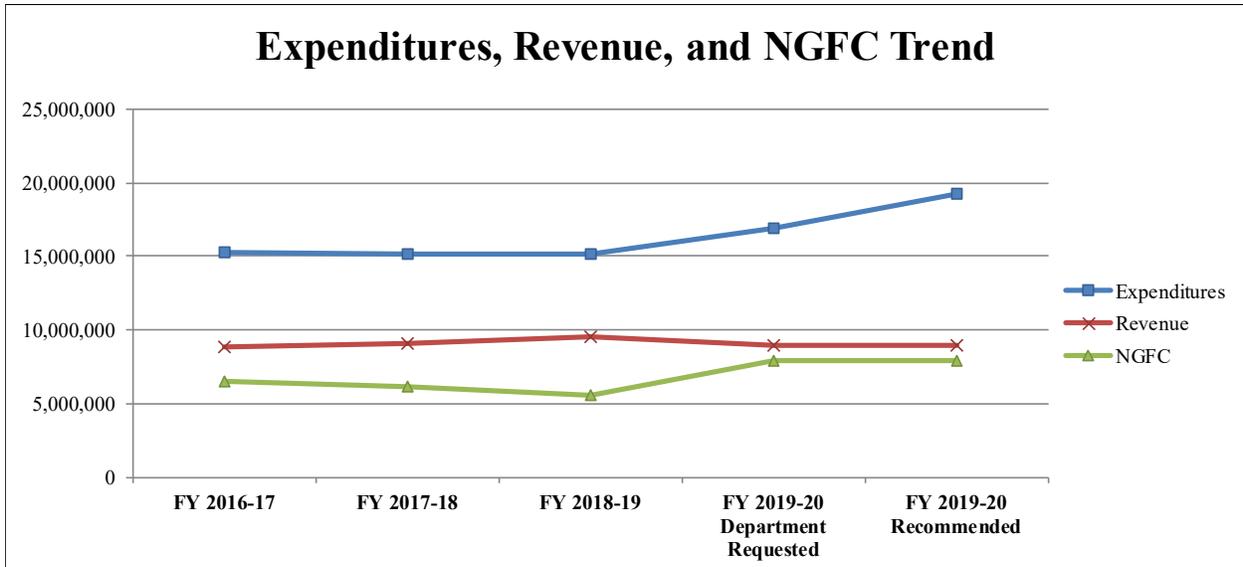

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of the department's expenditures are for staffing and operating costs necessary to achieve the department's mission of providing high quality legal representation. These expenditures are funded primarily by an allocation of Net General Fund Cost (NGFC). Other sources of revenue include nearly \$4.6 million of Local Public Safety Funds (Proposition 172) and an allocation of 2011 Realignment to mitigate the impacts of the State prison realignment under Assembly Bill 109. The department has a balance of \$2,374,153 of accumulated Budget Savings Incentive (BSI) credits.

Budget Changes and Operational Impacts

The recommended budget provides an adequate level of funding to provide legal representation for defendants accused of criminal offenses when appointed by the Superior Court and will allow the department to retain all of its accumulated BSI credits. Services and supplies are expected to increase from FY 2018-19 due to the unpredictable costs associated with defending high-profile

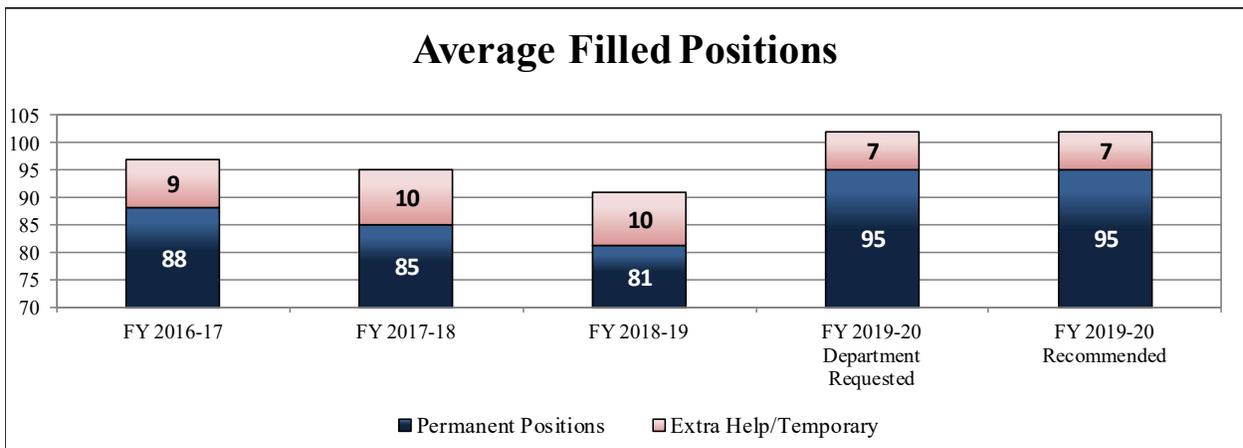

cases, often requiring expert services. The department’s actual NGFC for previous fiscal years is lower than the recommended NGFC due to prudent budget practices that has resulted in significant salary savings.

Public Protection

Staffing Changes and Operational Impacts

The recommended budget provides the department with funding for 95 of the department’s 101 current authorized positions and includes the addition of four (4) positions and deletion of four (4) positions, resulting in no change to the total number of authorized positions. The department will unfund six positions, one (1) Chief Deputy Public Defender position, and five (5) Deputy Public Defender I-V positions. The department will rely on extra help Deputy Public Defender positions throughout the year to mitigate the effects of attrition. Even as the department unfunds six positions, salaries and benefits are anticipated to be higher than the current year due to the department’s intention to fill positions that have been historically vacant.

4-Year Staffing Trend

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Provide for the vigorous defense of indigent persons accused of a crime by the government as mandated by the sixth amendment to the United States constitution, and represent children adjudged dependents of the court based on abuse or neglect.

Objective 1: Provide constitutionally mandated, high quality professional services for disadvantaged community members in a manner that respects the taxpayers' interest in efficient operations.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of Felony and Misdemeanor Trials Not Guilty as Charged	52.9	55%	60%	51.2%	60%
Total Number of Cases Appointed to the Public Defender's Office by the Judicial System, plus accepted indigent requests	39,479	32,773	32,500	35,354	35,500
Total Number of Dependency Case Appointments	2,666	2,503	2,500	2,558	2,500
Number of Felony Trials	N/A	127	145	127	130

Starting with FY 2017-18, the department began reporting the number of felony trials conducted each year. Substantial resources are expended in the area of felony trials which are a significant measure of the goal and effectiveness of its lawyers, and the vigorous defense of their clients. In FY 2018-19, the department's attorneys engaged in 127 felony (and conservatorship) jury trials. 73% involved strike charges and homicide cases, which reflects the county's increase in violent crime, and the highest per capita homicide rate in the state (source: CA DOJ). Of the homicide trials conducted by the department's attorneys in FY 2018-19, 38.8% ended in verdicts of not guilty, hung jury or voluntary/involuntary manslaughter. This is attributed to the skill and expertise of the department's attorneys who are among the best trial attorneys in the state.

The department continues to perform at very high levels both in the outcomes achieved for the clients and the volume of cases handled. The department is the largest criminal defense firm in the county and as such, takes seriously its constitutional mandate of vigorously protecting the rights of the accused.

Mission Statement

To provide the residents and law enforcement agencies of Kern County with an unbiased, timely, and effective scientific analysis and interpretation of physical evidence for use in a court of law.

Organizational Chart

Public Protection

Fiscal Year 2017-18 and 2018-19 Accomplishments

- The lab continues to maintain full accreditation under International Organization for Standardization (ISO) and the International Electrotechnical Commission (IEC) requirements 17025:2005 for both testing and calibration services.
- During FYs 2017-18 and 2018-19 the lab maintained accreditation to ISO/IEC 17025:2017 for crime scene investigation and FBI quality assurance standards for DNA services.
- The firearm and toolmark unit recently acquired and are validating an imaging database for fired evidence that became available to law enforcement beginning in July of 2018. The average turn-around time is 10 days and has already provided law enforcement with over 50 investigative leads.

District Attorney – Forensic Science

Department Head: Cynthia Zimmer, Elected

Function: Public Protection

Fund: General

Activity: Police Protection

Budget Unit: 2200

Public Protection

Description of Major Services

Functions performed by the forensic laboratory (lab) include activities such as comparison of hair, blood pattern analysis, impression evidence analysis, and ballistics comparisons. The lab is currently accredited by ISO/IEC under standards 17020:2012 and 17025:2017. These accreditation standards dictate an enhanced level of service and separation of duties.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of the department's expenditures are for staffing and operating costs necessary to achieve the department's mission of providing local law enforcement agencies with scientific analysis and testing. These expenditures are funded primarily by an allocation of Net General Fund Cost (NGFC). Other sources of revenue include \$202,918 in Local Public Safety Funds (Proposition 172), \$262,315 from the state primarily for the elimination of the DNA backlog, an allocation of 2011 realignment funds to mitigate impacts of the State prison realignment under Assembly Bill 109, and other revenue derived from fines and forfeitures.

During FY 2017-18, the department sought additional revenue through the recovery of costs related to laboratory testing for driving under the influence (DUI) convictions via two sources that

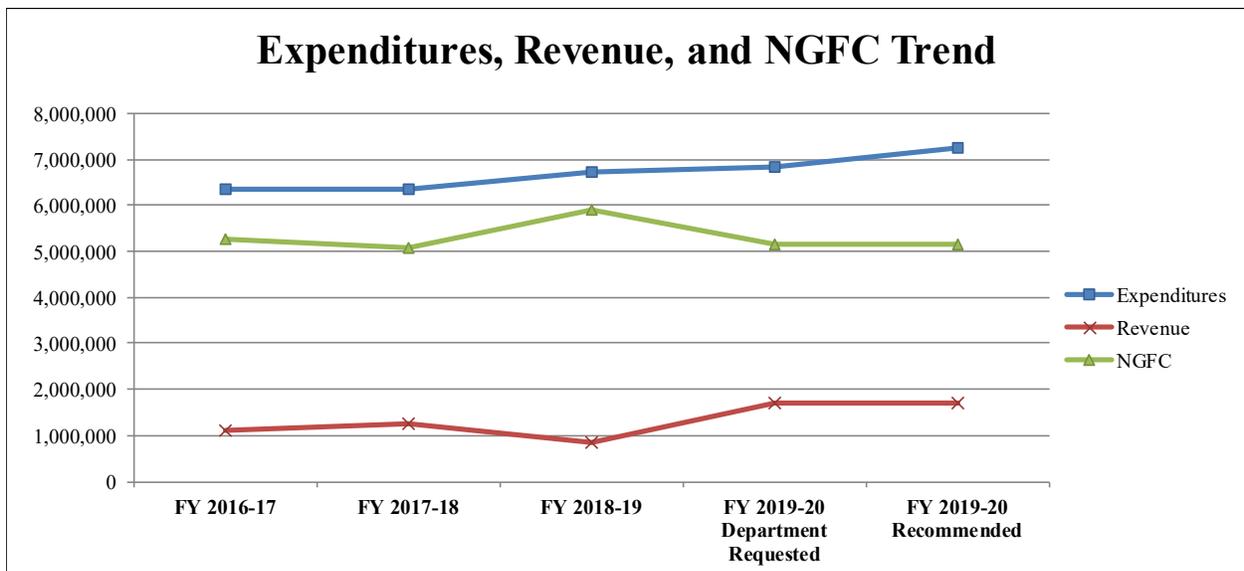

were going to be implemented in FY 2018-19. On June 6, 2017, the Board of Supervisors adopted a resolution allowing for an additional \$50 fee per DUI conviction to be recovered and transferred to the Lab to offset the costs of performing DUI testing. This fee was implemented by the Courts in June 2018 and is imposed at the discretion of the judge.

The second source of cost recovery related to DUI testing, and recognized as miscellaneous revenue, is from billing law enforcement agencies at the end of each fiscal year for the unrecovered cost of testing. This source did not materialize in FY 2018-19 but the department is confident in their ability to collect beginning in FY 2019-20.

Budget Changes and Operational Impacts

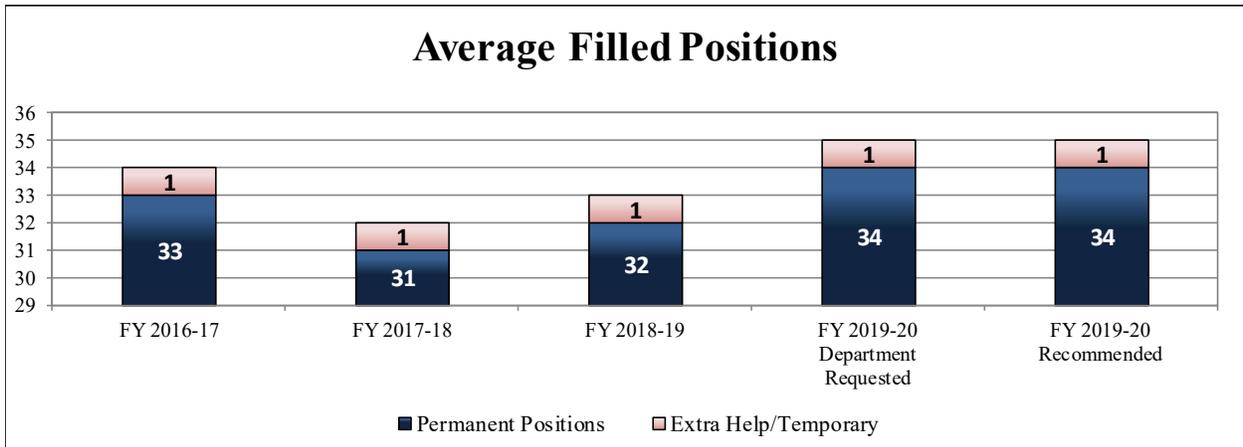

Salaries and benefits are budgeted to be similar to prior year actual due to the department’s desire to maintain status quo. Services and supplies, which is primarily comprised of consumable supplies for laboratory testing and service contracts necessary to properly maintain the high-tech equipment, will also remain similar to prior years. The department has also budgeted to purchase three capital assets focused primarily on increasing the drug and substance screening capabilities. The department has not committed any of their budget savings incentive (BSI) credit balance of \$412,434 in the FY 2019-20 budget.

Revenue will change slightly as 2011 Realignment funding is anticipated to increase and Local Public Safety (Prop 172) funding is anticipated to decrease slightly while revenue associated with DUI testing will continue to contribute to the increased revenue estimates.

Staffing Changes and Operational Impacts

The recommended budget provides the department with funding for 34 of the department’s 36 authorized positions. The department will unfund two (2) Criminalist positions to achieve the recommended funding level.

4-Year Staffing Trend

Mission Statement

The Kern County Sheriff's Office is committed to work in partnership with our community to enhance the safety, security and quality of life for the residents and visitors of Kern County through professional public safety services.

Organizational Chart

Public Protection

Fiscal Year 2017-18 and 2018-19 Accomplishments

- The Sheriff’s Office secured 94,942 hours of volunteer services during 2017 and 86,359 hours during 2018 valued at \$2.4 million based on the state volunteer rate.
- The Sheriff’s Parole and Electronic Monitoring programs saved \$6.9 million versus incarceration in FY 2018-19.
- Work Release participants generated a total of \$530,693 in revenue for work performed in FY 2018-19.
- Trained 59 staff in crisis intervention during FY 2017-18 and 51 during FY 2018-19.
- The Sheriff’s Office secured \$1 million in grant funding during FY 2017-18, this included \$135,000 for body-worn cameras.
- Over 5,000 pounds of illegal narcotics, \$451,164 in currency, and 1105 firearms were seized during FY 2018-19.
- The Sheriff’s Office obtained federal excess property valued in excess of \$2.1 million in FY 2017-18.
- In-custody educational, vocational, and rehabilitative programs at Lerdo facilities had approximately 2,470 participants in FY 2018-19.

Sheriff-Coroner

Department Head: Donny Youngblood, Elected

Fund: General

Budget Unit: 2210

Function: Public Protection

Activity: Police Protection

Description of Major Services

The Sheriff is elected to serve as the Sheriff-Coroner-Public Administrator with each role having distinct authorities and functions. The Sheriff is the County's chief law enforcement officer. In addition to providing police services to the unincorporated portions of the County, the Sheriff has the responsibility for the jail system, providing bailiff and prisoner transportation service to the courts, search and rescue, coroner services, and civil process (serving lawsuit papers). In addition, the department maintains active involvement in the community by participating in functions and committees that serve those within the County.

The Coroner is mandated by law to investigate and determine the cause and manner of death for people who pass away in the County pursuant to California Government Code Section 27491 and Health and Safety Code Section 102850, including all violent, sudden or unusual deaths.

The Public Administrator protects and administers the estates of people who pass away without a Will, "intestate", or when no one with a higher priority to act is willing or able to act as administrator. The Superior Court may also appoint the Public Administrator when an estate is contested or assets may be at risk. The Public Administrator serves in a fiduciary capacity and must diligently safeguard the decedent's property from waste, loss, or theft.

Public Protection

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of the department's expenditures are for staffing and operating costs necessary to provide patrol operations for the County's unincorporated areas and operate the County's adult detention facilities. The budget also includes costs related to the following: Coroner, public administrator, civil unit, court services, specialized investigations, communication and administrative functions. These expenditures are funded primarily by an allocation of Net General Fund Cost (NGFC). Other sources of revenue include \$45.1 million in Local Public Safety Funds (Proposition 172) and an allocation of 2011 Realignment of \$30.6 million to mitigate the impacts of the State prison realignment under Assembly Bill 109 (AB 109). The department charges for services for providing housing and transportation for federal prisoners and law enforcement services to the City of Wasco.

Public Protection

Budget Changes and Operational Impacts

The recommended budget seeks to provide vital resources necessary to maintain status quo operations while promoting applicable mandates associated with ensuring the public's safety are achieved. An NGFC compliant budget was submitted by the department, which included \$4,171,453 to cover pension increases for safety members, but would have created significant service level impacts inconsistent with the Board's focus on maintaining public safety. The recommended budget is \$10,393,847 in excess of the adopted NGFC guideline. This additional NGFC is comprised of: \$1,126,593 for the reclassification of Deputy Sheriffs approved by the Board on March 12, 2019; \$1,840,917 for the addition of a salary "F" step for Detention Deputies approved on March 26, 2019; \$1,776,337 for Workers' Compensation insurance increases as a result of increased estimated medical liability; \$850,000 to fund three Lieutenant positions; \$3.3 million for the Kern Law Enforcement Association (KLEA) proposal; and \$1.5 million for the outright purchase of new vehicles. The department will also contribute \$900,829 in budget savings incentive credits (BSI) toward the purchase of vehicles. An additional \$992,000 has been placed in the County's debt service budget unit, 8120, to facilitate the lease-purchase of 65 patrol vehicles, at an estimated cost of \$4.6 million.

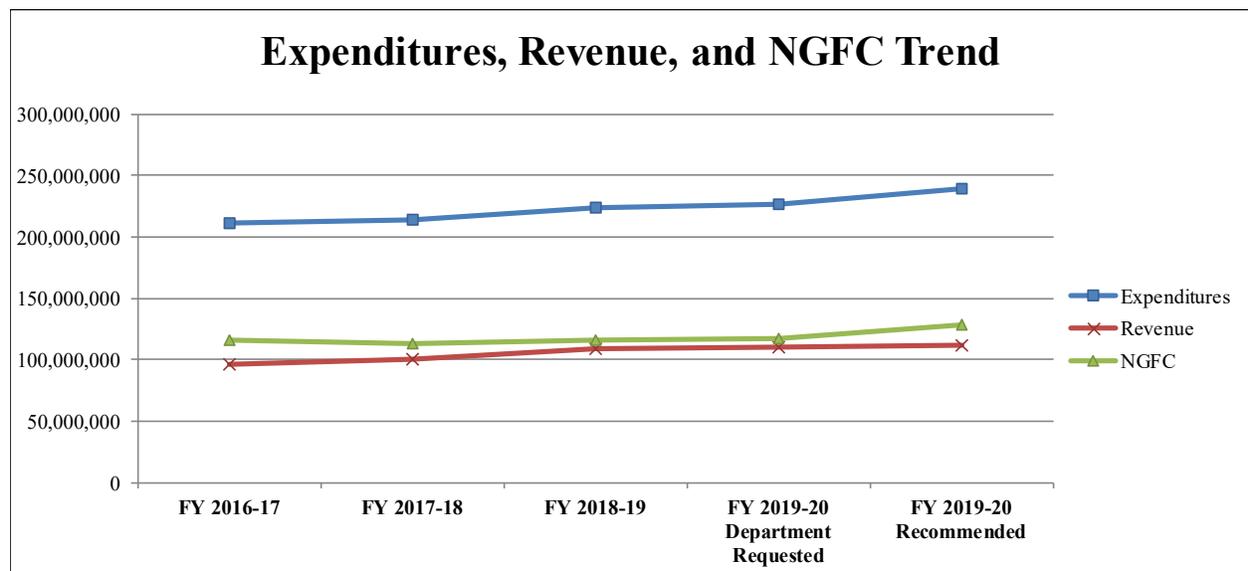

Additionally, \$1.325 million in Appropriations for Contingencies associated with recruiting, staffing, and equipping a deputy trainee program is again recommended for consideration, similar to the past three fiscal years. The trainee program funding is intended to assist the department in training as many as 32 Deputy Sheriffs to assist with maintaining staffing. Once trained these personnel represent an ongoing staffing cost that will be included in future budgets, at a cost of \$130,000-\$170,000 per deputy above the current proposed staffing level. This year, the trainee contingency funds will allow for the overhire of self-paid academy students, in the event the department does not have a funded vacancy.

On July 23, 2019 the Board of Supervisors voted on a contract proposal for KLEA that would provide a recruitment bonuses of \$10,000 for new Deputy Sheriff appointees. The estimated impact is up to \$2 million and this amount has been set aside in a General Fund designation.

Expenditures related to salaries and benefits will increase as pension costs continue to increase and the department focuses on maintaining staffing. Some services and supplies increases are offset by 2011 realignment (AB 109) and inmate welfare funding.

FY 2019-20 will be the second full year of the department’s admission, evaluation, and stabilization (AES) unit within Lerdo which is operated under contract and in cooperation with the State Department of Hospitals to more rapidly tend to those found incompetent to stand trial, in lieu of long-term state hospital stays, where clinically appropriate. The large increase in services and supplies in FY 2018-19 related to this program will continue in FY 2019-20 and will be offset by revenue.

Total revenue is expected to increase by \$2.4 million, with Local Public Safety (Proposition 172) decreasing by \$921,032 and 2011 Realignment (AB 109) is decreasing slightly. Miscellaneous revenue will increase by \$700,000 versus prior year due the way public safety workers’ compensation reimbursement is received and abated to salaries at fiscal year end. Other financing sources through transfers in from over 20 special revenue funds account for the majority of the revenue increase.

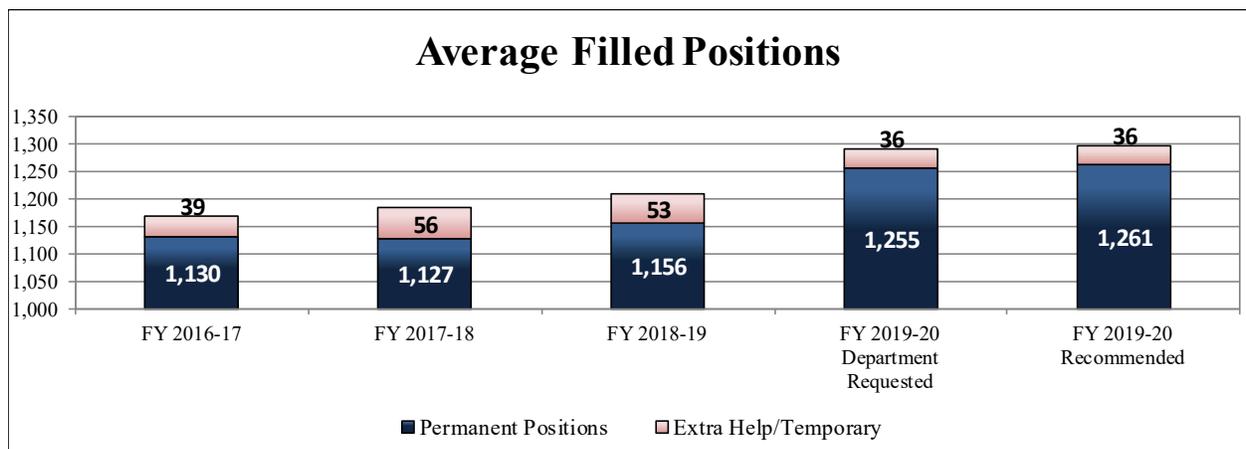

Staffing Changes and Operational Impacts

The department currently has 1,389 authorized positions. The recommended budget includes the addition of one (1) Sheriff’s Communications Center Manager position, one (1) Sheriff’s Aide position; one (1) Maintenance Plumber position and the deletion of one (1) Maintenance Electrician position. The recommended funding level will require the department to hold 130 currently vacant positions unfunded during FY 2019-20, which includes one (1) Fiscal Support Technician position; one (1) Automotive Mechanic position; seven (7) Sheriff’s Support Technician positions; one (1) Sheriff’s Dispatcher position; two (2) Detentions Lieutenant positions; nine (9) Detentions Senior Deputy positions; thirty-seven (37) Detentions Deputy positions; two (2) Sheriff’s Commander positions; one (1) Sheriff’s Lieutenant position; eight (8)

Sheriff’s Sergeant positions; twenty-six (26) Sheriff’s Senior Deputy positions; and thirty-five (35) Sheriff’s Deputy positions.

The department’s submitted budget requested the addition of two (2) Senior Human Resources Specialists and three (3) Human Resources Specialists while deleting six (6) positions at a net savings. The department seeks to better align job classifications with duties performed. The proposed reorganization would have also resulted in one layoff. The recommended budget does not include the requested additions and deletions and instead the Human Resources division was engaged to work through the reclassification process for those employees the department believed were conducting human resources work in alignment with the Senior Human Resources Specialist and Human Resources Specialist job specifications. The reclassification process has been complete and the Board approved the resulting reclassifications on June 30, 2019.

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Provide professional public safety services through community partnerships

Objective 1: Provide service level to meet safety and security needs of the community

Measurement	2016-17 Actual	2017-18 Actual	2018-17 Adopted	2018-19 Actual	2019-20 Goal
Average response time to priority 1 emergency calls	8 min 25 seconds	14 min 22 seconds	12 min 50 seconds	13 min 49 seconds	13 min 49 seconds
Percentage of violent crimes investigations cleared	55%	54%	54%	62%	62%
Percentage of stolen property recovered from rural crimes	40%	38%	38%	15%	33%
Percentage of gang related incidents cleared	68%	65%	65%	60%	N/A

It is the Sheriff's Office goal to improve the quality of life and ensure safety for the citizens of Kern, by ensuring that offenders are arrested and held accountable for crimes committed. Average response times can vary widely due to location and nature of calls received and staff available. The department is discontinuing the measurement related to gangs due to the recent disbanding of the gang unit. The department will continue to investigate gang incidents as they do other cases but will not have dedicated staff.

Objective 2: Reduce incarceration and recidivism through community outreach and evidence-based programs

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of inmates passing the GED test	35%	32%	35%	100%	60%
Increase the number of community contacts through community policing programs	180	200	185	165	170
Increase youth crime prevention and education activities	130	109	100	121	130
Percentage of inmates completing vocational programs	70%	76%	70%	29%	35%
Percentage of inmates completing education based drug/cognitive behavior therapy	25%	30%	35%	20%	25%
Percentage of inmates completing evidenced based drug/cognitive behavior therapy	90%	78%	80%	46%	50%

The Sheriff's Office will continue to build relationships and safer communities by providing information and addressing concerns, while making contacts and connections with neighborhood residents, community groups and businesses. The Sheriff's Office will continue to work with local schools to provide lectures on various crime prevention topics and distribute crime prevention material. Working with youth and preventing juvenile victimization, crime and delinquency is a priority for the Sheriff's Office.

The Sheriff's Office goal is to reduce recidivism by providing rehabilitation services for inmates while in custody by delivering evidence-based programs focusing on cognitive behavioral therapy which address the criminogenic needs of the in-custody population. In addition, the partnerships that have been and continues to be created with local community providers help to remove the barriers to a successful reintegration into society. AB 109 Realignment continues to impact both the community and facilities. As the criminal justice population fluctuates, so does program participation in-custody. There has been a decrease in the average daily population which is reflected in the actual and future goals. Moving forward, the Sheriff's Office will continue to look for and utilize best practices and proven methods to expand and improve in-custody rehabilitation programs and post-release services

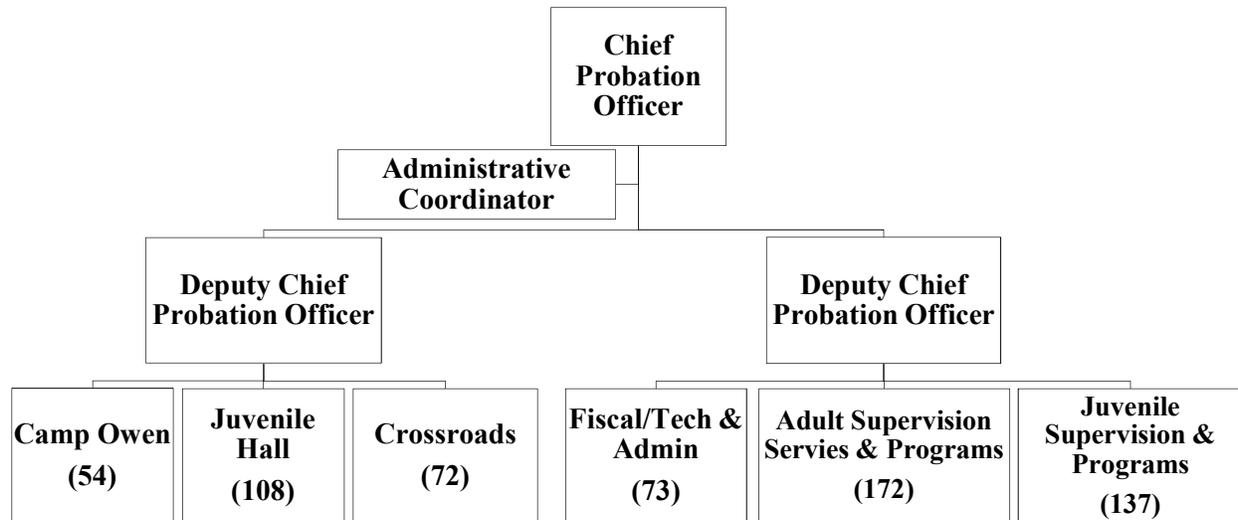

THIS PAGE INTENTIONALLY LEFT BLANK

Mission Statement

To reduce the incidence and impact of criminal behavior of juveniles and adults.

Organizational Chart

Public Protection

Fiscal Year 2017-18 and 2018-19 Accomplishments

- The Lean Six Sigma framework was utilized to evaluate the juvenile violation of probation process. The resulting project reduced the number of steps from 83 to 47, reduced time spent from 29 hours to 10 hours per violation, and produced a soft savings of \$400,000.
- During FY 2017-18 and FY 2018-19 Crossroads had 225 graduates and 68 graduates from Redwood High School. 219 youth received vocational certification, 38 received ServSafe certification, and 41 participated in Honor Guard.
- In FY 2017-18 Camp Erwin Owens had eight youth graduate high school, one receive an automotive service excellence certification, and 14 received a ServSafe certification. In FY 2018-19 through April 2019, eight youth graduated high school, three received an automotive service excellence certification, and seven received a ServSafe certification.
- Adult Investigations completed 2,455 full pre-sentence investigations reports for the court and 1,357 short report pre-sentence investigations during FY 2017-18. During FY 2018-19 through April 2019, the unit completed 1,699 full pre-sentence investigation reports for the court and 1,174 short report pre-sentence investigations.
- The Gang Intervention and Suppression Team officers seized 44 firearms and 693.3 grams of illegal narcotics in FY 2018-19 through April 2019.
- The Take Away Tattoos program conducted 21 clinics and provided tattoo removal services to 179 participants, including individuals on juvenile probation, AB109, and adult probation.

Probation

Department Head: TR Merickel

Function: Public Protection

Fund: General

Activity: Detention and Correction

Budget Unit: 2340

Description of Major Services

The Probation Department is responsible for adult and juvenile supervision, investigation reports for the courts, and case management services. The department is also responsible for operating the County's three juvenile detention facilities. With the impacts of the State prison realignment under Assembly Bill 109 (AB 109), the department has opened a day reporting center to provide services to the adult offender population by offering services from a wide variety of governmental agencies and community based agencies. All efforts are aimed at minimizing recidivism and moving offenders into a role of self-sufficient, productive citizens.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

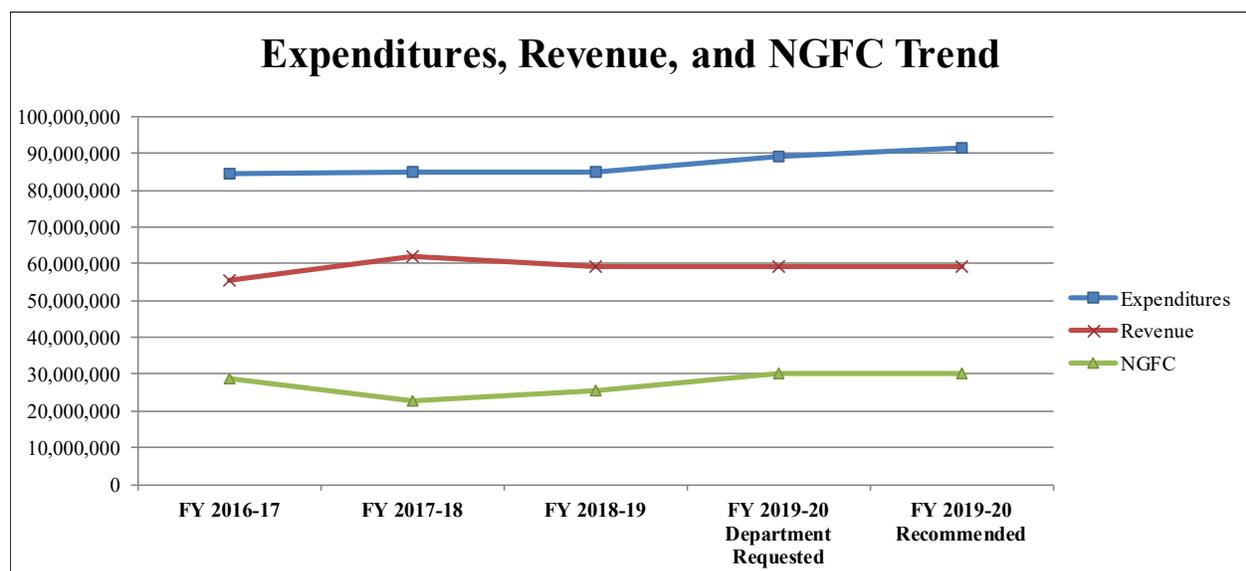

The majority of the department’s expenditures are for staffing and facility costs related to the supervision of adult offenders and legally detained minors. A significant portion of these expenditures are funded by an allocation of Net General Fund Cost (NGFC). The department receives \$10.27 million through State and federal funding which offsets a portion of its expenditures. Other financing sources account for the largest portion of revenue which includes \$12.53 million of Local Public Safety Funds (Proposition 172), approximately \$30.7 million in 2011 realignment to mitigate the impacts of the State prison realignment under AB 109 and juvenile justice legislation, in addition to \$4.1 million in juvenile realignment funds.

Budget Changes and Operational Impacts

Salaries and benefits will increase as a result of retirement costs increase for safety members, the department seeking to fill funded positions sooner throughout the year, and the addition of new positions. Retirement cost increases are recommended to be partially offset by additional NGFC, which ensures critical public services are maintained. Services and supplies and other charges will decrease from the prior year as some one-time critical health and safety projects will be complete.

Overall revenue is expected to change by approximately \$30,000 from the prior year. Local Public Safety funds, a function of sales tax revenue, is expected to decrease by \$255,835. Charges for service are anticipated to decrease by \$741,206 due to a one-time payment received last fiscal year. 2011 Realignment funding is projected to increase by approximately \$1.3 million as the department plans to utilize one-time realignment funds for camp projects. Other sources will vary slightly.

The department has over \$2 million in Budget Savings Incentive (BSI) credits, and has not committed any toward ongoing operations. The department instead remains focused on using one-time funds, such as these, toward one-time facility security projects.

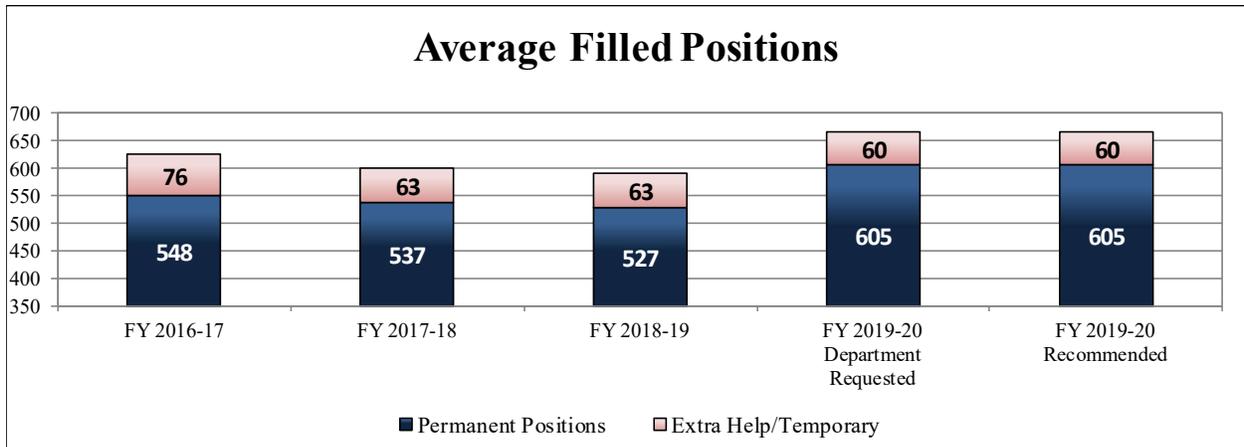

Staffing Changes and Operational Impacts

The department currently has 609 authorized positions. The recommended budget includes the addition of one (1) Departmental Analyst position; two (2) Probation Program Specialist positions; two (2) Deputy Probation Officer III positions; three (3) Juvenile Correction Officer III positions; and three (3) Juvenile Correction Officer positions.

The eight recommended safety position additions, along with the request to fund seven other positions previously held vacant, is the result of continued settlement negotiations, which will necessitate additional staff training, facility and technological improvements, and additional staffing. While no additional General Fund resources are recommended at this time for the new positions, due to historically low staffing levels relative to funded positions, a General Fund commitment may be required in future years. The potential impact of these newly added and funded positions is approximately \$2.2 million. An additional General Fund contribution will be evaluated in each fiscal year to ensure the new positions are funded.

The department requested the addition of a Business Manager position and subsequent deletion of an Accountant; however, this request has not been included in the recommended budget and is being evaluated by the Human Resources Division.

The recommended budget will require the department to hold 15 currently vacant position unfunded during FY 2019-20.

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Reduce crime and improve law enforcement services

Objective 1: Reduce the incident and impact of criminal behavior of adults

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of adult offenders successfully completing probation	12%	14%	14%	15%	16%
Percentage of adult probationers who have new violations (Recidivism Rate)	12%	10%	10%	11%	10%
Number of offenders on felony probation	7,144	7,000	7,000	7,344	7,000
Number of offenders on post release community supervision	1,565	1,500	1,500	1,581	1,500
Number of offenders on mandatory supervision	620 ²	600 ²	900 ²	960 ¹	900 ¹
Number of pre-sentence investigation reports submitted to Superior Court	4,034	4,000	4,000	4,664	4,500
Number of home calls/field contacts	18,751	18,000	17,000	14,408	16,000
Number of arrests	2,078	1,750	1,750	1,893	1,800

This is the department's primary objective which can be accomplished through providing investigation and enforcement services to Superior Court and by holding offenders accountable for criminal conduct. Through AB 109 funding, the department has effectively met the goal of an appropriate ratio of probationers to officers (60:1) in AB 109 supervision units; however, the ratio of probationers to officers remains extremely high (219:1) in Felony supervision units. The department is still committed to reducing this ratio when funding is available. Should the department experience budget cuts and/or loss of other revenue, caseload sizes will increase, and a number of offenders will not be supervised thus the possibility of an increase in crime in our county. The department believes that with ongoing collaboration with community-based organizations, relationship with staff operating the day reporting center, and the addition of the adult programs center, they will be able to positively impact the recidivism rate and the successful completion rate in FY 2019-20. The department continues to research improvements in data collection; therefore, future data collection and data definitions may be different than how they are currently defined.

¹ Includes warrants and pending cases

² Excludes warrants and pending cases

Objective 2: Reduce the incident and impact of criminal behavior of juveniles

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of juvenile offenders successfully completing probation	16%	18%	20%	19%	20%
Percentage of juvenile probationers who have new violations (Recidivism Rate)	25%	23%	21%	22%	20%
Number of juveniles on supervised probation	2,069	1,776	1,850	1,725	1,800
Number of probation violation petitions filed	309	404	300	234	300
Number of referrals to the Probation Department	2,986	3,002	2,800	2,637	2,600
Number of investigations for Juvenile Court	1,305	1,452	1,300	1,114	1,200
Number of new law violation petitions filed	1,252	1,038	1,100	1,285	1,000
Number of home call/field contacts	12,340	14,839	14,500	11,946	13,000
Number of arrests	565	729	600	535	600

This is the department's primary objective which can be accomplished through providing investigation and enforcement services to Superior Court and by holding juvenile offenders accountable for their criminal conduct. The department has seen a decrease in referrals over the last three years. This allows field officers to spend more time in the community, where they are working with youth and their families to redirect negative attitudes and behaviors that would normally result with youth reoffending. The department's risk assessment tool continues to aid the community by allowing staff to investigate and subsequently supervise those youth who are deemed moderate/high risk to reoffend.

GOAL 2: Reduce criminal activity through education and prevention.

Objective 1: Operating correctional programs that provide for public protection, the prevention of crime and the redirection of offenders (adults and juveniles)

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of adult probationers (AB 109) receiving evidence-based services.	N/A	50%	52%	51%	52%
Percentage of juvenile commitments in Kern Crossroads Facility, Camp Erwin Owen and Pathways Academy who participated in an evidence-based treatment behavioral program.	N/A	50%	50%	77%	80%
Percentage of juvenile probationers receiving evidence-based services.	N/A	50%	51%	50%	51%

The department is pleased with the success of the programming provided to adult probationers through the day reporting center. The department conducted a study and found that the felony recidivism rate for day reporting center graduates is 14% compared with non-participants at 37%. Even those that participated had a lower recidivism rate (28%) than non-participants. Most notably, the study found that non-participants had a ratio of 1.07 new convictions (misdemeanor and felony) to 1 individual, compared to 0.79:1 for the participant group, and 0.43:1 for the graduate group. This equates to a 60% reduction in new convictions when comparing the graduate and the non-participant groups. The recidivism rate is proof that evidence-based treatment programs and services are more effective in providing public protections while changing the lives. The data from County juvenile institutions reflects the same as in County adult correctional programs.

In addition to the programs currently offered, the department has created the Adult and Juvenile Programs Units. These units offer evidence-based programs to adult and juvenile probationers in the community. The department has made a commitment to implementing evidence-based practices as numerous studies have shown they reduce recidivism to a significant extent. This captures the essence of the department’s mission of reducing the incidence and impact of criminal behavior in County probationers. As a result, the department wants to track the percentage of probationers exposed to evidence-based treatment. Moving forward, department goals will relate to increased evidence-based treatment provided to those in our charge. Examples of evidence-based programs include criminogenic assessments, individualized case plans with referrals to services, and evidence-based treatment in juvenile detention programs. Other examples of programming provided through Probation: Adult Programming Unit, Juvenile Programming Unit, Day Reporting Center, Bridges Pre-screen PACT, and the Positive Achievement Change Tool.

Mission Statement

To enhance the quality of life in Kern County by protecting and serving our citizens.

Organizational Chart

Public Protection

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Completed the reorganization of the Fire Prevention division from safety to civilian positions, resulting in an annual savings of \$215,000.
- 79 department employees received introductory Lean Six Sigma training, resulting in 7 projects for an estimated savings of \$625,573 and 6,384 hours.
- Revised Air Operations division staffing plan to cross staff with Station 11 (Keene) for a savings of \$1.1 million.
- Initiated paramedic response program in the community Buttonwillow through collaboration with the Buttonwillow Community Foundation.
- Completed numerous grant funded fuel mitigation projections throughout the County for the removal of dead trees and establishment of fire breaks.

Fire

Department Head: David Witt

Function: Public Protection

Fund: Fire

Activity: Fire Protection

Budget Unit: 2415 and 1114

Description of Major Services

The Kern County Fire Department's fundamental mission is to preserve life, property, and the environment. The department responds to emergency fire, rescue, and medical aid requests. Other functions include fire and injury protection, public education, and emergency preparedness and mitigation. The department provides protection throughout the County, including areas of metro Bakersfield and other incorporated cities, and has many mutual aid agreements with neighboring fire suppression organizations. Additionally, the department also contracts with the State to protect 1.6 million acres of State responsibility area lands within the County.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of the department's expenditures are for staffing and operating costs necessary to achieve the department's mission. These expenditures are funded primarily by property taxes collected in budget unit 1114 in the Fire Fund of approximately \$100.47 million, an increase of \$1.5 million from FY 2018-19.

In FY 2014-15 a transfer of property tax base revenue, in the amount of \$18.4 million, between the General Fund and the Fire Fund in lieu of a direct Net General Fund Contribution (NGFC) for fire protection services was approved by the Board of Supervisors. However, due to sustained expenditures on staffing and overtime, increased safety retirement costs, and no long-term fiscal plan, a General Fund contribution has continued to maintain operations.

Other major sources of revenue for the Fire Department include charges for services from other municipalities for whom the Fire Department provides fire and emergency response services totaling \$25.87 million and a \$7.2 million allocation of Local Public Safety Funds (Proposition 172).

Budget Changes and Operational Impacts

The recommended budget proposes an NGFC of \$9,003,279, which includes \$7,349,054 to mitigate pension costs related to safety employees. This contribution is offset by the \$759,330 in health benefits rates reductions, for a total contribution for pension costs of \$6,589,724. An additional \$2 million is included to provide funding for critical capital needs, primarily equipment replacement. The recommended budget also includes \$413,555 originally due to the City of McFarland in January 2020, pursuant to a 2010 settlement agreement; however due to a recent agreement with the City of McFarland for fire service this amount will instead be transferred from the General Fund to the Fire Fund.

A revised pension cost mitigation plan, through next fiscal year, will require the General Fund to commit additional discretionary dollars in the coming years, increasing by about \$2 million. Even still, the department faces a \$6 million structural deficit, which is ongoing spending in excess of ongoing revenue sources.

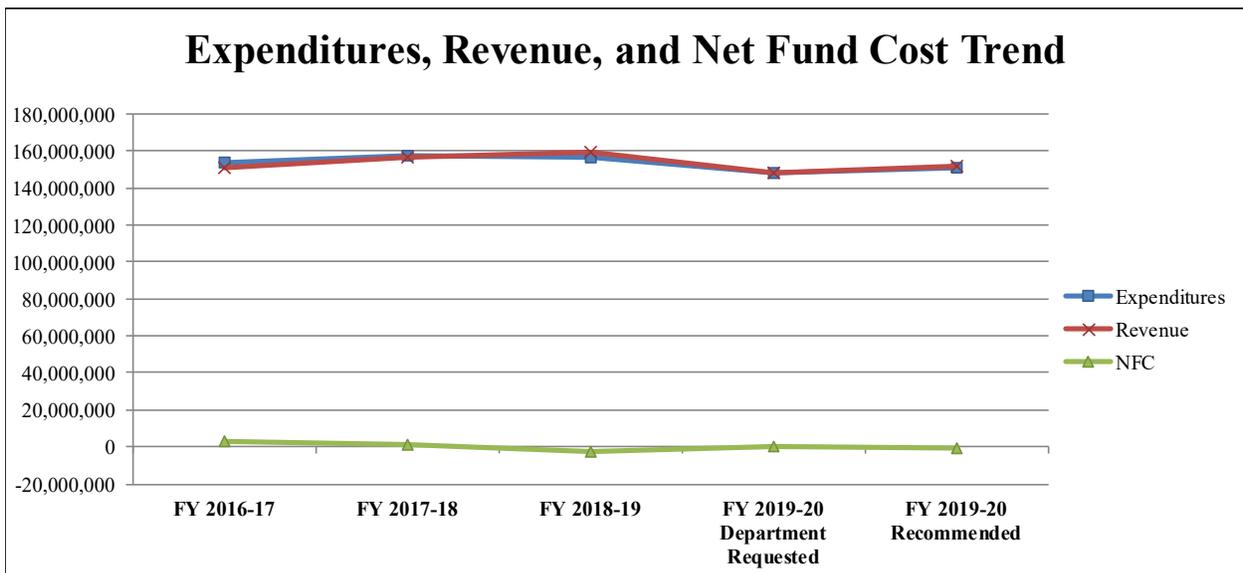

The department is currently working with the County Administrative Office and outside consultants to develop a strategic plan, update their fee schedules, and ensure actual cost reimbursements for fire protection services. Additionally, the department is developing long-term capital and apparatus replacement plans, all of which will be included in an updated 5-year financial projection.

Charges for services associated with reimbursement revenue from other agencies for fire suppression costs is budgeted at \$3 million. Historically, reimbursements fluctuate dramatically depending on the severity and number of wild land fires during any given year, and the department may receive additional revenue throughout the fiscal year. Additional funds would be recognized and appropriated mid-year to cover overtime and other costs associated with fire response on

behalf of other agencies. Other charges for services also include agreements with several cities and neighboring counties to facilitate reimbursement of the actual costs of services provided.

The department is currently in the extended performance phase of their SAFER grant, which is scheduled to conclude when funds are exhausted, between December and March of 2020. The SAFER grant originally provided \$4.4 million in funding for 18 firefighter positions and required the County to maintain a specific number of firefighters across the County. These positions are funded for the entire fiscal year, but will contribute to the department’s fiscal deficit if not absorbed through attrition.

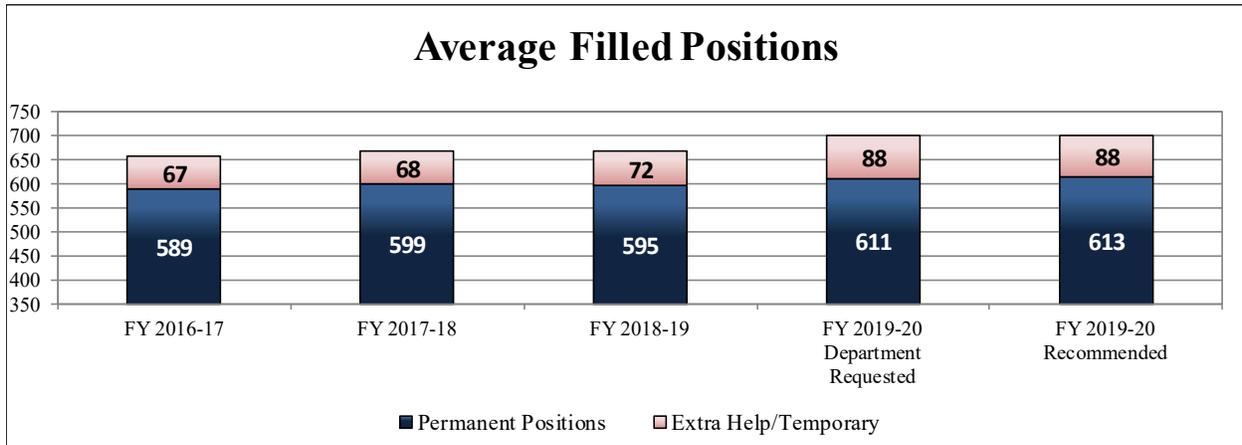

The fund balance available at June 30, 2019 is \$2,078,424, of which \$260,401 will be added to the Shafter operational area designation, as contractually required. The remaining funds of \$1,818,023, along with \$854,005 in excess General Fund contribution, will be set aside in a general designation to fund future operational uncertainties including retention of Firefighters currently funded by a SAFER grant.

Staffing Changes and Operational Impacts

The department currently has 619 authorized positions. The recommended budget includes the addition of one (1) Chief Deputy – Fire position and one (1) Director of Administrative Services – Fire position. The recommended budget provides funding that will allow the department to fill 613 of the 621 recommended positions. These executive management positions are recommended to allow the recently appointed Fire Chief the ability to better align the operations of the department with current best practices in fire service. The Chief Deputy – Fire, an existing classification, will act as a second-in-command and will lead the department in the Fire Chief’s absence. The Director of Administrative Services – Fire position is a new position that will allow the Chief to align non-sworn activities under civilian management thereby allowing sworn management to focus on the core fire protection and emergency response duties of the department.

Budgeted, non-safety positions that become vacant throughout the year will be evaluated for potential budgetary savings due to the persistence of the Fire Fund’s structural deficit.

Public Protection

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Enhance fire protection service through adequate fire suppression, emergency medical service, and emergency response.

Objective 1: Achieve and maintain average response times of four minutes in suburban areas, and eight minutes in rural areas

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Average response time (in minutes) for suburban areas	6:21	6:29	4:00	6:39	4:00
Average response time (in minutes) for rural areas	7:27	7:26	8:00	7:33	8:00

These indicators measure the department’s ability to provide reasonable response times to all-risk incidents. Rapid deployment and concentration of resources at the decisive time and place is essential to successful performance of fire and lifesaving operations. Incident related life and property loss can be reduced through timely incident response. The adopted goals are based upon nationally recognized standards.

Objective 2: Adequately staff fire stations for emergency response.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Protected population per on-duty firefighters	3,276	3,427	3,427	3,427	3,599

The nationally recognized standard is to provide one on-duty firefighter per 2,500 population protected. The department has 161 on-duty firefighters and protects a population of 551,771. This result in a protected population of 3,427 per on-duty firefighter.

Goal 2: Enhance fire protection service through public education, fire prevention activities, and hazard abatement

Objective 1: Enhance public safety through public education programs and disaster preparedness activities

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of contacts made through public education programs	<i>New Performance Measure</i>				150,000
Personnel hours spent in support of the Office of Emergency Services disaster preparedness	<i>New Performance Measure</i>				10,000

Education is an essential part of the prevention and mitigation process. The department has designated two full-time positions to participate in a variety of public education programs. Additionally, the department has overall responsibility for multi-agency and/or multi-jurisdiction disaster response coordination and communication. The department's preparedness and response capabilities have been greatly enhanced from equipment and training provided through Homeland Security grant funding. These measures are new this year.

Objective 2: Protect Kern County communities from the devastation of wild fires.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of miles of fire roads and fuel breaks created or maintained	<i>New Performance Measure</i>				600
Percentage of wildfires controlled to 10 acres or less	<i>New Performance Measure</i>				95%

Fire and fuel breaks that are strategically located keeping small fires from becoming large and giving firefighters a place to stop large fires thereby saving money, property and natural resources. The fire and fuel break system in Kern County has been instrumental in stopping the spread of numerous fires along major roadways, such as Interstate 5 and State Highways 65 and 33. This has allowed the department to control these fires with fewer resources and less cost. The department's goal, and the state's mission, is to control 95% of wildfires on State Responsibility Area lands at ten acres or less as specified in the CalFire and department operating plan. These measures are new this year.

County Contribution - Fire

Department Head: David Witt
 Fund: General
 Budget Unit: 2416

Function: Public Protection
 Activity: Fire Protection

Description of Major Services

This budget unit facilitates the County Net General Fund Cost contribution to the Fire Department (Budget Unit 2415).

Public Protection

Summary of Expenditures and Revenue						
	FY 2017-18	FY 2018-19		FY 2019-20		
	Actual	Adopted Budget	Actual	Department Requested	Preliminary Recommended	Recommended
APPROPRIATIONS:						
Other Financing Uses	\$3,988,933	\$6,181,549	\$6,181,549	\$6,589,724	\$8,589,724	\$9,003,279
TOTAL EXPENDITURES	\$3,988,933	\$6,181,549	\$6,181,549	\$6,589,724	\$8,589,724	\$9,003,279
NET GENERAL FUND COST	\$3,988,933	\$6,181,549	\$6,181,549	\$6,589,724	\$8,589,724	\$9,003,279

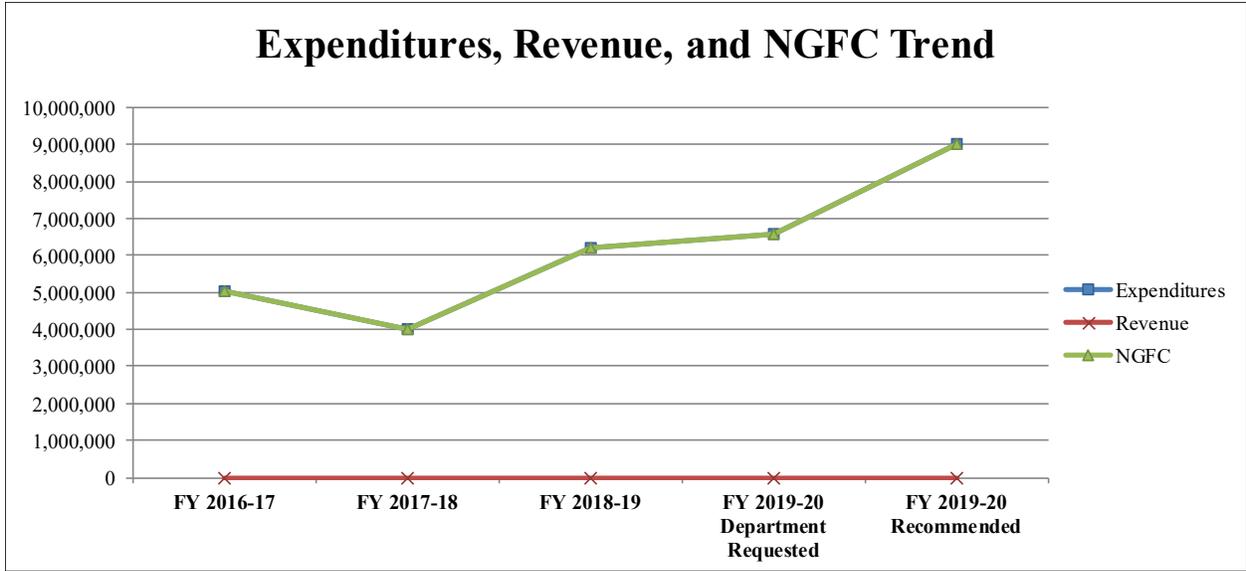

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The County Contribution – Fire budget unit appropriates supplemental funding from the General Fund to the Fire Fund to support general operating expenses. Appropriations within this budget unit will be transferred to the Fire Department’s operating budget 2415 and is included in that budget unit under the revenue category of other financing sources.

Budget Changes and Operational Impacts

The recommended budget proposes an NGFC of \$9,003,279, which includes \$7,349,054 to mitigate pension costs related to safety employees. This contribution is offset by the \$759,330 in health benefits rates reductions, for a total contribution for pension costs of \$6,589,724. An additional \$2 million is included to provide funding for critical capital needs, primarily equipment replacement. The recommended budget also includes \$413,555 originally due to the City of McFarland in January of 2020, pursuant to a 2010 settlement agreement; however, due to a recent agreement with the City of McFarland for fire services this amount will instead be transferred from the General fund to the Fire fund.

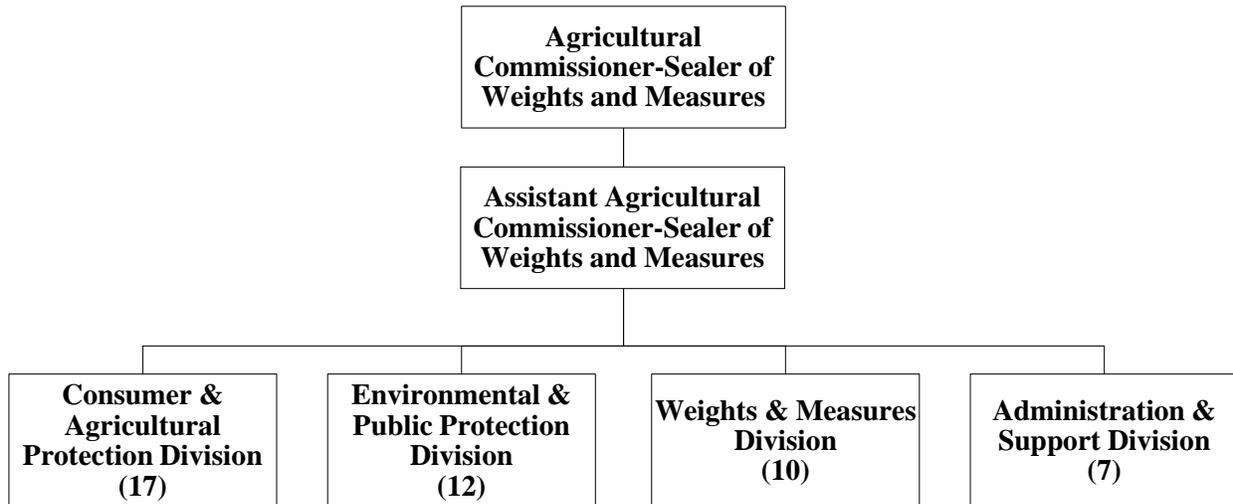

In FY 2014-15 a transfer of property tax base revenue in the amount of \$18.4 million from the General Fund to the Fire Fund in lieu of a direct Net General Fund Contribution (NGFC) for fire protection services was approved by the Board of Supervisors. The Fire Department continued to receive \$18.4 million through the allocation of property taxes. However, due to a reduction in other Fire Fund property tax revenue related to oil and gas properties and sustained expenditures in light of lost revenue, the General Fund contribution was once again necessitated to maintain status quo operations beginning in FY 2016-17.

Mission Statement

To promote and protect the agricultural industry, the environment, and the general public.

Organizational Chart

Public Protection

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Continued diligence in conducting commodity inspections has helped facilitate the sale and shipment of the County’s produce and contributed to the County’s ranking as the number one county in the state in total crop value for the second time with a value of \$7.3 billion.
- In FY 2017-18, the department conducted 1,021 pesticide inspections and issued 78 violations, resulting in a 92% compliance rate.
- Through May 15, 2019 of FY 2018-19, the department conducted 1,188 pesticide inspections and issued 262 violations, resulting in a 78% compliance rate. The increase in violations are due to the department broadening its scope of inspections to include maintenance gardener pest control businesses, which typically have a low compliance rate.
- The department issued 34,745 phytosanitary certificates in FY 2017-18 and has issued 33,969 in FY 2018-19 through April 30, 2019.
- The department provided pesticide application education presentations in both English and Spanish to 1,655 individuals in FY 2017-18 and 5,760 in FY 2018-19 through May 15, 2019.
- Implemented the new school notification requirements and use restrictions for pesticides use near school sites. Kern County was the first county to have 100% compliance by the April 30, 2018 deadline.

Agriculture and Measurement Standards

Department Head: Glenn Fankhauser

Function: Public Protection

Fund: General

Activity: Protective Inspection

Budget Unit: 2610

Description of Major Services

The Agriculture and Measurement Standards Department promotes and protects the County's agricultural industry and provides agricultural research and information services. The department enforces laws and regulations established by the State Department of Food and Agriculture and the State Department of Pesticide Regulations, and enforces consumer protection laws and regulations.

The department enforces laws and regulations related to commercial transactions involving weight, measure, or count. The department inspects packaged goods and bulk commodities to ensure that their weights and measures are as advertised and that they conform to the Federal Fair Packaging and Labeling Act. The department also inspects petroleum products for proper labeling and quality conformance to established standards.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

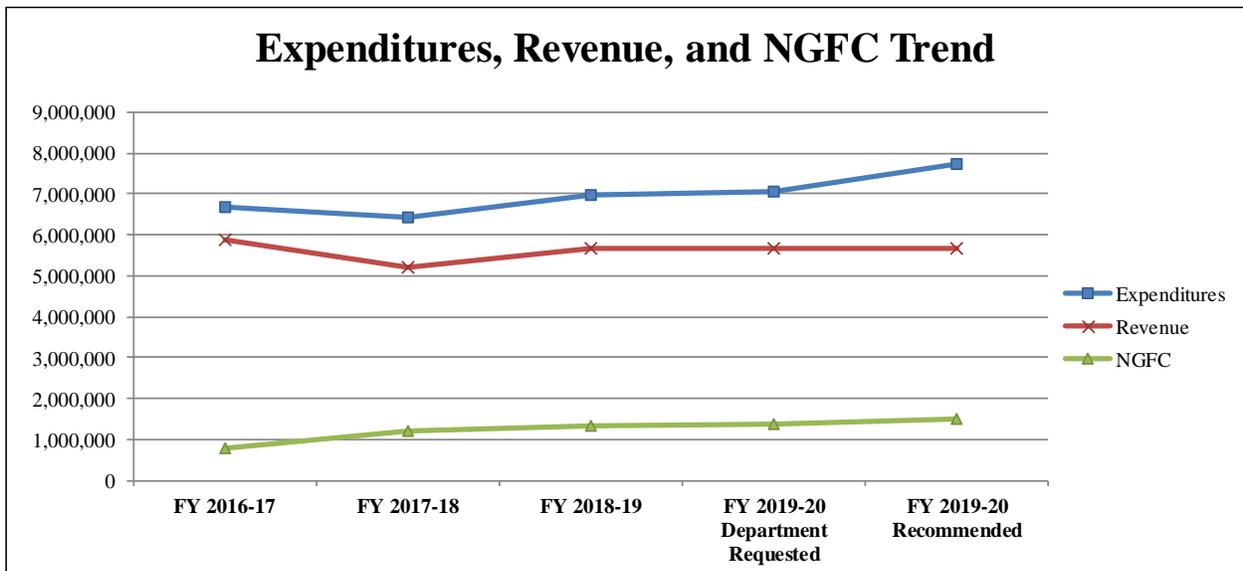

The majority of the department's expenditures are for staff costs. These expenditures are necessary to provide mandated inspection services in the field of agriculture and weights and measures. Vehicles and fuel charges comprise a majority of the operating expenses. Capital assets in the

amount of \$107,675 are included for the final phase of the department’s microwave communication upgrade.

The department is funded through charges for phytosanitary services, weight and measures registration fees, reimbursement from State contracts, a portion of the State’s pesticide mill assessment, and the County’s portion of unclaimed gasoline tax. The department also receives an allocation of Net General Fund Cost.

Budget Changes and Operational Impacts

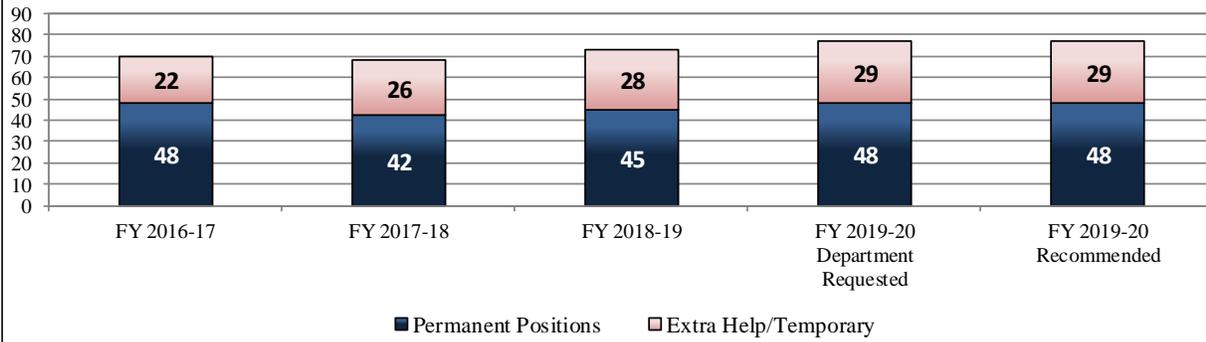

The recommended budget allows the department to operate at current service levels. Expenditures are expected to increase in FY 2019-20 in an attempt to maintain the County’s maintenance of effort necessary to maintain eligibility for unclaimed gas tax revenue. Revenue is expected to remain relatively flat compared to the actual for FY 2018-19. Additional State contracts may be awarded throughout the year, and consistent with prior years, the department plans to recognize new revenue throughout the fiscal year as it is received. Sustained revenue through state programs along with continued attrition will allow the department to meet their proposed reduction without service level impact.

Staffing Changes and Operational Impacts

The recommended budget includes the addition of one (1) Office Services Technician position and the deletion of one (1) Office Services Specialist position. The recommended budget includes the recently negotiated salary increases for Agricultural Biologist/Weight and Measurement Classifications. The department will also continue to utilize a significant number of extra help staff to assist with seasonal workloads related to State contracts.

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1:	Ensure safe pesticide use within the agricultural industry and monitor compliance with existing pesticide regulations.																														
<i>Objective 1: Increase education of applicators through public contact and presentations</i>																															
Measurement	<table border="1"> <thead> <tr> <th></th> <th>2016-17</th> <th>2017-18</th> <th>2018-19</th> <th>2018-19</th> <th>2019-20</th> </tr> <tr> <th></th> <th>Actual</th> <th>Actual</th> <th>Adopted</th> <th>Actual</th> <th>Goal</th> </tr> </thead> <tbody> <tr> <td>Number of individuals reached through department presentations</td> <td style="text-align: center;">2064</td> <td style="text-align: center;">1300</td> <td style="text-align: center;">1500</td> <td style="text-align: center;">5710</td> <td style="text-align: center;">4500</td> </tr> <tr> <td>English speaking attendees to continuing education presentations</td> <td style="text-align: center;">251</td> <td style="text-align: center;">350</td> <td style="text-align: center;">300</td> <td style="text-align: center;">301</td> <td style="text-align: center;">325</td> </tr> <tr> <td>Spanish speaking attendees to continuing education presentations</td> <td style="text-align: center;">111</td> <td style="text-align: center;">130</td> <td style="text-align: center;">130</td> <td style="text-align: center;">90</td> <td style="text-align: center;">130</td> </tr> </tbody> </table>		2016-17	2017-18	2018-19	2018-19	2019-20		Actual	Actual	Adopted	Actual	Goal	Number of individuals reached through department presentations	2064	1300	1500	5710	4500	English speaking attendees to continuing education presentations	251	350	300	301	325	Spanish speaking attendees to continuing education presentations	111	130	130	90	130
	2016-17	2017-18	2018-19	2018-19	2019-20																										
	Actual	Actual	Adopted	Actual	Goal																										
Number of individuals reached through department presentations	2064	1300	1500	5710	4500																										
English speaking attendees to continuing education presentations	251	350	300	301	325																										
Spanish speaking attendees to continuing education presentations	111	130	130	90	130																										
<p>Increased awareness of pesticide regulations is gained through the department’s public outreach and continuing education (CE) presentations. Over the years, the department has gradually increased attendance at CE sessions and include Spanish-only presentations for a broader reach. Additionally, the department tries to attend and give as many public presentations as possible to increase knowledge of laws and regulations to the regulated community as well. In FY 2019-20 the department anticipates reaching even more people in this manner.</p>																															

Objective 2: Improve compliance with pesticide laws and regulations.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of pesticide inspections performed	1214	1021	1000	1444	1250
Number of pesticide inspections with violations	97	78	95	296	250
Percentage of pesticide users complying with governmental standards	92%	92%	96%	80%	90%

The department performs unannounced pesticide use inspections on growers, agricultural pest control businesses and structural pest control businesses. The department also conducts pesticide related record audits on pest control advisors and pesticide dealers. Pesticide use inspections and pesticide related record audits are made to determine compliance with government pesticide standards. Over the last couple of years, the department has been able to increase trained staff in this division, thereby increasing the total number of inspections.

Goal 2: Attract and support business by providing appropriate infrastructure.*Objective 1: Ensure fairness and accuracy of Weights and Measure's devices in the marketplace*

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of consumers rating the department's responsiveness to Weights and Measures complaints as "outstanding"	80%	72%	86%	63%	80%
Percentage of consumers rating the department's responsiveness to Weights and Measures complaints as "good"	10%	22%	14%	38%	20%
Percentage of consumers rating the department's responsiveness to Weights and Measures complaints as "average" or below	10%	6%	0%	0%	0%

This indicator is tabulated from the department's Consumer Service Satisfaction Survey sent to all complainants. Ratings are in one of five categories. A major goal of the department is to ensure the highest customer satisfaction when dealing with complaints from members of the public. Consequently, this indicator helps address fairness in the marketplace by addressing specific device accuracy, which may not be addressed by routine inspections. From FY 2016-17 to FY 2018-19 the department's outstanding ratings have declined, however, the ratings of average or below have dropped to zero. The department will continue to focus on increasing satisfaction by focusing on customer service.

Objective 2: Ensure pest and problem free entry of commodity shipments into foreign countries.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of commodity shipments of agricultural products inspected	30,061	31,419	30,000	36,614	40,000
Number of commodity shipments of agricultural products rejected	33	42	20	17	15

This indicator shows the relatively small portion of the County commodity shipments which are rejected due to pest finds by foreign governments. The low number of rejections is primarily because of the department's ability not only to inspect commodities thoroughly, but the department's ability to keep up with the rising workload associated with increasing foreign shipments. As a percentage, the number of rejected shipments should be kept at a miniscule level. Our goal is to minimize the number of rejected shipments. In order to achieve this goal, we increase our presence as well as increase training opportunities for employees so that they are more readily able to identify pests and diseases in commodity shipments so that they are not certified for export.

The County exports decreased dramatically in FY 2015-16 due to a large nut exporter changing their shipping methods to consolidate many shipments thus requiring only one inspection and document. Although this has occurred, the department has recently seen an increase in export programs to certain countries which has increased the inspection requests. Moreover, the 2016 and 2017 crop reports ranked Kern #1 in gross value of agricultural commodities. As a result, the number of shipments has increased somewhat in the subsequent years.

Code Compliance: Abatement

Department Head: Craig Pope

Fund: Abatement Cost

Budget Unit: 2623

Function: Public Safety

Activity: Protective Inspection

Description of Major Services

Code Compliance: Abatement is a division of the Public Works Department that operates to enforce and correct violations that threaten public safety in County areas, such as public nuisances, weeds, building and housing, solid waste, and abandoned wrecked, inoperative, or dismantled vehicles. An additional function of this division is to provide enforcement preventing litter and illegal dumping. Beginning with FY 2017-18 the operations of Code Compliance, previously accounted for in the General Fund, have been moved to the Abatement Cost Fund.

NET FUND COST	(\$108,075)	(\$8,838)	(\$92,239)	\$187,229	\$187,229	\$194,891

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of the expenditures for this budget unit are associated with labor cost reimbursements from the Public Works Internal Service Fund. The recommended budget includes \$1.3 million within services and supplies to reimburse Public Works to fully staff the operations of the Code Compliance division. The division receives reimbursement for cleaning areas subject to illegal dumping and revenue from code enforcement violation fines. The division is primarily funded by a contribution from the General Fund.

Budget Changes and Operational Impacts

No significant changes are anticipated in FY 2019-20. The Services and Supplies and General Fund contribution categories are decreasing from FY 2018-19 actual due to the inclusion of \$200,000 NGFC for Blight Remediation. The division's FY 2019-20 budget does not include appropriations from the Blight Remediation designation as the division will seek approval for this funding from the Board of Supervisors throughout the year as projects arise.

FY 2019-20 Goals, Objectives and Performance Measures

Goal 1: Reduce nuisances through efficient abatement procedures					
<i>Objective 1: Increase the number and speed of nuisance abatements.</i>					
Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of cases related to illegal dumping, property maintenance, and zoning violations that have been resolved	71%	70%	73%	75%	75%
Number of cases related to illegal dumping, property maintenance, and zoning violations that have been resolved	2,637	2,619	2,700	2,543	2,500
Percentage of cases related to illegal dumping, property maintenance, and zoning violations that are resolved within 30 days	30%	31%	41%	31%	31%
Number of cases related to illegal dumping, property maintenance, and zoning violations that are resolved within 30 days	1,108	1,179	1,100	1,046	1,050
Percentage of cases related to illegal dumping, property maintenance, and zoning violations that are resolved within 90 days	50%	50%	67%	52%	52%
Number of cases related to illegal dumping, property maintenance, and zoning violations that are resolved within 90 days	1,853	1,866	1,800	1,770	1,800
<p>The mission of the Code Compliance division is to work in partnership with the people of Kern County to promote health and welfare, and maintain community standards. A key objective is to abate as many nuisances as possible, as quickly as possible. This past fiscal year the division was able to maintain the performance levels percentage goal despite losing one Code Officer to retirement and one Administrative Coordinator. The Code division was able to shift administrative tasks to supervisors and clerical staff. This coming fiscal year, it is anticipated that the division will operate with current staffing levels. Despite funding and staffing challenges, the division expects to make the goals set for FY 2019-20. There has been a change in how the automated software reports cases for a given time period resulting in an impact to case tabulations and percentages reported. Historical data has been revised to report in line with the change to reporting.</p>					

Building Inspection

Department Head: Craig Pope
 Fund: Building Inspection
 Budget Unit: 2624 and 2625

Function: Public Protection
 Activity: Protective Inspection

Description of Major Services

Building Inspection is a division of the Public Works Department. The division enforces building regulations in order to ensure the health and safety of the public throughout the permit and building process. The division administers parcel map and zoning requirements for land use by issuing building permits, and inspects all new construction in the County unincorporated area.

TOTAL REVENUE	\$5,674,805	\$4,949,440	\$5,867,897	\$5,046,201	\$5,046,201	\$5,046,201
NET FUND COST	\$1,342,076	\$4,531,008	\$1,311,463	\$6,650,466	\$4,450,466	\$5,601,181

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

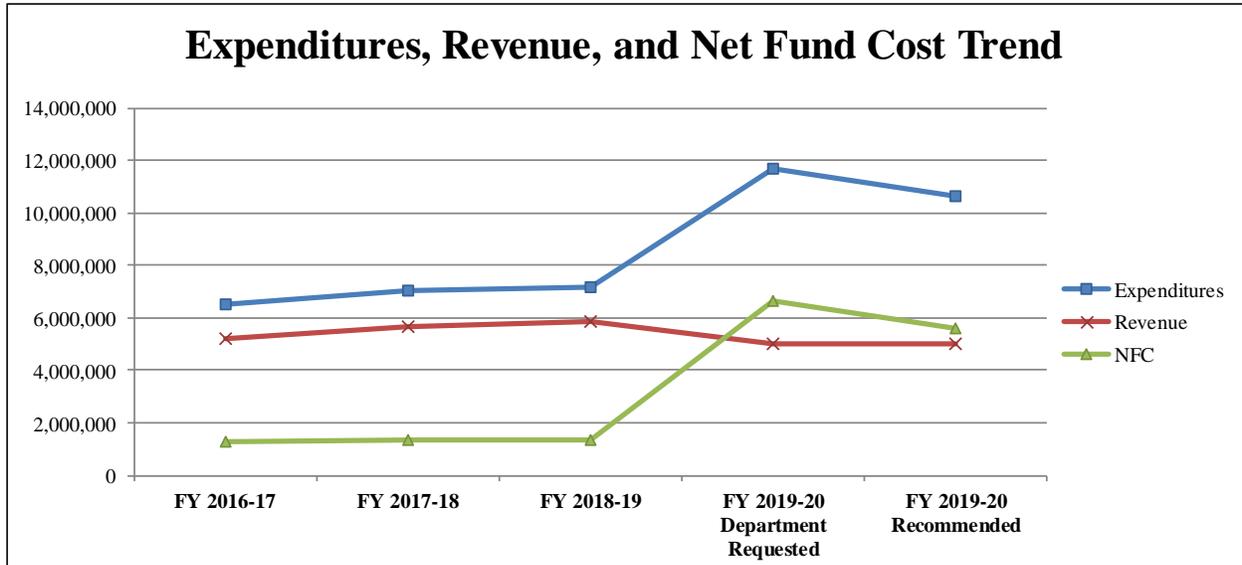

The majority of the expenditures of the division are associated with labor reimbursement costs and engineering consultant services. The preliminary recommended budget includes \$7.9 million within services and supplies to reimburse the Public Works Department to staff the operations of the Building Inspection division. The primary source of revenue for the division is building permit fees.

Budget Changes and Operational Impacts

In addition to salary reimbursement to Public Works, \$1.8 million is being budgeted in services and supplies for general office expenses, consulting services, solar and wind energy surveying and zoning services. Included in the recommended budget is a major maintenance project for the renovation of the Public Service Building lobby in the amount of \$1.2 million.

The fund balance as of June 30, 2019 is \$4.1 million, all of which will be used in FY 2019-20. In addition, \$1.5 million of the \$10.6 million available in the general designation will be used to fund the renovation of the Public Service Building and maintain or exceed the current level of service. The remaining \$9.2 million in the general designation will be utilized in future years.

Public Protection

FY 2019-20 Goals, Objectives and Performance Measures

Goal 1: Facilitate construction by performing timely processing of building permits.

Objective 1: Increase the speed of plan reviews.

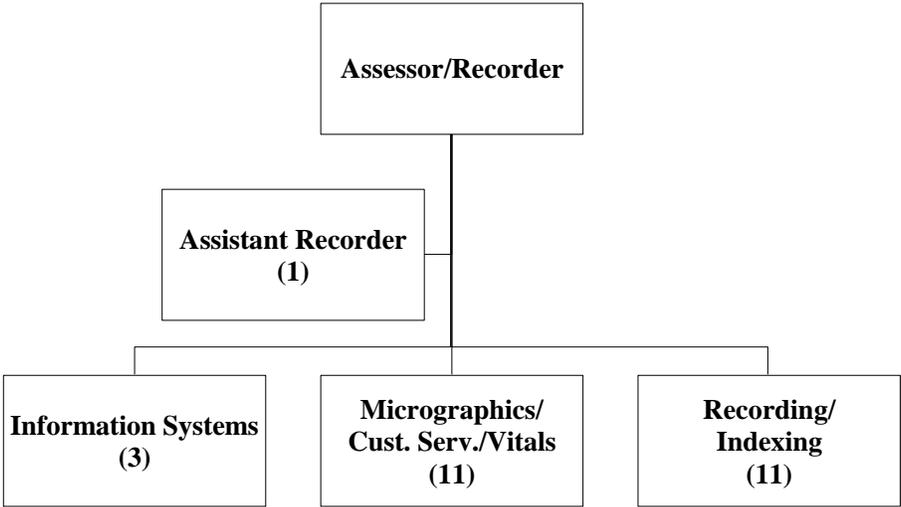

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of first plan reviews performed within 30 days	83%	94%	95%	90%	95%

Processing building permits is a critical function of the Building Inspection division and it is important to the permit applicant to obtain approval in a timely manner. The division processed several large projects that required both internal and external reviews by contracted consultants and saw an increase in residential projects in FY 2018-19. A mid-year building code change resulting in additional plan review time coupled with an influx of permits leading up to the effective date of change resulted in performance under the established FY 2018-19 goal. Through familiarity of the new codes and additional training it is anticipated that review times will improve in FY 2019-20.

Mission Statement

The Kern County Assessor-Recorder's Office will continue to provide professional and courteous public service as well as maintain a high morale and positive working conditions for all employees. This office will fulfill the functions of Assessor-Recorder as mandated by law. The Assessor-Recorder will be dedicated to automating systems and procedures.

Organizational Chart

Public Protection

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Maintained the number of recordings processed via electronic submission at above 60%.
- Completed a local network relocation to the wide area network that resulted in better redundancy and a more secure environment for records management.

Recorder

Department Head: Jon Lifquist, Elected

Function: Public Protection

Fund: Recorder

Activity: Other Protection

Budget Unit: 2700 and 2701

Description of Major Services

The Recorder Division of the Assessor-Recorder's Office is responsible for creating and maintaining custody of permanent records for all documents filed and recorded in the County. In addition to providing public access to information regarding land and land ownership, the division is also the local registrar of marriages and maintains copies of all certificates of marriage, births and deaths which occur in the County.

NET FUND COST	(\$181,876)	(\$2)	(\$147,857)	\$1,141,653	\$1,141,653	\$1,141,653

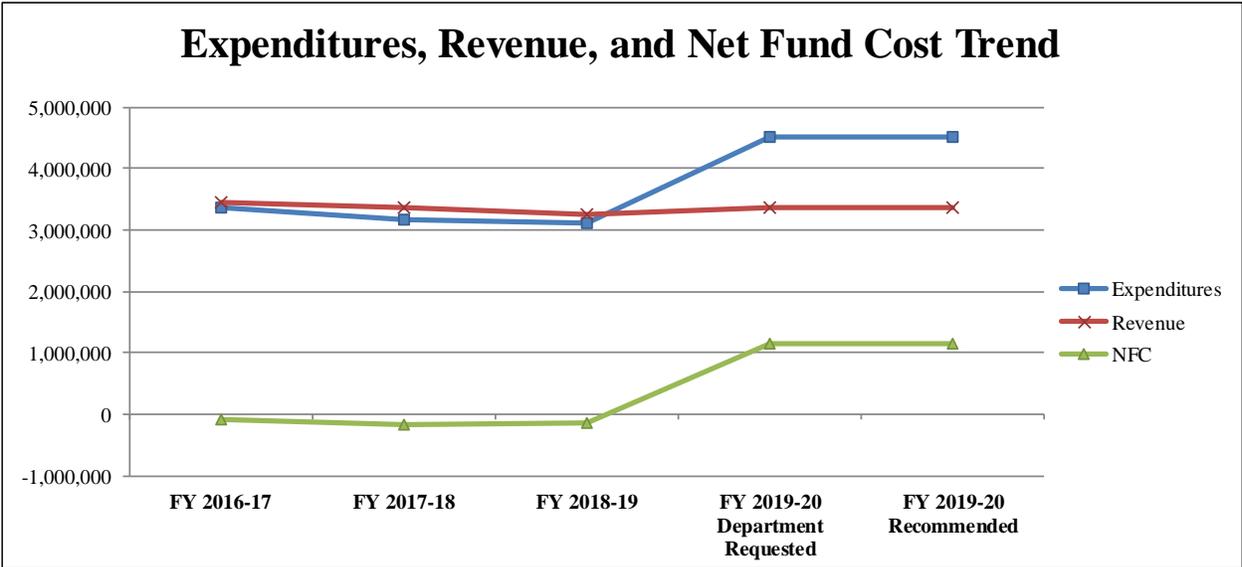

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of expenditures for this budget unit are associated with staffing costs and service and supplies required to perform the functions of the department. Capital assets of \$135,000 are also included for technology equipment and a recording system to replace the department's AS-400 system. The revenue for the department is primarily derived from customers for recording and providing copies of documents. In addition, operating transfers in are received from other special revenue funds and contribute to the functions of the department. The department receives a contribution from General Fund budget unit 2705, which is pass-through revenue comprised of a \$1 fee per recording transaction.

Budget Changes and Operational Impacts

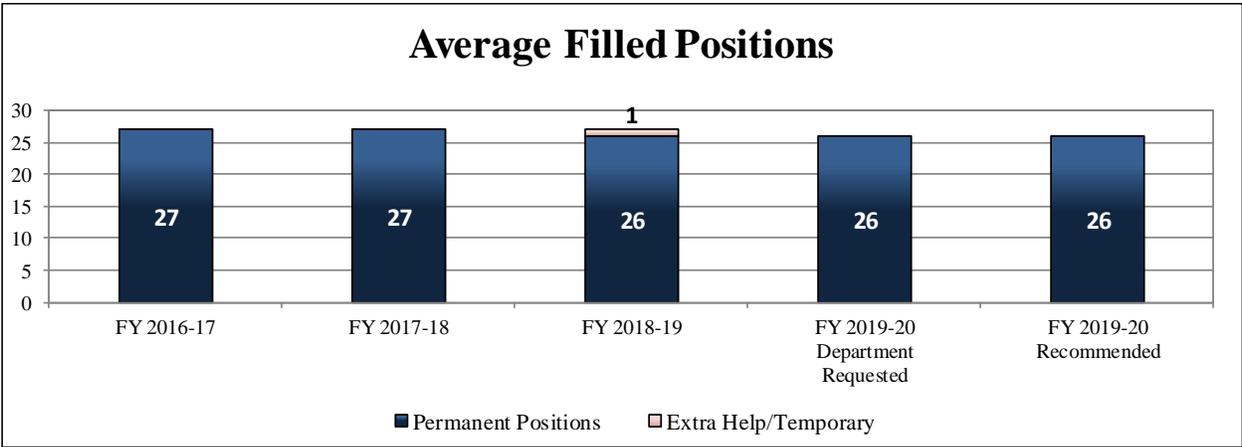

The recommended budget includes an increase in expenditures due to the appropriation of the department’s ending fund balance of \$1,059,789 and the cancelation of general designation in the amount of \$81,864. The department does not receive a NGFC contribution for operations.

Public Protection

Staffing Changes and Operational Impacts

The recommended budget includes deleting one (1) Office Services Technician position. This deletion will not affect service levels, as this position has been held vacant in prior years.

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Improve the fiscal efficiency and responsibility of the County.

Objective 1: Process, record, index and maintain official records and vital statistics, consisting of real property records authorized to be recorded according to law and birth, death and marriage registrations.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of official records processed for recording	190,612	195,708	195,346	167,618	165,950
Number of marriage certificates filed	4,121	3,630	3,984	3,356	3,255
Number of birth certificates filed	14,031	12,385	13,546	12,784	12,911
Number of death certificates filed	6,629	5,925	6,264	6,453	6,646
Number of days to mail original Official Records after processing	14	17	15	17	15
Number of days to review and return rejected documents	2	2	2	2	2

Percentage of documents electronically recorded has improved to over 60%. Electronic recordings are primarily submitted by real estate professionals utilizing a portal where filing documents and collecting fees is efficient. With the increase in e-recordings more time is available for staff to serve visiting public and documents sent via mail. These areas of recording service tend to take more time and turn-around has improved to the benefit of the public. Supervision and training of the back end processing of indexing the documents has seen improvement with the addition of staff.

Objective 2: Efficiently service public requests and duplication needs of the records that are available through the Department.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of Vital records sold	36,740	36,927	37,115	41,494	42,300
Number of plain and certified non-vital duplicates sold	13,904	13,154	12,825	12,421	13,000
Average number of duplication services provided per day	203	201	201	210	210
Average number of minutes to provide duplication services to visitors	5	5	5	5	5

The Hall of Records remodel has been completed. Increased public access, including ADA compliant improvements have been well received by visiting public. Open space has allowed better flow of traffic and better access to staff to assist in public areas. Staff work areas have been redesigned to work with clients needing assistance at counters or in the lobby area. An anticipated conversion to a web-based records management system will also improve service for quicker turnaround of services.

Objective 3: Expand electronic document managing process and improve access to all Recorder records converted to digitized image and also preserved in original form for historical value and use well into the future.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Actual	2018-19 Actual	2019-20 Goal
Total number of official record document images filed	11,101,500	11,816,266	12,494,650	12,467,085	13,112,085
Percentage of documents available in imaged format	98%	98%	98%	98%	98%

An anticipated conversion to a web-based records management system will improve service in all areas of the department. Faster recording processing, more efficient copy services of all records and improved security in preserving data including images within our local network. Statutorily required microfilm preservation has been outsourced a second fiscal year. As a result the Department was able to continue service and not fill a vacancy resulting from retirement. Annual preservation of older records continues including water proofing materials at no additional cost.

County Contribution-Recorder

Department Head: Jon Lifquist, Elected

Fund: General

Budget Unit: 2705

Function: Public Protection

Activity: Other Protection

Description of Major Services

This budget unit was established to facilitate the appropriation of a General Fund contribution to the Recorder.

Public Protection

Summary of Expenditures and Revenue						
	FY 2017-18	FY 2018-19		FY 2019-20		
	Actual	Adopted Budget	Actual	Department Requested	Preliminary Recommended	Recommended

NET GENERAL FUND COST	(\$5,939)	\$0	(\$7,354)	\$0	\$0	\$0

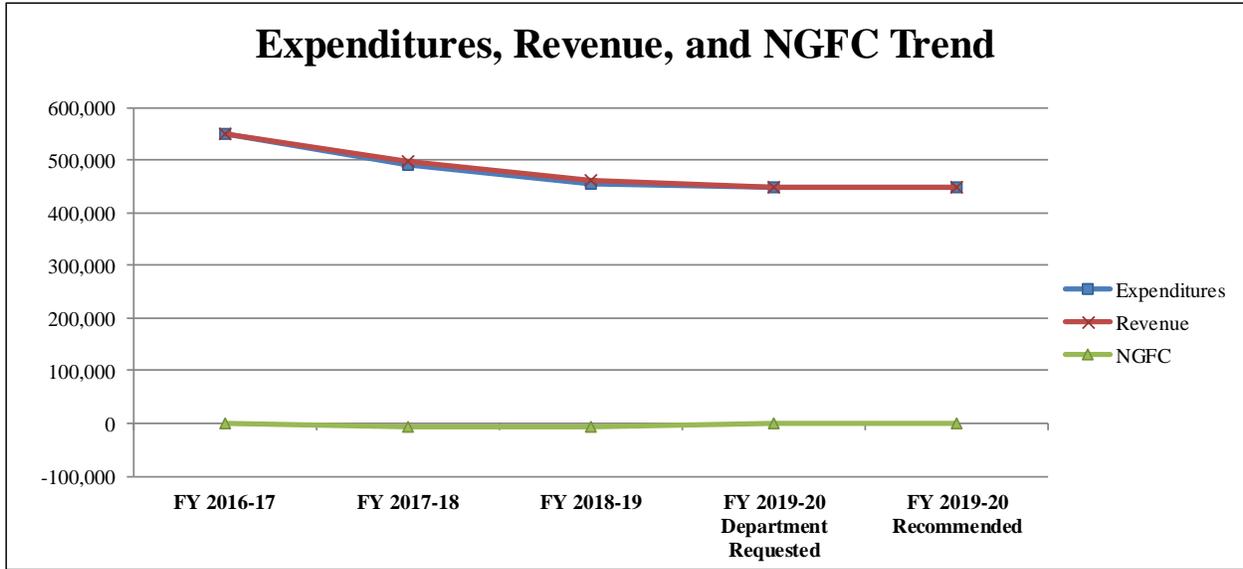

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The contribution is funded by revenue generated from a \$1 fee charged on subsequent pages of certain document transactions. The \$1 fee is passed through the General Fund to the Recorder in order to achieve compliance with Government Code section 27361(b). The fee collected can only be used for the Recorder’s functions. The recommended budget is anticipated to remain flat in comparison to prior year activity.

Budget Changes and Operational Impacts

The recommended budget includes revenue slightly lower than FY 2018-19 actual. Appropriations include the amount to be transferred to the Recorder’s operating budget unit 2700 to offset costs associated to the Department’s recording responsibilities.

Public Protection

Development Services Agency

Department Head: Lorelei H. Oviatt

Fund: General

Budget Unit: 2730

Function: Public Protection

Activity: Other Protection

Description of Major Services

The Development Services Agency was a division of the Planning and Natural Resources Department. The division provided information technology (IT) to support the operations of the East Kern Air Pollution Control District, Public Works, Planning and Natural Resources, Environmental Health and Kern Sanitation Authority – approximately 450 users. In addition the division provided payroll, personnel, and fiscal functions to Planning and Natural Resources. In FY 2017-18, the IT function was transferred, along with IT staff to the Information Technology Services Division of the County Administrative Office in order to facilitate efficiencies and the administrative staff was transferred to the Department of Planning and Natural Resources.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

In FY 2017-18, the functions and staff of this division were transferred to Information Technology Services and to the Department of Planning and Natural Resources, as a result, the recommended budget does not include appropriations for this division.

Budget Changes and Operational Impacts

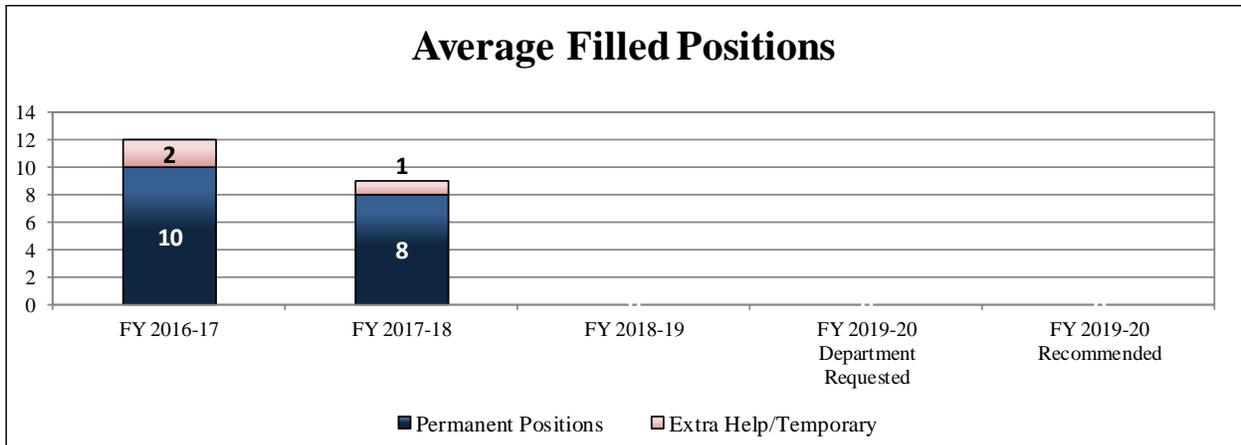

The recommended budget does not include any funding as the budget unit is inactive.

Staffing Changes and Operational Impacts

The recommended budget does not include any authorized positions as the budget unit is inactive.

In FY 2017-18, nine (9) IT positions were transferred to Information Technology Services and two (2) positions were transferred to the Department of Planning and Natural Resources.

THIS PAGE INTENTIONALLY LEFT BLANK

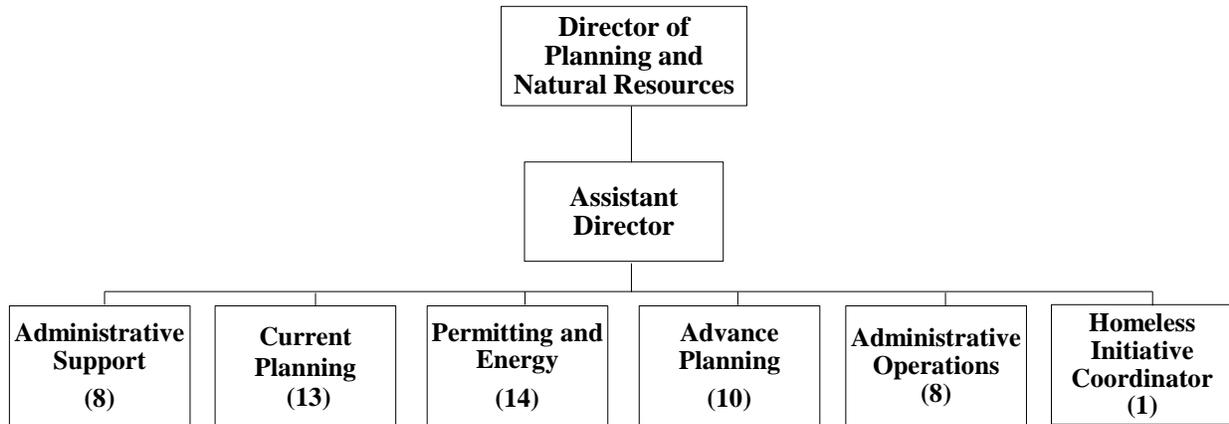

Mission Statement

The Planning and Natural Resources Department provides consolidated land use planning and community development programs for the County's residents. The department is proud to fulfil a mission that fosters economic vitality, supports resource conservation, and serves the diverse needs of Kern County residents, including those with lower incomes, by improving their economic, environmental, and social quality of life.

Public Protection

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Completed the environmental impact report and gained Board of Supervisor approval for the Oil and Gas permitting ordinance.
- Continued the expedited implementation of the new oil and gas program. Issued more than 4,200 permits in fiscal years 2017-18 and 2018-19.
- Facilitated permitting and construction of wind and commercial scale solar projects for a ten year total of \$53 billion in private investment, 10,000 construction jobs and 1,800 permanent renewable energy jobs. All countywide renewable energy permitting totals 15,000 MW, which exceeds the County’s goal of permitting 10,000 MW by the end of 2015.
- Coordinated expedited timeframe permitting of four e-commerce centers, including the county’s first Amazon fulfillment center, within five months.
- Managed the outreach effort with RENEWBIZ community design team in Boron, Mojave, Rosamond and Tehachapi to encourage and promote the economic reinvestment and revitalization in these eastern communities. This resulted in 35 grants awarded for a total amount of \$298,223 and included implementation of the first RENEWBIZ project for the reconstruction of K Street in Mojave and Diamond Street in Rosamond.
- Completed implementation of the Cannabis Ordinance and amortization program.

Planning and Natural Resources

Department Head: Lorelei H. Oviatt

Function: Public Protection

Fund: General

Activity: Other Protection

Budget Unit: 2750

Description of Major Services

The Planning and Natural Resources Department is responsible for delivering land use programs that streamline permitting and facilitate job creation while protecting and conserving natural resources for future generations. The department monitors and reviews State and federal activities as part of the Home Rule Program, emphasizing the impacts of endangered species, wetlands, water, air quality, and land use activities on private property owners and industries.

The department's programs focus on streamlining permits for business and environmental protections for communities. Major programs include continued implementation of oil and gas permitting, bringing online permitting for all other types of permits, completion of the Valley Floor Natural Communities Conservation Plan (NCCP) and Habitat Conservation Plan (HCP) for oil and gas operations and the Grapevine Tejon project, coordination with the City of Bakersfield on the next Bakersfield Regional HCP for development and solutions for water sustainability for both the Tulare Basin and the Indian Wells Valley and the ongoing work for the General Plan 2040 update. The General Plan 2040 update is a fully comprehensive work program, funded by the General Plan Surcharge that involves all aspects of the community as well as land use issues. Community Development manages the federal and State programs for the Community Development Block Grant - Home Program and implementation of emergency services and transitional housing grants.

Summary of Expenditures and Revenue

* BSI = Budget Savings Incentives

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of the expenditures for this budget unit are associated with staffing costs and contracts for outside consultants with whom the department contracts with for professional services. The department receives significant revenue from applicant fees, oil and gas permitting and reimbursements for costs related to contracts.

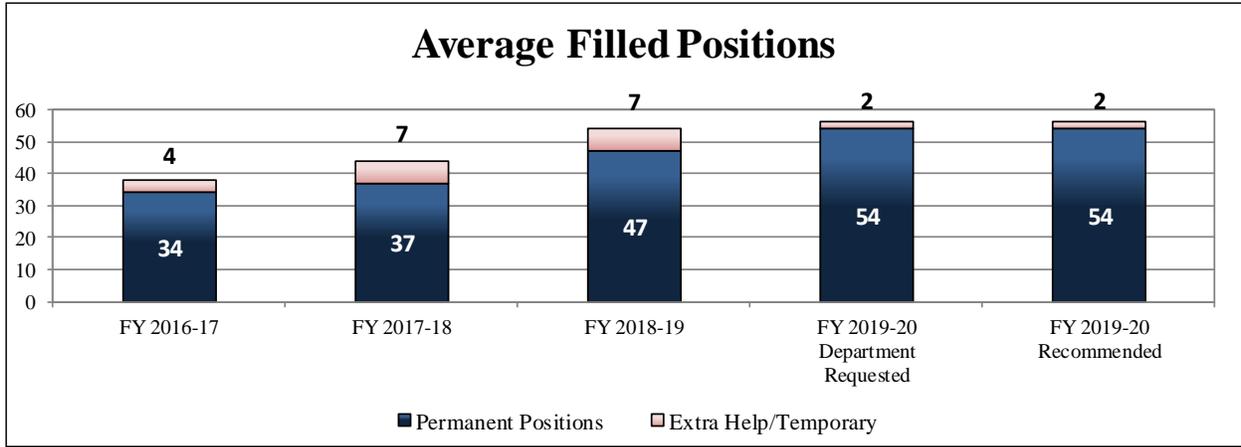

Budget Changes and Operational Impacts

The recommended budget includes an increase of \$1 million in salaries and benefits over prior year as the department plans to fill all but two of their vacant positions. A decline in Other Financing Uses is due to the one-time transfer of Oil and Gas revenue to the Oil and Gas special revenue fund included in the FY 2017-18 budget. The increase in services and supplies is primarily due to additional applicant projects funded by charges for services as well as \$625,000 for affordable housing development. The \$87,000 included for capital assets is for office equipment and furniture replacement. The recommended budget also includes \$3.3 million in revenue and associated costs related to oil and gas permitting.

Staffing Changes and Operational Impacts

The recommended budget provides the department with funding for all but one (1) Fiscal Support Technician position and one (1) Office Services Technician position, both of which are vacant and unfunded, in order to meet the net General Fund cost. The department will add one (1) Supervising Planner position at an estimated annual cost of \$105,869.

4-Year Staffing Trend

Public Protection

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Public Protection

Goal 1: Employ land use policies that ensure orderly growth, promote economic vitality, and protect the local environment consistent with the County Economic Development Strategy.

Objective 1: Promote economic growth through timely and effective processing of land use permits; balancing new development with existing uses and the vision articulated in the general and specific plans.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Average number of weeks for a land use project which does not require preparation of an environmental document to be presented for consideration by a hearing body.	12	4.9	<12	6.3	<12
Average number of days for a ministerial land use permit to be reviewed and acted upon.	8.5	15	<15	8.5	<15

New development can play an important role in stimulating economic growth and in fulfilling the vision for land uses outlined in the general and specific plans. Being responsive to this initiative may encourage future development in the County. These performance measures describe processes common to ministerial and many discretionary permits, which represent the bulk of the department’s customer applicant base.

The first measurement represents the duration from the time the application is deemed complete to when the application is presented for the first time to the appropriate hearing body. It does not reflect the additional time required to present for final approval due to variations that may exist from one project to another.

The department has 2 Planners and one extra help staff assigned to Counter Operations and it is expected that the average number of days to process a ministerial permit will be well under the FY 2019-20 Goal.

Goal 2: Improve fiscal efficiency/responsibility of County.

Objective 1: Hold County departments and employees accountable to do their jobs well.

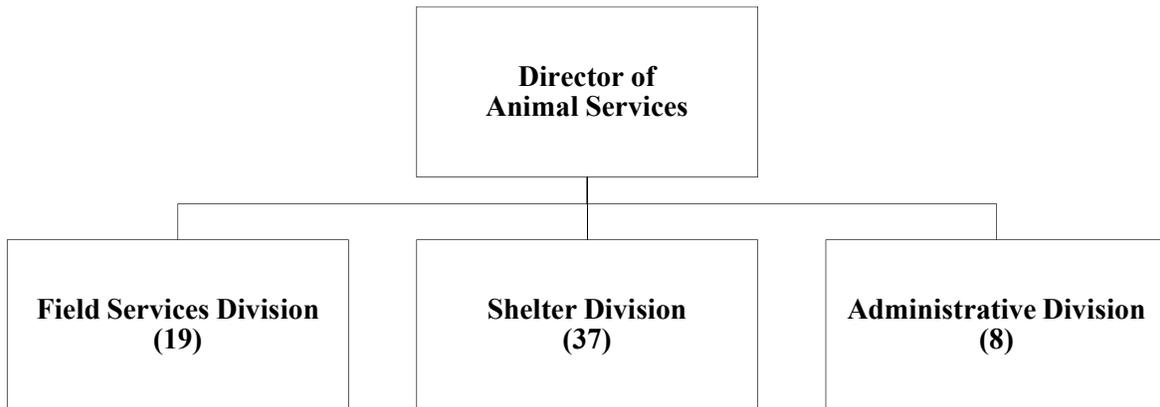

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Average number of days to provide a written response to preliminary reviews of all land use/land division applications.	30	22.2	<30	27.2	≤ 30
Average number of days to provide a written response to a land use/land division applicant who has corrected and resubmitted an application previously determined to be incomplete.	12	20.4	< 15	16.7	<15
Average wait time of customers who seek service at the public counter.	4 min.	5 min.	<6 min.	7 min.	<6 min.
Average number of days to pay invoices the department receives from a vendor.	<34	< 30	≤ 30	31	≤ 30
Average number of days to process billings to customers who are charged on a time and materials basis.	60	23	≤ 30	20	≤ 30

These are core functions for several of the departments work units and, with the exception of the last measure, are indicators of customer service and how well the department is meeting the needs of customers. The last measure describes the level of effort undertaken by the department to recover costs from billable clients for the larger land use projects. Adequate cost recovery is imperative to protect the County’s General Fund from providing a subsidy to such projects.

Mission Statement

Our Mission is to protect and care for the citizens and animals of Kern County through the promotion, example and education, of humane, safe and sane treatment of animals; to encourage adoption of the community’s homeless animals; and to assist in the reunification of lost animals with their owners

Organizational Chart

Public Protection

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Received \$150,000 in grant funding from the Petco Foundation to sponsor a kitten nursery and operational costs for two years.
- The live release rate in 2017 was 72% and increased in 2018 to 76%.
- Trap/Neuter/Release program for feral/free roaming cats continued which has resulted in 9,286 cats being altered and released.
- Completed 6,005 surgeries in FY 2017-18 and 3,896 in FY 2018-19 through March 31, 2019 utilizing the department’s on-site surgery suite, resulting in significant savings versus outsourcing.
- In coordination with multiple rescue organizations, 2,035 animals were rescued in 2017 and 2,408 were rescued in 2018.
- Received \$30,000 in grant funding from the California Department of Food and Agriculture for spay/neuter for spay neuter activities in the Kern River Valley and Lamont areas.
- During the second annual Mega Adoption event at the Kern County Fair Grounds in 2018, 78 animals were adopted and during the third annual event in 2019, 69 animals were adopted.
- The department holds weekly vaccine and licensing clinics at the Fruitvale facility, each Wednesday. In 2017, the department administered 4,323 vaccines and issued 2,176 licenses and during 2018 administered 6,294 vaccines and issued 2,064 licenses.
- Completed 3,725 Spay/Neuter surgeries in FY 2017-18 and 2,698 through March 31, 2019 with funding dedicated by the Board of Supervisors in each year.

Animal Services

Department Head: Nicholas Cullen
 Fund: General
 Budget Unit: 2760

Function: Public Protection
 Activity: Other Protection

Description of Major Services

The Animal Services Department provides for the care and protection of unwanted and abandoned animals within the community. The County operates shelters in Bakersfield and Mojave, and contracts for shelter services within Lake Isabella and Ridgecrest. The County provides enforcement and shelter activities for the City of Tehachapi and shelter services to the City of Arvin.

The department also provides local rabies control in accordance with California Health and Safety Code. The rabies control program includes animal licensing, rabies vaccinations, bite reporting, quarantine, and stray animal control. In addition the department provides low-cost vaccination clinics, investigates animal cruelty and abuse complaints, conducts public education programs, and promotes spaying and neutering.

BSI Ending Balance *	\$44,902	N/A	\$26,462	N/A	N/A	N/A

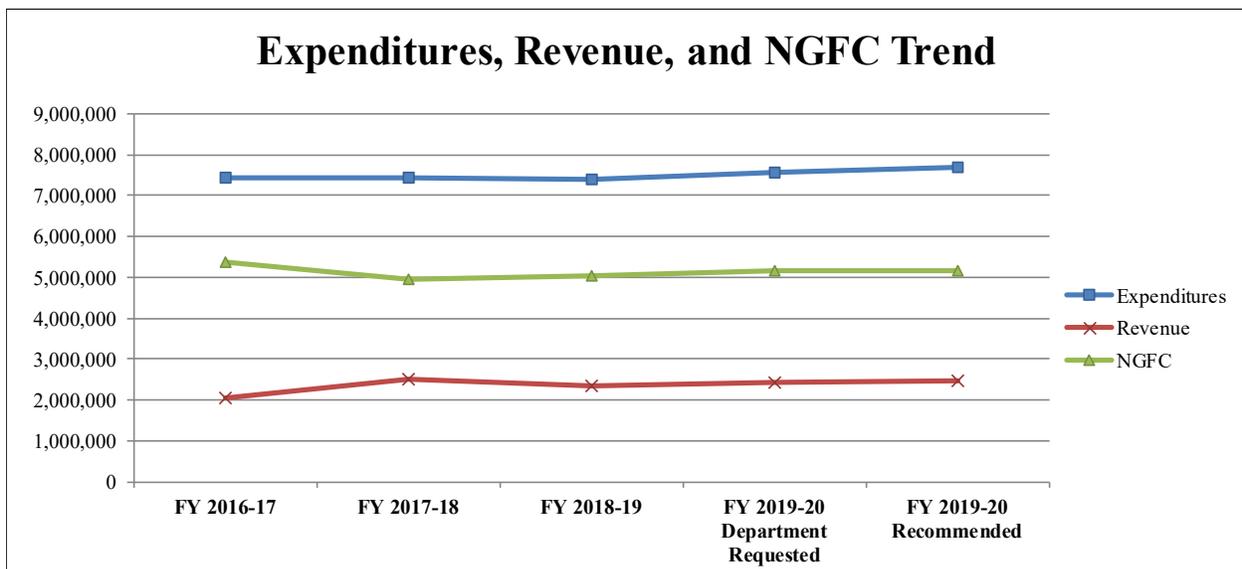

* BSI = Budget Savings Incentives

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of the department’s expenditures are for staffing and operating costs necessary for field services which include local rabies control in accordance with California Health and Safety Code and animal shelter services. These expenditures are funded primarily by an allocation of Net General Fund Cost. Other sources of revenue include animal license, animal redemption and adoption fees as well as reimbursement from the Cities of Tehachapi and Arvin for shelter and enforcement activities. The department receives a portion of the 1991 Health Realignment revenue.

Budget Changes and Operational Impacts

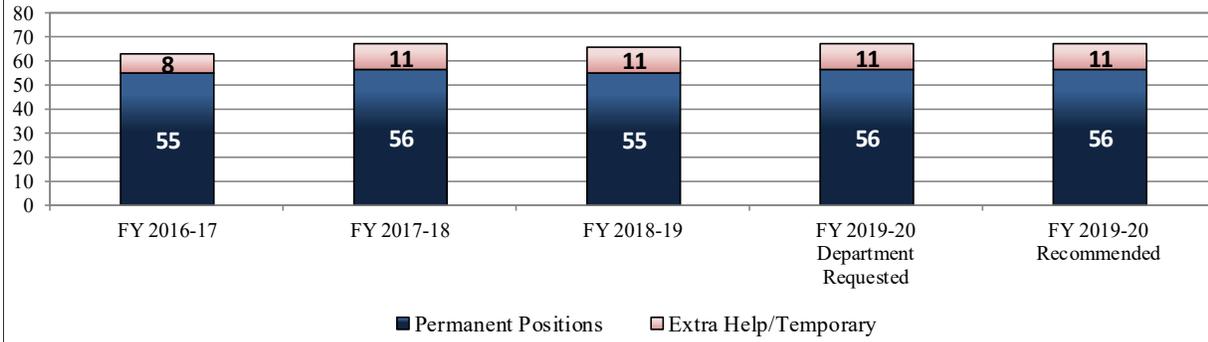

The recommended budget will allow the department to maintain services and will continue to provide resources necessary to maintain a high level of care for County animals without the use of Budget Savings Incentive (BSI) credits. However, as budget constraints continue, the department will be challenged to keep up with the demand for higher levels of service while meeting the allocated NGFC. The recommended budget maintains a relatively status quo budget and includes \$250,000 for continued spay and neuter efforts.

Staffing Changes and Operational Impacts

The department will unfund five (6) vacant Animal Care Worker positions, one (1) vacant Marketing and Promotions Associate position, one (1) vacant Animal Control Officer position, and one (1) vacant Program Specialist position. These positions represent a vital role in ensuring the department meets its goal of becoming a no-kill shelter by 2020; however, budget constraints make holding these positions necessary. Extra-help is budgeted to be used as-needed to maintain shelter operations.

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Improve Animal Services and promote responsible pet ownership

Objective 1: reduce animal intakes through public education and spay/neuter programs

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percent change in the number of animals received at the shelter	5% Decrease	1% Increase	5% Decrease	11% Decrease	5% Decrease
Percent change in the number of impounded animals euthanized	17% Decrease	21% Decrease	10% Decrease	13% Decrease	5% Decrease
Percent change in the number of impounded animals that are returned to owner, adopted, rescued, trap/neuter/released, or transferred	1% Increase	9% Increase	10% Increase	10% Decrease	10% Increase
The number of animals entered into the Animal Foster Program	1,704	1,533	1,800	1,734	1,750
Licenses sold due to Public Enforcement and Education Team (PEET)	5,207	Discontinued Measure			
Licenses issued by the department	12,625	12,186	12,650	12,117	12,650
Number of animals spayed or neutered	13% Increase	13% Increase	0% Increase	11% Decrease	5% Increase

A primary goal of Kern County Animal Services is to decrease the number of abandoned and unwanted pets by promoting responsible pet ownership through progressive programs such as outreach and education, adoption, rescue, Trap/Neuter/Return (TNR), and spay/neuter efforts. The department exceeded the desired intake reduction goal by 6%. The intake of dogs decreased by 3% over FY 2017-18 and cats decreased by 13%. The spay/neuter efforts supported by the Board of Supervisors will continue to have an increased impact on intake reduction in the coming years.

The department exceeded the euthanasia reduction goal by three percentage points, largely due to the success of the Foster Program and the animals adopted during the year. The reduction in intakes combined with the reduction in euthanasia has resulted in the live release rate remaining flat for FY 2018-19. With the help of a grant from the Petco Foundation, the department is expanding the Foster Program by opening a kitten nursery that will allow the department to provide care for even younger kittens, further reducing euthanasia. More than 95% of the animals that go through the program will be adopted into a permanent home.

Licensing for the department has remained flat, increasing 3% for FY 2016-17, decreasing by another 3% for FY 2017-18, and remaining flat for FY 2018-19. The department projects that because of improvements to be implemented in FY 2019-20, the department will be able to increase the total number of licenses issued by 4%.

The total number of animals that were spayed/neutered by the department was reduced by 11% over FY 2017-18. The Petco grant for spay/neuter ended; adoptions and TNR decreased. The department received another grant from the State Department of Food and Agriculture. This grant funds the mobile spay/neuter vendor who is willing to come to Kern County, however the cost per surgery has increased, and thus fewer surgeries performed. Many county residents continued to receive the benefit of the \$250,000 county appropriation. The number of surgeries performed through the Low Income Voucher program and the Save the Pitties program increased by 32%. An additional grant from the California Department of Food and Agriculture in the amount of \$45,949 to expand the Save the Pitties program countywide will increase the number of spay/neuter surgeries in FY 2019-20 by 5%.

Roads Division

Department Head: Craig Pope
Fund: Road
Budget Unit 3000

Function: Public Ways & Facilities
Activity: Public Ways

Description of Major Services

Roads is a division of the Public Works Department. The Roads Division plans, designs, constructs, and maintains public roads, bridges, streets, and traffic-control devices in the County, except for State-maintained highways and bridges. The division provides engineering design for all transportation projects (and related requests from other departments), including preparation of studies to determine project scope and constraints, preparation of detailed construction plans and specifications, and the administration of construction contracts.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

Road Fund activities are funded primarily from highway-users sources. Funding consists of State and Federal fuel taxes, and local sales taxes. The recommended budget includes \$1.87 million in funding for Community Development projects within Charges for Services. Reimbursement of labor costs within this division account for \$23.3 million or 24% of total expenditures. The majority of remaining expenditures for this budget unit are associated with equipment, supplies and materials required to construct, service, and maintain public ways. Consistent with the Road Maintenance and Accountability Act of 2017 (SB1) Local Streets and Roads Funding, the division receives an allocation of \$6.4 million in Net General Fund Cost that meets the maintenance of effort required of SB1. Capital assets in the amount of \$2.5 million have been included for the

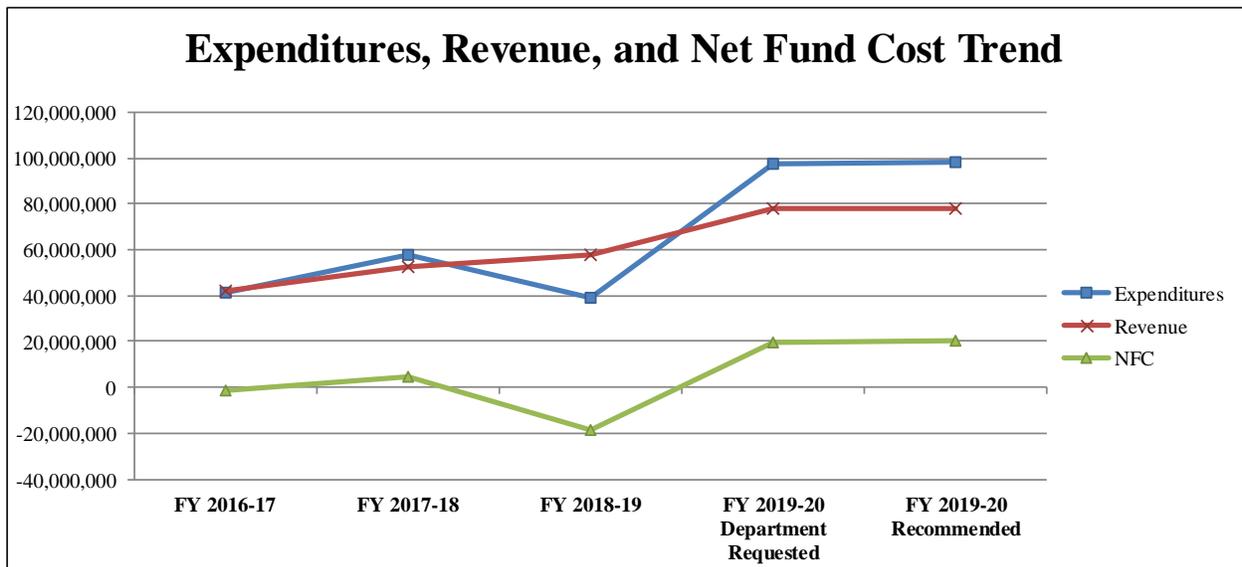

purchase of nineteen (19) vehicles, three (3) trailers, one (1) backhoe, one (1) wood chipper, and five (5) continually operating reference stations.

Budget Changes and Operational Impacts

The recommended budget includes \$68.4 million of intergovernmental revenue, an increase of approximately \$22.7 million from the FY 2018-19 actual resulting from increases in Federal and State aid for road maintenance and construction. Included in the recommended budget is \$16.1 million in SB1 funded projects adopted by your Board on April 9, 2019 for the maintenance, rehabilitation, and safety improvements on streets and roads in the unincorporated area of Kern County.

The Road Fund balance available as of June 30, 2019 is \$19.2 million, all of which shall be used in FY 2019-20. In addition, an estimated \$1.3 million of the \$1.8 million available in general designation will be used to maintain or exceed the current level of service.

Public Ways

FY 2019-20 Goals, Objectives and Performance Measures

GOAL 1: Provide a safe road system that reduces traffic congestion

Objective: Increase the safety of the County road system

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of vehicle-involved accidents on County roadways	1,658	1,538	1,565	1,569	1,584
Number of pedestrian-involved accidents on County roadways	70	66	65	73	73
Number of bicycle-involved accidents on County roadways	44	52	45	42	45

Additional funds and manpower will be directed in FY 2019-20 to safety enhancements, especially in the areas of safety signage and pavement markings.

Objective: Reduce traffic congestion on County roadways

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of key intersections where traffic flows meet the Level of Service (LOS) rating as specified in the General Plan	93.3%	93.3%	100%	93.3%	93.3%

The intersection at Olive Drive and Knudsen Drive continues to be a problem for the department as it is the only intersection that does not currently meet the desired level of service. Projects for improvements to this area are on the transportation impact program list, though they will not be completed in the next fiscal year. As a result, the department has lowered the goal to 93.3% for FY 2019-20 to reflect the reasonableness of this objective.

County Contribution – Public Works

Department Head: Craig Pope
 Fund: General
 Budget unit: 3016

Function: Public Ways & Facilities
 Activity: Public Ways

Description of Major Services

This budget unit facilitates a transfer of the Net General Fund Cost contribution to the Public Works Internal Service Fund (budget unit 8954), and to two divisions of Public Works: Code Compliance: Abatement Cost (budget unit 2623) and Development Services (budget unit 1905).

Public Ways

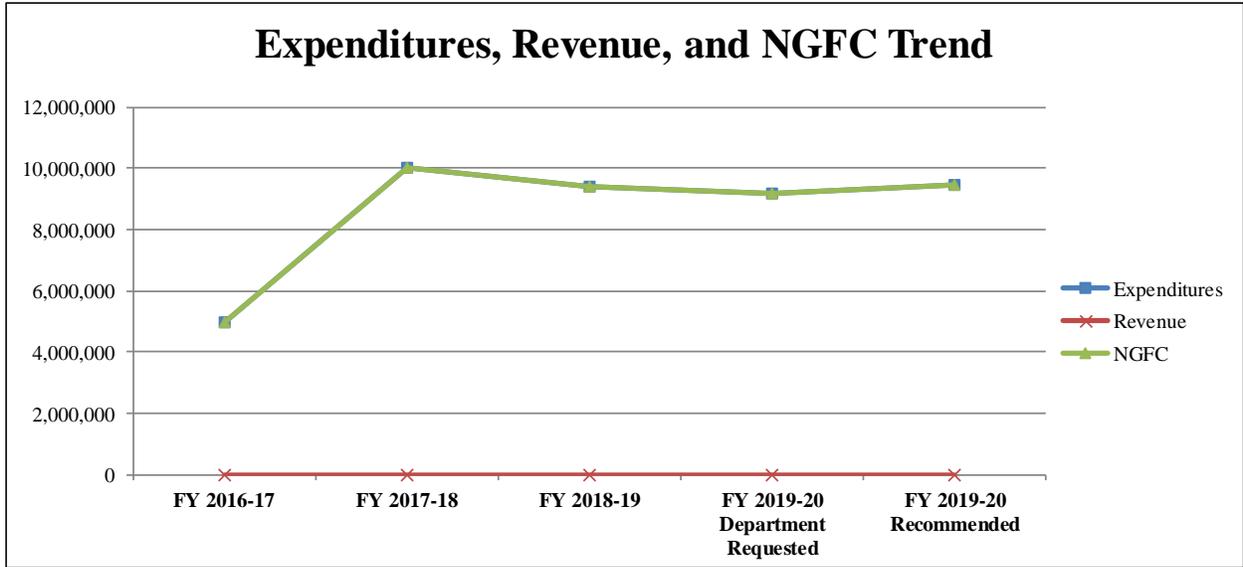

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The County Contribution – Public Works budget unit appropriates supplemental funding from the General Fund to the Public Works Internal Service Fund for transfer to the Road Fund to support countywide street and road projects.

Budget Changes and Operational Impacts

In January 2015, the Board of Supervisors approved the formation of a Public Works Department. The General Fund contribution previously allocated to Roads is now distributed to the Public Works Department to be spent on local street and road projects including equipment acquisitions. The FY 2019-20 contribution includes \$6.4 million for Roads. Consistent with the requirements of the Road Repair and Accountability Act of 2017 Local Streets and Roads Funding, the contribution for Roads is no less than the annual average of the County’s General Fund expenditures for street, road and highway purposes during FY 2009-10, 2010-11 and 2011-12. In addition, the Net General Fund Cost for Code Compliance, in the amount of \$1,175,122, and Development Services, in the amount of \$1,594,951, is now provided to these divisions through a contribution as both divisions have moved out of the General Fund to special revenue funds. A contribution of \$300,000 is included in the recommended budget for storm water sump maintenance. General Fund contributions for demolition and nuisance abatement over the course of the year are also provided to Code Compliance through this budget unit.

Public Ways

County Contribution - Airports

Department Head: Mark Witsoe
 Fund: General
 Budget Unit: 3201

Function: Public Ways and Facilities
 Activity: Transportation Terminals

Description of Major Services

The purpose of this budget unit is to provide the Airports Enterprise with funding made available through the Airport Economic Opportunity Area (AEOA), which was established by the County Board of Supervisors on September 15, 2009. The AEOA allocates the incremental increase of property taxes collected for the General Fund on a defined area in and around Meadows Field Airport to be used towards the Airport's capital facilities, including debt service associated with capital projects.

Public Ways

Summary of Expenditures and Revenue						
	FY 2017-18	FY 2018-19		FY 2019-20		
	Actual	Adopted Budget	Actual	Department Requested	Preliminary Recommended	Recommended

NET GENERAL FUND COST	\$305,138	\$395,946	\$395,946	\$422,950	\$422,950	\$422,950

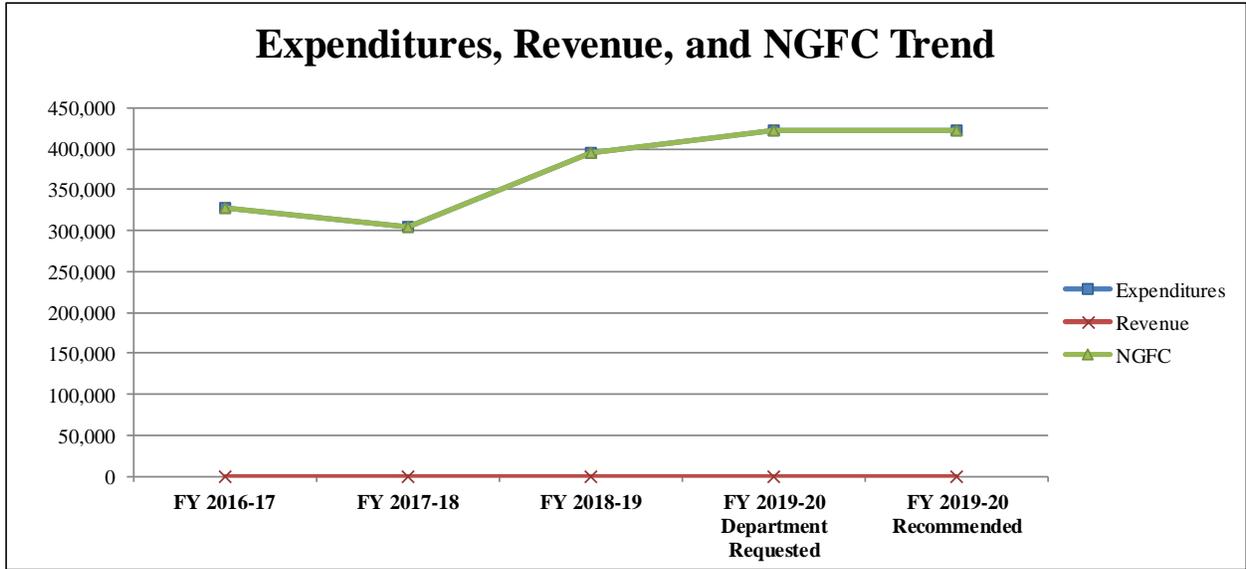

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

Other Financing Uses of \$422,950 are available for transfer to the Airports Enterprise Fund to fund the cost associated with capital facilities, including debt service. This budget unit contains no revenue as the AEOA revenue is collected within Budget Unit 1112 discretionary revenue as property taxes for the General Fund.

Budget Changes and Operational Impacts

The recommended budget reflects an increase of \$27,004 in General Fund Contribution over FY 2018-19 actual as a result of growth in property tax allocations within the defined area of the AEOA.

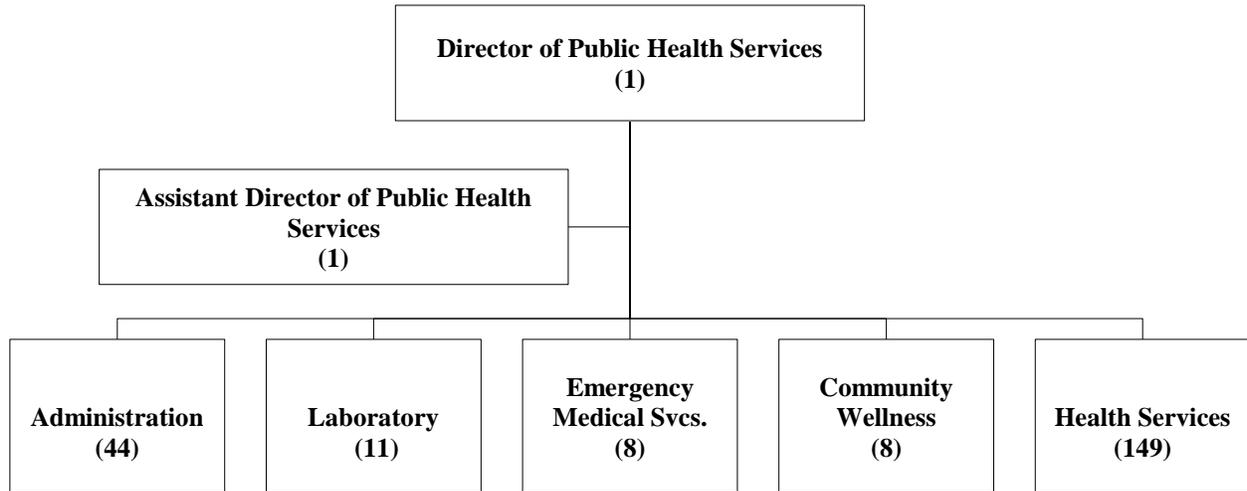

Public Ways

Mission Statement

Improve quality of life through the promotion of healthy lifestyles, prevention of disease, protection of the environment, and advancement of the emergency medical system.

Organizational Chart

Health and Sanitation

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Launched a food rescue program called Waste Hunger Not Food Kern County. Bakersfield is ranked first in the nation for a metropolitan area food insecurity. This program takes edible, surplus food that would otherwise be wasted and gives it to those in need free of cost.
- Launched a Certified Healthy program, highlighting restaurants that serve healthy meals to assist families in making healthier choices when dining out.
- Equipped the Public Health laboratory with an enhanced biosafety room which now provides the ability to test for Ebola and other contagious diseases.
- Successfully piloted a program called #KnowYourNumbers. This program was piloted in Buttonwillow and provided free health screenings and intensive nutrition and fitness classes twice a week for twelve weeks. Health screenings revealed that approximately 60% of participants experienced a positive impact to their health indicators, lessening their risk for developing chronic disease.
- Launched an aggressive effort to combat sexually transmitted diseases. Phase III of the campaign was launched in FY 2018-19 to raise awareness on the importance of lowering risk of contracting an STD.

Public Health Services

Department Head: Matt Constantine

Function: Health and Sanitation

Fund: General

Activity: Health

Budget Unit: 4110

Description of Major Services

The Public Health Services Department provides a wide range of services to assist in the prevention of disease and the improvement of the health, safety, and quality of life for County residents and visitors. The department participates in improving the health of the community through education, encouraging healthy lifestyles, and studying disease and injury prevention.

BSI Ending Balance *	\$1,544,847	N/A	\$1,186,255	N/A	N/A	N/A

* BSI = Budget Savings Incentives

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of expenditures for this budget unit are associated with staffing costs necessary to provide the services and perform the functions of the department. The largest revenue category for the department is intergovernmental, which is comprised of revenue received from the State and federal government. This revenue is intended to cover the range of services provided by the department. Charges for service revenue is generated from document recording, clinic fees, case

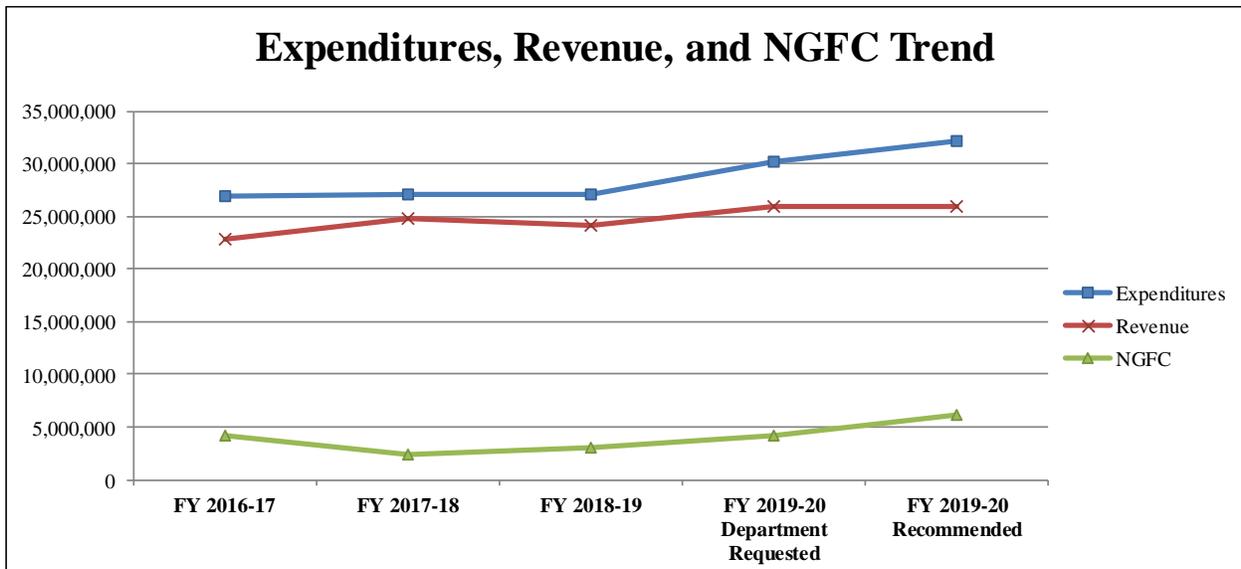

management fees, laboratory fees, and other sources. The department also receives an allocation of Net General Fund Cost.

Budget Changes and Operational Impacts

Changes in services and supplies expenditures are related to the continued planned expansion of #KnowYourNumbers and Waste Hunger Not Food Programs. Changes in salaries and benefits expenditures are primarily due to planned filling of funded vacant positions. A portion of the increase in salaries and benefits will be recovered through charges for services. Additionally, the department will receive an increase of \$51,686 in 1991 Health Services Realignment and \$398,160 from the Garage Internal Service Fund as the department has transitioned its fleet to the Enterprise pilot program.

The department has \$1,915,402 in Budgeted Savings Incentive (BSI) credits. The department has established a plan to use approximately \$735,000 of BSI for use on one-time cost associated with capital assets.

Health and Sanitation

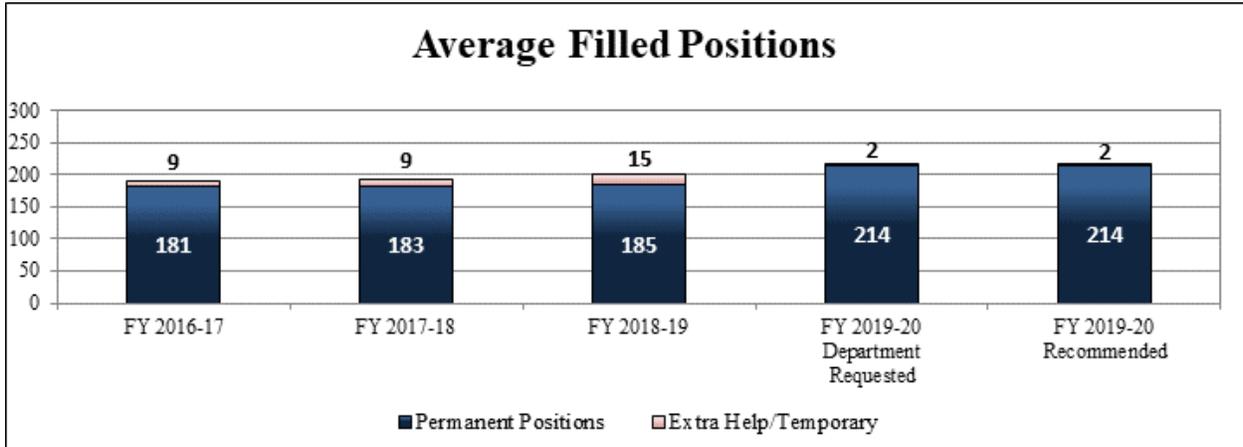

Staffing Changes and Operational Impacts

The recommended budget includes the addition of one (1) Local Area Network Systems Administrator position, one (1) Public Health Fleet Specialist position, one (1) Office Services Technician position, and one (1) Public Health Project Specialist position and the deletion of five (5) Public Health Aide II positions, and one (1) Accountant I/II/III position at an annual increase of approximately \$142,185.

The recommended budget holds the following authorized positions vacant and unfunded: one (1) Public Health Laboratory Director position, one (1) Public Health Officer position, three (3) Public Health Nurse Jr./I/II positions, one (1) Office Services Technician position, one (1) Health

Education Assistant I/II position, and one (1) Vocational Nurse I/II position, at an annual savings of approximately \$1 million.

Health and Sanitation

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Increase the daily consumption of healthy foods and increase physical activity of County residents.

Objective 1: Reduce the mortality rate attributable to obesity-related chronic diseases.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Age-adjusted mortality rate attributable to heart disease, per 100,000 population	136.9	133.3	103.4	132.6	103.4
Age-adjusted mortality rate attributable to diabetes, per 100,000 population	34.4	34.2	30.4	36.1	36.1
Age-adjusted mortality rate attributable to stroke, per 100,000 population	38.9	35.7	34.8	36.8	34.8

The County has some of the worst mortality rates in the State attributable to chronic diseases related to obesity, such as heart disease, diabetes, and stroke. These three diseases alone cause more than 25% of all deaths in the County. In addition, chronic diseases account for nearly 75% of healthcare costs. Increased physical activity and healthy dietary choices can reduce the risk of chronic disease. The department has developed two diabetes programs aimed at helping community members better manage their diabetes. The department launched a “Certified Healthy” program, where qualifying restaurants are highlighted for providing healthy menu items. Efforts towards promoting healthier living will not show immediate drastic results, but will likely steadily decrease rates over the next five years.

Objective 2: Reduce the proportion of County residents who are overweight or obese per body mass index measurements (BMI>25 and BMI >30, respectively) and children who are not physically fit.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Proportion of adults who are overweight or obese	77.6%	76.5%	65.0%	73.6%	65.0%
Proportion of 7 th graders who are not physically fit	42.0%	43.0%	32.3%	44.0%	44.0%

Obesity increases the risks of developing a number of chronic diseases and reduces quality of life as well as life expectancy. Children who develop unhealthy lifestyles in their youth are more likely to be overweight and obese as adults. The department’s Community Wellness Division partners with a number of schools and youth programs to promote active living and good nutrition, often affecting the child’s entire family and surrounding community in the process. The department recently hired a Public Health Nutritionist to support efforts in healthy food consumption. Efforts towards promoting healthier living will not show immediate drastic results, but will likely steadily decrease rates over the next five years.

Goal 2: Promote healthy lifestyles and prevent spread of diseases.

Objective 1: Reduce the incidence of sexually transmitted infections.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Incidence rate of chlamydia, per 100,000 population.	718.4	714.8	560.5	707.6	636.8
Incidence rate of gonorrhea, per 100,000 population.	174.9	203.3	88.9	252.0	252.0

The County ranks second and fourth worst for chlamydia and gonorrhea, respectively, in California. Chlamydia and gonorrhea infection can increase the risk of HIV transmission. Both chlamydia and gonorrhea can cause infertility and increase the risk of miscarriage, preterm birth, and low birth weight births. Moreover, chlamydia and gonorrhea can be transmitted to newborns causing eye infections and pneumonia. The department’s Disease Control Division, focused on surveillance, protects the community from the spread of diseases and educates the public on prevention. The division also works directly with healthcare providers to ensure the proper testing and treatment of patients. Due to high and rapidly increasing rates of sexually transmitted infections in the County, the department will launch the third phase of a marketing campaign and recently developed a STD task force, bringing together other traditional and non-traditional partners to assist in lowering these rates. It is anticipated that this marketing will drive the County’s sexually transmitted infection rates up, due to increased awareness and testing, but result in steady decreases in rates thereafter.

Objective 2: Reduce teen birth rates.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Rate of births to mothers aged 15-19 years, per 1,000.	45.1	40.7	36.7	35.3	31.8

Births to adolescent mothers have decreased to the lowest rates in history and the County has moved from worst in the State in 2016 to fifth worst in the State in 2018. Births to teens affect the health and wellbeing of both mother and child. Teen mothers are less likely to seek timely prenatal care and typically have poorer health outcomes. They are at higher risk for pregnancy complications that affect their personal health such as high blood pressure and anemia. Babies born to teen mothers are more likely to be born preterm and low birth weight. Childbearing during adolescence increases the likelihood of dropping out of school, lowering earning capacity, and increases the likelihood of living in poverty. The Department has multiple programs aimed at teen pregnancy prevention as well as education and support of teen parents.

THIS PAGE INTENTIONALLY LEFT BLANK

Mission Statement

Working together to achieve hope, healing, and a meaningful life in the community.

Organizational Chart

Health and Sanitation

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Awarded contracts to two community based organizations to increase outreach and case management for homeless individuals with behavioral health challenges.
- Worked with the County Administrative Office to provide Lean Six Sigma training countywide and within the department to start a culture of continuous improvement.
- Opened the Ridgecrest Crisis Stabilization unit to assist psychiatric clients in outlying areas.
- Redesigned the Adult System of Care through the System Improvement Project to improve service access and family engagement.
- Launched the SMART 911 project allowing users to provide necessary behavioral, cognitive, or medical conditions to first responders in the event of an emergency.
- Worked to focus on County efforts to combat homelessness through the participation in the Kern County Homeless Collaborative.
- Continued diligence in fighting the opioid crisis through collaboration with County departments and community agencies.

Behavioral Health and Recovery Services

Department Head: Bill Walker

Function: Health and Sanitation

Fund: Mental Health

Activity: Health

Budget Unit: 4120 and 4121

Description of Major Services

The Behavioral Health and Recovery Services Department focuses its efforts on ensuring access to high quality behavioral health services throughout the County. The department serves as a community-based outpatient treatment system of care and works diligently to minimize hospitalization, promote less costly treatment modes, and ultimately help County residents recover from their illnesses. The department is also the Mental Health Managed Care system for the County. Implementation of the Mental Health Services Act (MHSA) has had a significant and positive impact on these efforts. MHSA funded programs are augmenting the role of the department by providing consumer-driven services to previously underserved populations. In addition, the department provides substance use services through a plethora of treatment and prevention programs to meet the needs of the community.

Summary of Expenditures and Revenue

	FY 2017-18		FY 2018-19		FY 2019-20

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

Services and supplies are the largest expenditure of this budget unit, which totals \$129.6 million and is comprised mostly of contracted and specialized professional services. Salaries and benefits costs of \$111.4 million covers employee costs for the administration and operation of various programs and clinics that provide behavioral and substance use services to County residents. A \$920,000 transfer to Construction Services has been included in the recommended budget for the acquisition of land for a Psychiatric Health Facility.

Funding for the programs operated within this budget unit are provided by sources outside the General Fund. The department's primary sources of revenue in FY 2019-20 are Medi-Cal fees, Realignment and Mental Health Services Act (MHSA) funding. In order to qualify for some of the funding from the State, a County General Fund contribution in the amount of \$882,487 is required and is appropriated in the Behavioral Health - County Contribution budget unit 4127. In addition to the General Fund contribution, \$98,162 in assistance for gang suppression activities and \$1.9 million for behavioral health services at the new Kern County Justice Facility are included.

Budget Changes and Operational Impacts

The recommended budget includes a \$25.4 million increase in salaries and benefits expenditures over FY 2018-19 actual and provides funding for all the department's authorized positions. Despite efforts, the department continues having difficulty keeping its authorized positions filled and continues to work with Human Resources to address its vacancy rate.

The recommended budget includes a \$42.8 million increase in services and supplies over FY 2018-19 actual primarily due to an increase in contracts if necessary to meet network adequacy requirements. The department also continues to be impacted by the state mandated changes through the Continuum of Care Reform (CCR), which causes contract costs to increase. The implementation of the System Improvement Project includes the expansion of contracted services to adult clients in the metropolitan Bakersfield area and services focused on combatting homelessness. The department faces risk of MHSA Prevention and Early Intervention (PE&I) funds reverting, and for that reason, additional contracted services are included to enhance outreach and prevention services.

The department has included an appropriation for contingencies in the amount of \$17.8 million for recoupment costs related to the Office of Investigator General audit, unanticipated service costs, narcotic treatment program, and MHSA innovation projects that include recovery stations and the peer assisted transportation program.

Overall, the department's revenue is increasing compared to FY 2018-19 actual due to the increased staffing level and corresponding increase in reimbursement from Medi-Cal and MHSA revenue.

The recommended budget includes \$25.7 million in 1991 Mental Health Program Realignment. The programs realigned in 1991 were originally completely funded through a dedicated revenue

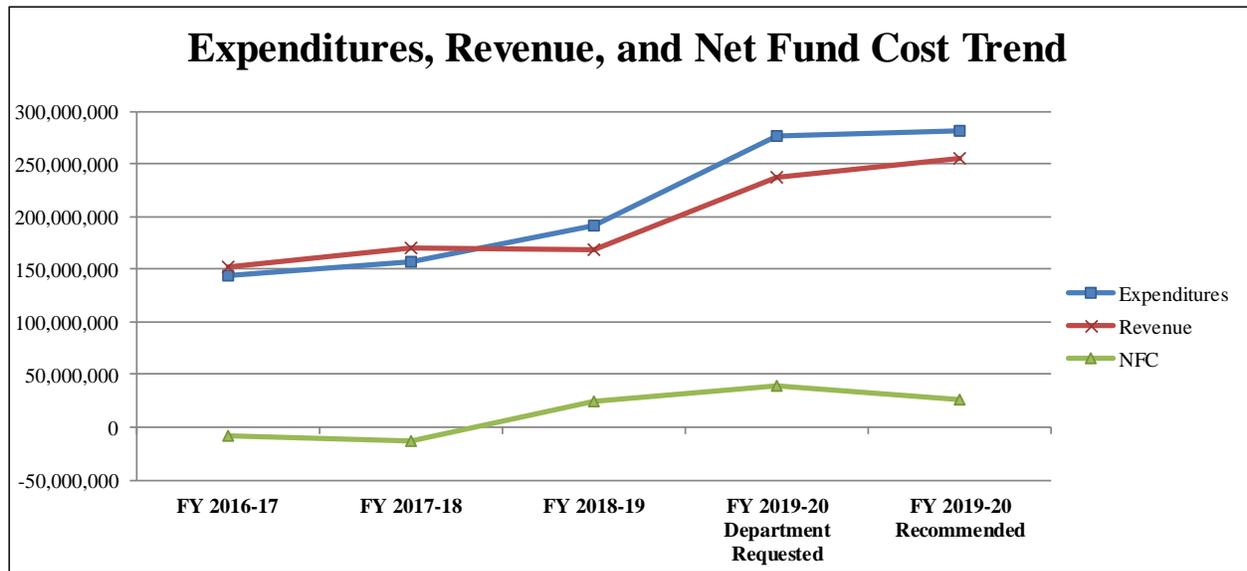

source of sales tax and vehicle license fees. \$22.7 million of the total is now supported by a guaranteed revenue source within the 2011 Realignment structure and the remainder continues to be funded under the 1991 structure.

The department also budgeted \$37.8 million in 2011 Realignment revenue, an increase of \$2.1 million from FY 2018-19 actual. The majority of this revenue is 2011 Behavioral Health Services Realignment for costs associated with the Regular and Perinatal Drug Medi-Cal and Non-Drug Medi-Cal, Drug Courts, Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) and Mental Health Managed Care programs. The budgeted 2011 Realignment revenue includes \$5.8 million in 2011 Public Safety Realignment for Community Corrections (AB 109) to provide services for mental health and substance use programs for the AB109 population.

MHSA funding is budgeted at approximately \$64 million and will be used to provide community and support services as well as additional prevention and early intervention services to County residents.

The department’s ending fund balance as of June 30, 2019 is \$866,444. The department will use the full fund balance available along with \$24.5 million of general designation to offset the budgeted net fund cost of \$25.8 million.

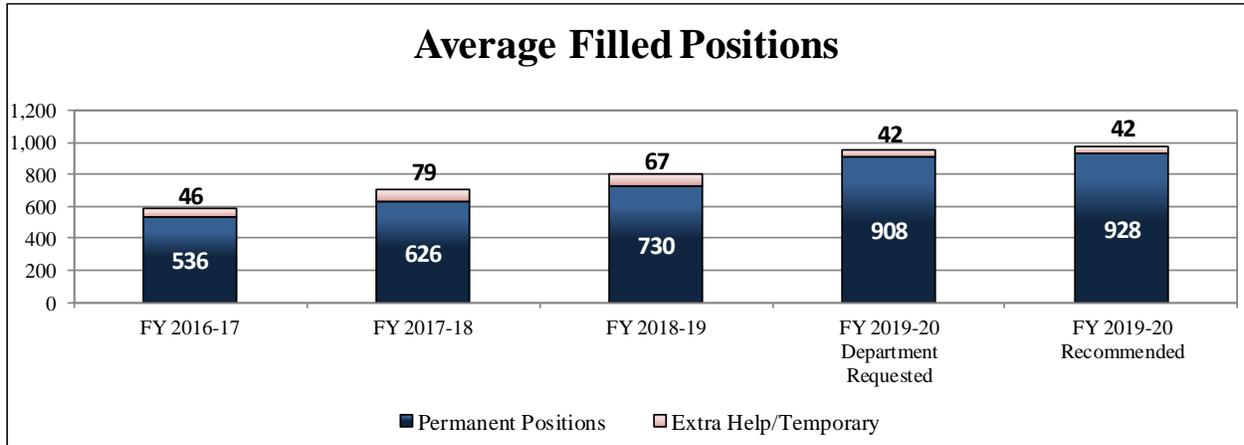

Health and Sanitation

Staffing Changes and Operational Impacts

The recommended budget includes the deletion of one (1) Administrative Coordinator position and the addition of the following 61 positions: one (1) Coordinator of Administrative & Legislative Analysis position, eight (8) Behavioral Health Recovery Specialist Aide positions, one (1) Behavioral Health Peer Specialist I/II/III position, twelve (12) Behavioral Health Recovery Specialist I/II/III positions, seventeen (17) Behavioral Health Therapist I/II positions, one (1) Behavioral Health Unit Supervisor I/II position, one (1) Substance Abuse Specialist I/II positions, two (2) Credentialing Specialist positions, two (2) Medical Assistant I/II positions, seven (7) Office Services Technician positions, two (2) Staff Development Specialist positions, two (2)

Program Specialist I/II positions, three (3) Program Technician position, and two (2) Vocations Nurse positions.

Health and Sanitation

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Health and Sanitation

Goal 1: Provide effective clinical outcomes that are also cost effective for consumers receiving mental health services

Objective 1: Decrease hospitalization, incarceration and homelessness of individuals entering mental health treatment

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percent change in the number of days of psychiatric hospitalization of individuals in their first year of mental health treatment compared to the year prior to treatment	55% reduction	5% reduction	10% reduction	26.1% reduction	10% reduction
Percent change in the number of days of incarceration of individuals in their first year of mental health treatment compared to the year prior to treatment	69% reduction	40% reduction	40% reduction	45% reduction	40% reduction
Percent change in the number of days of homelessness of individuals in their first year of mental health treatment compared to the year prior to treatment.	64% reduction	69% reduction	70% reduction	60% reduction	70% reduction

The department’s primary mission is to reduce those life impairments that consumers experience due to their mental illness. The above measurements reflect changes in the most severe consequences of psychiatric illness including hospitalization, incarceration and homelessness. Significant reductions in these areas also reduce the costs to the County and the community in general. In FY 2017-18, the department found an alternative method to accurately reflect the reduction in hospitalizations, which are reflected above.

Objective 2: Increase client self-reporting of progress in their treatment goals and overall satisfaction since beginning treatment

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of clients self-reporting progress of their recovery from serious mental illness while still in treatment	75%	73.8%	80%	71%	80%
Percentage of adults receiving mental health services who are satisfied or very satisfied with the Department’s services	90%	90%	90%	93%	90%
Percentage of families of youth receiving mental health services who are satisfied or very satisfied with the Department’s services	89%	90%	90%	92%	90%

Goal 2: Provide and improve access to mental health services

Objective 1: Increase outreach to children in foster care

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of children in foster care who receive mental health services	44%	45%	50%	47%	50%

This measurement was initiated several years ago when the department’s outreach to foster care children was significantly below the statewide average of mental health departments. Several of the departments’ State audit groups have focused on this area for improvement and the department developed a number of strategies and programs to improve foster care outreach. There has been significant improvement in this area and Kern County is only slightly below the statewide average for large counties at this time. In the following year, the goal is to match and/or exceed the statewide average in this area.

Objective 2: Decrease recidivism with inpatient services for AB109 Individuals

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
As measured by reduction in the number of inpatient admissions.	25%	23%	30%	37%	30%

This measurement is initiated with the development of the AB109 co-response program that is being provided by the Kern County Sheriff’s Office, Bakersfield Police Department, and Kern Behavioral Health and Recovery Services. The joint effort is in response to the National movement of integrating mental health and law enforcement services for successful outcomes, as well as the high rate of recidivism (incarceration and inpatient psychiatric services) of those who are released to the community without proper follow-up. It is projected that the decrease in recidivism, both inpatient psychiatric services and incarceration, will be the results of increased referral and linkage to outpatient mental health treatment. The department is in the process of developing standards for this objective.

Goal 3: Improve the health of children and adults with preventative services.

Objective 1: Maintain the KernStopMethNow collaborative to increase the awareness of the negative impact methamphetamine use has in Kern County.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Average attendance at each quarterly meeting of the task force	24	26	30	28	30
Average number of community events each month sponsored by the task force	2	7	2	3	2
Number of participants attending community events	20	221	500	3,851	1,000
Average number of social media participants each month	31,975	2,555	2,000	1,374	1,500
Average viewing audience for each public service announcement	78,429	100,360	80,000	76,500	100,000
Average number of parents exposed to prevention messages	48	109	100	16	25
Average number of hours per month in support meetings	5	5	7	N/A	N/A
Number of participants attending substance abuse training	749	535	350	6,363	5,000
Number of outreach events attended by the task force members	29	50	30	36	30

Methamphetamine use and abuse is affecting every private and public sector in the County. Local data demonstrates the prevalence of the problem in the everyday activities of every major county department. The causal antecedent conditions include risk factors associated with families, employment, public safety, and early onset of use among youth. The mission of the task force is to strengthen collaboration among communities working to prevent and reduce substance use. The task force meets quarterly, is organized into four sub-committees, participates in the development of geo-political specific coalitions, sponsors mass and social media to disseminate information and conducts a plethora of outreach, training and technical assistance activities to build awareness and mobilization. The short-term goal is to continue to recruit communities to mobilize their prevention efforts; the long-term goal is to reduce the incidence of abuse. Challenges include despair and hopelessness, positive attitudes toward use, and insufficient evidence-based practices. The opportunities include strengthening families, youth, business, faith communities and criminal justice to create a perception that drug use is socially unacceptable. The method to report community event, social media, and substance use training participation has been revised to focus on meaningful interactions and participation to reflect the effectiveness of the department's outreach methods.

Goal 4: Increase public safety with effective rehabilitation for persons with substance use disorders.

Objective 1: Increase enrollment for individuals requiring substance use disorder treatment in Kern County.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of individuals referred to treatment by criminal justice or child welfare each month.	220	126	150	N/A	N/A
Number of residential beds available each month	34	45	53	53	60
Number of outpatient treatment slots available each month	451	1,611	1,487	1,415	1,442
Number of methadone slots available each month	125	1,605	1,625	1,605	1,720
Average monthly enrollment in residential programs	38	34	40	38	50
Average monthly enrollment in outpatient programs	831	986	750	683	750
Average monthly enrollment in methadone programs	1,329	1,506	1,500	1,500	1,700
Percent reduction of jail days measured at discharge from programs	60%	89%	65%	N/A	N/A

The substance abuse system of care is organized into five levels of care; all outlying areas in the County have, at a minimum, outpatient programs. The more intensive levels of care, in addition to outpatient programs, are located in Bakersfield. Historically, about 5% of individuals require residential placement, 15% require an intensive level of outpatient and the remaining 80% of individuals are served in outpatient programs. The department utilizes patient placement criteria to screen and refer individuals to treatment to enhance access and utilize limited resources through managed care principles. On a daily average, approximately 2,200 individuals are enrolled in programs throughout the County.

Objective 2: Increase the number of individuals successfully completing treatment in Kern County.

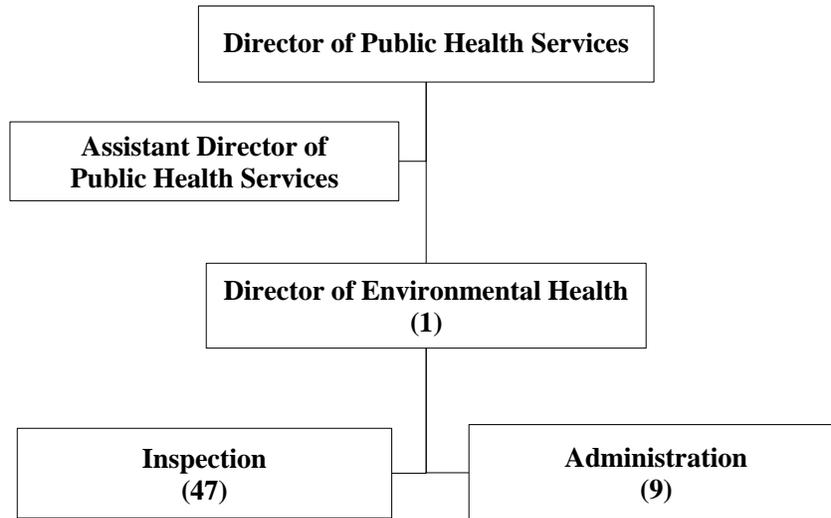

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Average length of stay in residential programs	45	37	30	26	30
Average length of stay in outpatient programs	100	57	60	65	75
Average length of stay in methadone programs	65	201	200	277	250
Completion rates for outpatient programs	41%	58.8%	35%	41%	45%
Completion rates for residential programs	71%	69%	60%	63%	65%
Percentage of adults participating in substance abuse treatment who report being satisfied with services	86%	88%	85%	89%	85%

A “Successful Completion” incorporates a client’s overall performance in treatment including attendance, negative drug screens, and having a credible plan for employment/education, social support and relapse triggers related to physical or mental health issues. Clients discharged as having satisfactory progress in treatment are considered a successful completion for the purposes of this report. Until FY 2016-2017, the system of care managed an average 45-day length of stay in residential programs, 90 days for intensive outpatient and 180 days for outpatient programs. With the advent of the Drug Medi-Cal Organized Delivery System Waiver however, treatment length will no longer be prescribed, and completion rates may be impacted as individuals remain in treatment for extended periods.

Mission Statement

Improve quality of life through the promotion of healthy lifestyles, prevention of disease, protection of the environment, and advancement of the emergency medical system.

Organizational Chart

Health and Sanitation

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Implemented a massage establishment ordinance requiring all establishments to obtain an annual health inspection to ensure safe and sanitary conditions are met and no other illegal activity is occurring.
- Implemented onsite wastewater treatment program in compliance with Assembly Bill 885 that requires installation of new septic systems and repair of existing systems to obtain a health permit.
- Implemented a food safety roundtable with permitted facilities to provide education on new statewide rules, recent local trends and to familiarize business with the department staff.
- Implemented a response plan for toxin producing blue-green algae that appears in local lakes and rivers, which includes routine water testing, education, and outreach.

Environmental Health Services

Department Head: Matt Constantine
 Fund: Environmental Health Services
 Budget Unit: 4122

Function: Health and Sanitation
 Activity: Health

Description of Major Services

Environmental Health Services, a division of the Public Health Services Department, provides State-mandated regulatory oversight, compliance assistance, and enforcement actions for community businesses and activities. The division is responsible for reviewing and inspecting over 8,000 business facilities to protect the public and the environment. The division has a fully implemented risk-based inspection program focused on inspection and audit services and designed to direct resources to areas of greatest risk.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The division receives a significant portion of revenue for permitting, inspecting and enforcement services provided. The division performs these services for food, hazardous waste, water, solid waste, housing, and medical waste facilities. A smaller portion of revenue is derived from grants and educational programs. The majority of expenditures for this budget unit are associated with staffing costs for positions required to perform the functions assigned.

Budget Changes and Operational Impacts

In January 29, 2019, the Board of Supervisor approved a salary adjustment for environmental health positions in order to address frequent turnover and to ensure the health and safety of County residents, as a result, the Salary and Benefits is expected to increase from the prior year actual. The division fee schedule fully support the operational increase as the fees were adjusted by the CPI increase of 1.9% in compliance with the County Ordinance. Additionally, the division will receive \$100,509 in 1991 Health Service Realignment, \$50,908 from the Hazardous Waste Settlements associated with prior year cases and \$398,160 from the Garage Internal Service Fund as the division has transitioned its fleet to the Enterprise pilot program.

The fund balance at June 30, 2019 is \$504,389. The budgeted operational cost for FY 2019-20 will be offset with the fund balance, with the remainder covered with a release from the general designation, which currently has a balance of \$748,087.

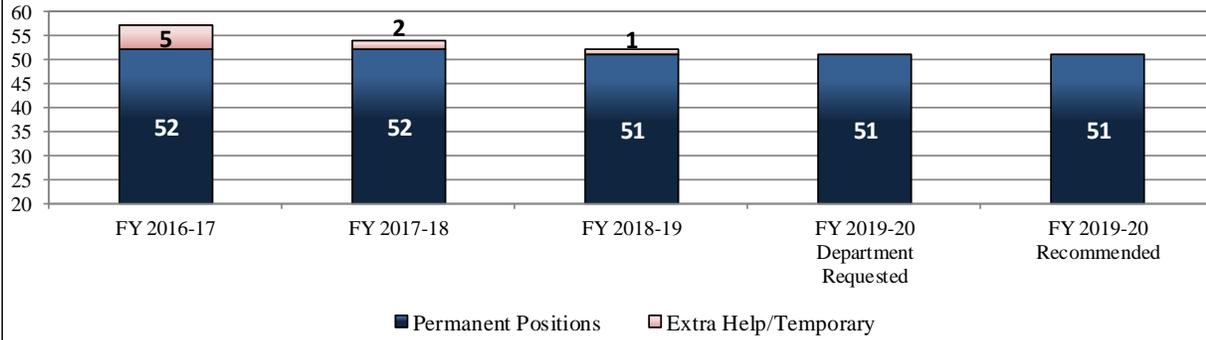

Health and Sanitation

Staffing Changes and Operational Impacts

The recommended budget holds the following authorized positions vacant and unfunded: one (1) Fiscal Support Specialist position, one (1) Office Services Technician position, one (1) Hazardous Material Specialist IV position and two (2) Environmental Health Technician I/II/III positions, for estimated annual savings of \$458,129.

Average Filled Positions

Health and Sanitation

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Improving the quality of life of County residents by safeguarding the community and environment.

Objective: Permit and inspect facilities within the County.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Average number of critical risk factor violations, per facility inspected, associated with foodborne illness and disease outbreaks.	.37	.30	.20	.29	.25
Average number of critical risk factor violations, per facility inspected, associated with the handling of hazardous materials or waste which presents an immediate or potential threat to public health or the environment.	1.14	.89	.80	.90	.80
Average number of critical risk factor violations, per facility inspected, associated with the handling of solid waste which presents an immediate or potential threat to public health or the environment.	1.57	.70	.60	.85	.70
Average number of critical risk factor violations, per facility inspected, of hotels and motels, which presents an immediate or potential threat to public health.	.74	2.00	.75	1.28	1.00

The Environmental Health Division of the Public Health Services Department provides State-mandated regulatory oversight and enforcement actions for community businesses and activities to ensure the appropriate application of the California Health and Safety Code. The division has a fully implemented risk-based inspection program focused on inspection services and designed to direct resources to areas with the greatest risk to the community. Directing resources to those facilities with the greatest risk will increase the division’s presence in these facilities and financially incentive these businesses to comply with regulations. The division has focused on food safety through its health inspections, which resulted in an increase in FY 2017-18 and FY 2018-19; however, expects to reach its FY 2019-20 goal.

Objective: Enhance protection of the community through industry training and education.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of people trained on food safety.	150	269	275	287	275
Number of people trained on handling of hazardous waste and materials.	1,347	1,200	1,000	1,229	1,000

The Environmental Health Division of the Public Health Services Department provides training and education to local businesses to assist in the protection of the community and the environment. The number of people trained each year by the division should directly correlate to the average number of critical risk factor violations seen in facilities during inspections, which slightly increased in FY 2018-19. Industry training and education measures are being added to the division’s performance measures, as the responsibilities of the division are broader than just inspecting for safety. It is the responsibility of the division to provide training and education to the industry to enhance the protection of the community.

Health and Sanitation

County Contribution – Behavioral Health and Recovery Services

Department Head: Bill Walker

Function: Health and Sanitation

Fund: General

Activity: Health

Budget Unit: 4127

Description of Major Services

This budget unit has been established to facilitate the appropriation of the General Fund contribution to the Kern Behavioral Health and Recovery Services Department. Appropriations within this budget unit will be transferred to the Kern Behavioral Health and Recovery Services operating budget unit 4120.

Summary of Expenditures and Revenue

Health and Sanitation

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

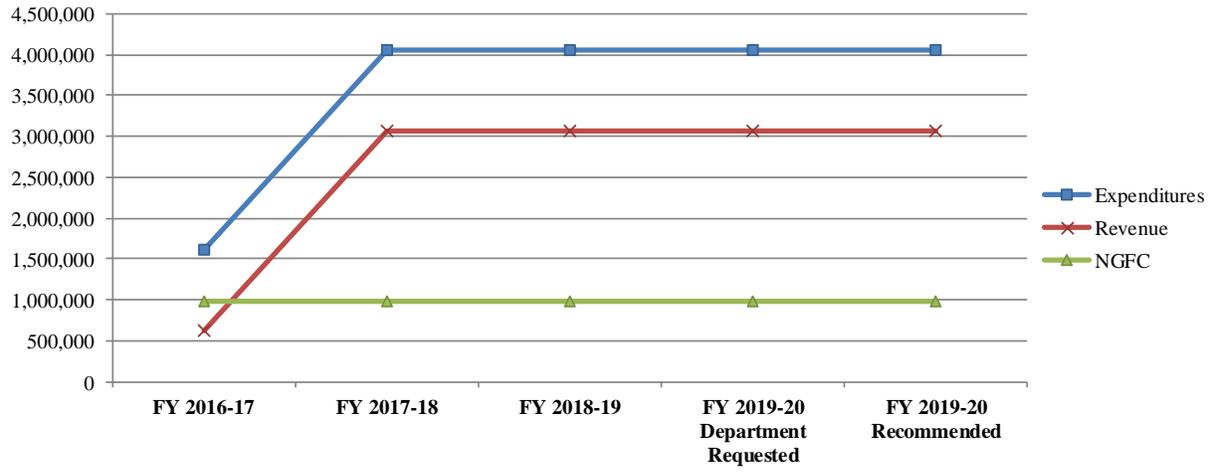

The State requires the County to appropriate funding through a Maintenance of Effort (MOE) for behavioral health and substance use disorders services in the amounts of \$771,124 and \$209,525 respectively.

In addition to the MOE and General Fund contribution, the Kern Behavioral Health and Recovery Services operating budget unit 4120 will receive \$402,624 in 1991 Realignment Vehicle License Fees (VLF) Collections revenue and \$2,663,647 in one-time prior year 1991 Realignment growth funds, which the County began receiving in FY 2017-18.

Budget Changes and Operational Impacts

The recommended budget provides the mandated funding in accordance with MOE requirements.

Health and Sanitation

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The recommended budget includes a contribution of \$100,509 which is fully offset by 1991 Health program realignment revenue budgeted to meet the County's responsibility of providing environmental health services.

Budget Changes and Operational Impacts

The recommended budget provides for the mandated County responsibility of providing environmental health services; there are no significant changes or operational impacts.

Expenditures, Revenue, and NGFC Trend

Health and Sanitation

County Contribution – Kern Medical Center

Department Head: Ryan J. Alsop

Function: Health and Sanitation

Fund: General

Activity: Hospital Care

Budget Unit: 4202

Description of Major Services

State law mandates that the County provide medical care for indigent residents and inmates of correctional facilities. This budget unit appropriates funds to reimburse the Kern County Hospital Authority for providing medical services to indigent patients, jail inmates, and juveniles in County detention facilities.

Summary of Expenditures and Revenue

Health and Sanitation

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

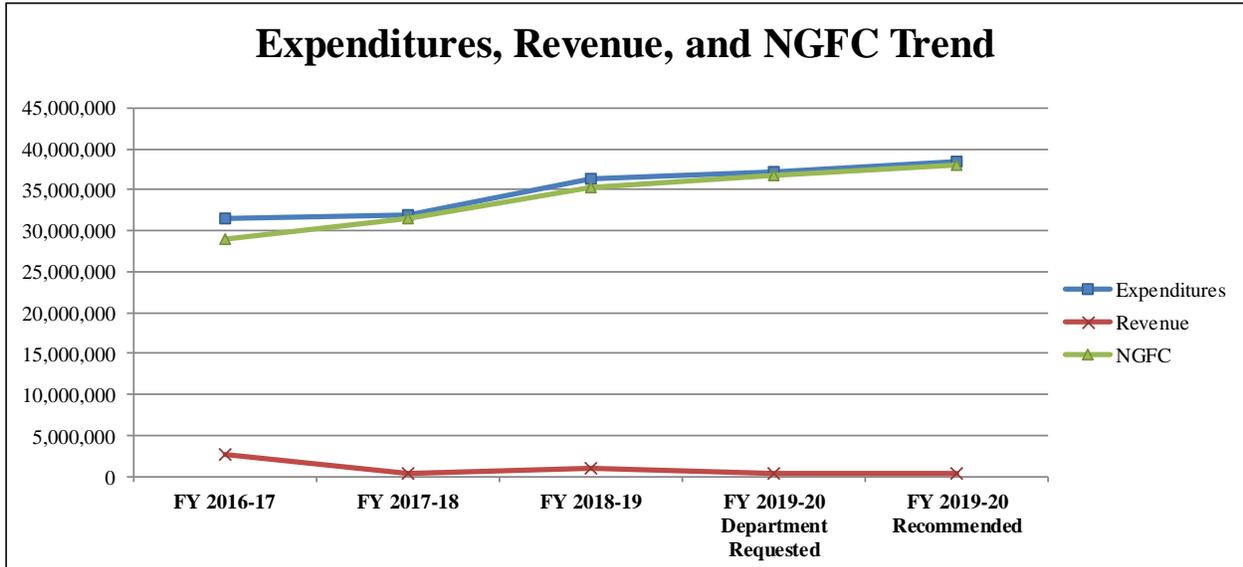

This budget unit accounts for \$35.2 million in payments to the Kern County Hospital Authority (Hospital Authority) for providing medical care to indigent residents, and inmates housed in the County’s adult and juvenile detention facilities, including the Kern County Justice Facility and \$1.9 million to Behavioral Health Services to offset the cost of providing behavioral health services at the Kern County Justice Facility. In total, the County has budgeted \$31.6 million for medical services to adults and juveniles (\$28.9 million for adult inmate care and \$2.7 million for juvenile inmate care). The cost of providing medical services for the adult inmates is offset by \$360,000 received for care of Federal inmates. The County and the Hospital Authority are in negotiations to finalize the estimated cost of providing care at the correctional and juvenile facilities, if changes are needed, budget transfers will be processed. The remaining County contribution is comprised of \$4.8 million to cover the cost of medically indigent residents and to reimburse the Hospital Authority for the cost of performing forensic examinations.

Budget Changes and Operational Impacts

As a result of the hospital’s enhanced Medi-Cal reimbursement for the previously uninsured, 1991 Health Realignment is not expected to be available to offset some of the costs of providing care for the medically indigent. However, \$1,341,677 has been included as required by Assembly Bill 85 (AB 85). AB 85 requires the diversion of 1991 Health Realignment funds from the County to

the Family Support subaccount where the funding is used to offset State general fund costs in the CalWORKs program. These funds must flow through the Hospital Authority since the diverted amount is based on a formula that considers the Hospital Authority’s cost and revenue experience providing services to the Medi-Cal, uninsured and medically indigent population. This amount represents the estimated FY 2016-17 redirected amount in 1991 Health Realignment that should have been withheld by the State.

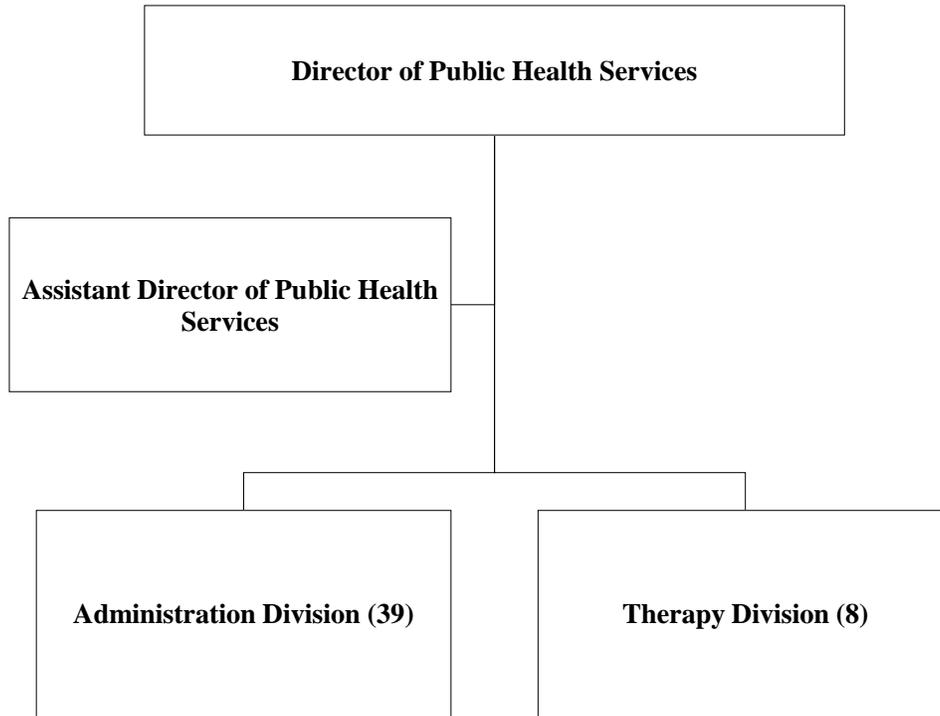

Health and Sanitation

Mission Statement

Improve quality of life through the promotion of healthy lifestyles, prevention of disease, protection of the environment, and advancement of the emergency medical system.

Organizational Chart

Health and Sanitation

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Launched a diabetes education class. This class provided children and families suffering from diabetes with education related to improving diabetes disease management for adolescents, proper cooking and eating, working with specialty doctors, and the use of a care notebook.
- Provided intensive case management for 6,078 children under the age of 21 during FY 2017-18 to ensure they realize maximum physical and social potential.
- Provided medical therapy services to 459 local children suffering from extremely disabling medical conditions during FY 2017-18.
- Launched a telehealth pilot project with UCLA’s House Children’s Hearing Center, providing remote speech therapy sessions to members without requiring members to drive out of County.

Budget Unit: 4300

Function: Health and Sanitation

Activity: California Children Services

Description of Major Services

The California Children's Services (CCS) Program provides diagnosis, treatment and therapy services to children with disabling conditions. The program is designed to ensure that children with medically eligible conditions realize their maximum physical and social potential. The CCS Program, mandated by the California Health and Safety Code, currently provides diagnostic and treatment services, medical case management and physical and occupational therapy services to approximately 6,000 children.

Health and Sanitation

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The administrative and case management costs incurred by CCS are reimbursed by the State and federal government, at varying ratios, depending on the health benefits a child is eligible to receive. Medi-Cal eligibility results in a 100% reimbursement by the State; Targeted Low Income Children's Program (formerly Healthy Families) eligibility results in an 82.5% reimbursement. Ineligibility for either program results in a 50% State reimbursement to CCS. The recommended budget includes revenue and appropriations using prior year actual CCS caseload eligibility statistics. Actual caseloads will impact final expenditures and revenue.

Budget Changes and Operational Impacts

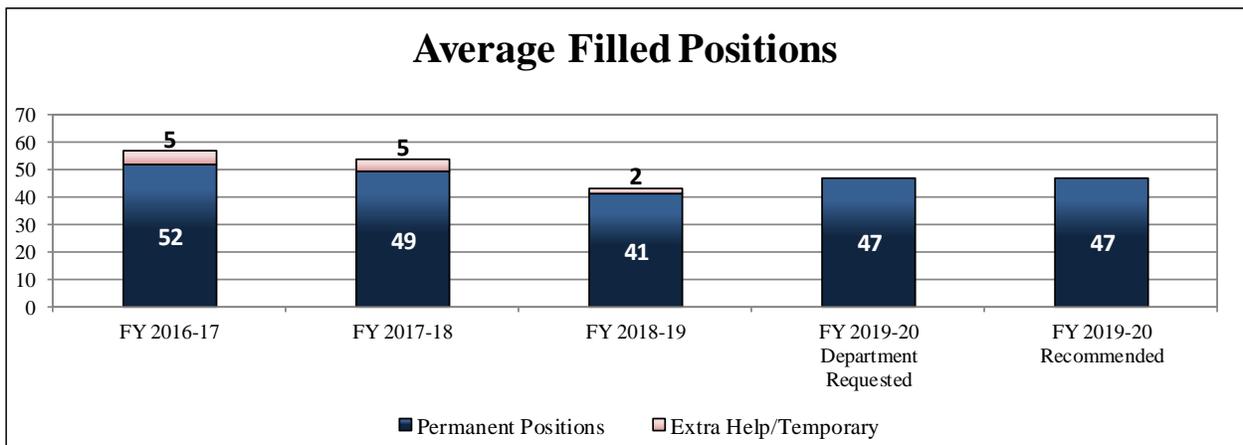

The recommended budget includes an increase in revenue of \$2.4 million based on the State allocation derived from caseload eligibility. The increase in expenditures is attributed to the planned filling of current vacancies, indirect cost allocation reimbursement to the Public Health Department, and full appropriation of the County’s maintenance of efforts costs.

Health and Sanitation

Staffing Changes and Operational Impacts

The recommended budget includes the addition of one (1) Health Education Assistant position and the deletion of one (1) Office Services Technician position, one (1) Public Health Project Specialist position, one (1) Assistant Program Director position, two (2) Therapy Aide positions and two (2) Program Technician positions, at an annual savings of approximately \$617,988.

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Ensure patients receive optimal, high-quality and timely medical care.

Objective 1: Minimize the amount of time it takes to link a referred patient to services.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Average number of days to determine medical eligibility of referrals	1.4 days	3.1 days	≥ 5 days	3.1 days	≥ 5 days

The department provides mandated medical services to referred children. Minimizing the number of days it takes to link a child to services can have an impact on the recovery of the child.

Health and Sanitation

Mission Statement

The Department of Human Services partners with children, individuals, families and the community to provide customer-centered services. We work to ensure safe, protected and permanent homes for children and we actively assist individuals as they prepare for employment.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Collaborated with Kern County Superintendent of Schools Dream Center by co-locating with a multidisciplinary team to address foster youth, ages 10 to 25 years old.
- For Lean Six Sigma Initiative, 78 employees received training with 12 official projects submitted for a savings of 1,273 hours and \$400,299.
- Secured \$1.6 million in grant funding for goods and services to assist families.
- Enlisted with InTelegy, Inc. to implement additional customer centered and lean six sigma efficiencies. More than 53 staff are participating in workgroups.
- Collaborative Partnerships: Gleaners Kern Care Food Drive, LiFT Outreach to the Oildale community, Houchin Blood, Honor Flight and Veterans Breakfast sponsor, Drought Food Distributions, Kern Stop Meth Now Task Force and Toys for Tots referral program with United States Marine Corps.
- Maintained an Active Error Rate of 1.94%, which is below the national tolerance of 3.8%.
- The Jamison Children’s Center transitioned from a 24-hour shelter care facility to a 10-day facility.
- All Families Work Participation Rate (WPR) increased from 14.4% to 22.3% and Two Parent WPR increased from 16.1% to 24.5%, over the past five years.

Public Assistance

Human Services - Administration

Department Head: Dena Murphy

Function: Public Assistance

Fund: Human Services – Administration

Activity: Administration

Budget Unit: 5120

Description of Major Services

The Human Services Department administers State, local and federally mandated public assistance programs which include California Work Opportunity and Responsibility to Kids Program (CalWORKs), CalWORKs Welfare to Work Program, County-funded general assistance, CalFresh, referral services, and Resource Family Approval.

Most public assistance programs administered by the department are controlled by federal and/or State laws, and are regulated and supervised by the State Department of Social Services (CDSS). The department continues to direct its efforts to a family-focused service delivery system which includes initiatives such as Linkages, Differential Response, and Heart Gallery for adopted children.

The department functions as a full service adoption agency, licensed by CDSS. The department provides a continuum of services to members of the adoption triad of birth parents, adoptees and adoptive parents. The department also operates children protective services that provide a 24-hour response system designated to receive, investigate and evaluate reports of child abuse and neglect. In conjunction with this responsibility, the department operates the Jamison Center, which temporarily shelters children who have been removed from their home due to safety concerns until a foster home can be arranged.

The department administers eligibility for the Medi-Cal program which pays for health care services provided to qualifying individuals and families who live in California and who fall within certain income levels. The department continues to be responsible for determining outreach and enrollment of newly eligible Medi-cal recipients under the Affordable Care Act.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

Salaries and benefits are the largest expenditure of this budget unit totaling \$154.7 million which covers employee costs for the administration and operation of various programs such as CalWORKs, CalFresh, Child Protective Services, Adoptions, and Foster Care. Services and supplies are budgeted at \$44.7 million and includes the cost associated with community providers for services required under several programs. Other charges are budgeted at \$18.7 million and include reimbursements to other County departments for professional services for programs as well as administrative costs through the county-wide cost allocation plan.

The largest revenue source for the department is federal and State reimbursements in the amount of \$168 million. The majority of funding for the department's various programs is funded by federal and State funds, however many programs have a County share of cost which is the portion the County is responsible for funding. The County's responsibility is funded by \$27.1 million in 2011 Realignment revenue, \$1.6 million in 1991 Realignment revenue, and \$16.3 million in General Fund contribution. Realignment revenues are derived from sales taxes and vehicle license fee collections of the State and as such are contingent upon the stability of the economy.

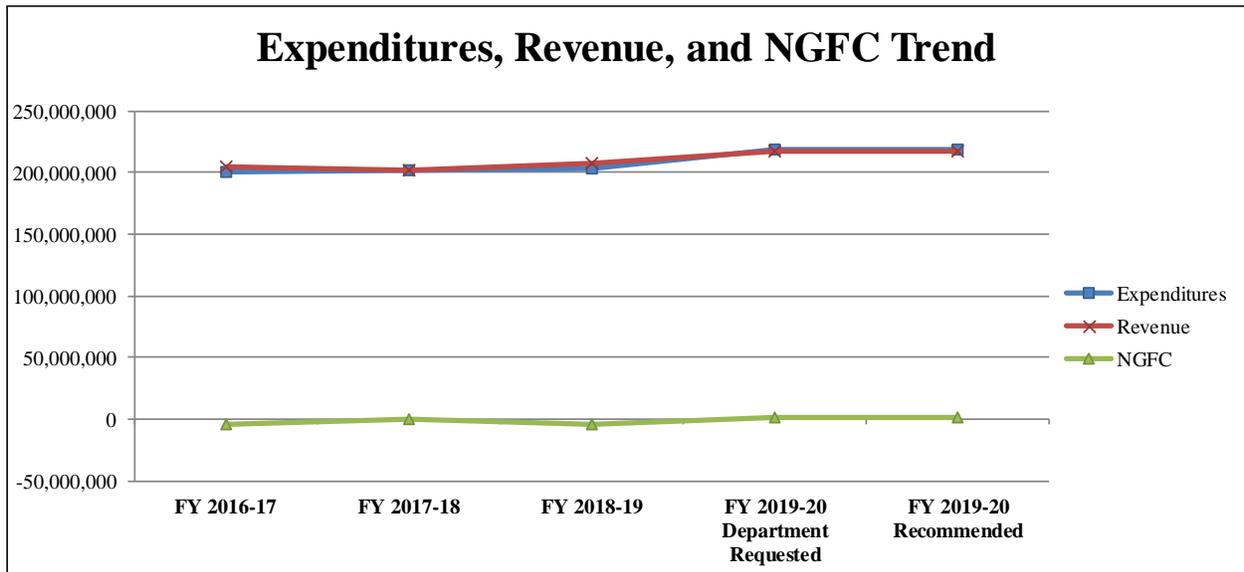

Budget Changes and Operational Impacts

The recommended budget includes a \$14.8 million increase in expenditures over FY 2018-19 actual primarily due to the department's continued efforts to implement Continuum of Care Reform (CCR) as mandated by the California Department of Social Services through AB 403, the new Home Visiting Initiative program, increase in Housing and Disability Advocacy program and increased utilization of CalWORKs, Medical and CalFresh allocation.

The recommended budget includes \$9 million in Family Support Realignment, which will be distributed to the department in lieu of State general fund for CalWORKs expenditures. The recommended budget continues to include a general fund contribution of \$504,000 for expanded Differential Response services provided by Kern County Network for Children. The department has also budgeted approximately \$834,000 for the purchase of capital assets, primarily for the replacement of department vehicles.

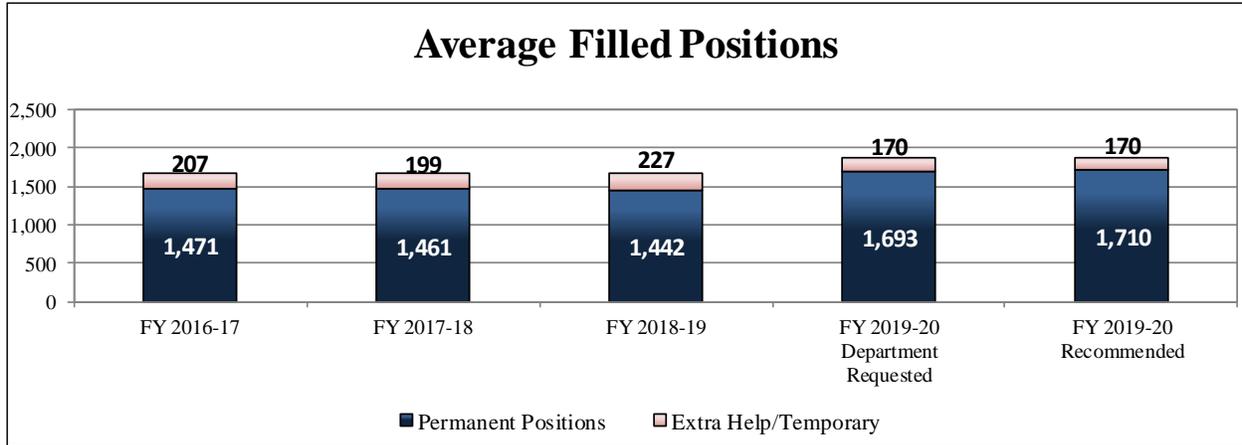

The department will use \$1.6 million of general designation currently available to offset a portion of the increased program cost in FY 2019-20. At June 30, 2019, the fund balance in the Human Services Administration fund is at \$1.3 million all of which, as prescribed by County policy, will be placed in a general designation until such time a reconciliation of accrued revenue has occurred.

Public Assistance

Staffing Changes and Operational Impacts

The recommended budget includes the addition of twenty (20) Human Services Technician positions, two (2) Human Services Supervisor positions, one (1) Assistant Director position, thirteen (13) Social Service Worker positions, one (1) Marketing and Promotion Associate position, four (4) Social Service Supervisor positions, two (2) Assistant Program Director positions, one (1) Accountant position, and one (1) Office Services Technician position. The recommended budget also includes the deletion of one (1) Marketing and Promotions Coordinator position, two (2) Fiscal Support Technician positions and one (1) Group Counselor position. The department funds all of its authorized permanent positions; however, an adjustment of \$7.2 million is included in total salaries to account for the savings related to staff turnover.

4-Year Staffing Trend

	Actual			Department	
	FY 2016-17	FY 2017-18	FY 2018-19	Requested	Recommended

Position Summary

The department currently has 1,669 authorized permanent positions. The recommended budget includes 1,710 positions, of which all are funded. Due to a high level of turnover, the department does not normally budget to hold any specific positions vacant; instead the department includes projected salary savings of \$7.2 million to reflect the anticipated attrition rate.

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Ensure safe, protected and permanent homes for children.

Objective 1: Promote and support child safety and well-being through prevention, intervention and protective services, while promoting stability and permanency in child welfare placements.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Estimate*	2019-20 Goal
Percent of all children with a substantiated allegation during the 12-month period, whom had another substantiated allegation within 12 months.	14.0%	N/A	9.1%	13.3%	9.1%
Rate of victimization per day of all children in care during the 12-month period.	5.57 days	7.24 days	8.5 days	5.80 days	8.5 days
Percent of all children whom entered care in the 12-month period; discharged within 12 months to reunification or guardianship; and re-entered foster care.	N/A	N/A	8.3%	8.0%	8.3%
Rate of placement moves per day of all children whom entered care in the 12-month period.	6.37 moves	6.69 moves	4.12 moves	6.19 moves	4.12 moves
Percent of all children whom entered care in the 12-month period and discharged to permanency within 12 months.	40.7%	N/A	40.5%	42.3%	40.5%
Children in child welfare service programs that receive regular face-to-face visits by social workers.	93.6%	97.1%	95%	97.0%	95%
Timely Response Compliance – Immediate	95.4%	92.8%	90%	94.4%	90%
Timely Response Compliance – 10-day	92.2%	90.6%	90%	91.6%	90%
Permanency in care for 24 months or more	26.9%	24.9%	30.3%	27.7%	30.3%

Child welfare is meeting established FY 2018-19 measurement goals in five areas, specifically rate of victimization per day of children in care, time response compliance for immediate referrals, time response compliance for 10 day referrals, percent of all children whom entered care in the 12-month period and discharged to permanency within 12 months, and children in child welfare service programs that receive regular face-to-face visits by social workers. One year ago, the FY 2017-18 estimate for percent of children who re-entered foster care (re-entry into foster care) in 12 months was 14%. The department has shown improvement in this area and has reduced that measurement by 3.8%.

In late 2015, legislation was signed for the implementation of Continuum of Care Reform (CCR), which is comprehensive reform to placement and treatment options for youth in foster care. As a result of CCR, the department is undergoing significant changes, including but not limited to implementation of the Resource Family Approval process, use of Short Term Residential Therapeutic Programs as intensive treatment options, Child and Family Teaming, Level of Care funding for care providers, and use of the Child and Adolescent Needs and Strengths (CANS) assessment for all youth in foster care. Full implementation of CCR is expected in 2021. As the department proceeds with changes, outcomes have improved as expected. For example, Kern has come into compliance with two additional goals (percent of all children whom entered care in the 12-month period and discharged to permanency within 12 months, and children in child welfare service programs that receive regular face-to-face visits by social workers) since the last review, and Kern has improved compliance rates in 8 of the 9 measures. In FY 2017-18, Kern’s child welfare agency implemented a new System Improvement Plan (SIP) in an effort to improve practice to support permanency and stability in the lives of foster youth. Four strategies were developed in that effort, which include discussions of permanency options amongst staff and with families for youth in care longer than two years, implementation of child and family teams, development of transition plans for youth in congregate care, and court data reviews to identify trends. This new plan began in FY 2017-18 and will continue through 2022. It is expected that the continued implementation of CCR as well as the SIP will improve permanency performance measure outcomes.

*Estimates are based on the most current data.

Public Assistance

Goal 2: Assist individuals as they prepare for employment, and provide access to other Safety-Net Services.

Objective 1: Promote and provide services that encourage family self-sufficiency and provide access to mandated services such as medical care and food assistance.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Estimate*	2019-20 Goal
All Families participating in work-related activities.	25.3%	28.7%	19%	22.8%	20.5%
Two-Parent families participating in work-related activities.	27.8%	37.0%	19%	25.1%	23%
Adults who are working in paid employment that receives CalWORKs.	26.2%	26.7%	27%	24.7%	27%
Adults who are still working three months after their CalWORKs is discontinued.	69.4%	N/A	82%	75.3%	70%
CalFresh benefits accurately administered.	98.1%	98%	95%	98.2%	95%
Medi-Cal intake cases that are processed within the State mandated timeframes.	N/A	N/A	90%	90%	90%

Kern continues to implement innovative strategies to expand the department’s capacity in the effective provision of mental health, substance abuse, domestic abuse, and housing assistance services to support our participants in overcoming employment barriers. The department will also continue to focus job development in industries that offer entry-level employment as a means of improving federal work participation rate and promoting full-time employment/self-sufficiency. The department’s robust subsidized employment program assists clients in obtaining paid work experience to enhance their employability. The department continues to sustain a low CalFresh error rate resulting in fiscal sanction avoidance. The department continues to streamline processes to ensure the State mandated time frames for the Medi-Cal program. The department anticipates regulatory changes that will need to be implement stemming from TANF Reauthorization at the Federal level as well as the CalWORKs outcomes and accountability review at the State level.

*Estimates are based on average of fiscal years 12/13 through 18/19 combined with the most recent data available.

Public Assistance

County Contribution - Human Services Administration

Department Head: Dena Murphy

Function: Public Assistance

Fund: General

Activity: Administration

Budget Unit: 5121

Description of Major Services

This budget unit appropriates supplemental funding from the General Fund to the Human Services Administration budget unit 5120. These funds provide the County's share of financial responsibility for the department's operations in providing direct social services programs to eligible recipients in the community.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The recommended budget provides \$17.9 million to budget unit 5120, Human Services Administration. This contribution is funded by Social Services Program Realignment revenues of \$1.6 million and a General Fund contribution of \$16.3 million.

Budget Changes and Operational Impacts

The recommended budget includes expenses similar to FY 2018-19 actual. The contribution from this budget unit will provide sufficient resources to the Department of Human Services – Administration budget unit 5120 to administer social service and financial assistance programs to eligible recipients in the community at the current service level.

Public Assistance

Public Assistance

County Contribution - Human Services Direct Financial Aid

Department Head: Dena Murphy

Function: Public Assistance

Fund: General

Activity: Administration

Budget Unit: 5125

Description of Major Services

This budget unit appropriates supplemental funding from the General Fund to the Human Services Direct Financial Aid budget unit 5220. Prior to FY 2016-17, this contribution was included in the Human Services County Contribution budget unit 5121. To assist with transparency of Direct Aid versus Administration funding, the contributions to the Human Services budget units were separated. This budget unit funds the County's share of financial responsibility for the department's operations in providing financial assistance to eligible recipients in the community. The largest of the financial assistance programs are CalWORKs, Foster Care, Adoptions, and General Assistance.

Public Assistance

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

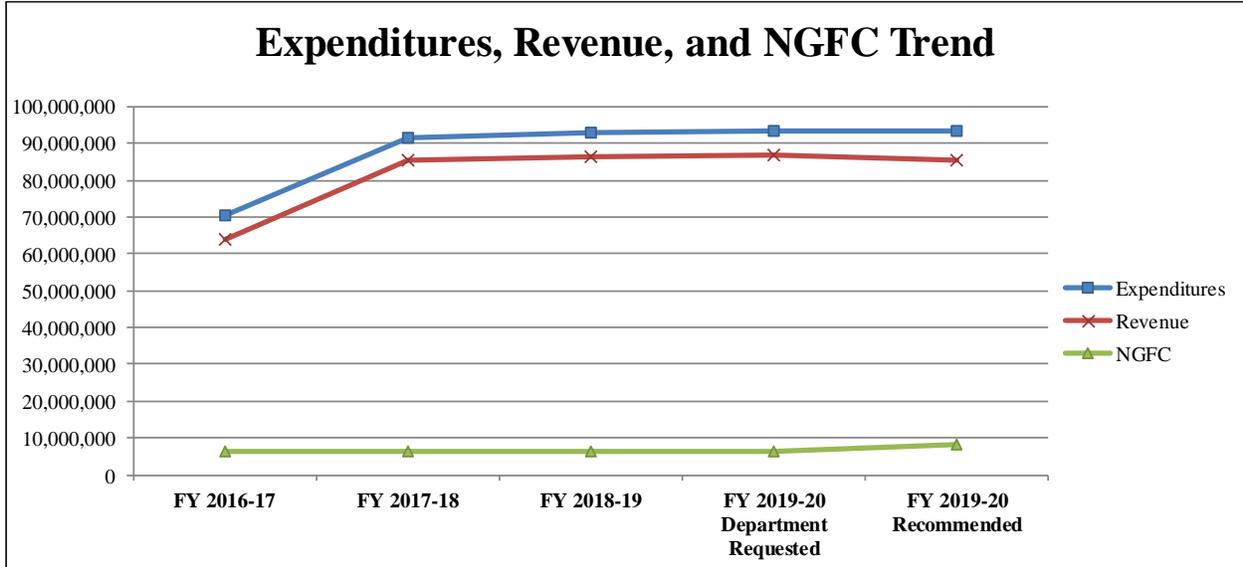

The recommended budget provides \$93.3 million to budget unit 5220, Human Services Direct Financial Aid.

This contribution is funded by Social Services Program Realignment revenue of \$27.8 million, redirected 1991 Health Services Program Realignment for Child Poverty and Family Support revenue of \$40 million, \$17.3 million of CalWORKs Maintenance of Effort Vehicle License Fees, and a General Fund contribution of \$8 million.

Budget Changes and Operational Impacts

The recommended budget includes a \$5.4 million one-time increase in 1991 Realignment and a \$1.6 million increase in General Fund contribution to cover the Cost Necessities Index increases in Foster Care and Adoptions entitlement programs, and State law changes to Maximum Aid Payment levels in General Assistance. Although 1991 Health Services Program Realignment has experienced growth, it is not significant enough to offset the ongoing cost increases in the Foster Care, Adoptions and General Assistance programs. The contributions from this budget unit are

sufficient to cover the County’s financial responsibility of providing financial assistance and social services programs to eligible recipients in the community.

Public Assistance

Human Services – Direct Financial Aid

Department Head: Dena Murphy

Function: Public Assistance

Fund: Human Services – Direct Financial Aid

Activity: Direct Financial Aid

Budget Unit: 5220

Description of Major Services

The Department of Human Services Direct Financial Aid budget unit accounts for direct financial assistance payments to eligible recipients. The largest component of financial aid is direct aid payments to eligible needy families under the Temporary Assistance for Needy Families (TANF) program. The primary recipients of aid are families eligible for TANF programs such as CalWORKs, CalFresh, and other programs. As required by State law, the County provides funding for general assistance payments to indigent adults. Families who adopt children throughout the County are also eligible for assistance payments. Foster care payments made on behalf of children placed in a County foster family home, a foster family agency, or a group home after becoming a dependent of the court and funding for Assembly Bill 12 (AB 12), which extends foster care services to transitional youth to age 21 are also made from this fund.

Public Assistance

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The Human Services – Direct Financial Aid budget unit provides direct financial assistance to qualifying persons throughout the County. CalWORKs is the greatest expenditure within this budget unit at approximately \$149.6 million. Adoptions Assistance and Foster Care Assistance are budgeted at \$44.1 million and \$58 million, respectively. In addition, \$5.9 million is included for General Assistance.

Major revenue sources of the department include \$69.1 million in federal funds and \$116.4 million in 1991 Realignment and 2011 Realignment funding.

Budget Changes and Operational Impacts

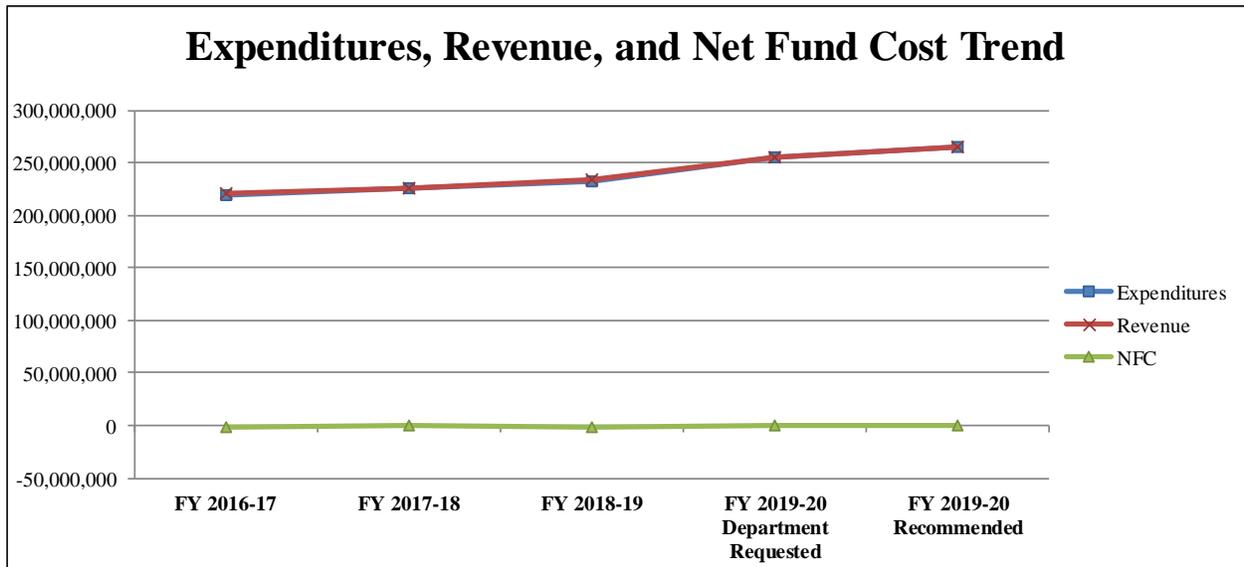

The recommended budget reflects an increase of approximately \$33.3 million in other charges and \$37.9 million in intergovernmental revenue primarily for grant increases within the CalWORKs program. The budget also includes an \$8 million General Fund contribution that is anticipated to cover the County’s financial responsibility of assisting eligible recipients in the community.

The department submitted a supplemental request for approximately \$9.5 million to cover continued Cost Necessities Index increases in Foster Care and Adoptions entitlement programs, and State law changes to Maximum Aid Payment levels in General Assistance.

To cover the supplemental request, the recommended budget includes \$5.4 million in available 1991 realignment resources and \$1.6 million in additional General Fund contribution. If the caseload and cost increases fully materialize, the remaining \$2.4 million of the supplemental budgetary request will be funded with the available 2011 and 1991 designated realignment funds.

At June 30, 2019, the fund balance in the Human Services Direct Financial Aid fund is \$4,290,905 all of which, as prescribed by County policy will be placed in the General Designation until such time as the reconciliation of accrued revenue and final County Expense Claim has occurred.

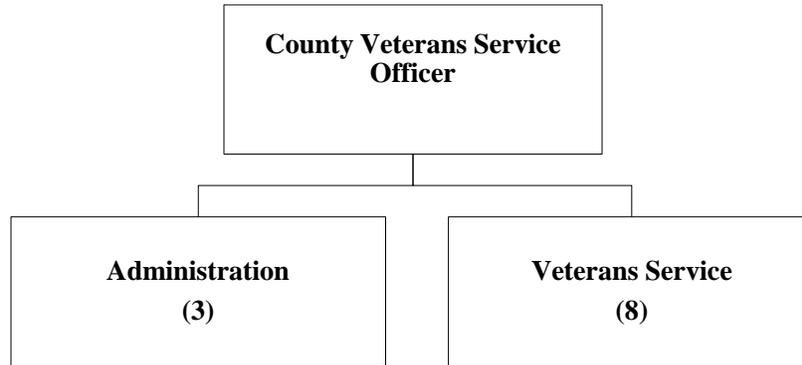

Public Assistance

Mission Statement

The Veterans Services Department promotes Veterans rights, Veterans issues, and access to services and benefits. It works with community organizations, local, state, and federal agencies to identify and obtain benefits for all veterans and their families.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Obtained new and increased cash benefits in FY 2017-18 for veterans and their dependents from the U.S. Department of Veterans Affairs in the amount of \$23,347,339.
- Collected \$2,816,932 in one-time payments in FY 2017-18 for veterans consisting of single and retroactive payments.
- Saved over \$1 million for veterans and their families with College Tuition Fee Waiver applications.
- Collaborated with the Department of Human Services by verifying entitlement to United States Department of Veterans Affairs benefits following public assistance referrals.
- Continued veteran employment services provided by the Kern Patriot Partnership and funded by Chevron grants. The program has 197 committed employers and 295 veterans have been hired since the launch of the program in September 2015.
- Secured an on-going allocation from the Community Corrections Partnership to fund a full-time Veterans Service Representative to continue providing assistance to justice-involved veterans. The program has assisted over 130 veterans since October 2017.
- Partnered with California State University, Bakersfield and Bakersfield College to host a Veterans Service Representative on campus once a month to extend outreach to veterans, their dependents, and staff.
- Partnered with the Kern Patriot Partnership and Employers’ Training Resource to provide access to supportive services to veterans at a single location.
- Facilitated the relocation of monthly Kern County Veterans Collaborative meetings to the Beale Memorial Library, which has resulted in an increase in attendance and additional exposure for the library and its many services.

Public Assistance

Veterans Service Department

Department Head: Joshua Dhanens

Fund: General

Budget Unit: 5510

Function: Public Assistance

Activity: Veterans Service

Description of Major Services

The Veterans Service Department is responsible for advocating on behalf of local veterans, providing assistance with claim preparation and benefits counseling, and referring veterans to other County, State and federal agencies for whose programs they may be eligible to receive. In addition, the department conducts outreach throughout the County for the purpose of informing the community of Veterans benefits and services.

Public Assistance

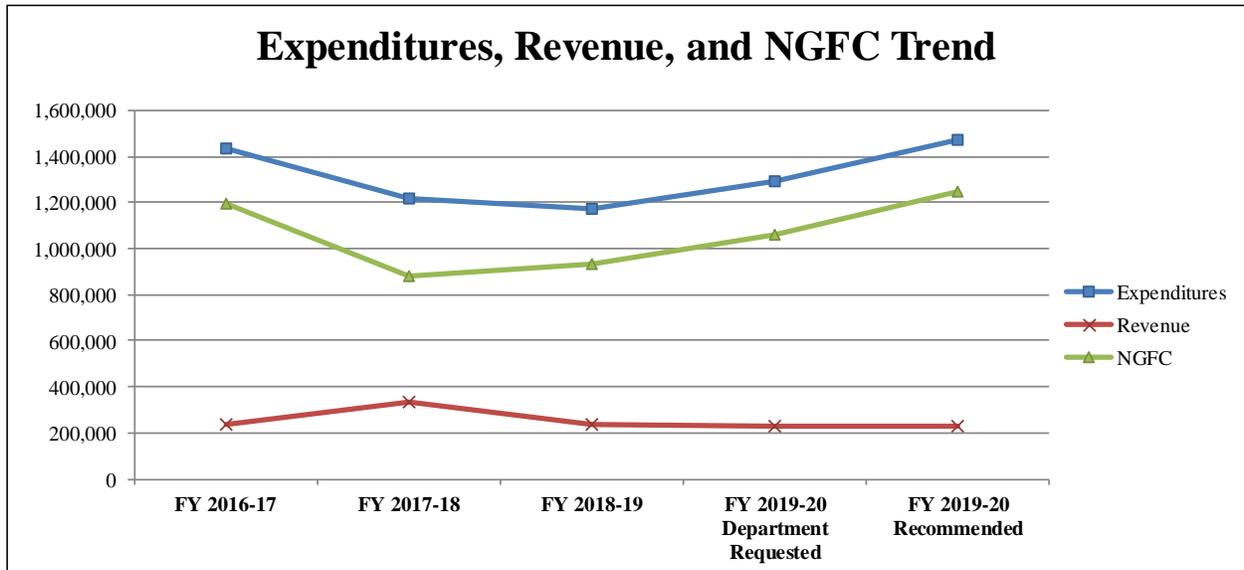

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of expenditures in this budget unit are associated with staffing costs to perform the services provided by the Veterans Service Department. The department is primarily funded by an allocation of Net General Fund Cost (NGFC). Additional sources of revenue include state funding, grants and donations.

Budget Changes and Operational Impacts

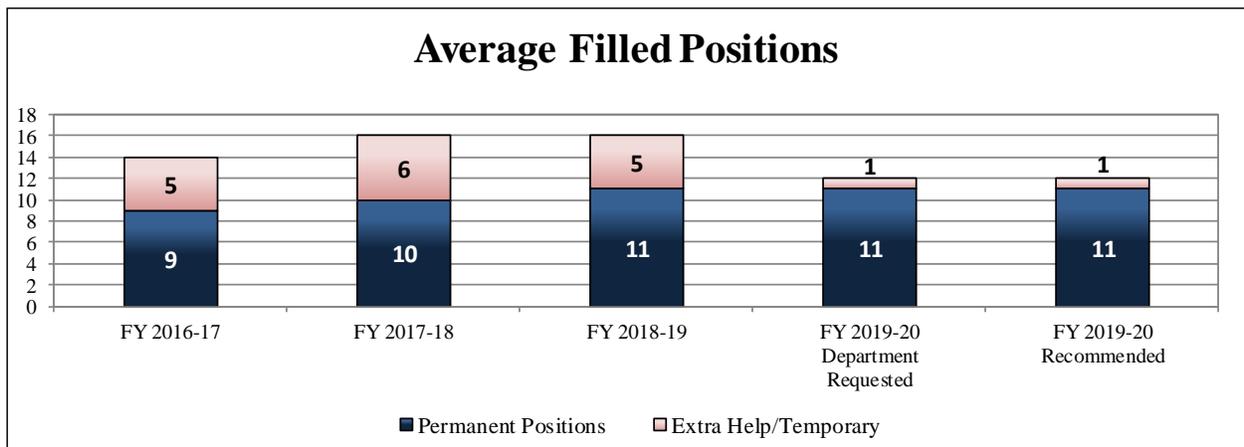

Salaries and benefits is increasing as the department anticipates filling all eleven of its authorized positions during FY 2019-20. The department anticipates using \$79,834 from its Veterans Grant and Donation Fund, Budget Unit 5511, to offset staffing and supply costs related to the Kern Patriot Partnership Program. Beginning in FY 2019-20, the department will begin receiving an ongoing allocation of 2011 Realignment from the Community Corrections Partnership to assist in meeting

the requirements of Assembly Bill 109 to reduce recidivism. The recommended budget provides adequate funding to allow the department to continue serving veterans in the community at a sustained level.

Staffing Changes and Operational Impacts

The recommended budget includes the addition of one (1) Veterans Service Representative Assistant/I/II position, which will be funded with 2011 Realignment.

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Increase community awareness and improve services to veterans, dependents and survivors.

Objective 1: Provide education and outreach to veterans, dependents and survivors regarding benefit changes and amendments to their benefits. Work with Federal, State and regional governments and organizations to ensure the County, and its veterans, receive their fair share of resources.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of client contacts	19,602	18,500	19,500	32,391	22,500
Number of veteran dependents who applied for and were granted the California Department of Veterans Affairs College Fee Waiver	460	425	450	528	450
Number of outreach events	40	35	35	57	40

This indicator measures the department’s total number of contacts with clients at the Veteran’s office; additionally, department staff perform outreach activities to provide detailed information and to urge veterans to visit the office in order to assist them to obtain the benefits they have earned. The department is successfully generating veteran visits to its office and is providing high quality advocacy and claims processing. Moreover, tuition fees are waived by the State for children of veterans who either have a service-connected disability or were killed while on active duty while they attend a California State college or university. Students are encouraged to apply and are granted this benefit if entitled. The department is continuing the awareness outreach program to ensure all eligible dependents are informed of this program.

Objective 2: Receive required continuing education hours of training from the U. S. Department of Veterans Affairs and the California Department of Veterans Affairs to maintain federal accreditation and maximize staff knowledge of federal and State benefits and services.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of Veterans Service staff that satisfy continuing education requirements to maintain federal accreditation	100%	100%	100%	100%	100%
Percentage of training classes attended by Veterans Service staff, which are offered by the California Department of Veterans Affairs.	100%	100%	100%	100%	100%

A key element in providing top-quality customer service is the technical proficiency of staff. In addition to seeing clients on a continuous basis, the department provides training in the office as well as training sanctioned by the California Department of Veterans Affairs and conducted by the California Association of County Veterans Service Officers. By meeting these continuing education requirements, staff not only maintain their accreditation with the California Department of Veterans Affairs, but they also continue to be educated on new federal and state benefits. The department is leveraging resources to be able to send additional staff members to more comprehensive training.

Public Assistance

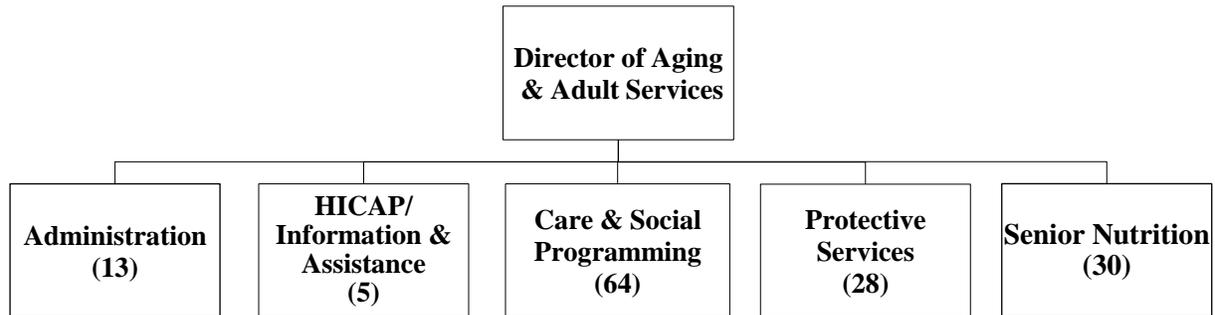

THIS PAGE INTENTIONALLY LEFT BLANK

Mission Statement

To provide services that protect, preserve the dignity and support the independence and safety of older adults and disabled individuals in the community.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Held 21st Annual Elder Abuse Conference in collaboration with the District Attorney's office, Commission on Aging and Behavioral Health and Recovery Services.
- Continued multi-disciplinary teams Dependent Elder Abuse Review and Elder Death Review Team to focus efforts of services on underserved populations.
- Collaborated with Mental Health on providing services to isolated seniors through the Volunteer Senior Outreach Program.
- Collaborated with Association of American Retired Persons to provide tax counseling of over 160 clients. Estimated total return to clients served was \$144,000.
- Distributed 30,000 farmers market produce coupons to seniors, with a redemption rate of 76%.
- Collaborated with certified growers to allow Meals on Wheels drivers to deliver fruit and vegetables directly to homebound seniors utilizing Farmers Market coupons.
- Partnered with Emergency Services to identify at-risk seniors and disabled adults during flooding and disaster events.
- Spring Alive resource fair held to expand knowledge of resources for seniors in the community in conjunction with the Commission on Aging and St. Johns Church.
- Emergency cooling centers were provided at twelve locations throughout the County.
- Distributed IKEA baskets and area rugs.
- Held scam training events at senior centers to educate on current scams targeting seniors.

Aging and Adult Services

Department Head: Lito Morillo
 Fund: Aging and Adult Services
 Budget Unit: 5610

Function: Public Assistance
 Activity: Other Assistance

Description of Major Services

The Department of Aging and Adult Services administers federal, State, and local funds to provide services to elderly and disabled adults. Programs and services coordinated by the department include the In-Home Supportive Services (IHSS) program, abuse prevention, nutrition, homemaker, conservator, disease prevention and health promotion, insurance counseling, as well as substantial information and referral assistance.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

Staffing costs of \$13.7 million fund 199 budgeted positions, of which 132 are permanent positions and 67 are extra-help/temporary positions. Services and supplies expenditures of \$3.9 million consist of cost for contracted services for adult protective services, supportive services, senior nutrition programs and California Department of Aging programs. The department is primarily funded through federal and State sources of \$12.7 million that include revenue for senior nutrition, protective services, and supportive services. Additionally, the department receives approximately \$1.7 million in 2011 Realignment revenue, \$827,807 in 1991 Social Services Realignment, and \$714,218 in General Fund contribution.

Budget Changes and Operational Impacts

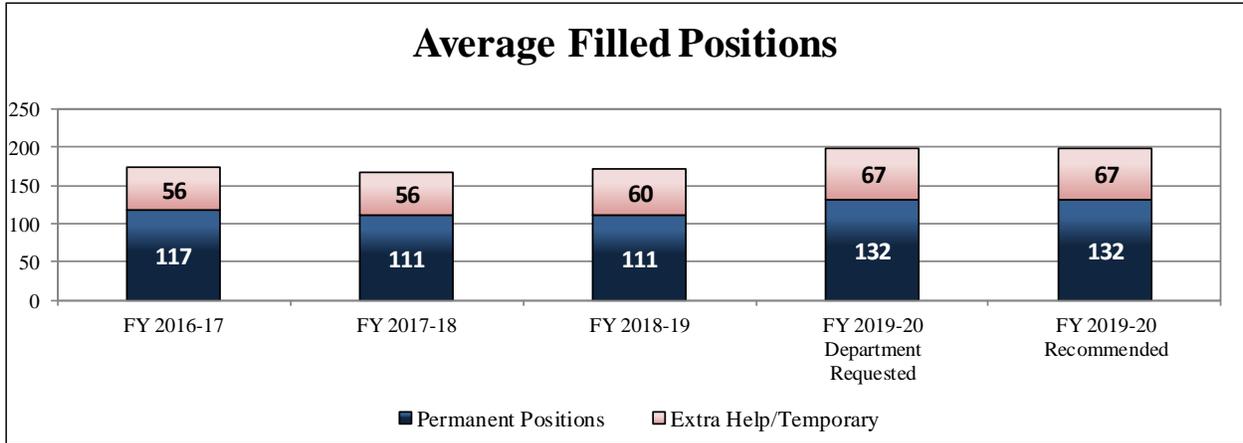

The recommended budget includes an increase of approximately \$2 million in intergovernmental revenue from FY 2018-19 actual, primarily due to an increased State allocation for the IHSS program. The increase in salaries and benefits is attributed to the planned filling of current vacancies and the addition of positions, which are funded with State and federal program revenue. The increase in positions allow the department to meet operational demands and allow for increased utilization of the IHSS administration State allocation. The fund balance at June 30, 2019 is \$860,266, of which \$538,033 is budgeted in FY 2019-20 with the remaining \$322,233 increasing the general designation for future fluctuations in revenue or unplanned future expenditures.

Public Assistance

Staffing Changes and Operational Impacts

The recommended budget includes the addition of one (1) Cook I/II position, one (1) Social Services Supervisor position, eight (8) Social Service Worker I/II positions, one (1) Health Education Assistant I position and one (1) Information Systems Specialist I position and the deletion of four (4) Nutrition Worker positions, at an estimated net cost of approximately \$982,481. In addition, the department will hold the following nine positions vacant and unfunded: one (1) Administrative Coordinator position, two (2) Office Services Technician positions, two (2) Cook III positions, two (2) Senior Nutrition Site Coordinator positions and two (2) Food Service Worker I Part-Time positions.

Public Assistance

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Keep our senior and disabled adult community safe.

Objective 1: Reduce exploitation and abuse through prevention and education.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of community education presentations	165	170	165	178	175

In an effort to prevent and reduce elder abuse, the department continues to conduct presentations on the subject in order to bring awareness to this issue. The department provides an annual Elder Abuse Conference, and trains mandated reporters on a regular basis throughout the community. The training is provided to mandated reporters as well as private sector businesses involved in the industry, non-profit, and other community organizations. The department will continue to provide outreach and education presentations in the community, and looks to expand its efforts through our public website. The Department exceeded its goals for the year 2018-19.

Objective 2: Investigate reported abuse and exploitation effectively.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of urgent adult protective services referrals responded to within 18 hours	100%	100%	100%	100%	100%
Percentage of adult protective services referrals responded to within the state mandate of ten days	100%	99%	100%	99%	100%
Number of adult protective services referrals investigated	4,349	4,300	4,200	4,586	4,300
Total number of adult protective services referrals	4,730	4,700	4,500	5,005	4,600

State guidelines mandate that referrals to Adult Protective Services be resolved within ten days of receipt. Also, there must be a response to urgent referrals. The department has met the immediate response requirements, but had some issues with meeting the 10 day mandate due to unexpected employee illness or leaves of absence.

Goal 2: Support the dignity and independence of our senior and disabled adult population.

Objective 1: Provide outreach, information, and education about services available to seniors and disabled adults.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of information and assistance contacts	27,941	22,338	25,000	22,673	25,000
Dollars saved for clients of the Health Insurance Counseling and Advocacy Programs (HICAP)	\$2,002,624	\$2,143,913	\$1,890,000	\$3,679,213	\$2,000,000
Number of HICAP contacts	29,088	20,689	31,500	22,353	14,358

The department operates an information and assistance call center where seniors are linked to services offered in the community. In addition, hands on assistance is offered in the completion of applications for services in the community, selection of health plans, and referrals are made for other services such as but not limited to legal aid. The Affordable Care Act and recent changes to Medicare was expected to result in a reduced number of HICAP cases last year, but this was not the case. Demand shifted to the more immediate need for coverage, and more Medicare share-of-cost cases than normal. HICAP goals are now set by the state annually. Outreach and community education presentations are provided throughout Kern County. Contact goals were reached.

Public Assistance

Objective 2: Effectively and efficiently administer service programs for eligible seniors and disabled adults.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of senior meals served	342,290	341,597	360,000	300,459	303,464
Percentage of case assessments for In Home Supportive Services completed within 45 days or less.	74%	62%	90%	60%	90%
Number of initial case reviews for In Home Supportive Services Quality Assurance	328	298	316	331	319
Number of cases per worker for In Home Supportive Services	310	375	445	440	260

The department administers the Senior Nutrition Program, which provides lunchtime meals through congregate (senior centers) and home delivered to those 60 years and older. Funding for the nutrition program has stabilized, however the cost of serving and delivering meals continues to rise. This forced one of the contracted providers to reduce the number of congregate meals served, thus the actual and estimated meals served reflect this change. The department also administers the In-Home Supportive Services Program (IHSS) which provides in home care to individuals on Medi-Cal and who are at risk of out of home care if services were not provided. The goal of all initial case assessments being completed within 45 days has continued to be somewhat elusive, due to continued staff turnover. The department has seen an increase in caseloads due to the Affordable Care Act. More clients have become eligible for services because they are on Medi-Cal. Department goal for number of cases per worker for IHSS changed significantly due to reorganized functions of IHSS social service workers. The department added staff in FY 18-19, merged existing intake/field caseload units, and will add additional staff in FY 19-20 in order to meet the growing number of clients. Overall, this will decrease the actual case count per worker and as such, the goal for number of cases per worker for IHSS changed significantly. Quality assurance is a top priority for the department. The department continues to staff and promote quality case management.

County Contribution – Aging and Adult Services

Department Head: Lito Morillo

Function: Public Assistance

Fund: General

Activity: Other Assistance

Budget Unit: 5611

Description of Major Services

This budget unit appropriates supplemental funding from the General Fund to the Aging and Adult Services Department to provide funding for abuse prevention, insurance counseling, nutrition and other services to elderly and disabled adults.

Summary of Expenditures and Revenue						
	FY 2017-18	FY 2018-19		FY 2019-20

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The recommended budget includes an allocation to Aging and Adult Services Department, budget unit 5610, in the amount of approximately \$1.5 million to meet County match requirements in specific programs as required by State and federal regulations. Social services program realignment revenue provides funding in the amount of \$827,807, with the remainder being funded by a General Fund contribution.

Budget Changes and Operational Impacts

The recommended General Fund contribution is budgeted to remain the same as FY 2018-19. There are no significant changes or operational impacts.

Public Assistance

Public Assistance

County Contribution – In-Home Supportive Services

Department Head: Lito Morillo

Function: Public Assistance

Fund: General

Activity: Other Assistance

Budget Unit: 5810

Description of Major Services

This budget unit facilitates the appropriation of the County contribution for the In-Home Supportive Services (IHSS) program, which is administered by the Aging and Adult Services Department. State Law mandates that the County provide services to qualified aged and blind persons with disabilities in order for them to remain in their homes and avoid being institutionalized.

Summary of Expenditures and Revenue						
	FY 2017-18	FY 2018-19		FY 2019-20		
	Actual	Adopted Budget	Actual	Department Requested	Preliminary Recommended	Recommended
APPROPRIATIONS:

NET GENERAL FUND COST	\$0	\$2,044,780	\$2,044,780	\$2,429,597	\$2,429,597	\$1,929,597

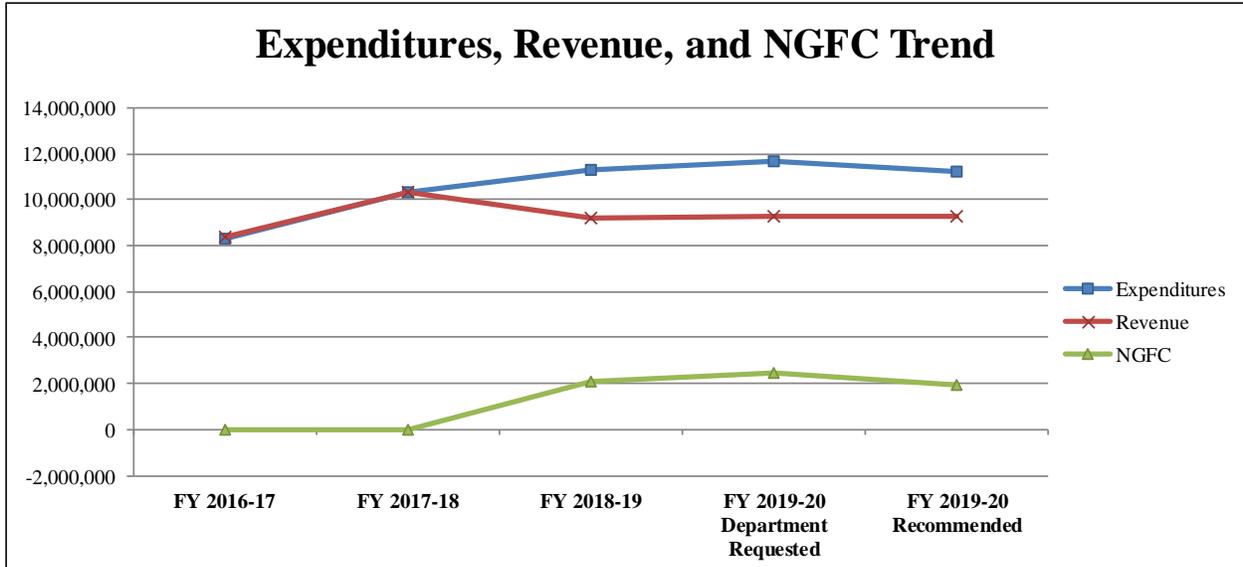

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The recommended budget includes a contribution of \$11.2 million for the IHSS Maintenance of Effort (MOE) which covers service providers’ salaries and the County’s share of administrative costs of IHSS Public Authority, which is administered by Aging and Adult Services Departments. Social services program realignment revenue in the amount of \$9.2 million and approximately \$2 million in General Fund contribution offsets the County’s local match requirement.

Budget Changes and Operational Impacts

The recommended budget provides for the mandated MOE funding; there are no significant changes or operational impacts. .

Public Assistance

Mission Statement

To provide expertise and leadership to ensure that the workforce development system prepares people for current and future jobs that improve the economic conditions of the community.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Served 47,279 customers by providing over 178,194 units of service through America's Job Center of California (AJCC). Enrolled 1,855 customers in Workforce Innovation and Opportunity Act (WIOA) training programs/services.
- Over 195 employer recruitment fairs were coordinated with AJCC staff.
- Worked with local employers on nearly 192 On-the-Job Training contracts totaling nearly \$604,000 in value.
- Partnered with the Human Services Department to place 622 CalWorks recipients in paid work experience and to provide job placement services to 1,597 CalWorks recipients.
- Opened a General Education Development (GED) Testing Lab at Beale Memorial Library.
- Opened the Envision, Plan, Innovate and Connect Center at the Beale Memorial Library, which aims to attract out-of-school youth to provide them a place where they can engage to focus on opportunities for their future.
- Received designation from the California Workforce Development Board as a high performing workforce board.
- Coordinated with local agencies to provide them with employees to assist in areas, which were impacted by flood, storm and drought.

Employers' Training Resource

Department Head: Ryan J. Alsop

Function: Public Assistance

Fund: General

Activity: Other Assistance

Budget Unit: 5923

Description of Major Services

Employers' Training Resource (ETR) administers Workforce Innovation and Opportunity Act (WIOA) funding from the U.S. Department of Labor as well as various other grants provided by the State Employment Development Department, other counties or collaboratives, the Department of Human Services, and 2011 Realignment for AB 109 services. ETR coordinates and implements the County's workforce development system and provides employment and training services. Services delivered include job search, skills assessment, vocational training, job readiness skills, connection to employers, assisting businesses with outreach services, recruitment efforts and employee retention. ETR recognizes that increased employment opportunities enhance the quality of life for residents and diligently strives to ensure that the needs of local businesses are met by providing them with a skilled workforce.

Public Assistance

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The WIOA funds received by the department cover two fiscal years at a time while many of their smaller grants cross fiscal years. The department budgets the full amount of each grant available, regardless of which fiscal year they will be spent. Major expenditures include salaries and benefits of \$14 million. The costs in this budget unit are funded primarily by operating transfers in from budget unit 8907, Employers' Training Resource – WIOA, in the amount of \$17.2 million. The department has also budgeted to purchase two file servers in the amount of \$30,000.

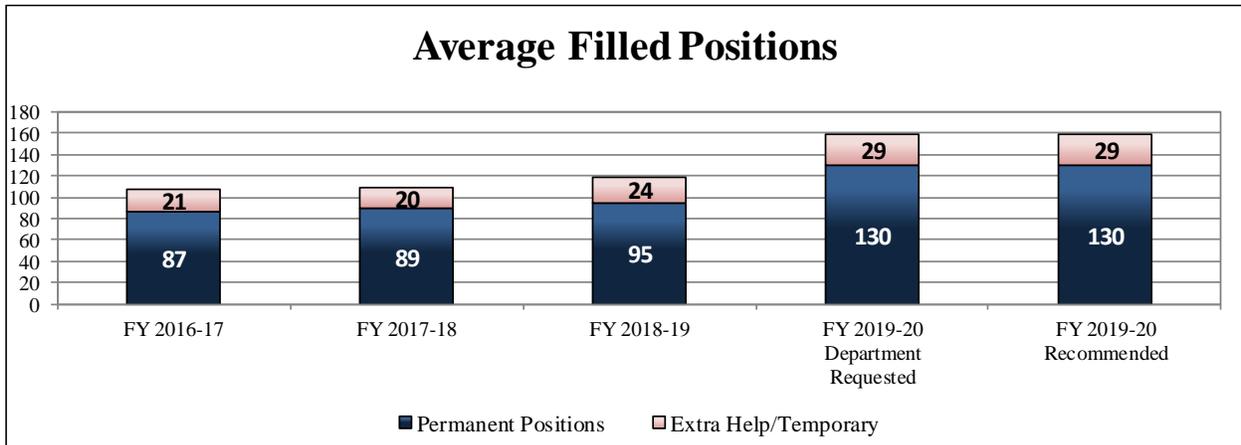

Budget Changes and Operational Impacts

The recommended budget includes an overall increase of \$4.6 million which is attributable to \$1.4 million in carryforward funds from FY 2018-19 and the remainder is new FY 2019-20 allocation from the U.S. Department of Labor for WIOA. With the increased allocation, the department is able to increase services provided to qualifying members of the community.

Staffing Changes and Operational Impacts

The recommended budget includes the addition of one (1) Office Services Technician position and one (1) Office Services Assistant position at an estimated cost of \$150,757.

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Collaborate with businesses, educators and training providers to align workforce development programs and activities for enhanced and shared prosperity throughout the County. ETR is currently transitioning to new regulations.

Objective 1: Work with employers to meet their employment needs for business prosperity and economic growth.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percent of surveyed employers who would use American's Job Center of California (AJCC) again for potential hires	90-95%	94%	90-95%	94%	90-95%
Number of employers who utilize AJCC for recruitments and job fairs	50-60	59	58-63	73	75
Number of employers who utilize On the Job Training (OJT)	35	32	27-32	36	30-35
Number of OJTs written	65	184	65-70	192	100-125
Amount employers saved by using OJTs	\$200,000	\$532,265	\$400,000	\$604,283	\$450,000
Number of employers who actively contribute time to the Workforce Development Board and forums	55	55	50-55	45	45
Number of employers with job openings	600	750	770	600	770
Number of job openings	4,000	7,000	7,000+	6,000	7,000+
Number of job orders	1,964	2,000	2,000+	2,000	2,000+
Participant wages upon entering the workforce	\$10-30/hr	\$12-30/hr	\$12-30/hr	\$12-30/hr	\$12-30/hr

The department is collaborating with employers to meet their workforce needs for recruitment, training, hiring, and retention in order to promote and support local economic growth.

Objective 2: Provide individual job seekers with opportunities to obtain gainful employment.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Workforce Innovation Opportunity Act (WIOA) Adult enrolled clients employed second quarter after exit from program	70%	73%	73-75%	71.9%	66.5%
CalWORKs recipients employed upon program completion	22%	25%	25%	35%	35%
Average annual income of WIA clients at employment	\$26,000	\$26,500	\$27,000	N/A	N/A
Median earnings of WIOA adult clients 2 nd quarter after exit	N/A	N/A	N/A	\$6,817	\$5,550
WIOA program participants who are satisfied or highly satisfied with services received	92.5%	92.5%	95%	92%	95%
Number of jobseekers attending WIOA orientations in English	4,756	3,700	2,883	3,334	3,000
Number of job seekers attending WIOA orientations in Spanish	135	135	158	129	120

Employers' Training Resource and America's Job Centers of California will continue to develop job openings, provide in demand no-cost training, job placement services, career counseling and job search techniques for residents of the County.

Goal 2: Coordinate with local stakeholders to prepare youth for post-secondary education and employment opportunities. With a focus from In School Youth to Out School Youth.

Objective 1: Provide youth with vocational training, career exploration, and job searching techniques as well as support to increase graduation rates.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
WIA Youth in employment or post-secondary education at exit	67.0%	67.0%	N/A	N/A	N/A
WIA Youth attainment of degree or certificate upon exit	65%	66.0%	N/A	N/A	N/A
WIA Out-of-school youth literacy/numeracy gain rate	42%	42.5%	N/A	N/A	N/A
WIOA Youth in unsubsidized employment or education during 2 nd quarter after Exit	N/A	62.4%	65.4%	78.0%	58.0%
WIOA Youth participants in unsubsidized employment or education during 4 th quarter after Exit	N/A	64.2%	67.2%	79.0%	57.5%
WIOA Credential Attainment within 4 quarters after Exit	N/A	54.7%	57.7%	79.0%	57.0%

The old measures were previously provided to Employers' Training Resource to track collaborations with local school districts and public and private agencies to assist with helping youth, both in-school and out-of-school, in developing work readiness, career awareness, and providing them with the skills to meet some of the challenges they face as they ready themselves to enter the workforce. The tools the department utilized to gather this information was provided by the federal government and is no longer available. The new measurements correspond to the replacement tools now provided by the federal government.

Mission Statement

The Community Development Division of the Planning and Natural Resources Department is dedicated to serving the diverse needs of Kern County residents, primarily those with lower incomes, by improving their economic, environmental, and social quality of life. We achieve this through projects and programs that revitalize neighbourhoods by providing safer living environments, decent and affordable housing, public facilities and improvements, and expanded employment opportunities.

Organizational Chart

Public Assistance

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Expended \$3,402,949 of Community Development Block Grant (CDBG), \$298,319 in Emergency Solutions Grants (HESG) funds, and \$309,473 in Emergency Shelter Grant (ESG) funds for projects and programs located in unincorporated County communities in addition to the cities of California City, Ridgecrest, Shafter, and Tehachapi. Completed CDBG funded projects including Lake Isabella Reeder Tract Waste Water Treatment Plant Improvements, City of California City Balsitis Park Improvements, Housing Authority of the County of Kern Sunset Labor Camp Improvements, East Bakersfield Boys and Girls Club Renovation Improvements, City of Shafter Street Median Improvements, Inyokern Community Service District Water System Improvements, Ridgecrest Senior Center Renovation Improvements, and Public Safety Services Sheriff Program in Mojave, North Area, and East Bakersfield.
- Completed Home Investment Partnership Act (HOME) single family acquisition/rehabilitation activities for three affordable rental homes and acquisition/new construction activities for Camellia Place II using \$1,319,834 in HOME grant funds and HOME Community Housing Development Organization set-aside funds.

Public Assistance

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The major expenditures for the division include staffing expenditures related to the administration of the grant programs. The expenditures are funded with an allocation of the grants. There is no General Fund contribution to this budget unit.

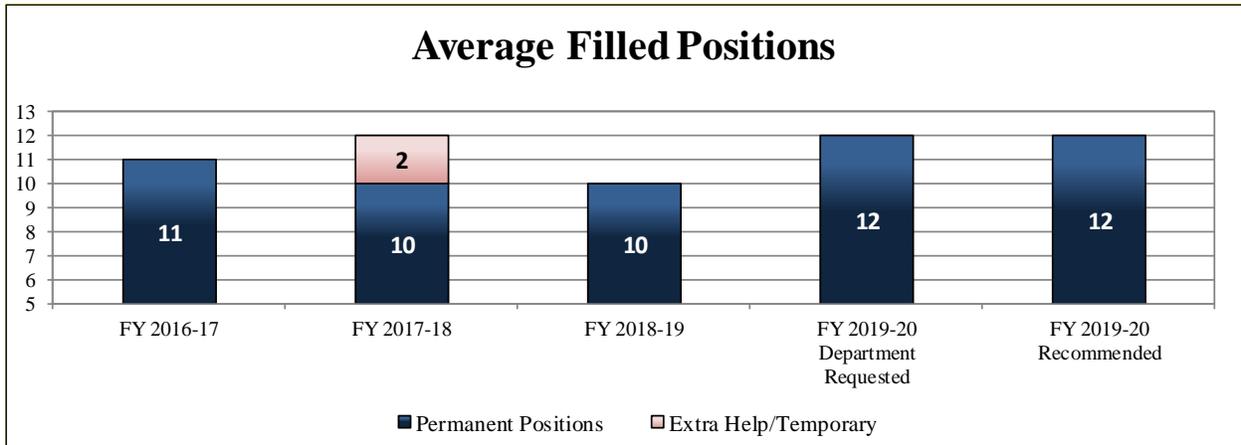

Budget Changes and Operational Impacts

The recommended budget includes funding similar to FY 2018-19, allowing the division to continue operations without any impacts to service levels.

Staffing Changes and Operational Impacts

The recommended budget includes funding for 12 permanent positions.

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Every child and adult has a supportive, nurturing home environment.

Objective 1: Ensure decent and affordable housing opportunities.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Average percent of grant funds expended on activities that benefit residents having low/moderate income, by exceeding the HUD requirement that not less than 70% of the funds are expended for activities that principally benefit this population group.	88.88%	99.91%	≥70%	99.33%	≥80%
Dollar amount of grant funds expended on activities that benefit residents having low/moderate income.	\$4,644,948	\$3,759,982	≥\$3,376,800	\$3,252,882	≥\$3,818,724

The Community Development Division of Planning and Community Development administers the Federal Housing and Urban Development (HUD) grants for the County. The primary objective of the Community Development Block Grant program is the development of viable communities principally for persons of low and/or moderate income. The Division has consistently achieved or surpassed the minimum percentage of funds required by HUD to be expended. It is anticipated that the County, through Community Development, will continue to comply with the low/moderate income benefit expenditure rate in the budget year and in years to come. Grant funds received are formula based and fluctuate each fiscal year.

Goal 2: Improve fiscal efficiency/responsibility of County.

Objective 1: Improve and increase affordable housing for the community.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of housing units rehabilitated or reconstructed through use of HUD's Housing Rehabilitation loan funds.	0	3	3	2	2
Number of housing units made accessible to residents with physical disabilities through use of HUD's Home Access grant funds.	36	37	65	40	36
The sum of Community Development Block Grant (CDBG) program income on hand and the line-of-credit fund balance, relative to the current year grant amount.	1.48	1.46	≤1.5	1.22	≤1.5

Decent, safe, sanitary and affordable housing through housing rehabilitation, or reconstruction and accessibility improvements is another objective of the HUD program. The Community Development Division continues to serve the needs of as many eligible County residents as grant resources allow. The housing rehabilitation program has been limited to qualified applicants who must have a positive home equity to be eligible for participation in the program, and decreases in federal grant funding over the years has limited funds available for the home access program. The Division continues to reach out to as many potential grantees as possible and will continue to do so in the coming fiscal year.

The third performance measure quantifies the County's ability and capacity to expend CDBG funds in a timely manner. Doing so requires the cooperation of sub-recipients and the County departments who implement CDBG projects to assure that there is consistent progress and that the use of the funds is timely and expedited. Failure to meet the 1.5 standard will result in the imposition by HUD of an administrative sanction on the County and potential loss of future CDBG grant funding. Community Development continues to consistently meet the HUD benchmark of 1.5 for the last 3 years and anticipates doing so for years to come.

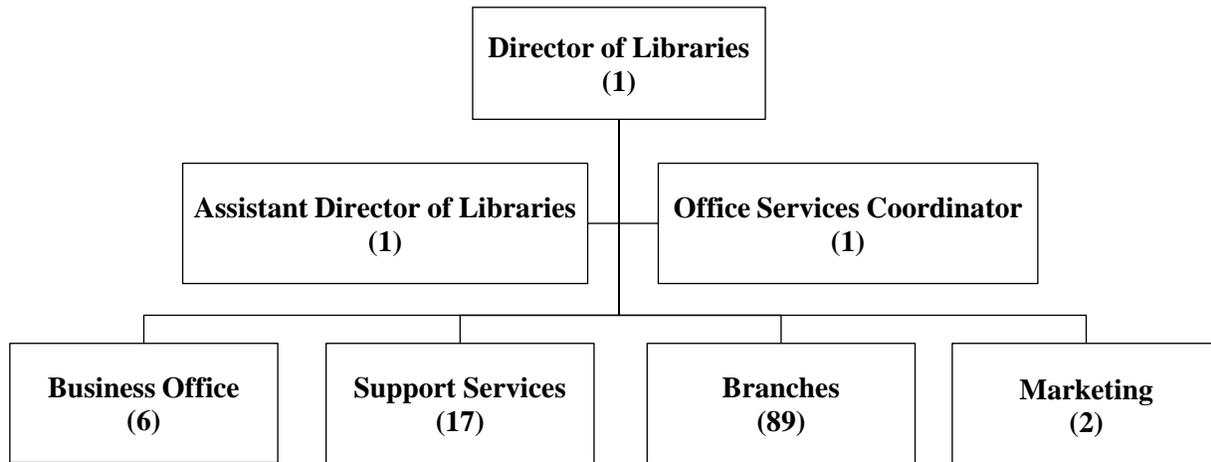

THIS PAGE INTENTIONALLY LEFT BLANK

Mission Statement

The Kern County Library builds community and cultivates opportunities for County residents, by connecting people, ideas, information and technology.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Collaborated with County Administrative Office, General Services and community partners to host the Touch-A-Truck events in 2018 and 2019 at Beale Library as part of the Summer Reading Challenge Kickoff event.
- Implemented three grants totaling \$35,475 in funding for Delano, Wasco and for Bakersfield branches.
- Extended the "One Book, One Bakersfield, One Kern" program. In 2018, over 4,960 people attended 363 events.
- Expanded the summer lunch program in FY 2018-19 to include: Delano, Ridgecrest and the Southwest Bakersfield Branch Library. The program served 12,858 meals countywide.
- Developed a partnership with Employer's Training Resource for two projects: Youth Center and the GED Test Prep Lab at the Beale Library.
- Completed the Summer Reading Challenge with over 53,000 participants, a 10% increase over 2017.

Library

Department Head: Andrea Sullivan
Fund: General
Budget Unit: 6210

Function: Education
Activity: Education

Description of Major Services

The Library Department operates 25 free public library facilities, including two bookmobiles, to provide book lending, inter-library loan, reference, audiovisual, computer and other literacy information services to all County residents. The department provides enrichment and motivational programs to enhance the quality of life for citizens of all ages.

Summary of Expenditures and Revenue

* BSI = Budget Savings Incentives

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

Staffing expenses are the largest portion of the department's expenditures, which includes staffing for all the library facilities and the mobile units at the FY 2018-19 levels. Services and supplies expenditures of approximately \$2 million include operating expenses for branch locations, memberships, library books and materials. Funding for books is established in the recommended budget at \$396,205. Included in services and supplies is funding for participation in the San Joaquin Valley Library System (SJVLS). SJVLS is an organization composed of nine public libraries in six counties. As a member of SJVLS, Kern County residents are able to search the shared catalog and request that items be sent to their preferred branch.

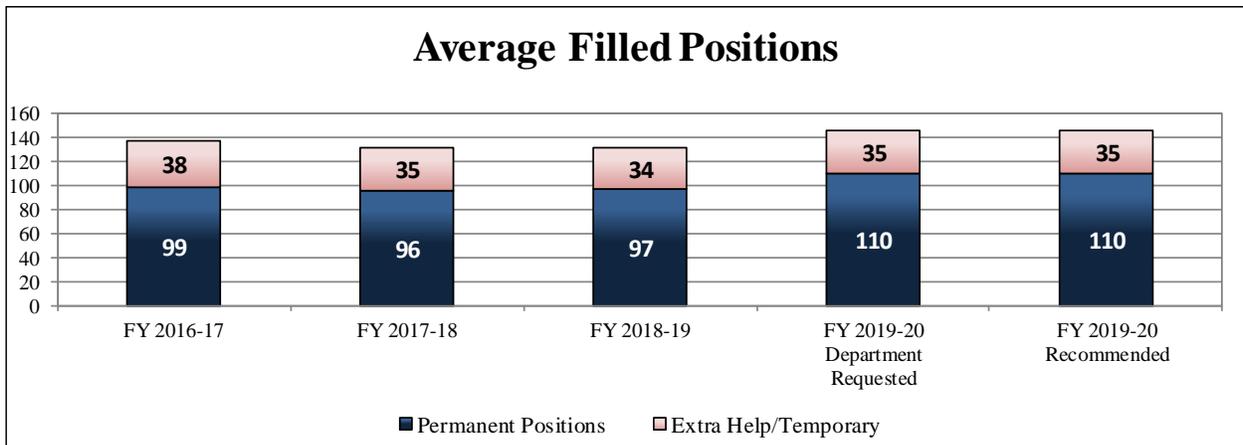

Budget Changes and Operational Impacts

The recommended budget allows the department to maintain current levels of service and continue to meet its mission with no change in hours of operation. The recommended budget also provides funding that will support 37,544 combined hours of operation at all 25 library facilities, which is the same as the hours of opening in FY 2018-19. The department anticipates increasing hours of operation in FY 2019-20, if additional grants are secured.

Staffing Changes and Operational Impacts

The recommended budget includes funding for 110 authorized permanent positions and 35 extra help positions. The department will hold seven positions vacant and unfunded: one (1) Assistant of Libraries position, two (2) Librarian II positions, one (1) Librarian I position, one (1) Fiscal Support Assistant position, one (1) Senior Office Services Specialist position, and one (1) Library Associate position, at an annual savings of \$596,043.

Fiscal Year 2019-20 Goals, Objectives and Performance Measures

Goal 1: Increase community engagement and improve access to recreational, cultural, informational, and educational resources, services, and opportunities.

Objective 1: Increase utilization of library resources

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Average attendance per hour of operation	30	28	30	30	31
Number of registered users	141,204	132,020	130,000	124,646	120,000
Percentage of registered users as portion of County population	16%	15%	16%	14%	15%
Number of items checked out annually	852,885	1,060,873*	1,100,000	1,042,976	850,000
Number of participants in programs	107,740	120,435	100,000	154,792	125,000
Total public computer and Wifi users	171,010	214,912	200,000	239,600	210,000
Number of hours computers used	119,865	103,375	100,000	110,867	100,000
Total number of website views	1,230,219	1,899,646	1,400,000	1,936,841	1,600,000
Total reach on social media platforms	N/A	2,721,330	2,500,000	2,135,477	2,000,000

It is the department's mission to build community and cultivate opportunities through the connection of people, ideas, information, and technology – in-person and virtually. Customers continue to take advantage of the convenience and flexibility offered online, as reflective in steady website views and social media reach. Decreases in the number of registered users continue to directly correlate to the department's purge of inactive borrowers and relief of accountability accounts; the percentage of registered users decrease is due to the increase in County population, per the U.S. Census Bureau. An increase in public computer users is due to the department's newfound ability to include customers accessing WiFi. By encouraging active learning, social opportunities, and full-access to educational attainment, active/passive programs that do not necessitate registration are highly attended and attendance continues to increase.

*A database error in FY 2017-18 submitted statistics necessitated an adjustment to reflect proper circulation and partnered numbers.

Objective 2: Expand recreational, cultural, and educational resources available to the public

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Total operating hours of library facilities	36,833	36,855	36,150	36,144	36,000
Average population served per staff full-time equivalent (FTE)	10,823	9,780	9,200	11,251	10,000
Total number of materials available to the public	842,906	849,531	800,000	806,734	800,000
Total eBooks and eAudiobooks offered	18,242	20,584	17,000	88,009	75,000
Total number of programs offered	5,058	9,944	6,000	9,882	7,000

An increase in operating hours at two branches was made possible through a grant and partnerships. Overall operating hours have remained generally consistent countywide. Digital materials are available at all times, regardless of operating hours, and continue to be a primary element of material circulation. Through the addition of the Hoopla service, the Library gained access to an even larger database of eBooks, eAudiobooks, and streaming materials. The department continues to seek new ways to increase library programming to connect customers with materials online. With the addition of programs and the doubling of "Lunch at the Library" locations, the department has maintained the number of programs offered.

Goal 2: Promote integrity and fiscal responsibility in operations.

Objective 1: Utilize resources more efficiently and effectively

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Total unique partnerships with other agencies	N/A	407	375	407	375
Total programs offered in coordination with other agencies	1,419	1,195	2,400	1,514	1,200
Grants received	5/\$166,898	4/\$28,487	1/\$5,000	6/\$107,646	1/\$5,000

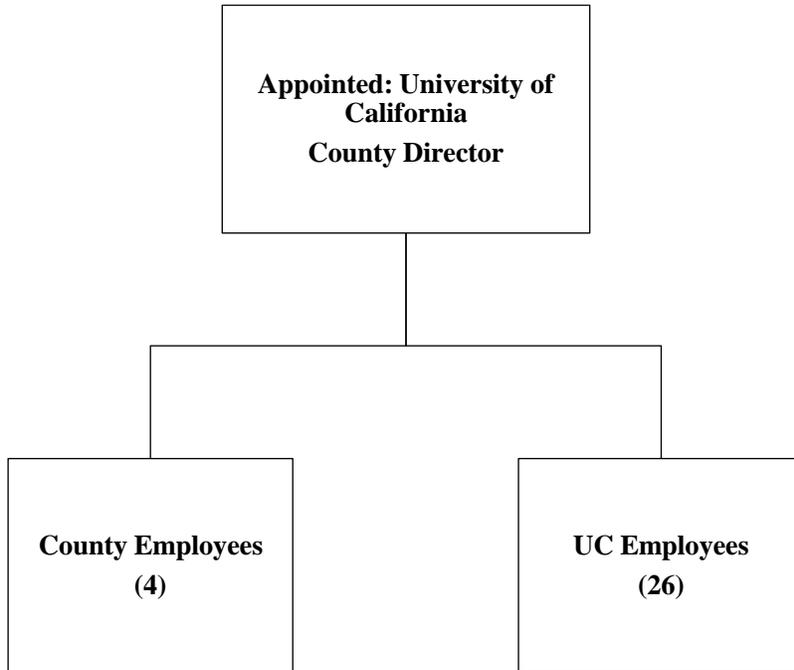

To achieve a large amount of program and service offerings, it is the Library's aim to leverage partnership opportunities and grants for funding to provide services in an efficient and effective manner and accounts for the increase in both areas.

Education

Mission Statement

To serve California through the creation, development and application of knowledge in agricultural, natural and human resources.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Launched a new initiative, in cooperation with the California Department of Food and Agriculture, aimed at increasing local area agricultural business engagement in water conservation, soil enrichment, methane emission reduction, and sustainable environmental practices.
- Conducted multiple symposiums to local growers, ranchers, and consumers on wide-ranging topics and commodities such as citrus, grapes, almonds, and pistachios.
- Reached over 3,000 adults through programs on food literacy, grocery shopping skills, and nutritional management.
- Increased outreach within the 4-H Youth Development division and continued to support children at both Edwards and China Lake military bases.

Education

Farm and Home Advisor

Farm Advisor: Brian Marsh

Function: Education

Fund: General

Activity: Education

Budget Unit: 6310

Description of Major Services

The Farm and Home Advisor is a cooperative extension of the University of California (UC) and the United States Department of Agriculture. This budget unit was established to facilitate the County contribution to this collaboration by providing funds for administrative support, under a Memorandum of Understanding (MOU) with the University of California. The UC cooperative extension develops and distributes information on the County's production and consumption of agricultural products and relays the County's agricultural needs to the University for research on product quality and yield improvements. The UC cooperative also operates the 4-H youth program, Adult and Youth Expanded Family Nutrition Education program, and the Horticultural Outreach and Education program.

Education

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

A majority of the expenditures for this budget unit are associated with staffing costs to perform the office functions of the Farm and Home Advisor. Revenue for the department is minimal and the department is primarily funded by an allocation of Net General Fund Cost (NGFC) to cover the requirements stated in the MOU.

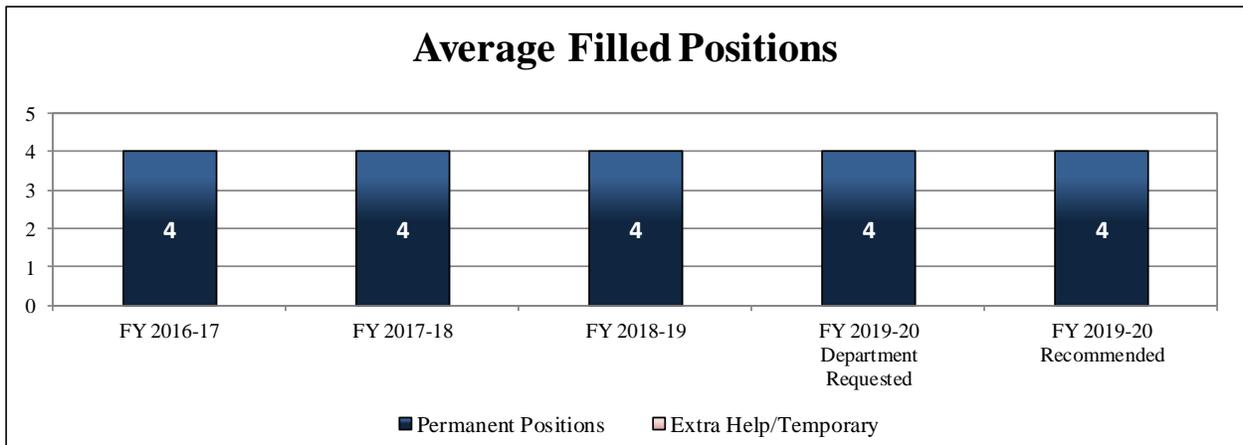

Budget Changes and Operational Impacts

The recommended budget provides the department with funding for staff and services and supplies as required by the MOU. The recommended budget includes a supplemental request for \$2,420 above NGFC in service and supplies to cover anticipated increases in fuel cost. In addition, \$10,000 has been included to cover the anticipated cost of technology support for UC assets.

Staffing Changes and Operational Impacts

No position additions or deletions are included in the recommended budget.

Education

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Increase community access to informational and educational resources in order to promote healthy lifestyles, personal development and long-term self-sufficiency.

Objective 1: Provide the public with educational resources designed to increase awareness of healthy behaviors and personal enrichment strategies.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of surveyed participants that report a gain in useful knowledge from nutrition education sessions	99.7%	99.8%	100%	96.2%	100%
Percentage of surveyed participants that report a gain in useful knowledge in horticulture for landscapes, gardens, and orchards.	98.6%	99.2%	100%	98.1%	100%

Healthy eating reduces the risk of chronic diseases and improves quality of life. Educational sessions provide eight hours of nutrition education to low income families with children that include the subjects of physical activity, healthy eating, and food safety. Plants contribute to air quality, to energy conservation, to CO2 uptake, as well as providing aesthetic benefits and food. Participants in classes gain useful knowledge that enables them to maintain and enhance landscapes, as well as make informed choices that affect energy consumption, water conservation, and contribute to air quality. Both programs continue to flourish; participants indicate that they are gaining beneficial information and are incorporating that information and newly learned behaviors into their daily practices.

Objective 2: Provide targeted youth programs that focus on developing healthy lifestyles, acquisition of essential skills and the ability to thrive and succeed.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of first year 4-H Youth members that re-enroll.	74%	73%	80%	77%	80%
Percentage of first year 4-H Adult volunteers that re-enroll.	87%	82%	80%	78%	80%
Number of children reached through participation in the Expanded Food & Nutrition Education Program (EFNEP) for youth.	6,521	6,617	6,500	6,543	6,500

The main goal of the 4-H Youth Development Program is the promotion of citizenship, leadership and life-skills. 4-H programs utilize the knowledge and dedication of adult volunteers who guide the youth in the various 4-H projects and leadership building tasks. The longer a young person participates in 4-H, the more likely they are to experience the opportunities for growth this program offers. Although not met for FY 2018-19, the goal is to increase the year-to-year retention rates of both youth members and adult volunteers by expanding the target population and increasing outreach.

The EFNEP program prioritizes strategies to improve the diet and health of low-income children and families. Healthy eating reduces the risk of chronic diseases and improves the quality of life. This performance measure reflects the number of children participating in the nutrition education program. Local teachers, who have been trained by the department staff, provide six hours of education to children using the department's Youth EFNEP nutrition curriculum. The curriculum is age-based for children from pre-school to Junior High.

Goal 2: Ensure economic vitality by supporting local commerce through the extension of research and the application of improved operational methods and procedures.

Objective 1: Disseminate the results of research addressing pest management, crop production, water conservation, soil management, and livestock issues, as well as the benefits of new plant varieties for Kern County.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of participants that report a gain in useful knowledge from Agriculture trainings.	98.2%	98.8%	100%	98.1%	100%
Number of newsletters issued, articles published, seminars held, or other educational outreach efforts conducted during the fiscal year designed to benefit Kern County agriculture.	291	294	275	323	325

Farm advisors present the results of research addressing multiple areas of concern for Kern County agriculture. The measures allow for both qualitative and quantitative assessment of the department's performance by reporting benefits as judged by stakeholders, as well as the actual volume of materials provided to the community. Based on stakeholder input, the department is successfully addressing the needs of the agricultural community and participants are integrating new processes into their operating procedures. The farm advisors continue to refine and expand their educational outreach efforts, as measured by the number of publications issued and seminars conducted for commercial and consumer residents of Kern and surrounding counties.

Debt Service

Department Head: Ryan J. Alsop
Fund: General
Budget Unit: 8120

Function: Debt Service
Activity: Interest on Long-Term Debt

Description of Major Services

This budget unit is used to make annual debt service payments for County projects and equipment financed on a long-term basis, and to pay interest on the County's short term cash flow borrowing. The County Administrative Office administers this budget unit.

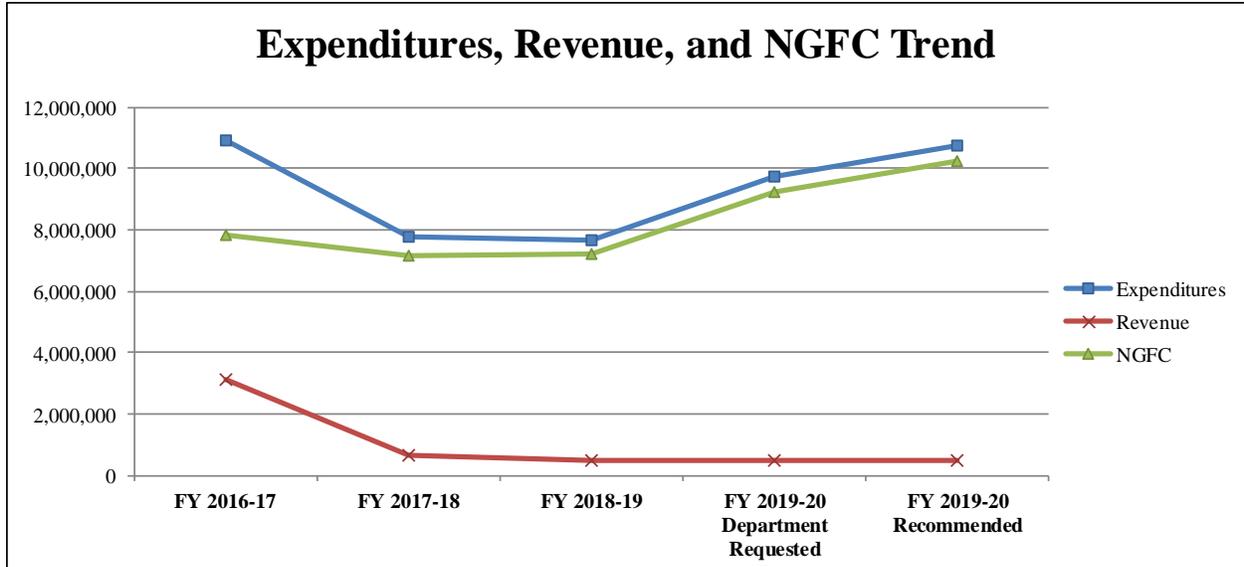

Summary of Expenditures and Revenue						
	FY 2017-18	FY 2018-19		FY 2019-20		
	Actual	Adopted Budget	Actual	Department Requested	Preliminary Recommended	Recommended
APPROPRIATIONS:

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The recommended budget includes sufficient appropriations to cover debt service payments for the 2016 Refunding Certificates of Participation, the 2011 Refunding Certificates of Participation, and the 2007 California Infrastructure and Economic Development Bank Loan. Appropriations are included for the estimated costs for vacant space in the Southeast Bakersfield Community Services Center. The major source of funding for this budget unit is an allocation of Net General Fund Cost (NGFC).

Budget Changes and Operational Impacts

The recommended budget includes additional NGFC for debt service on an upcoming equipment lease. Total financing in the amount of \$4.6 million will be utilized to acquire and outfit vehicles for the Sheriff's Office. The budget does not include the issuance of tax revenue anticipation notes, therefore there is no revenue estimate included for the use of money and property object.

Appropriations for Contingencies

Department Head: Ryan J. Alsop
 Fund: General
 Budget Unit: 1970

Function: General Government
 Activity: Appropriation for Contingencies

Description of Major Services

The Appropriations for Contingencies budget unit accounts for General Fund resources set aside to help protect the County from unforeseen increases in expenditures or reductions in revenue, or from extraordinary events that might otherwise substantially harm the fiscal health of the County. In doing so, it is also intended to help avoid undue service level fluctuations during periods of economic instability. The County Administrative Office administers this budget unit.

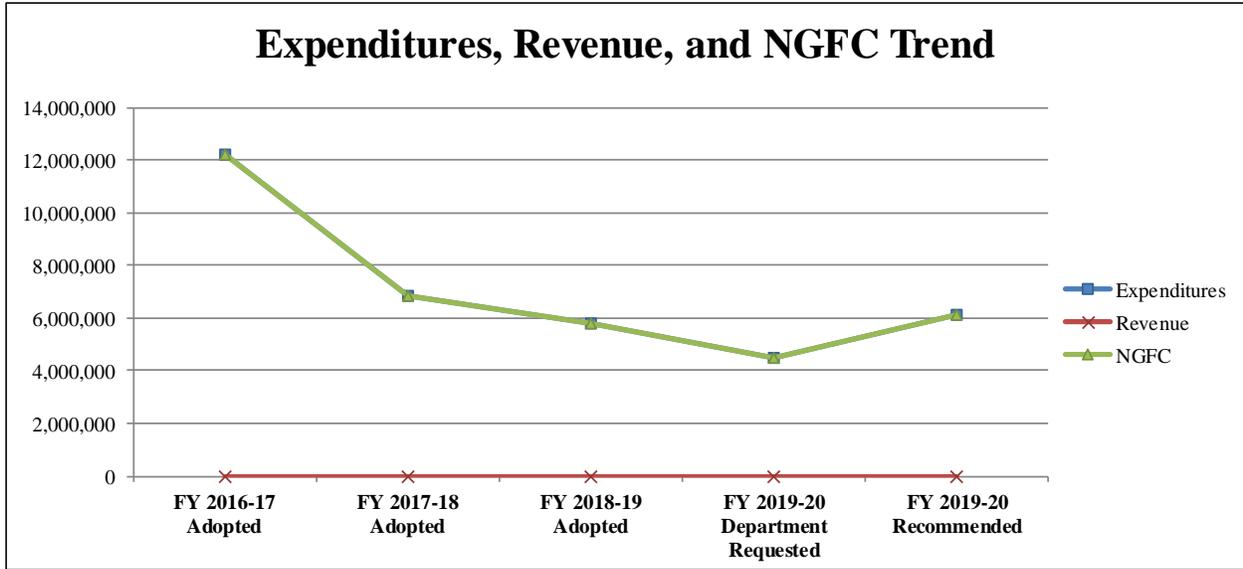

Summary of Expenditures and Revenue					
	FY 2017-18	FY 2018-19	FY 2019-20		
	Actual	Adopted Budget	Department Requested	Preliminary Recommended	Recommended
APPROPRIATIONS:					
Contingencies	\$6,858,928	\$5,825,000	\$4,500,000	\$6,140,451	\$6,140,451
TOTAL EXPENDITURES	\$6,858,928	\$5,825,000	\$4,500,000	\$6,140,451	\$6,140,451
NET GENERAL FUND COST	\$6,858,928	\$5,825,000	\$4,500,000	\$6,140,451	\$6,140,451

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

Expenditures are not incurred in this budget unit but rather appropriations are transferred to other General Fund budget units under limited circumstances if approved by the Board of Supervisors. The recommended budget includes the appropriation of 1% of General Fund general purpose revenue in the amount of \$4 million to accommodate unanticipated operational changes, legislative impacts, or other economic events affecting the County’s operations that could not have been reasonably anticipated. In addition, \$500,000 is appropriated for other uncertainties departments may encounter such as emergency maintenance projects and other unforeseen circumstances. The budget unit is funded through an allocation of Net General Fund Cost.

Budget Changes and Operational Impacts

The recommended budget includes appropriations in the amount of \$1.3 million for potential costs associated with hiring Sheriff Trainees that have self-funded the training academy and for an academy for the Sheriff’s Department to be held during FY 2019-20 if attrition exceeds anticipated vacancies. An additional \$315,451 is included to provide funding for unknown costs related to the new requirement of Assembly Bill 219 mandating counties to prepay return postage on vote-by-mail ballots as well as additional consultant services that may be required in the 2020 Primary Election.

Employers' Training Resource - WIOA

Department Head: Ryan J. Alsop

Function: Public Assistance

Fund: Employers' Training Resource – WIOA

Activity: Other Assistance

Budget Unit: 8907

Description of Major Services

The Employers' Training Resource Department (ETR) administers the federal Workforce Innovation and Opportunity Act (WIOA), other U.S. Department of Labor grants, and Welfare-to-Work funds received through the U.S. Department of Labor, State Employment Development Department, other counties or collaboratives, and the County Department of Human Services. Services are delivered to job seekers and businesses throughout the County via the department's America's Job Centers of California. These Centers are strategically placed throughout the County. Services delivered include job search, supportive services, skills assessment, vocational training, job readiness skills, connection to employers, assisting businesses with outreach services, recruitment efforts and employee retention. In addition, ETR administers the federal WIOA funding for Inyo and Mono counties, although each of these counties operates its own employment and training programs and services.

The Workforce Development Board (WDB) administratively oversees the programs offered through the department. The WIB has focused on demand industry sectors and is working with businesses to target these demand occupations and high growth industries. The WIB is comprised of private business representatives, labor organizations, and public sector partners who have been appointed by the County Board of Supervisors.

NET FUND COST	\$962,070	\$338,936	(\$3,328,737)	\$299,999	\$299,999	\$299,999

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The recommended budget includes \$22.1 million to provide contracts to service providers, individual training accounts, on the job training contracts and other services and assistance to clients. Another \$17.2 million has been budgeted to be transferred to Budget Unit 5923, Employers' Training Resource, to fund employee salaries and benefits, as well as other operational costs to provide employment and client services. Revenues of \$31.4 million from the U. S. Department of Labor WIOA supports federal programs administered by ETR. Another \$6.9 million in charges for services funds programs on behalf of the Department of Human Services and Behavioral Health and Recovery Services. The fund balance available at June 30, 2019 is \$3.9 million, of which \$299,999 will be used to offset the net fund cost. The remaining \$3.6 million will be placed in general designation and will be appropriated as needed throughout FY 2019-20.

Budget Changes and Operational Impacts

The WIOA funds received by the department cover two fiscal years at a time while many of their smaller grants cross fiscal years. The department budgets the full amount of each grant available, regardless of which fiscal year they will be spent. Funding from the U.S. Department of Labor WIOA has increased by \$10 million in new allocation going into FY 2019-20. The increase will allow the department to increase current service levels. The department also has budgeted \$4.6 million in carryforward for grants that were not fully expended in FY 2018-19. The department continues to seek out additional revenue sources in order to expand or augment services provided.

Employers' Training Resource Non-WIOA

Department Head: Ryan J. Alsop

Function: Public Assistance

Fund: Emp Training Resource Non-WIOA

Activity: Other Assistance

Budget Unit: 8916

Description of Major Services

The Employers' Training Resource Non-WIOA budget unit provides funding for expenditures within the normal course of business that do not qualify for reimbursement under special grants or federal funding provided by the U.S. Department of Labor.

	FY 2017-18	FY 2018-19		FY 2019-20

NET FUND COST	(\$60,542)	\$294,500	(\$19,043)	\$315,400	\$315,400	\$315,400

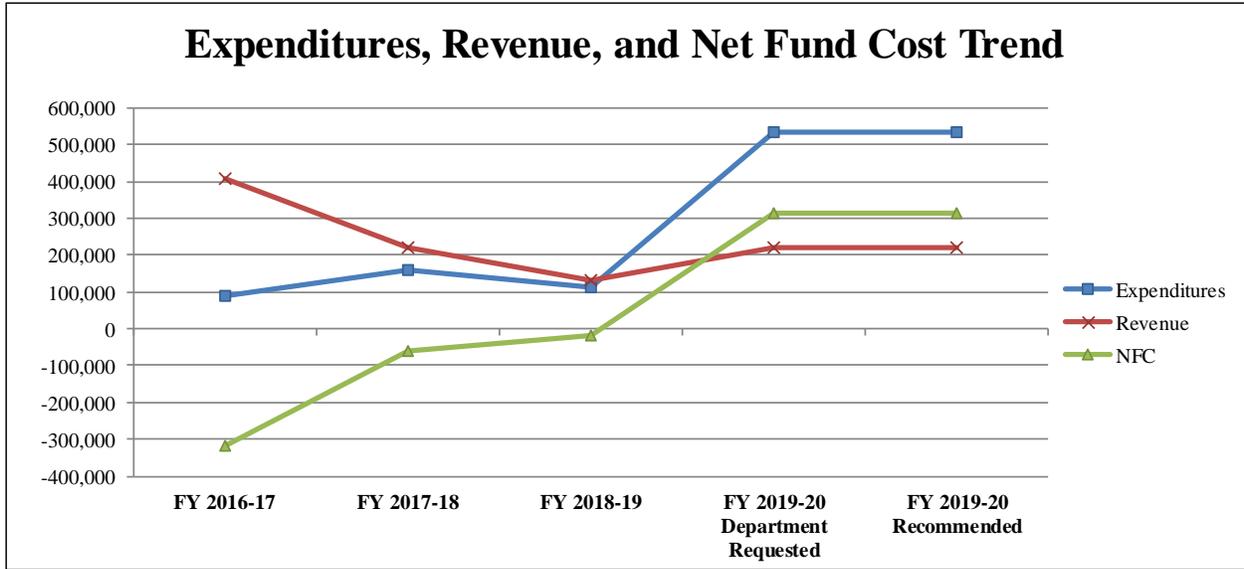

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

Services and supplies of \$170,000 and other charges of \$100,000 are estimated to be adequate to cover expenditures that may arise through the normal course of business during FY 2019-20 that will not qualify for reimbursement under special grants or federal funding provided by the U.S. Department of Labor. Operating transfers in the amount of \$265,000 reimburse expenditures incurred in the department's operating budget units 5923 Administration and 8907 Employers' Training Resource – WIOA, for which federal funding is not available. The department also includes \$135,600 in miscellaneous revenue to account for non-state or federal grants, donations, or other revenue that must be separately accounted for.

Budget Changes and Operational Impacts

The recommended budget provides sufficient funding to administer and operate the non-WIOA programs in the County. Increases to charges for services revenue and corresponding services and supplies expenditures are primarily from the food service training program that is anticipated to generate increased cafeteria sales. The fund balance available at June 30, 2019 is \$313,951, which will be used to offset the budgeted net fund cost along with \$1,449 of general designations. The general designation balance as of June 30, 2019 is \$442,221.

Public Employment

Community Development Block Grant Program

Department Head: Lorelei H. Oviatt

Function: Public Assistance

Fund: Community Development Program

Activity: Other Assistance

Budget Unit: 8920

Description of Major Services

The Community Development Block Grant Program (CDBG) is one of the longest continuously run programs at the U.S. Department of Housing and Urban Development (HUD). HUD provides funding to States and local governments. Community Development, division of Planning and Community Development Department, provides CDBG funds to local programs or projects that ensure decent affordable housing, and certain local economic development activities. Projects and programs must assist people with low to moderate incomes, eliminate physical blight, or meet other qualifying criteria. The Community Development Division of the Planning and Natural Resources department administers the program.

NET FUND COST	\$419,004	(\$597,613)	\$75,165	\$0	\$5,198	(\$236,304)

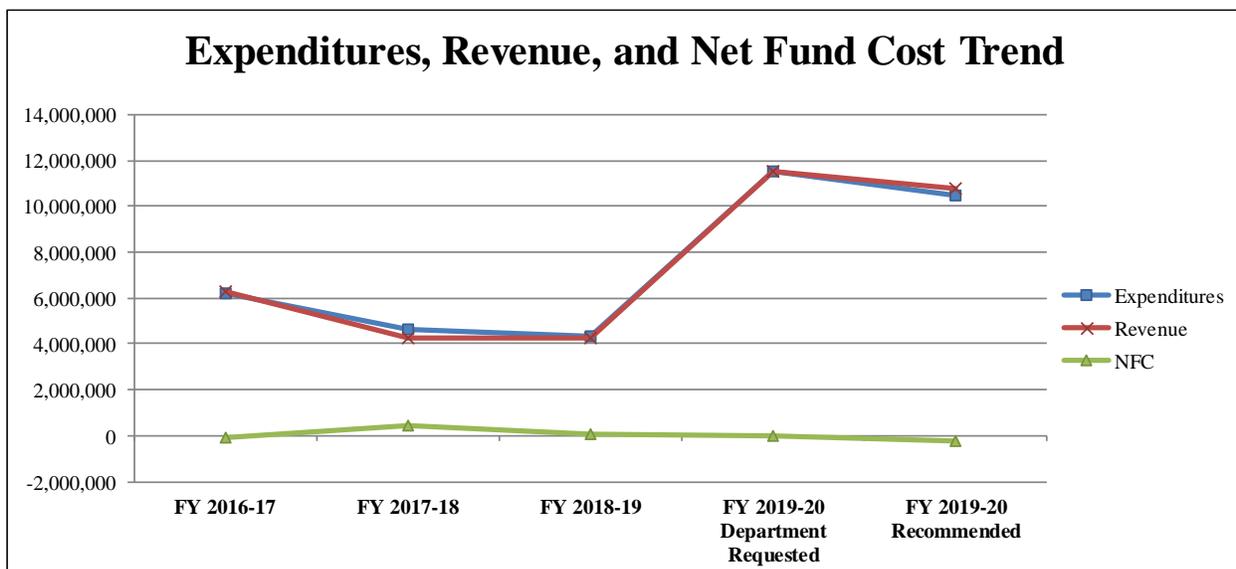

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The recommended budget includes revenue of \$10.5 million, all of which will be appropriated to fund projects meeting requirements of the federal grant. Other financing uses include reimbursement to Community Development for the administration of the program. There is no cost to the General Fund. Funding to assist in meeting public safety needs in three specifically qualified County areas is included in the recommended budget.

Budget Changes and Operational Impacts

The recommended budget establishes funding to support the Community Development Block Grant Program pursuant to the Housing and Community Development Act. Some of the projects approved by both the Board of Supervisors and HUD for FY 2019-20 are:

- *Belle Terrace Park Improvements*: Design and construction of park related improvements and upgrades.
- *California Infrastructure Bank Loan Payment*: Loan Payment for the construction of street drainage improvements in unincorporated East Bakersfield.
- *City of Shafter Mannel and Veterans Park Improvements*: Design, construction and installation of a covered picnic area.
- *City of Wasco Pedestrian Alleyway Garden Project*: Design, rehabilitation, conversion and construction of an existing alleyway into community orientated pedestrian alleyway garden.
- *Hart Park Peacock Adobe House Historic Restoration and Stabilization (Phase I)*: Seismic safety, fencing, narrative visitor information board, and related improvements.
- *Lake Isabella Linda Kissack Skatepark*: Design and construction of a 7,000 square foot skate park.
- *Lost Hills Water System Improvements*: Design, rehabilitation, and construction of water facility and tank related improvements.
- *Rexland Acres Community Sidewalk Improvements (Phase III)*: Design, engineering, acquisition, and installation of pedestrian and bicycle safety improvements.
- *Roberts Lane Pedestrian, Sidewalk and Architectural Barrier Removal (ABR) Project*: Design, acquisition, and construction for accessibility and sidewalk related improvements.
- *South Taft Water District System Improvements (Phase II of IX)*: Construction of water mainline, relocation of forty two (42) service connections, and two (2) fire hydrant improvements.

Economic Development – Revolving Loan Program

Department Head: Lorelei H. Oviatt

Function: Public Assistance

Fund: CD-ED Revolving Loan

Activity: Other Assistance

Budget Unit: 8921

Description of Major Services

The U.S. Economic Development Administration provided funds to establish the Economic Development Revolving Loan Program. The loans provide qualified applications with financial assistance to support the retention and creation of jobs for County residents. The loans are intended to fill a financing gap beyond the amount of private financing that can be raised by qualified applicants. The Community Development Division of the Planning and Natural Resources department administers the program.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

All budgeted appropriations are established to ensure funding is available for qualifying applicants. The fund balance available at June 30, 2019 of \$423,710, will be utilized to establish spending authority in order to provide funding to eligible businesses. This program has no cost to the General Fund.

Budget Changes and Operational Impacts

Although there has been no activity in prior years, the recommended budget continues to establish spending authority in order to fund projects should an eligible business apply to the program for funding.

CD Grant Programs

Neighborhood Stabilization Program - 3

Department Head: Lorelei H. Oviatt

Function: Public Assistance

Fund: CD-NSP3 Grant

Activity: Other Assistance

Budget Unit: 8931

Description of Major Services

The U.S. Department of Housing and Urban Development provided funds for the Neighborhood Stabilization Program - 3 (NSP3) for stabilizing communities that have suffered from foreclosures and abandonment. NSP3 refers to funds authorized Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, which provided NSP3 grants to states and selected local governments on a formula basis. Local governments may utilize these funds for a variety of activities to address the effects of foreclosures and property abandonment, including acquisition of property; demolition or rehabilitation of abandoned property; or to offer down payment and closing cost assistance to low to middle-income homebuyers. The Community Development Division of the Planning and Natural Resources department administers the program.

NET FUND COST	\$0	\$0	\$0	\$0	\$0	\$0

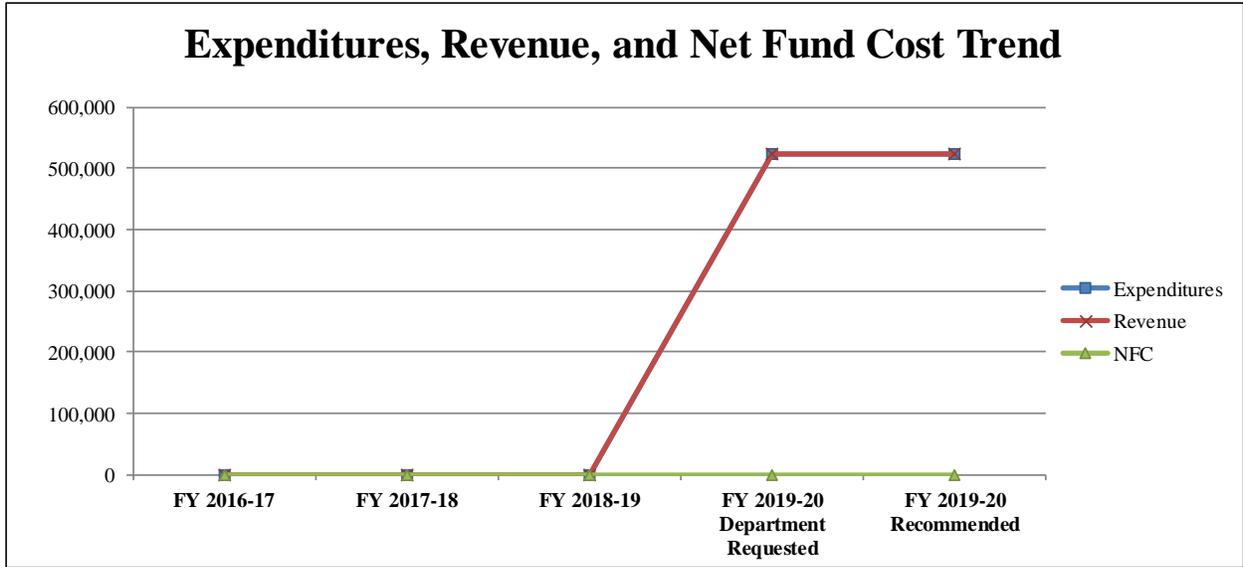

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

This program will utilize \$522,750 in Federal funded aid to partially finance the development of the 36 unit Pioneer Cottages development for low income households, adults or older adults with a serious mental disorder, and seriously emotionally disturbed children or adolescents who are homeless, chronically homeless, or at risk of chronic homelessness.

Budget Changes and Operational Impacts

All available funds have been budgeted in FY 2019-20 to be used to stabilize communities that have suffered from foreclosure and abandonment through rehabilitation, resell, or redevelopment of properties that might otherwise become sources of abandonment and blight within the community.

CD Grant Programs

Emergency Solutions Grant Program

Department Head: Lorelei H. Oviatt
 Fund: CD-Emergency Solutions Grant
 Budget Unit: 8932

Function: Public Assistance
 Activity: Other Assistance

Description of Major Services

The U.S. Department of Housing and Urban Development provides funds for the Emergency Solutions Grant Program (ESG) under the McKinney-Vento Homeless Assistance Act as amended by the Mortgage Foreclosures and Enhance Mortgage Credit Availability Act. Funds are used to provide emergency shelter services or facilities for homeless people and to assist people to quickly regain stability in permanent housing after experiencing a housing crisis and/or homelessness. The Community Development Division of Planning and Natural Resources department administers the program.

NET FUND COST	(\$1,166)	\$0	(\$3)	\$0	\$0	(\$45,343)

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of expenditures are associated with projects and administrative cost. This program has no cost to the General Fund.

Budget Changes and Operational Impacts

The recommended budget reflects an increase of \$432,961 compared to FY 2018-19 actual expenditures, funded by an increase of \$478,301 in revenue. This increase is primarily due to the department having prior year carry forward grant funding allocations from the U.S. Department of Housing and Urban Development. Increases to reserves, in the amount of \$45,343, will be used to fund future eligible projects.

Neighborhood Stabilization Program

Department Head: Lorelei H. Oviatt
 Fund: CD-NSP Grant
 Budget Unit: 8933

Function: Public Assistance
 Activity: Other Assistance

Description of Major Services

The U.S. Department of Housing and Urban Development provided funds for the Neighborhood Stabilization Program (NSP) for stabilizing communities that have suffered from foreclosures and abandonment. NSP refers to funds authorized under Division B, Title III of the Housing and Economic Recovery Act of 2008, which provided NSP grants to states and selected local governments on a formula basis. Local governments may utilize these funds for a variety of activities to address the effects of foreclosures and property abandonment, including acquisition of property; demolition or rehabilitation of abandoned property; or to offer down payment and closing cost assistance to low to middle-income homebuyers. The Community Development Division of the Planning and Natural Resources department administers the program.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

This program will utilize \$107,574 in Federal funded aid to partially finance the 36 unit Pioneer Cottages development for low income households, adults or older adults with a serious mental disorder, and seriously emotionally disturbed children or adolescents who are homeless, chronically homeless, or at risk of chronic homelessness. The program will utilize \$30,547 of fund balance at June 30, 2019 for administrative operations in FY 2019-20.

Budget Changes and Operational Impacts

The \$30,676 fund balance available at June 30, 2019 will be used in the FY 2019-20 budget to stabilize communities that have suffered from foreclosure and abandonment through rehabilitation, resell, or redevelopment of properties that might otherwise become sources of abandonment and blight within the community.

Community Development Home Investment Trust

Department Head: Lorelei H. Oviatt

Function: Public Assistance

Fund: CD-Home Investment Trust

Activity: Other Assistance

Budget Unit: 8936

Description of Major Services

The U.S. Department of Housing and Urban Development provides funds for the Home Investment Partnership Program through grants that must be used for eligible activities and projects, such as expanding the supply of decent, safe, sanitary and affordable housing; strengthening the ability of local communities to design and implement strategies for achieving adequate supplies of decent, affordable housing; and extending and strengthening partnerships between all levels of government and the private sector. The Community Development Division of the Planning and Natural Resources department administers the program.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of expenditures are associated with projects and administrative cost funded through the federal program. This program has no cost to the General Fund.

Budget Changes and Operational Impacts

The recommended budget includes approximately \$6.4 million for projects consistent with the HOME Investment Partnerships Program and includes rehabilitation projects and projects associated with community housing development organizations including the Pioneer Cottage development for low income households, the homeless, and those at risk of homelessness. In addition, \$675,049 is being set in appropriations for contingencies. Intergovernmental revenue of \$7.1 million provide funding for FY 2019-20 that exceeds FY 2018-19 actual expenditures by \$5.5 million in anticipation of the completion of multiple projects. The \$324,683 fund balance available at June 30, 2019 will be used to fund the eligible projects in the FY 2019-20 budget.

Emergency Solutions Program

Department Head: Lorelei H. Oviatt
 Fund: CD-Emergency Solutions
 Budget Unit 8937

Function: Public Assistance
 Activity: Other Assistance

Description of Major Services

The State of California Department of Housing and Community Development administers the Emergency Solutions Program with funding received from the U.S. Department of Housing and Urban Development. Funding is provided to local agencies to engage homeless individuals and families living on the streets; improve the number and quality of emergency shelters for homeless help operate these shelters; provide essential services to shelter residents; rapidly re-house homeless individuals and families and prevent families and individuals from becoming homeless.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

This program began implementation in FY 2017-18. The majority of the revenue received will be distributed for homeless prevention, rapid rehousing, street outreach, and allocations to community partners to provide services to homeless individuals and families. A total of \$34,140 is allocated to the administration of this program.

Budget Changes and Operational Impacts

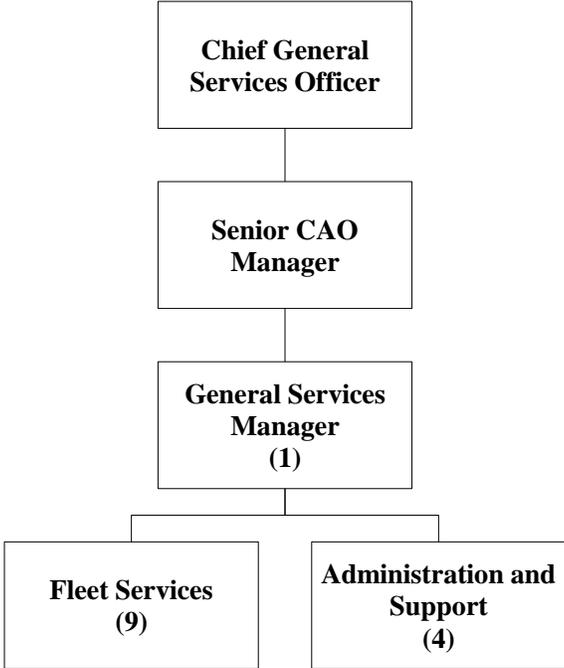

Available federal revenue is estimated at \$1,104,626, of which \$1,178,262 will be appropriated in FY 2019-20 to be used to provide services to homeless individuals and families. The remaining will be used to offset a negative fund balance of \$39,496 at June 30, 2019.

Mission Statement

The General Services Division provides responsive, customer-focused support enabling the effective delivery of County services.

Organizational Chart

Internal Service Fund

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Earned a Blue Seal of Excellence Recognition from the National Institute for Automotive Service Excellence.
- Fleet Services had a ratio of 175:1 vehicles per mechanic compared to the industry average ratio of 75:1.
- Fleet Services tracked vehicle warranties, saving approximately \$125,000 per year in repairs to County Vehicles.
- Fleet Services maintained over 600 telemetric tracking systems in County vehicles.
- Fleet Services completed an average of 326 work orders per month.

Garage

Department Head: Ryan J. Alsop
 Fund: General Services Garage
 Budget Unit: 8950

Function: Internal Service Fund
 Activity: Other General

Description of Major Services

The Garage administers and maintains vehicles assigned to County departments and is managed by the General Services Division of the County Administrative Office. Services provided include vehicle maintenance including lubrication, steam cleaning and vehicle washing. Vehicle repairs include body and engine repair and overhaul, special body fabrication and brake services. Funding requirements for purchasing replacement and additional vehicles are included in this budget unit.

To provide flexibility in addressing departments' needs, the Garage offers vehicle maintenance services under three different plans. In Plan 1, the Garage owns the vehicle and provides full-service maintenance and replacement. In Plan 2, full-service maintenance is provided, but County departments own and replace the vehicle. In Plan 3, maintenance is provided to department-owned vehicles on a time-and-materials basis. Also, due to the on-going fiscal constraints facing departments, the Garage has a "Modified Plan 1" option to better assist departments that have experienced budget reductions. This option allows departments to defer purchase of replacement vehicles and extend service for existing vehicles at a reduced cost.

Major Expenses and Revenue in FY 2019-20 Recommended Budget

Major expenses for the division include new vehicle purchases for customer departments and the supplies needed to service the vehicles. Remaining expenses cover the staffing needed to service

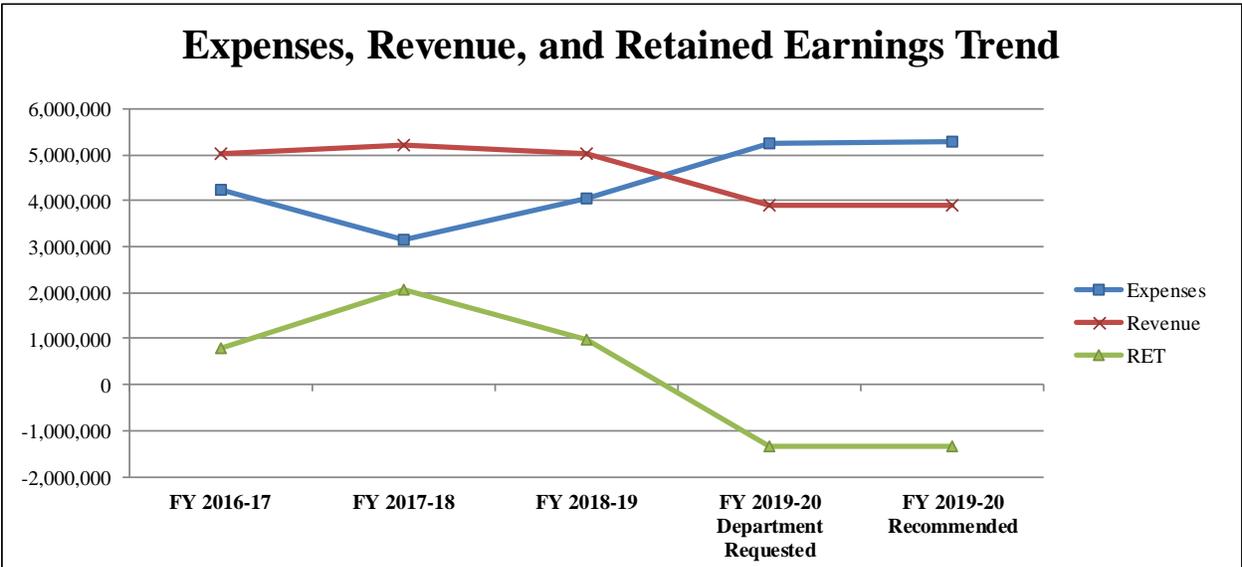

customer vehicles and respond to service requests. Revenue for the division is primarily derived from charges to departments for vehicle purchases and services provided.

Budget Changes and Operational Impacts

The recommended budget includes the purchase of 35 vehicles at a cost of \$1.4 million. During FY 2018-19 the division purchased comparatively fewer vehicles, which accounts for the variance in capital assets expenses. Budgeted changes in services and supplies expenses and charges for services revenue are primarily due to the transition of additional vehicles to the pilot program with Enterprise Rental Services. If the pilot program continues to be successful, the division will assess moving additional vehicles to the program. The transition of additional vehicles to the program is anticipated to generate an overall savings countywide. Expenses within the Garage Internal Service Fund would be adjusted to match any change in service levels. Changes in miscellaneous revenue reflect fluctuating demand from customer departments for the installation of GPS monitoring units.

While the Garage Internal Service Fund has sufficient short-term unrestricted cash that can be used to support the operations of the division, the retained earnings as of June 30, 2019 was a deficit of \$704,798 due to the inclusion of approximately \$2.7 million of long-term liabilities primarily associated with pension obligations. The entirety of these liabilities do not come due within the near future and represent future costs that will be funded with future revenue. After adjusting for long-term debt, the budgetary retained earnings balance as of June 30, 2019 was \$2.0 million. A transfer of \$828,845 is budgeted from the vehicle replacement designation, primarily to reimburse departments who have transferred vehicles to the Enterprise Rental Services program. A retained earnings balance of \$1.5 million, and a vehicle replacement designation balance of \$5.2 million are anticipated for June 30, 2020. The division is working to increase the balance of the vehicle replacement designation closer to the total market replacement value of the fleet.

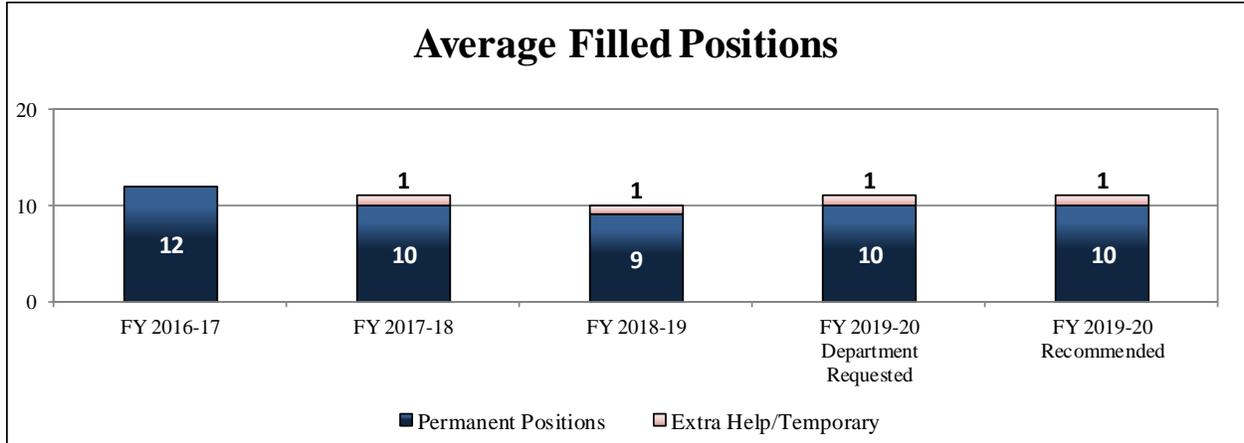

Internal Service Fund

Staffing Changes and Operational Impacts

No position additions or deletions are included in the recommended budget. The division intends to hold vacant and unfunded two (2) Automotive Mechanic I/II/Sr. positions and two (2) Fleet Services Supervisor positions, at an annual savings of approximately \$465,000.

Internal Service Fund

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Increase work performance and accountability for County Garage employees.

Objective: Maintain, service, and repair County fleet to ensure that 95% of vehicles are available and in a safe working condition.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Average percentage of fleet available on a daily basis	91%	97%	95%	98%	95%

With a ratio of vehicles to technicians at an above average level of 138:1, the division was able to meet its goal for fleet availability in FY 2018-19.

Objective: Automotive technicians are at a productivity level of 90% or greater.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Percentage of productive hours of total paid hours	90%	90%	90%	93%	90%

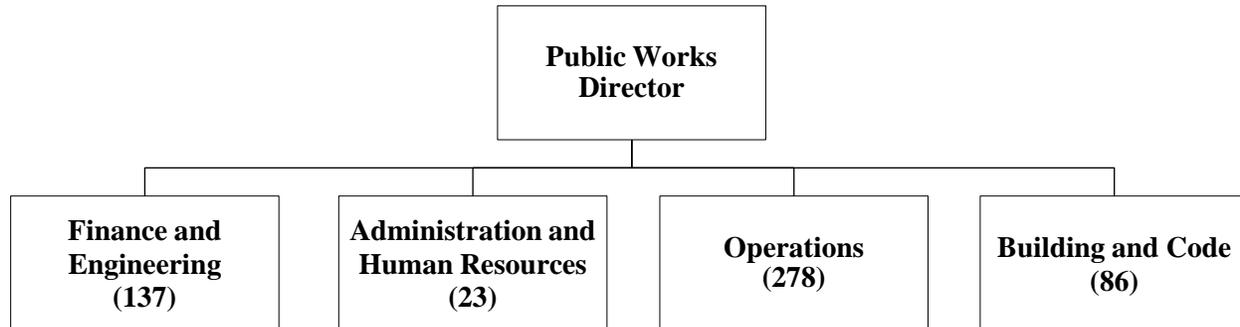

Measuring productive hours provides valuable information to determine the number of technicians required to perform all maintenance and repair tasks in meeting the needs of the fleet; and calculate repair labor rates. The division technicians have exceeded the industry standard of 75% to 80%.

Internal Service Fund

Mission Statement

To provide public infrastructure, facilitate development, and deliver services that protect and enhance the lives of the people of Kern County.

Organizational Chart

Internal Service Fund

Fiscal Year 2017-18 and 2018-19 Accomplishments

- In 2018-19 Public Works completed 22 road, waste and wastewater projects totaling \$25 million.
- Completed design and began construction of the Phase 2A Module 4 of the Bena landfill liner.
- Created the “Remove and Preventing Illegal Dumping (RAPID)” team, which has removed 300 tons of illegally dumped trash from over 3000 various locations throughout the County. The team has also cleaned up over 60 homeless encampment sites this fiscal year.
- Acquired the design consultant and began the environmental and permitting process for the Shafter-Wasco green waste composting facility.
- Established a new transfer station at the Roberts Lane road yard servicing the North Metro-Bakersfield area.
- Awarded \$8.2 million in Active Transportation Program (ATP) funds for pedestrian path projects in Lake Isabella and unincorporated areas of Metro-Bakersfield.
- Began facility designs and awarded grant for South Shafter sewer project in the amount of \$10.3 million.
- Reviewed, issued and inspected several large projects, such as the new Amazon fulfillment center, utility-scale solar projects (300-400 Megawatts), large scale wind turbine projects, commercial greenhouses and commercial egg-laying facilities.
- Completed the Community Development funded wastewater treatment plant improvement at Lake Isabella Reeder Tract.

Public Works

Department Head: Craig Pope

Fund: Public Works

Budget Unit: 8954

Function: Internal Service Fund

Activity: Public Ways

Description of Major Services

The Public Works Internal Service Fund was established to facilitate the reorganization of the Roads, Kern Regional Transit, Waste Management, Kern Sanitation Authority, Development Services, Code Compliance, and Building Inspections budget units. The reorganization is intended to consolidate activities in order to provide efficient public infrastructure and services to protect and enhance the daily lives of County residents. Services include planning, design, engineering, construction project management, operation and maintenance of roads, flood control, promotion of safe building construction and other regulatory services such as waste management. The operations fall into three categories: Administration and Engineering, Operations, and Building and Development.

Major Expenses and Revenue in FY 2019-20 Recommended Budget

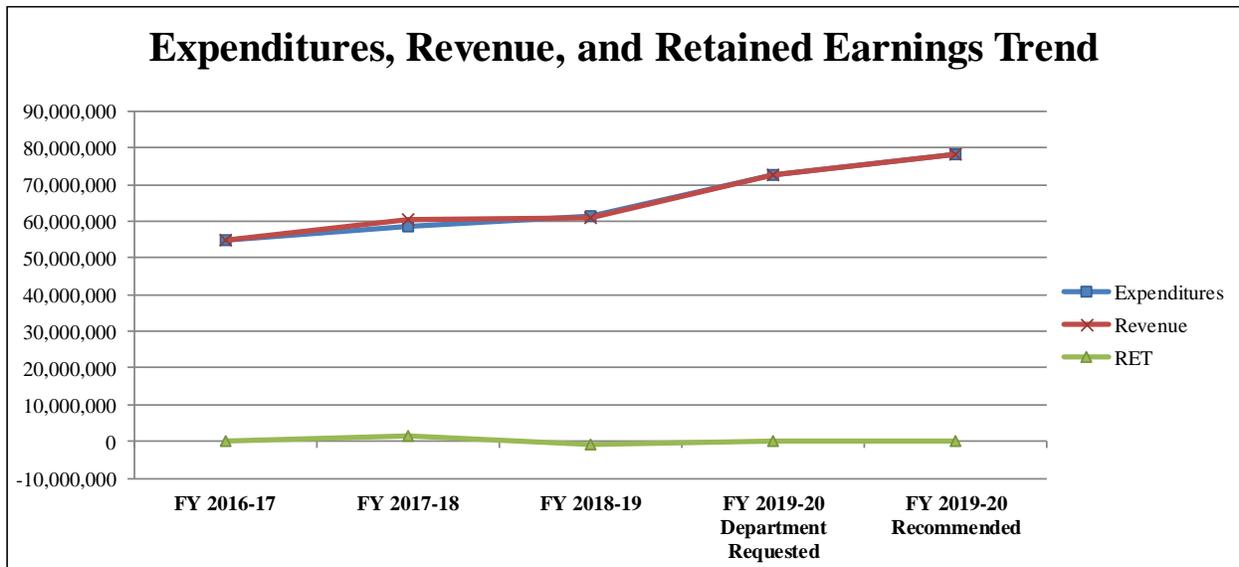

A majority of appropriations in this fund will be used for salaries and benefits that will be reimbursed from the appropriate budget units. The department operates a maintenance facility for department vehicles and heavy equipment, the labor and materials for this function are budgeted within the Internal Service Fund in the amount of \$5.2 million and reimbursed from the user budget units similar to salaries and benefits.

Budget Changes and Operational Impacts

The recommended budget includes a \$300,000 contribution for storm water sump maintenance and the contribution that was previously allocated to the Roads Department. The \$6.4 million roads contribution will be passed through to the Road Fund for countywide road maintenance. The contribution to the Road Fund is consistent with the funding requirements of the Road Repair and Accountability Act of 2017 mandating a contribution to the Roads Fund of no less than the annual average of the County’s General Fund expenditures for street, road and highway purposes during FY 2009-10, 2010-11, and 2011-12. The department has budgeted to receive \$64.9 million in labor reimbursements and \$5.8 million in reimbursements for fuel and equipment maintenance from the various Public Works budget units, these amounts include departmental indirect costs and overhead.

The department retained earnings balance as of June 30, 2019 is \$2.9 million, the balance is related to the remaining General Fund contribution to Public Works used for roads and general public works projects. It is anticipated that the retained earnings balance will be used to fund projects in the future.

Internal Service Fund

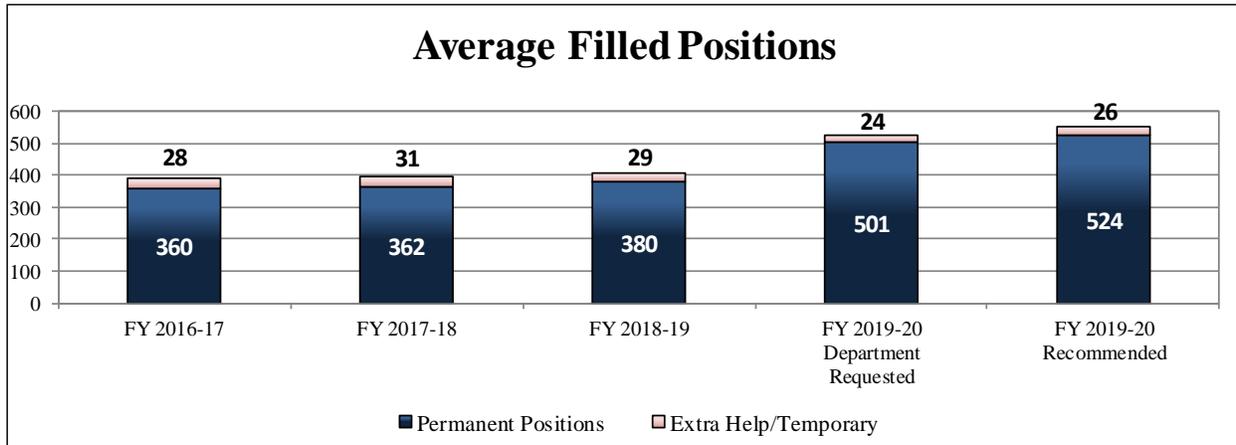

Staffing Changes and Operational Impacts

The recommended budget includes a reorganization of the Public Works Department consistent with the department’s continued effort to increase efficiency and improve service delivery. The reorganization includes the July 6, 2019 approved transfer of all Kern Sanitation Authority employees to the Internal Service Fund in order to consolidate sanitation and wastewater functions throughout the County. Kern Sanitation Authority will continue to operate distinctly from Public Works, but will reimburse the Internal Service Fund for labor costs. Also included in the recommended budget is the addition of the Administration and Human Resources division for the management of human capital, community engagement, office and building services, purchasing, contracts, and project reimbursements.

The recommended budget includes 524 authorized positions after the addition of two (2) Road Superintendent positions, one (1) Supervising Road Maintenance Worker I/II position, ten (10) Waste Management Aide I/II/III positions, one (1) Waste Management Specialist position, one (1) Code Compliance Officer position, one (1) Marketing and Promotions Associate position, two (2) Engineering Technician positions, and two (2) Engineering Aide positions for an estimated annual cost of \$1,926,340.

Group Health and Dental Self-Insurance Program

Department Head: Ryan J. Alsop

Function: Internal Service Fund

Fund: Group Health and Dental

Activity: Employee Health Benefits

Budget Unit: 8960

Description of Major Services

The Group Health Self-Insurance Program is used to fund the County's employee medical, dental, and vision benefit plan programs. This budget unit is used to pay all self-funded medical and dental claims, medical and dental plan premiums, County administration costs, third-party administration costs, and Employee Assistance Program and Employee Wellness Program administration costs. The Human Resources Division of the County Administrative Office administers this budget unit.

Internal Service Fund

Major Expenses and Revenue in FY 2019-20 Recommended Budget

This budget unit funds all expenses related to active employee health care benefits with utilization and actual claims being the primary drivers of costs. The Human Resources Division continues to explore changes to health plan cost-sharing and employee wellness and education in an effort to reduce overall claims expenses for self-funded plan options. Revenue consists of charges to County departments and participating special districts, employee contributions, and premium charges to COBRA participants and retirees.

Most internal service funds require a sixty-day working capital reserve to cover operating expenses. However, operating a self-insured group health plan requires reserves in excess of the sixty-day working capital amount. The County is assuming the risk for paying the health care claims costs of employees, and must have sufficient financial resources (cash flow) to meet this obligation. In consultation with an actuarial specialist, the County has determined that a claim fluctuation reserve that is calculated using the cost of all the County self-insured plans (medical, mental health, prescription drug, dental, and vision) is necessary. The County currently estimates

this reserve at \$24.5 million. This is in addition to the normal working capital balance. The County is committed to having the lowest level of reserves while maintaining sufficient resources to meet all obligations.

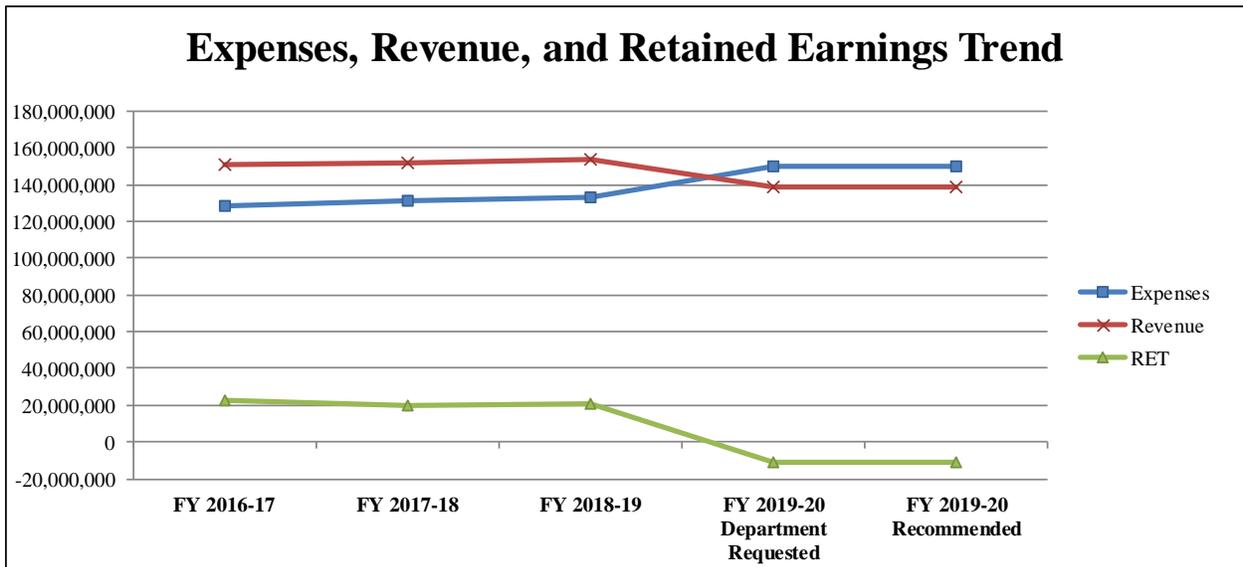

The retained earnings balance as of June 30, 2019 was \$65.7 million. A decrease of \$11.5 million is budgeted to provide required services while stabilizing rates, resulting in an estimated retained earnings balance of \$54.2 million for June 30, 2020.

Budget Changes and Operational Impacts

The division has transformed the County’s self-funded health coverage plan into four separate Kern Legacy Health Plan products to best meet the needs of employees and dependents. Focusing on comparable and controllable network rates while working with partner providers has allowed the County to offer quality care at competitive rates. The biweekly health benefit rate for FY 2019-20 is budgeted to decrease, which will provide savings for every County department.

While anticipated expense changes are incorporated into the recommended budget, there is always a potential for unanticipated expense increases due to general medical inflation and unexpected claims. The division has budgeted other charges expenses accordingly. Changes in charges for services revenue is primarily due to reductions in employer contribution rates.

Internal Service Fund

Retiree Group Health – Internal Service Fund

Department Head: Ryan J. Alsop

Function: Internal Service Fund

Fund: Retiree Group Health

Activity: Other Post Employment Benefits

Budget Unit: 8965

Description of Major Services

The Retiree Group Health Program budget unit is used to pay the County's contributions to the Retiree Health Insurance Stipend and Retiree Health Premium Supplement Programs (RHPSP), and for administration costs. The Stipend Program provides a monthly stipend to all County retirees, which helps to offset the premium cost of medical benefits purchased by retirees through a County administered retiree health plan. The Retiree Health Premium Supplement Program originated as a negotiated item for all employee unions. It was designed to further assist retirees under the age of 65 in paying for their medical benefits purchased through a County administered retiree health plan until they are Medicare eligible. The Human Resources Division of the County Administrative Office administers this budget unit.

Internal Service Fund

Major Expenses and Revenue in FY 2019-20 Recommended Budget

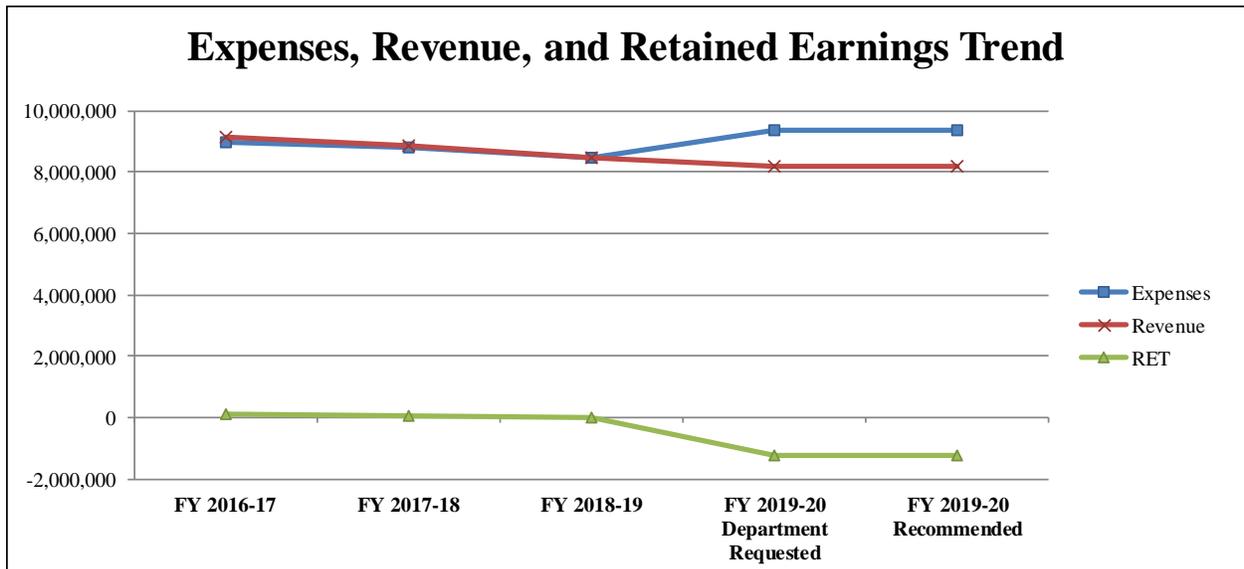

This budget unit incurs costs for the retiree health benefits programs and receives monthly reimbursement from the Other Post-Employment Benefits (OPEB) irrevocable trust fund for actual expenses. Both the Stipend and RHPSP assist in paying monthly health benefits costs for qualified County or special district retirees and their dependents or beneficiaries. Based on current beneficiaries receiving benefits, total annual expenses are estimated at \$9.4 million. Administration of these programs is funded through a small fee charged to retirees as part of their monthly health benefits costs. Most retirees contribute directly to pay at least a portion of their retiree health care costs, limiting the County's total liability.

Budget Changes and Operational Impacts

This budget unit maintains minimum reserves adequate to ensure payment of benefits on a monthly basis and is reimbursed from the OPEB trust for actual expenses for both the Stipend and RHPSP programs for current retirees.

Additional reserves may be transferred to the OPEB trust fund as appropriate. The retained earnings balance as of June 30, 2019 was \$3.3 million. The recommended budget includes the use of \$1.2 million in fund resources, for an anticipated retained earnings balance of \$2.1 million for June 30, 2020.

Internal Service Fund

General Liability Self-Insurance Program

Department Head: Margo Raison

Function: Internal Service Fund

Fund: Liability Self-Insurance Program

Activity: Insurance Programs

Budget Unit: 8970

Description of Major Services

The General Liability Self-Insurance Program is administered by the Risk Management Division of the Office of County Counsel. This budget unit is used to meet the County’s legal liability for damages to individuals and/or property arising out of the County’s general and automotive activities.

Internal Service Fund

Major Expenses and Revenue in FY 2019-20 Recommended Budget

The primary expenses of this budget unit are insurance expenses and legal costs. This budget unit is financed primarily through charges to County departments for coverage and services provided.

Budget Changes and Operational Impacts

The recommended budget provides funding for the County’s General Liability Program. Other charges are budgeted at \$13.9 million primarily to cover anticipated claims. Several claims budgeted in FY 2018-19 did not settle and are anticipated to settle in FY 2019-20. The department has budgeted \$12 million of retained earnings to cover prior year claims. The retained earnings balance as of June 30, 2019 is \$18 million.

Internal Service Fund

Unemployment Compensation Insurance Program

Department Head: Ryan J. Alsop

Function: Internal Service Fund

Fund: Unemployment Compensation

Activity: Unemployment Self-Insurance

Budget Unit: 8980

Description of Major Services

This budget unit is used to pay the cost of administering and operating the County’s unemployment benefit program for eligible former employees. The County funds unemployment claims under the cost reimbursement option, reimbursing the State Employment Development Department quarterly for actual claims paid. The Human Resources Division of the County Administrative Office coordinates this program and oversees the contract for cost review and program oversight.

	FY 2017-18	FY 2018-19		FY 2019-20

Internal Service Fund

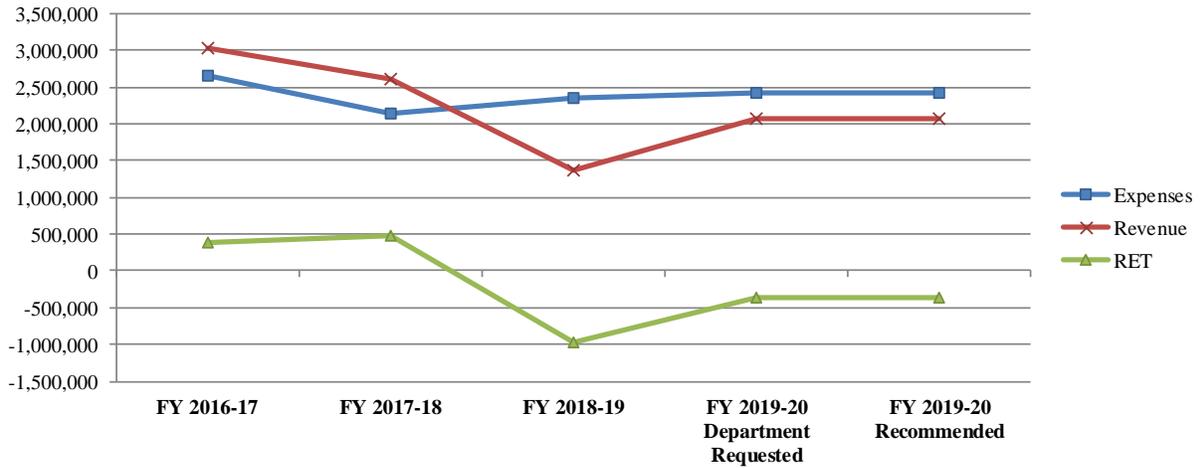

Major Expenses and Revenue in FY 2019-20 Recommended Budget

The majority of expenses in this budget unit are payment of actual unemployment benefit claims. Future unemployment costs are not easily estimated, as unemployment costs are based upon wages earned in a base period that is up to 18 months prior to the date of the claim. The availability of other employment in the community also has an effect on the County’s claims. Revenue in this budget unit is primarily comprised of charges to County departments based on each individual department’s actual unemployment experience and claims.

Budget Changes and Operational Impacts

Charges to departments are budgeted at a level sufficient to cover anticipated costs and maintain adequate reserves. The retained earnings balance as of June 30, 2019 was \$653,600. A retained earnings balance of \$298,805 is anticipated for June 30, 2020.

Expenses, Revenue, and Retained Earnings Trend

Internal Service Fund

Workers' Compensation Self-Insurance Program

Department Head: Margo Raison

Function: Internal Service Fund

Fund: Workers Compensation Program

Activity: Insurance Programs

Budget Unit: 8990

Description of Major Services

The Workers' Compensation Self-Insurance Program is administered by the Risk Management Division of County Counsel, and meets the County's statutory obligation to compensate its employees for work-related injuries.

Summary of Expenditures and Revenue						
	FY 2017-18	FY 2018-19		FY 2019-20

Internal Service Fund

Major Expenses and Revenue in FY 2019-20 Recommended Budget

The Workers' Compensation Self-Insurance Program is financed through direct charges to County departments largely based on each department's claims history. The primary expense for the program is the cost of claims paid to injured workers.

Budget Changes and Operational Impacts

The recommended budget includes \$19.8 million in expenses, which is an increase of \$1.9 million from the FY 2018-19 actual due to increased estimated physician charges. Revenue will increase by approximately \$3.1 million FY 2019-20, due to an increase in premiums charged to departments. Retained earnings is available to offset the premiums charged to departments. The retained earnings balance as of June 30, 2019 is \$10.5 million. The department has budgeted decreasing retained earnings by \$690,371 to offset expenses. A retained earnings balance of \$9.8 million is anticipated for June 30, 2020, which will be used to fund future fiscal years.

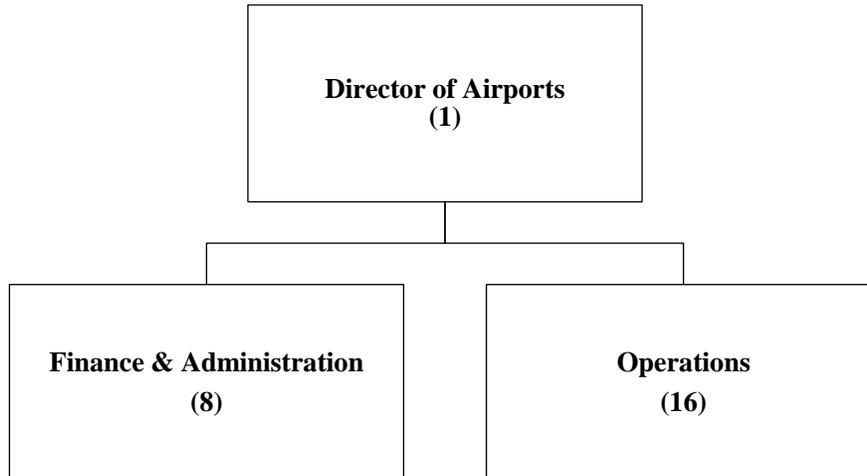

Internal Service Fund

Mission Statement

The Department of Airports mission is to build a world class quality commercial air service airport and general aviation airports that focus on the customer, compliments the Kern County economy, promotes efficient operations and provides safe airfield facilities.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Awarded a \$500,000 Small Community Air Service Development grant from the Department of Transportation.
- Initiated new service to Dallas/Ft. Worth International Airport through Amercian Airlines which added 76 seats to the market and hundreds of one-stop connections to US and global destinations.
- Completed Phase III of the multi-phase Runway 30R-12L reconstruction project on time and within budget. Garnered support for additional Runway 30L repairs within the project scope.
- Federal Aviation Administration (FAA) authorized the relocation of Runway 30L's displaced threshold, which increased available runway for landing an additional 1800 feet. This now provides for alternate landing facilities for airlines and corporate jets in the event of irregular operations.
- Administered \$13 million in FAA improvement grants to Meadows Field and Kern Valley Airport within the past year including the design for reconstruction of Taxiway "A" at BFL.
- Closed Lost Hills Airport and sold the real property for \$4.3 million providing new resources to support our general aviation airfield facilities.
- Supported California Supported California Aeronautical University at Meadows Field Airport in a joint aviation event to promote Aviation Day to attract new students. The University has continued on a steady growth of student enrollment of students.

Airports Enterprise Fund

Department Head: Mark Witsoe

Fund: Airports Enterprise

Budget Units: 8989, 8994, and 8995

Function: Public Ways and Facilities

Activity: Transportation Terminals

Description of Major Services

The Department of Airports provides for the management, development, maintenance and operation of six airports and airfields within Kern County: Meadows Field, Elk Hills, Kern Valley, Poso/Famoso, Taft, and Wasco. The department maintains safe and secure airfields in compliance with federal and State regulations and provides passenger services and facilities that meet the needs of commercial aviation and the traveling public. Additionally, the department provides services and facilities that meet the needs of general aviation.

Major Expenses and Revenue in FY 2019-20 Recommended Budget

The recommended budget includes staffing expenses of \$2.5 million to fund 23 positions that provide support for six County-operated airports. Expenses for services and supplies of approximately \$2 million include property insurance, utilities, other professional services, and general maintenance. In addition, other charges includes approximately \$5 million to cover countywide cost allocation charges and depreciation. The recommended budget also includes debt service payments totaling \$632,731 and capital expenses of \$1.1 million for Meadows Field Quick Turn Around project, Wasco project and the Kern Valley project, which will be primarily funded with federal reimbursements.

The recommended budget includes \$3.6 million in revenue associated to airline rates and charges, concessions and user fees. Additionally, the Meadows Field Airport receives a County contribution from the General Fund derived from property taxes collected in the Airport Economic Opportunity Area. State and federal grants are significant sources of revenue to construct, improve and maintain airport infrastructure.

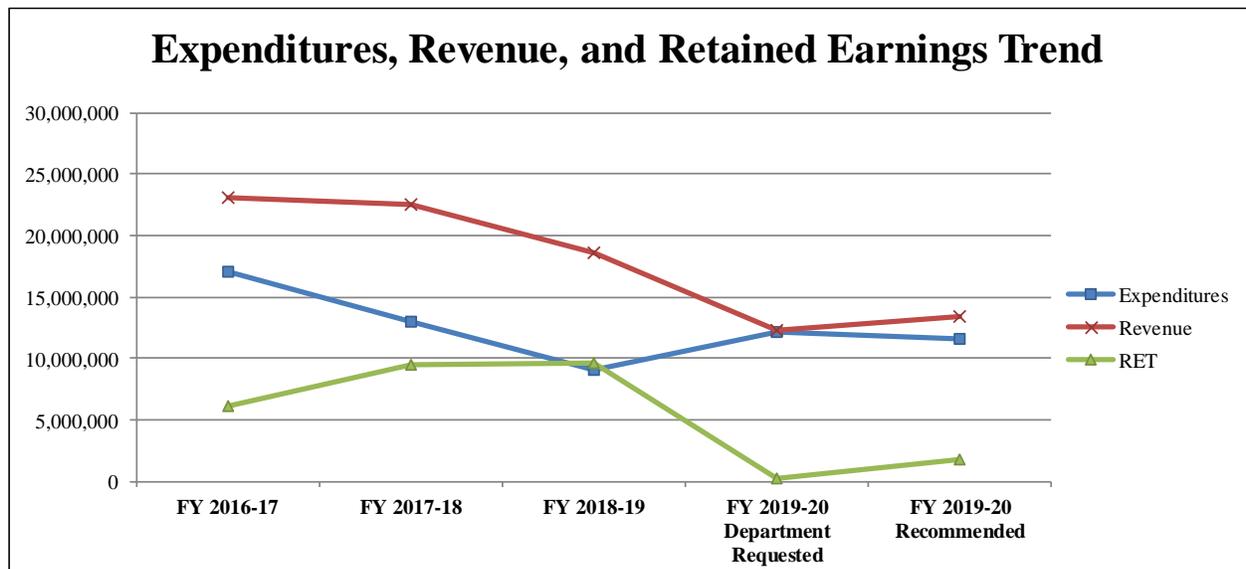

Budget Changes and Operational Impacts

The recommended budget includes a \$2.5 million increase in expenses from FY 2018-19 actual, primarily due to capital expenses for Meadows Field Quick Turn Around project, Wasco Airport project and the Kern Valley Airport project and an increase in depreciation expense. The decrease in intergovernmental revenue of approximately \$6 million is due to the completion of Phase III of the Meadows Field Runway 30R Rehabilitation project. Other revenue sources are increasing slightly as a result of landing fees, airline operating agreements and concessions.

The Airports Enterprise Fund retained earnings at June 30, 2019 is a deficit of \$7 million. The deficit is due to the inclusion of approximately \$5.3 million of long-term liabilities primarily associated with pension obligations and a long-term private placement loan. The long-term liabilities do not come due within the current budget and represent future costs that will be funded with future revenue. In addition, construction contracts for Meadows Field Airport projects in the amount of \$2.6 million were encumbered with no corresponding funding source during FY 2018-19 and reduced the retained earnings at June 30, 2019. Reimbursement from the Federal Aviation Administration is included in the FY 2019-20 recommended budget to cover prior year encumbrances.

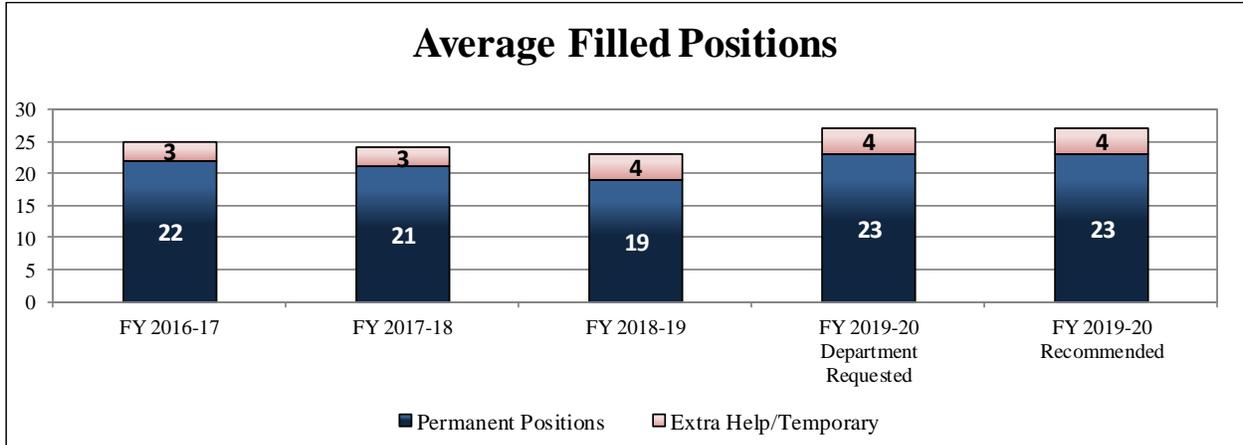

After adjusting for long-term debt and project encumbrances, the budgeted retained earnings balance at June 30, 2019 is approximately \$786,175. The department is anticipating utilizing all of its retained earnings to cover match requirements for future capital projects.

Enterprise Funds

Staffing Changes and Operational Impacts

No position additions or deletions are included in the recommended budget.

Summary of Authorized Positions

The department has 25 permanent positions, of which 23 have been budgeted to be filled during FY 2019-20 as indicated below. The department will hold two positions vacant and unfunded: one (1) Accountant I/II position and one (1) Administrative Coordinator position.

Fiscal Year 2019-20 Goals, Objectives, and Performance Measures

Goal 1: Expand the opportunities for domestic air travel

Objective 1: Increase utilization of Meadows Field Airport passenger service

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of available seats offered by airlines	145,670	148,466	172,000	156,656	172,000
Number of enplaned passengers	103,850	104,892	135,000	116,615	137,000
Number of destinations offered by airlines	3	3	4	4	5
Number of aircraft operations	56,075	59,988	60,700	61,000	65,000
Number of community air service presentations	7	N/A	N/A	0	4
Number of airline service meetings	9	N/A	N/A	0	4

A continued effort is being made by the department to recruit new air service with new airlines and expansion of current services with United Airlines and American Airlines to bring increased connectivity and economic benefits to the County. Increase of 11.18% in enplaned passengers in FY 2018-19 is a direct positive result of the new flight to Dallas Fort Worth (DFW). A second flight to DFW has been announced for next year. Efforts will continue by the department to engage with airlines and present air service case studies for new and expanded service, and to offer incentives to serve Meadows Field Airport.

Goal 2: Prioritize public / employee safety and security across the county airport system

Objective 1: Reduce and eliminate safety risks at airports within the County airport system

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of safety violations from the Federal Aviation Administration	0	1	0	0	0
Number of safety violations from the California Department of Transportation Division of Aeronautics	0	0	0	0	0
Number of security violations from Transportation Security Administration	0	2	0	0	0
Job related injuries	0	2	0	0	0
Completed airport construction projects	2	1	1	1	1

The department continues to strive for perfection in safety and security in all operations, aircraft movement areas, passenger facilities, and employee activities. Continued training and monitoring for safe practices are employed daily. Goals for these measurements will always be zero, and the department has proven for many years that these goals are attainable. The goal for completed airport construction projects remains the same. The extensive Meadows Field Runway 30P/12L Phase 3 Rehabilitation Project is now complete. A smaller project at Wasco Airport is scheduled for FY 2019-20.

Enterprise Funds

THIS PAGE INTENTIONALLY LEFT BLANK

Golf Course Enterprise Fund

Department Head: Ryan J. Alsop

Fund: Golf Course Enterprise

Budget Unit: 8991

Function: Recreation and Culture

Activity: Recreation Facilities

Description of Major Services

The Golf Course Enterprise Fund is used to account for the operation of three County-owned golf courses; North Kern, Kern River, and Buena Vista. Private contractors operate the golf courses under land lease agreements. The General Services Division provides administrative support to the Golf Course Enterprise Fund.

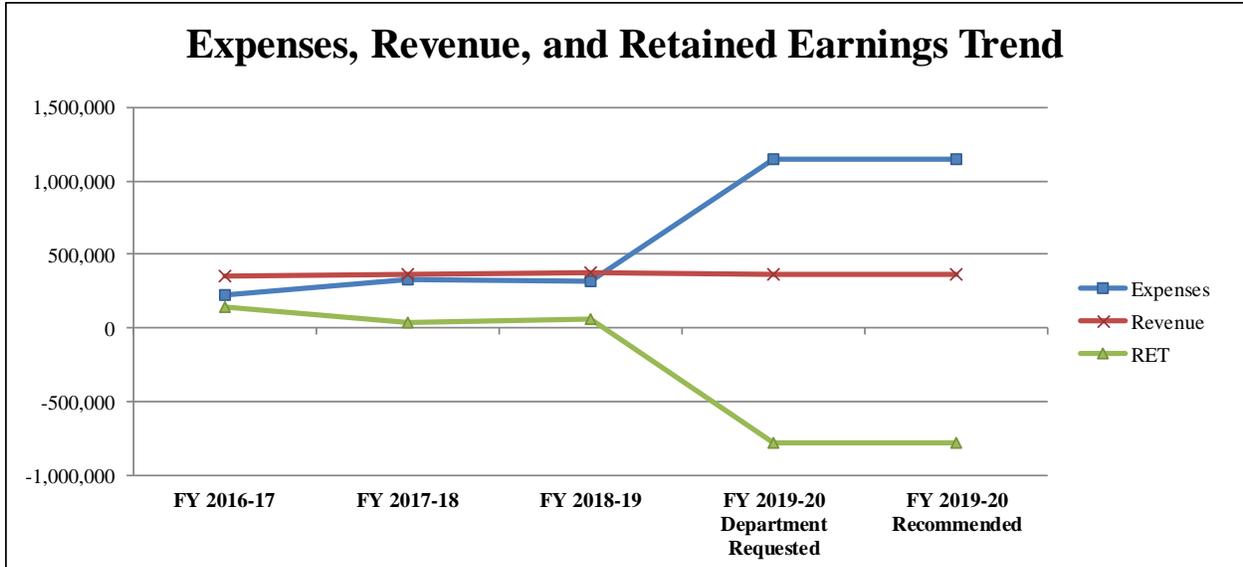

Summary of Expenses and Revenue						
	FY 2017-18	FY 2018-19		FY 2019-20		
	Actual	Adopted Budget	Actual	Department Requested	Preliminary Recommended	Recommended

Major Expenses and Revenue in FY 2019-20 Recommended Budget

Revenue is primarily generated from land lease agreements and is deposited into the Golf Course Enterprise Fund where it is used for necessary capital and infrastructure maintenance projects at the golf courses and to reimburse the General Services Division for administrative support.

Budget Changes and Operational Impacts

The recommended budget includes appropriations of \$150,000 for the Kern River course, \$350,000 for the North Kern course, and \$425,000 for the Buena Vista course. Increases in services and supplies for FY 2019-20 are primarily due to planned improvement and maintenance projects at the courses. The retained earnings balance as of June 30, 2019 was \$1.5 million, of which the division anticipates using \$787,467 in FY 2019-20. The estimated retained earnings balance as of June 30, 2020 is \$714,588.

Enterprise Funds

Universal Collection Enterprise Fund

Department Head: Craig Pope
 Fund: Universal Collection Enterprise Fund
 Budget Unit: 8992

Function: Health and Sanitation
 Activity: Sanitation

Description of Major Services

The Universal Collection Enterprise Fund is used to account for the revenue and expenses connected with refuse collection in the Universal Collection Areas. These areas cover the more densely populated, unincorporated portion of metropolitan Bakersfield and other portions of the County. All improved properties within the Universal Collection Areas are required to obtain services from a franchise garbage hauler. The Public Works Department administers this fund, providing ongoing support, oversight of contracted waste haulers, and contract administration.

Major Expenses and Revenue in FY 2019-20 Recommended Budget

The majority of expenses and revenue in this budget unit are for contracts with local waste haulers for services, and the collection of waste assessment fees collected through property tax bills.

Budget Changes and Operational Impacts

The recommended budget includes \$17.3 million within services and supplies. This represents a \$1.1 million increase from FY 2018-19 actual expenses largely due to anticipated cost increases associated with contracts. The division is budgeting for an increase in revenue due to the approved inflation adjustment to the Universal Collection rate, addition of the recycling surcharge, and inclusion of multi-family residential property solid waste collection and related services fees. The retained earnings balance as of June 30, 2019 is \$2.6 million. The division has budgeted to use \$550 in retained earnings for increases related to the County Cost Allocation in FY 2019-20.

Enterprise Funds

Kern Regional Transit Enterprise Fund

Department Head: Craig Pope

Function: Public Ways and Facilities

Fund: Public Transportation

Activity: Transportation Systems

Budget Unit: 8998

Description of Major Services

Kern Regional Transit is a division of the Public Works Department. The Kern Regional Transit division develops and operates the public transportation system within the County's unincorporated areas. The division studies and makes recommendations on public transportation needs and administers contracts with public and private transit service providers. The division provides a combination of demand-response, fixed-route, and inter-city transit services.

Enterprise Funds

Major Expenses and Revenue in FY 2019-20 Recommended Budget

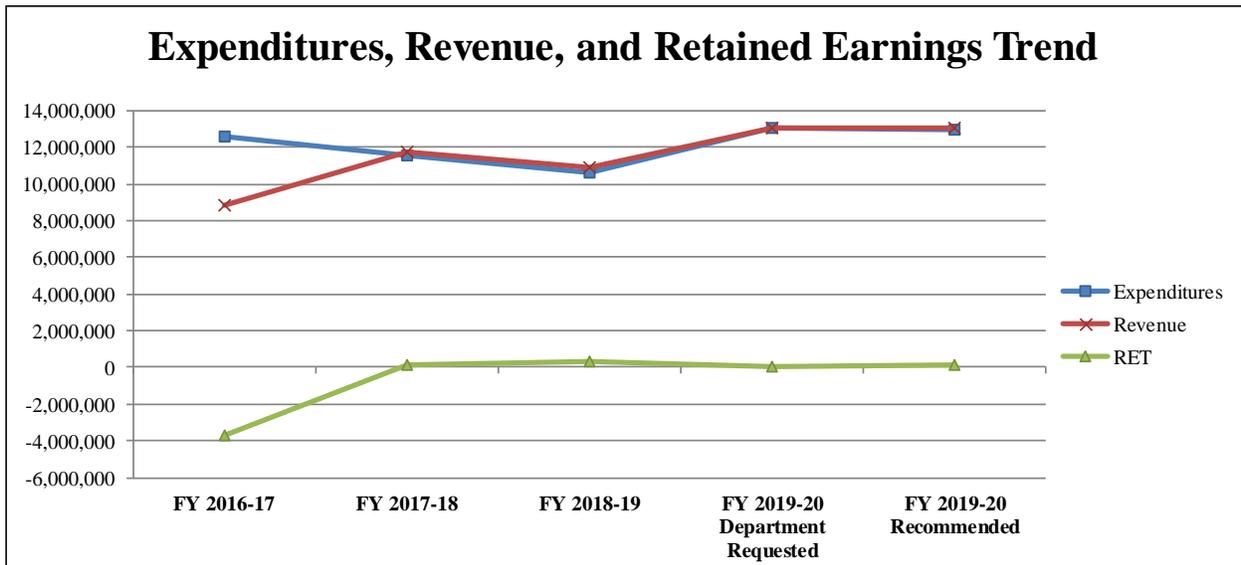

The activities of Kern Regional Transit are funded primarily from Sales and Use Tax for local transportation, State Public Transportation Modernization, Improvement, and Service Enhancement Account Program and funding from the State Department of Transportation Section 5311 that provides funding for public transit in non-urbanized areas. The primary expenses for the division include contracts for transportation services and labor and vehicle reimbursement for Public Works.

Budget Changes and Operational Impacts

The recommended budget includes \$1.9 million in services and supplies to reimburse the Public Works department for both the labor and vehicle maintenance work of the Kern Regional Transit Enterprise Fund. Within services and supplies, the recommended budget also includes \$5.5 million for agreements with private entities, a \$200,000 increase from the FY 2018-19 adopted budget due to the addition of a rapid transit route to Santa Clarita. The division plans to continue with the Mojave Transit Center and other bus stop enhancements in FY 2019-20. Capital assets will be funded with a combination of revenues such as State and Federal aid programs, including the Road Repair and Accountability Act of 2017 (SB1), the Transportation Development Act, and the Congestion Mitigation and Air Quality Improvement Program.

The earnings balance as of June 30, 2019 is a deficit of \$1.1 million due to the inclusion of long-term liabilities associated with pension obligations that do not come due within the budgetary cycle and represent future costs that will be funded with future revenue. The division has not budgeted to use any retained earnings for operations in FY 2019-20.

Enterprise Funds

FY 2019-20 Goals, Objectives and Performance Measures

GOAL 1: Promote public transportation to improve access to services and improve air quality

Objective: Encourage as many people as we can to get out of their cars and use public transit instead

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Total number of passengers who board a Kern Regional Transit bus	688,620	396,900	450,000	411,027	450,000
Requests for additional services	16	8	8	2	8
Average cost per passenger per mile	\$1.18	\$1.98	\$2.00	\$1.42	\$2.00

Kern Regional Transit continues to serve thousands of riders each month, though there has been a considerable decrease in passengers from FY 2016-17. Beginning in FY 2016-17, the Transit division updated the method for which passenger counts are tabulated and invested in automatic counting fare boxes. Though ridership numbers have been reduced, revenue remained reasonably consistent. The department considers the new method to be more accurate than years past and the benchmarks set for future years will reflect that. Cost per rider remains steady through creating trip efficiencies and reduced bus maintenance costs.

GOAL 2: Ensure customer service as a priority

Objective: Provide a safe and reliable form of transportation for Kern County residents

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
On-time performance	N/A	87%	90%	88%	90%
Preventable Accidents per 1,000 miles	N/A	.0032	1	.007	1
Passenger complaints per 100 passengers	N/A	1.7	2	.004	2
Service Interruptions per 100 miles	N/A	.01	.01	.002	.01

The department has added these performance measures beginning in FY 2017-18 in order to report on items that are important to the riders of the Kern Regional Transit system. The division was able to meet, or nearly meet, all goals for FY 2018-19.

THIS PAGE INTENTIONALLY LEFT BLANK

Waste Management Division

Department Head: Craig Pope
 Fund: Solid Waste Management Enterprise
 Budget Unit: 8999 and 8993

Function: Health and Sanitation
 Activity: Sanitation

Description of Major Services

Waste Management is a division of the Public Works Department. The division is responsible for the operation and management of the County's solid waste disposal system, which consists of seven active landfills, seven recycling/transfer stations, and three special waste facilities. The division administers the County's solid waste franchise program, which authorizes and regulates trash collection by private haulers in some of the County's unincorporated areas, and state mandated waste diversion and recycling programs. The division also provides for the continuing maintenance of eight inactive or closed landfills and 43 closed burn dumps.

Enterprise Funds

Major Expenses and Revenue in FY 2019-20 Recommended Budget

A major expense for the division's recommended budget is labor reimbursement to the Public Works Department within services and supplies of approximately \$23.8 million. Additional appropriations within services and supplies includes landfill operating contracts and other professional services needed to maintain the County's disposal sites, payment to the Board of Equalization based on a per ton of landfill waste, and costs associated with educational and recycling programs. Division revenue is generated from special land use assessments collected through property tax bills, landfill gate fees and waste bin fees.

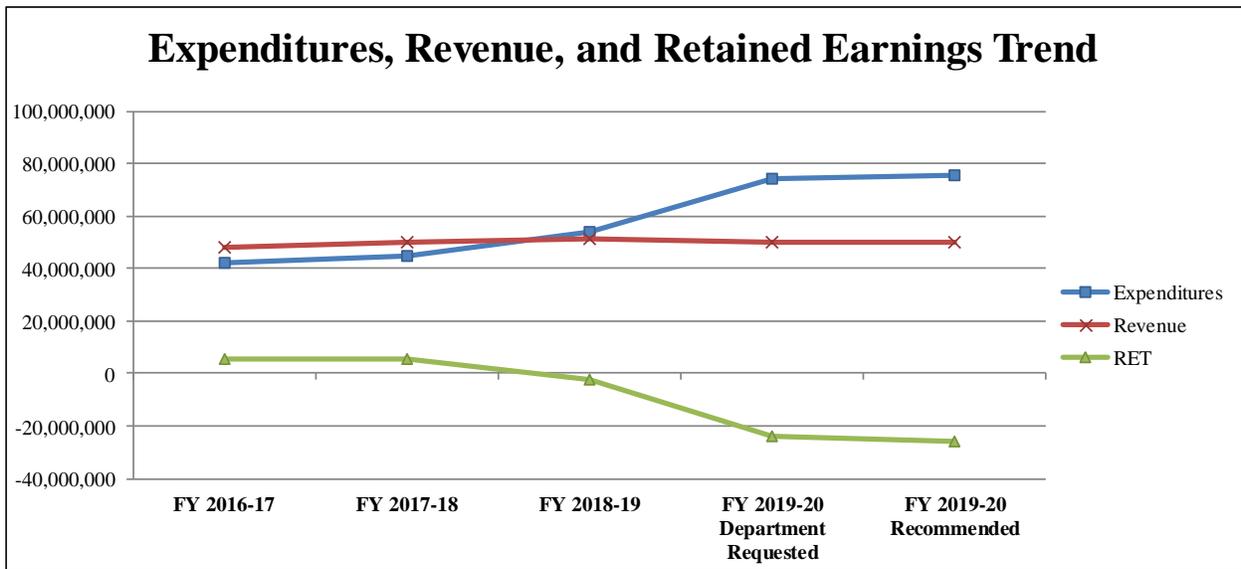

Budget Changes and Operational Impacts

The recommended budget includes funding for \$18.4 million in capital assets including \$8.3 million for improvements to the Bena landfill, \$1.3 million for burn dump remediation, and \$1.4 million for ground water wells.

The division is budgeting to receive \$23.9 million in land use fees, \$5 million in solid waste bin fees, \$900,000 in recycling surcharges from collections on the tax roll, in addition to \$13.2 million from gate fee revenue collected at the waste sites.

The retained earnings for the Waste Management Enterprise fund at June 30, 2019 is a deficit of \$33.9 million due to the inclusion of long-term liabilities of approximately \$60 million associated with pollution remediation obligations, future closure and post-closure maintenance and pension obligations. These liabilities do not come due within the budget cycle and represent future costs that will be funded with future revenue. After adjusting for long-term debt, the estimated budgetary retained earnings balance as of June 30, 2019 is approximately \$26.1 million. The division is anticipating utilizing approximately \$25.6 million in FY 2019-20.

Enterprise Funds

FY 2019-20 Goals, Objectives and Performance Measures

GOAL 1: Assure Solid Waste Management Facilities and Operations are Conducted Safely and Minimize Impact on the Environment

Objective: Promote public and environmental safety by complying with State of California regulations related to environmentally safe management of solid waste and preventing hazardous and other unapproved waste disposal at landfills and transfer stations.

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Regulatory compliance rate for active landfills and transfer stations	97.83%	100%	100%	97.78%	100%
Hazardous waste diverted from County landfills through Special Waste Facilities	538 Tons	559 Tons	500 Tons	573 Tons	500 Tons
Percentage of disposal reduced by department recycling programs	21%	17.2%	20%	20%	20%

The Waste Operations and Special Waste divisions continue to work diligently to minimize operational concerns in regards to regulatory compliance. In FY 2018-19, the department achieved a 97.78% compliance rating for the 135 compliance points inspected across 14 active operations. Steps continue to be implemented to increase the education of customers regarding unacceptable wastes for disposal through increased frequency of hazardous waste screening of loads at the active areas. The division also continues to strive to increase the amount of material diverted or recycled through County diversion programs. The special waste program held 26 household hazardous waste temporary collection events for communities throughout the County in FY 2018-19.

GOAL 2: Fulfill Solid Waste Management Mission by Meeting the Needs of County Customers Cost Effectively

Objective: Operate cost effectively

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Cost of operating department recycling programs per ton recycled	\$38.20	\$55.28	\$45-\$55	\$39.07	\$45-\$55
Cost of operating landfills per ton of waste handled	\$20.15	\$21.20	\$21-\$23	\$18.90	\$21-23
Cost of operating transfer stations per ton of waste handled	\$75.10	\$86.09	\$75-\$85	\$86.33	\$75-\$85
Cost of operating the Special Waste Facilities per ton of hazardous waste handled	\$4,030	\$6,985	\$4,100	\$5,964	\$5,500

Cost effective operation of all County landfills, transfer stations and Special Waste facilities will allow the Waste division of Public Works to provide necessary solid waste and hazardous waste services to County customers without increasing rates. Beginning in FY 2017-18, depreciation expense for capital improvements was included in the operating cost of landfills and transfer stations. Though there was improvement in FY 2018-19, increased cost of overhead over the past years resulted in increased cost of operating the recycling and hazardous waste programs.

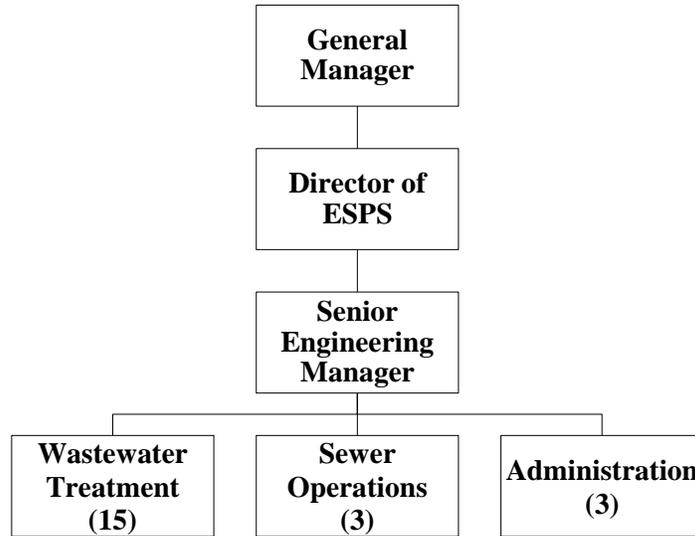

THIS PAGE INTENTIONALLY LEFT BLANK

Mission Statement

Protect the health and safety of the public, and enhance the quality of life by providing environmentally safe management of liquid and solid waste.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Assumed responsibility for inspection and maintenance of County Service Areas 71, 71.1, and 71.2 sewer collections systems and lift stations.
- Successfully completed the replacement of modular treatment units for the Reeder Wastewater Treatment plant.
- Completed design and construction of 2,100 feet of sewer segment replacement projects.
- Completed design and construction of 14 manholes for Kern Sanitation Authority.
- Cleaned 275,000 feet and televised 96,000 feet of sewer lines.
- Purchased and installed manhole monitoring system for KSA collection system to assist in overflow prevention.
- Successfully completed the public workshop for the Proposition 218 process to adjust the annual sewer service charge to better plan for future infrastructure replacements.

Special Districts

Kern Sanitation Authority

General Manager: Craig Pope
Fund: Kern Sanitation Authority
Budget Unit: 9144

Function: Health and Sanitation
Activity: Sanitation

Description of Major Services

The Kern Sanitation Authority is a County Sanitation District administered by the Public Works Department and established to manage wastewater and operate the wastewater treatment plant for the East Bakersfield area district residents. In addition to providing these services, the district also provides for staffing and services to the Ford City-Taft Heights Sanitation District. The expenses are reimbursed by the Ford City-Taft Heights Sanitation District.

Special Districts

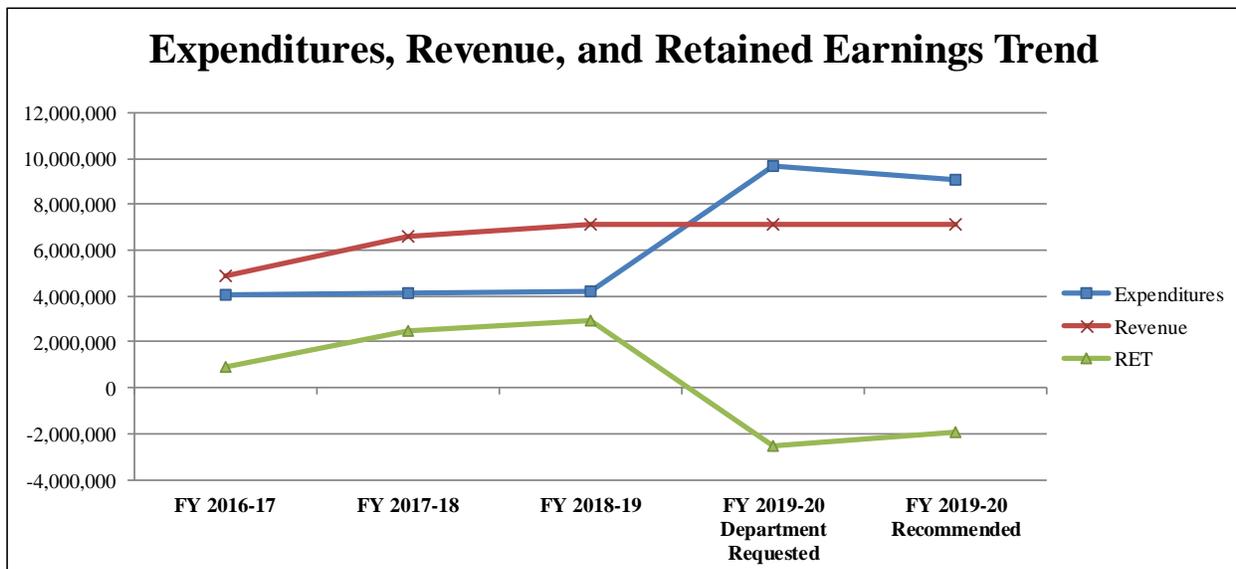

Major Expenses and Revenue in FY 2019-20 Recommended Budget

The largest ongoing expense for the district is the reimbursement to Public Works for labor required to operate and maintain the system and wastewater treatment plant. Services and supplies include the costs associated with the equipment and materials needed to service and maintain the sanitation resources of the district as well as maintenance projects needed throughout the fiscal year. The primary revenue sources for this budget are sewer service charges collected through property tax bills on properties within the district boundaries and one-time sewer connection fees.

Budget Changes and Operational Impacts

On May 14, 2019, the Kern Sanitation Authority Board approved a \$10.77 cost of living adjustment to the equivalent single-family dwelling fee, establishing a rate of \$293.45 for FY 2019-20. The fee is projected to generate approximately \$4.56 million in revenue for the Authority in FY 2019-20. The additional revenue will cover the operational and maintenance needs to provide sewer service to the district customers. The recommended budget for the Authority includes increased appropriations for structural repairs to wastewater treatment equipment. Capital assets in the amount of \$2.7 million have been included for the demolition and construction phase for the backup digester and gas purifier project and the purchase of one (1) vehicle.

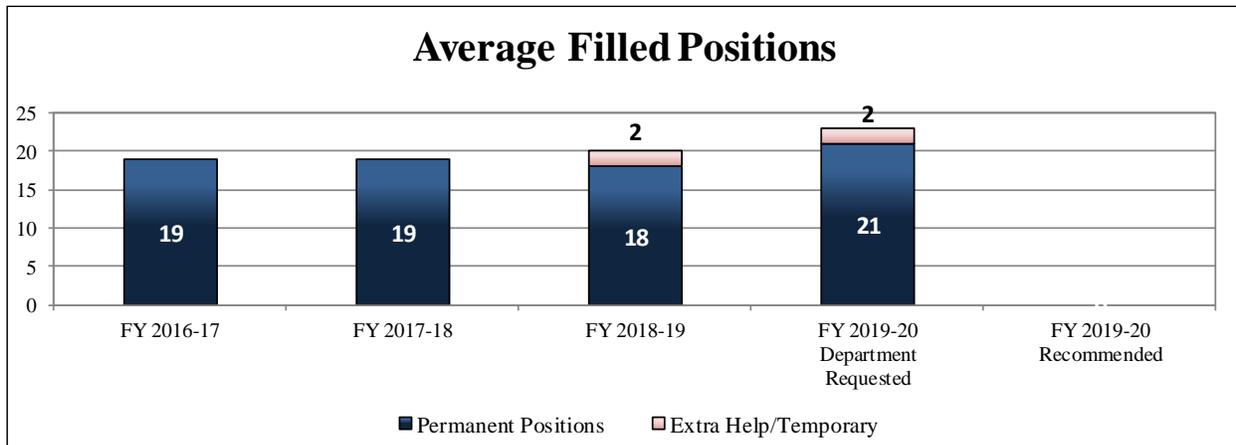

The district’s retained earnings as of June 30, 2019 is \$1.6 million due to the inclusion of approximately \$3.9 million in long term liabilities associated with pension obligation bonds. After adjusting for long-term liabilities, the budgetary retained earnings balance as of June 30, 2019 is estimated at \$5.5 million. These liabilities do not come due within the FY 2019-20 budget and represent future costs that will be funded with future revenue or existing reserves. The recommended budget includes the use of \$1.97 million in retained earnings for operations in FY 2019-20.

Special Districts

Staffing Changes and Operational Impacts

All staff formerly employed within the Authority were transferred to the Public Works Internal Service Fund effective July 2019. The recommended budget includes \$2.5 million in reimbursement to Public Works for labor and administrative duties performed on behalf of the Authority. The recommended budget includes \$30,532 in Salaries and Benefits to facilitate the position transfers to Public Works and compensate for the few days in FY 2019-20 positions remained within Kern Sanitation Authority.

Summary of Authorized Positions

The Authority currently has no authorized positions.

Fiscal Year 2019-20 Goals, Objectives and Performance Measures

GOAL 1: Assure Kern Sanitation Authority Operations are Conducted Safely and Minimize Impact on Customers and the Environment

Objective: Comply with State of California Regulations related to environmentally safe wastewater discharge

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of months each year of safe operation of the wastewater system with no Notices of Violation of Wastewater Discharge Requirements	12	12	12	12	12

Kern Sanitation Authority is committed to operate its treatment plant facility safely, within regulatory guidelines, without any notices of violations of its governing waste discharge requirements.

Objective: Provide services that meet customers' needs for proper treatment and collection of wastewater

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of Sewer System Overflows onto private property	1	0	0	1	0
Percentage of times responded in less than one hour when notification of a Sewer System Overflow was received	100%	100%	100%	100%	100%

Kern Sanitation Authority continues to promptly respond to all sewer system overflows. Public Works sewer crew staff are set up for 24/7 emergency response. Public Works also provided additional maintenance to sewer lines in known trouble areas in an effort to prevent "hot spot" overflows commonly caused by vandals breaking into manholes and throwing material into the sewer lines.

GOAL 2: Fulfill Kern Sanitation Authority Mission Cost Effectively

Objective: Provide cost effective wastewater treatment and collection services to customers

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Annual charge for sewer service for a single family residence	\$162.58	\$275.00	\$282.68	\$282.68	\$293.45

Kern Sanitation Authority has continued to provide cost effective service to its customers. The Authority has been getting by without increasing rates over the Consumer Price Index (CPI) increase, but the regulatory obligations and cost of replacing aging infrastructure forced a rate increase in FY 2017-18. On May 9, 2017 a protest hearing was held, a majority was not reached and the increase was approved with a continued CPI adjustment for the next four fiscal years ending in FY 2020-21.

THIS PAGE INTENTIONALLY LEFT BLANK

Mission Statement

Protect the health and safety of the public, and enhance the quality of life by providing environmentally safe management of liquid and solid waste.

Organizational Chart

Fiscal Year 2017-18 and 2018-19 Accomplishments

- Successfully completed construction of the Wastewater Treatment Plant Improvement Projects with collaboration from the City of Taft, Consultants, and the USDA.
- Worked with the City of Taft to complete the design and construction for the Federal Prison wastewater treatment plant primary clarifier weir adjustments.
- Successfully operated and maintained both wastewater treatment plants in Taft without notice of violation.
- Completed design and construction of a 525 feet sewer segment replacement with new sewer manhole installation project.
- Completed design and construction of a 4-sewer manhole installation and maintenance project.
- Purchased and installed manhole-monitoring system for the District’s collection system to assist in overflow prevention.
- Cleaned 84,000 feet and televised 22,000 of sewer line.

Special Districts

Ford City-Taft Heights Sanitation District

Department Head: Craig Pope

Function: Health and Sanitation

Fund: Ford City-Taft Heights Sanitation

Activity: Sanitation

Budget Unit: 9146

Description of Major Services

The Ford City-Taft Heights Sanitation District is a County Sanitation District which manages wastewater from the unincorporated areas of Ford City and Taft Heights. Sewer collection for the communities joins the City of Taft system and gravity flows to the Taft Wastewater Treatment Plant. The Taft Wastewater Treatment Plant is jointly owned by the City of Taft (52%) and the district (48%). The Kern Sanitation Authority maintains the district's sewer collection system and the Public Works Department provides administration and maintenance services.

Special Districts

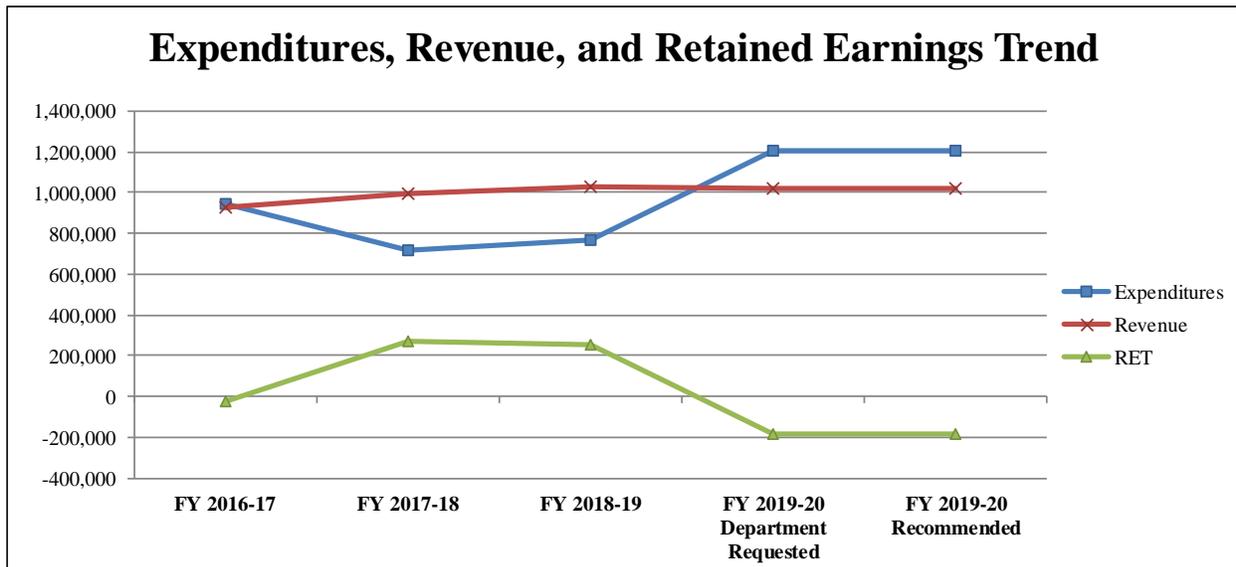

Major Expenses and Revenue in FY 2019-20 Recommended Budget

The major expense for the district is the County's share of cost paid to the City of Taft for the operation of the treatment plant as stipulated by an agreement between the City of Taft and the district as well as reimbursements to Public Works Department for administration and maintenance. The operational, administrative and maintenance costs are paid with sewer service charges collected through property tax bills. Charges for services and miscellaneous revenues are collected for connection fees and other district cost reimbursements.

Budget Changes and Operational Impacts

The recommended budget includes sufficient appropriations to pay the City of Taft the operational cost of the plant and to reimburse the Public Works department for administrative and maintenance costs. Beginning in FY 2014-15 the district began paying the City of Taft its portion of the U.S. Department of Agriculture Rural Development loan secured for a major plant upgrade. The loan amount of \$3,619,000 will be repaid over 20 years at a reduced interest rate of 2.5%. The district is responsible for 48% of the debt service payment. For FY 2019-20 there is no change in the \$379.80 per equivalent single-family dwelling fee. The fee is projected to generate approximately \$830,000 to be used for operational and maintenance needs to provide sewer service for the district customers in FY 2019-20.

The district’s retained earnings as of June 30, 2019 is \$57,824, all of which will be used to fund operational costs in the 2019-20 budget. In addition, the district anticipates releasing \$130,044 from its designations to fund the recommended 2019-20 budget.

Special Districts

FY 2019-20 Goals, Objectives and Performance Measures

GOAL 1: Assure Ford City-Taft Heights Sanitation District’s Sewer Maintenance is Conducted Safely and Minimize Impact on Customers and the Environment

Objective: Provide services that meet customers’ needs for proper collection of wastewater

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Number of Sewer System Overflows onto private property	0	2	0	1	0
Percentage of times responded in less than one hour when notification of a Sewer System Overflow was received	100%	100%	100%	100%	100%

Ford City-Taft Heights Sanitation District continues to promptly respond to all sewer system overflows. Public Works sewer crew staff are set up for 24/7 emergency response including a person that lives in Taft. Public Works also provides additional preventative maintenance to sewer lines in known trouble areas in an effort to prevent “hot spot” overflows commonly caused by vandals breaking into manholes and throwing material into the sewer lines.

GOAL 2: Fulfill Ford City-Taft Heights Sanitation District’s Mission Cost Effectively

Objective: Provide cost effective wastewater collection services to customers

Measurement	2016-17 Actual	2017-18 Actual	2018-19 Adopted	2018-19 Actual	2019-20 Goal
Annual charge for sewer service for a single family residence	\$349.53	\$379.80	\$379.80	\$379.80	\$379.80

Ford City-Taft Heights Sanitation District will continue to provide cost effective sewer service to its customers. The rate increase strategy required to fund the District’s share of improvements to the City of Taft wastewater treatment plant was spread over four years. FY 2017-18 was the fourth and final consecutive year, to minimize the impact to District customers.

In-Home Supportive Services Public Authority

Department Head: Lito Morillo

Function: Public Assistance

Fund: In-Home Supportive Services

Activity: Other Assistance

Budget Unit: 9147

Description of Major Services

The In-Home Supportive Services (IHSS) program is designed to assist persons with disabilities and older adults in avoiding premature placement in long-term care facilities. The IHSS Public Authority was established by the Board of Supervisors in November 2002, and is administered under contract by the Aging and Adult Services Department. The Public Authority is the employer of record for the purpose of collective bargaining for individuals that provide services to eligible aged, blind or disabled individuals, in order to allow those persons to remain in their homes and avoid institutionalization.

NET FUND COST	\$53,422	\$0	(\$48,597)	\$0	\$0	\$0

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

The majority of expenditures in this budget unit are associated with IHSS service providers' salaries. The personnel costs and services and supplies for administering the IHSS program are found in budget unit 5610. The IHSS Maintenance of Effort (MOE) represents the County's share of cost for the following: service provider wages, IHSS administrative costs, and the administration of the IHSS Public Authority. The recommended budget includes \$11.7 million to fund the County's IHSS MOE.

Budget Changes and Operational Impacts

The State's proposed changes to the IHSS MOE increased State Support to IHSS program starting in FY 2019-20. These changes reduce the IHSS MOE from \$2 billion to \$1.56 billion in FY 2019-20, stop the redirection of health and mental health growth funding, partially fund IHSS

Special Districts

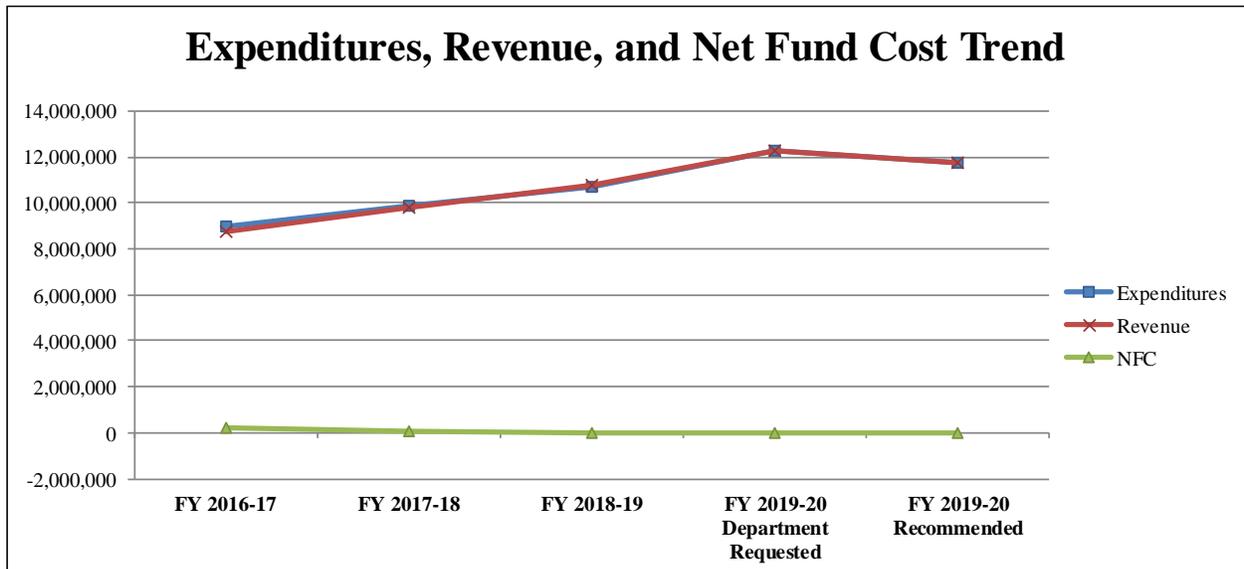

administration with State General fund and reduce the inflation factor from seven percent to four percent beginning in 2020-21.

The recommended budget includes an increase of approximately \$1 million in Social Services realignment. In addition, the recommended budget includes an increase of approximately \$1 million over FY 2018-19 actual expenditures primarily due to the State’s adjustment to the MOE. In FY 2018-19, the County’s IHSS administration MOE and offsetting realignment revenue were provided directly in budget unit 5610.

The additional net increase in cost is funded by an increase in General Fund contribution and Social Services realignment. The fund balance at June 30, 2019 is \$44,991, which will be placed in the designation to mitigate future year increases in IHSS MOE.

The recommended budget provides adequate funding for the IHSS Public Authority to perform its required functions.

Special Districts

Special Revenue Funds

Budget Units as Listed

Description of Major Services

Special revenue funds were established to account for proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. Special revenue funds are transferred to a variety of County departments to fund specific activities. Funds are transferred into departments as operating transfers in and are detailed in the Summaries of Expenditures and Revenues for each department as other financing sources. A few special revenue funds expend directly out of the fund. However, the majority of the appropriations recommended below will be transferred into operating budgets in other County funds.

Other Capital Projects

Fund: As listed

Budget Units: As Listed

Description of Major Services

Other capital projects encompass countywide capital projects not accounted for in other budget units. Capital projects are financed through a variety of funding sources including Certificates of Participation, State and federal grants, private contributions, and traffic mitigation fees and are budgeted in the year authorized. Budgeted and actual expenditures and revenues in the table below are listed cumulative for the projects. The General Services Division of the County Administrative Office generally manage the projects.

Major Expenditures and Revenue in FY 2019-20 Recommended Budget

Other Capital Projects includes one project for the construction of a new jail. The jail was completed in February 2018 and is currently in the closeout phase. The recommended budget also includes a transfer for interest earnings from the Tobacco Securitization Tobacco Endowment fund that are available for discretionary purposes. Due to a decline in discretionary resources, no new capital projects are included in the recommended budget. Projects will be evaluated as resources become available.

County Service Areas

Department Head: Craig Pope

Fund: Various

Budget Unit: Various

Function: Public Ways and Facilities, Health and Sanitation, Public Protection

Activity: Other Protection, Public Ways and Sanitation

Description of Major Services

The 123 active County Service Areas (CSAs) were established to provide services that include landscape maintenance, street sweeping, sewer service, and street lighting services. All assessments and fees charged to property owners are limited to covering the cost of providing a special benefit to the property being charged. California law does not permit the fees collected through CSAs to be used to benefit the general public residing outside a CSA. The Public Works Department administers all of the CSAs.

1991 REALIGNMENT

In 1991-92, the State approved the Health and Welfare Realignment Program that involves a shift of program responsibilities from the State to the counties. This shift is funded through a corresponding shift of dedicated sales tax and vehicle license fee revenue.

2011 REALIGNMENT

In 2011-12, the State approved AB 109, the Public Safety Realignment Act, which shifted custodial responsibility of non-serious, non-violent, and non-sexual offense ('Triple-Nons') offenders to local jails. In addition, the parole function of the State was delegated to County Probation departments. In conjunction with Public Safety Realignment, the State also shifted full financial burden of many social service and mental health programs to the County. While the State no longer shares in the cost, it has dedicated a portion of the State sales tax (1.0625%) revenue along with a portion of vehicle license fees for these realigned programs.

AB 109

Assembly Bill 109, the Public Safety Realignment Act, signed April 4, 2011, transfers responsibility for housing and supervising inmate and parolee populations classified as "low-level" offenders from the California Department of Corrections and Rehabilitation (CDCR) to counties effective October 1, 2011.

AB 900

Assembly Bill 900, Public Safety and Offender Rehabilitation Services Act, signed May 3, 2007, provides that the State Public Works Board (SPWB) and the California Department of Corrections and Rehabilitation (CDCR) are authorized to enter into agreements with participating counties for the acquisition, design and construction of local jail facilities for projects approved by the State Corrections Standards Authority (CSA). Up to \$1.2 billion is authorized by the legislation for county jail construction. Funds are being distributed in two phases.

ABX1 26

Assembly Bill X1 26, the Dissolution Act, signed June 29, 2011, mandates the elimination of every redevelopment agency in California effective February 1, 2012, and mandates all unobligated funds be distributed to the appropriate taxing entities.

ACCRUAL

An accrual is an accounting entry that recognizes revenue when earned and expenses when incurred. An accrual is made at the end of the fiscal year to ensure revenue and expenses are recorded in the appropriate fiscal year.

ACTIVITY

A component within a fund; usually a specific line of work performed to accomplish a function for which a governmental unit is responsible.

ACCOUNT

A record of a monetary transaction maintained in the accounting ledger. An account may be a classification of expenditure or revenue. Example: "Office Expense" is an account in the Services and Supplies object of expenditure.

ADJUSTED BUDGET

The budget as recorded at year-end, including all adjustments made subsequent to the Adopted Budget.

ADOPTED BUDGET

The budget document formally approved by the Board of Supervisors after the required public hearing and deliberations on the Recommended Budget, which sets forth authorized expenditures and the means of financing those expenditures.

AFFORDABLE CARE ACT (ACA)

In March 2010, President Obama signed comprehensive health reform, the Patient Protection and Affordable Care Act into law. The legislation includes a long list of health-related provisions that began taking effect in 2010 and will continue to be rolled out over the next four years. Key provisions are intended to extend coverage to millions of uninsured Americans, to implement measures that will lower health care costs and improve system efficiency, and to eliminate industry practices that include rescission and denial of coverage due to pre-existing conditions. One of the most significant part of this Federal Healthcare Reform legislation extended coverage to an expanded population effective January 1, 2014 through new eligibility processes for Medi-Cal and the implementation of insurance exchanges.

APPROPRIATION

A legal authorization, granted by the Board of Supervisors, to make expenditures and to incur obligations for specific purposes. An appropriation expires at the end of the fiscal year. This term is used interchangeably with "Expenditure Appropriation."

ASSESSED VALUATION

A valuation set upon real estate or other property by the Assessor or State Board of Equalization which serves as a basis for levying taxes.

ASSESSMENT ROLL

The official list prepared by the Assessor, which contains the legal description of each parcel or item of property and its assessed valuation. This term is used to denote the total valuation of all taxable property in the County.

AUDIT

An official inspection of County financials and compliance done by either the office of the Kern County Auditor-Controller or an independent outside organization.

AUTHORIZED POSITIONS

Positions approved by the Board of Supervisors, which may or may not be funded (see Budgeted Positions).

AVAILABLE FINANCING

All the means of financing available to meet expenditure and reserve requirements for the fiscal year.

BALANCED BUDGET

A budget in which funding sources are equal to funding uses.

BOARD OF SUPERVISORS

The five-member Kern County Board of Supervisors.

BUDGET

The planning and controlling document for financial operation that sets forth estimates of proposed expenditures and revenue for the fiscal year.

BUDGET UNIT

An accounting and financial control unit for which a separate appropriation is approved by the Board of Supervisors. A fund may be divided into one or more budget units. Each budget unit has a collection of expenditure and revenue accounts necessary to fund a certain organizational unit, division, or program(s).

BUDGETED POSITIONS

The number of full and part-time regular positions to be funded in the budget. Budgeted positions should not be confused with "authorized" positions, which are positions that may or may not be funded in the budget.

CAPITAL ASSET

Items of tangible and intangible property of significant value that have usefulness that extends beyond the year in which they are acquired. Capital assets include land, structures and improvements, infrastructure, and works of art or historical significance. Assets are capitalized as follows

- Land is capitalized regardless of cost.
- New construction, improvements, additions, extensions, and betterments are capitalized when the cost is \$50,000 or more.
- Equipment which is moveable, or readily detachable without loss of value, having a useful life of more than one year and a value of \$5,000 or more.
- Works of art or historical treasures with a value of \$5,000 or more.
- Intangible assets lacking physical substance, with an initial useful life exceeding one year and value of \$25,000 or more.

CAPITAL PROJECT

New construction, addition or betterment of an existing asset where the project cost is greater than \$10,000. Land acquisition is also included in the definition of Capital Projects.

COUNTYWIDE DISCRETIONARY REVENUE

Revenue received by the County, which can be used for any legal purpose determined by the Board of Supervisors. Discretionary revenue is not earmarked by law for a specified purpose, and the Board has discretion in deciding how this revenue is used. The term, "discretionary", does not imply extra or surplus.

CONTINGENCY

An amount appropriated for emergencies or unforeseen expenditure requirements. This term is used interchangeably with "Appropriation for Contingencies."

CWCAP

CWCAP is an acronym for County Wide Cost Allocation Plan. It is the method by which indirect support costs for services such as Human Resources, Payroll, Purchasing, etc. are allocated to departments. It is prepared annually by the County Auditor-Controller in accordance with Code of Federal Regulations (2 CFR Part 225), which is the guideline for state and federal reimbursements for indirect costs.

DEFICIT

Insufficient sources to fully fund expenditures and other disbursements during a fiscal year.

DEPARTMENT

An organizational unit used by the County to group services, programs, or functions, which are usually similar in nature. Each department is managed by either an elected or appointed department head.

DEPARTMENT HEAD

A county official either appointed by the Board of Supervisors or elected by Kern County voters who is responsible for managing a County department.

DEPRECIATION

The recording of expiration in the service life of tangible capital assets attributable to wear and tear, deterioration, action of the physical elements, inadequacy, and obsolescence.

DESIGNATION

Funds not appropriated for expenditure that are set aside in an account for future use similar to a reserve. Use of these funds requires the approval of the Board of Supervisors and can be accessed at any time.

DISCRETIONARY GENERAL FUNDING

The total of countywide discretionary revenue (defined above), General Fund net carryover balance from the preceding fiscal year, and any use of General Fund reserves or designations as a means to finance the General Fund budget. The Board of Supervisors has discretion in deciding how these funds are used.

EMPLOYEE BENEFITS

Amounts paid on behalf of employees; these amounts are not included in the gross salary. They are fringe benefit payments, and while not paid directly to employees, they are nevertheless a part of the cost of staff. Examples are group health or life insurance payments, contributions to employee retirement, Social Security taxes, workers' compensation payments, and unemployment insurance payments.

ENCUMBRANCE

An obligation in the form of a purchase order, contract, or other commitment that is chargeable to an appropriation. Available appropriations are reduced by the amount of outstanding encumbrances. Encumbrances are not expenditures or liabilities.

ENTERPRISE FUND

A fund established to finance and account for the operation and maintenance of facilities and services, which are predominately self-supporting by user charges. Airports, Kern Regional Transit, Kern Medical Center, Golf Course, Universal Collection, and Solid Waste Management are Kern County's only Enterprise Funds.

EXPENDITURE

A payment of funds resulting in a decrease in current assets.

EXPENDITURE APPROPRIATION

A legal authorization, granted by the Board of Supervisors, to make expenditures and to incur obligations for specific purposes. An appropriation expires at the end of the fiscal year. This term is used interchangeably with "Appropriation."

EXPENDITURE REIMBURSEMENTS FROM OTHER BUDGET UNITS

Charges (intrafund transfers) to other budget units within the same fund (such as General Fund) which show as an expenditure offset or reduction in the charging department's budget. This term is used interchangeably with "Intrafund Transfer."

EXTRA HELP

Personnel employed on a temporary, limited-term basis, usually for the purpose of performing work during peak workload periods, or for covering absences of regular employees. Extra help employment does not require an authorized position, and extra help employees do not have Civil Service status.

FICA CONTRIBUTION

The amount contributed by the County as the employer's share of Social Security taxes (Federal Insurance Contributions Act).

FIRE FUND

A special revenue fund used to account for those property taxes and other revenue that are designated for use for structural fire protection. The Fire Fund is used to partially finance the operations of the Kern County Fire Department.

FISCAL YEAR

The 12-month period for which a budget is prepared and adopted. The fiscal year for Kern County is July 1 to June 30. The term fiscal year is abbreviated as "FY".

FUNCTION

A group of related activities aimed at accomplishing a major service for which a governmental unit is responsible. These designations are specified by the State Controller. The County Budget is divided into nine functions: General Government, Public Protection, Public Ways/Facilities, Health and Sanitation, Public Assistance, Education, Recreation and Culture, Debt Service, and Reserves/Contingencies.

FUND

A separate fiscal and accounting entity used to control and account for the receipt of specified types of revenue, and for the use or expenditure of that revenue.

FUND BALANCE

The excess of assets of a fund over its liabilities. This balance may be available to finance the succeeding year's budget.

FUND BALANCE CLASSIFICATIONS

Beginning in 2010-11, GASB 54 requires that financial statements for governmental funds classify fund balance in one of the following five components:

- Nonspendable fund balance – assets that will never convert to cash, or will not convert soon enough to affect the current period, or resources that must be maintained intact pursuant to legal or contractual requirements;
- Restricted fund balance – resources that are subject to externally enforceable limitations imposed by creditors, grantors, contributors, or laws and regulations of other governments, constitutional provision, or enabling legislation;
- Committed fund balance – resources that are constrained by self-imposed limitations set in place prior to the end of the period by the highest level of decision making, and remain binding unless removed in the same manner;
- Assigned fund balance – resources that are limited resulting from an intended use established by either the highest level of decision making, or the official or body designated for that purpose;
- Unassigned fund balance – residual net resources that cannot be classified in one of the other four categories.

GANN LIMIT

An absolute dollar limit on the amount of funds derived from taxes that the County can legally appropriate and expend each fiscal year, which is specified by Article 13-B of the State Constitution. Any proceeds of taxes revenue in excess of the Gann Limit must be returned to taxpayers. The base-year used on computing the Gann Limit is FY 1978-79, with adjustments to the appropriations limit allowed in succeeding fiscal years for (a) changes in population; and (b) changes in the cost of living.

GENERAL PURPOSE RESERVE

Funds not appropriated for expenditure that are set aside in an account for future use. Release of funds in a general purpose reserve requires the approval of the Board of Supervisors during a declared fiscal emergency. Funds can also be released during the budget adoption process.

GENERAL FUND

The main operations fund used to account for revenue and expenditures except those required to be accounted for in special-purpose funds.

GRANT

A contribution from one governmental unit to another usually made for a specific purpose and time period. Most of the grants received by the County are from the State and federal governments.

INTERNAL SERVICE FUND

A fund used to account for expenses and revenue related to providing services to other County departments on a cost-reimbursement basis.

INTRAFUND TRANSFER

Intrafund Transfer amounts (shown in Expense Account 9000) represent expenditure reimbursements derived from charges to other departments within the same fund only. These Intrafund Transfers reflect as an expenditure offset or reduction in the charging department's budget. Intrafund Transfers replace the previous Cost Applied designation in departmental operating budgets.

INTER-FUND ACCOUNT (I/F designation)

An account that can accept a charge from another department in a different fund. For example, a charge from the General Services-Communications budget to the Fire Department would show in the Fire Department budget under the expenditure account Radio and Microwave Expense-I/F.

MANDATE (Mandated Service)

This term is used to refer to County services which are provided to comply with State or federal laws.

MAJOR FUND

A fund whose revenues, expenditures/expenses, assets, or liabilities (excluding extraordinary items) are at least 10 percent of corresponding totals for all governmental or enterprise funds and at least 5 percent of the aggregate amount for all governmental and enterprise funds.

MAJOR MAINTENANCE PROJECT

All new construction, additions, and betterments with total costs in excess of \$10,000 that do not qualify for capitalization.

NET APPROPRIATION

Gross appropriations minus intrafund reimbursements. This is the amount actually appropriated for each budget unit.

NET COUNTY COST

Net appropriation less program revenue (or special-purpose funds allocated). This figure represents the part of a budget unit's appropriation that is financed by the County's discretionary revenue. This term is used interchangeably with "Net General Fund Cost."

NET GENERAL FUND COST

Net appropriation less program revenue (or special-purpose funds allocated). This figure represents the part of a budget unit's appropriation that is financed by the County's discretionary revenue. This term is used interchangeably with "Net County Cost."

NET FUND COST

Net appropriation less program revenue (or special-purpose funds allocated). This term applies to non-General Fund governmental funds.

NON-OPERATING EXPENSES

This term applies to enterprise fund and internal service fund budgets, and refers to special expenses not directly resulting from day-to-day operations (such as capital investment and lawsuit settlements).

NON-OPERATING REVENUE

This term applies to enterprise fund and internal service fund budgets, and refers to revenue that is not derived from day-to-day operations (such as sale of fixed assets and interest earnings).

NON-PROCEEDS OF TAXES

Revenue generated from non-tax sources, such as user fees. Non-proceeds of taxes are not subject to the Gann Appropriations Limit.

OBJECT OF EXPENDITURE

A major category of appropriation (such as Salaries and Employee Benefits, Services and Supplies, and Capital Assets).

OPERATING EXPENSES

This term applies to enterprise fund and internal service fund budgets, and refers to the expenses incurred as a result of day-to-day operations.

OPERATING INCOME

Revenue derived from the operations or services of an enterprise fund or internal service fund activity. This term is used interchangeably with "Operating Revenue."

OPERATING REVENUE

Revenue derived from the operations or services of an enterprise fund or internal service fund activity. This term is used interchangeably with "Operating Income."

OTHER CHARGES

A budget category that may include miscellaneous non-operational expenses (such as lease payments, amortization, depreciation, inter-fund charges, or taxes and assessments).

OTHER FINANCING USES

A budget category that includes the transfer of operating funds from one budget unit to another and also includes budgeted savings incentives.

PERFORMANCE MEASURE

A particular value or characteristic designed to measure input, output, outcome, efficiency, or effectiveness. Performance measures are composed of a number and a unit of measure. The number provides the magnitude and the unit is what gives the number its meaning.

PRELIMINARY RECOMMENDED BUDGET

Document provided to the Board for approval prior to June 30 in compliance with Government Code Section 29064. Changes to the County Budget Act in January 2010 no longer allowed counties to use prior year appropriations as spending authority after June 30th and prior to adoption of the budget. The numbers are preliminary and are adjusted to recommended numbers prior to budget hearings.

PROCEEDS OF TAXES

Revenue received from "tax" sources, such as property taxes, sales and use taxes, and other types of taxes. Proceeds of taxes are subject to the Gann Limit.

PROGRAM REVENUE

Revenue received by a County department as a result of the services or operations of that department (such as user fees), which are used to finance the related services or programs. Program Revenue is not discretionary (general purpose) revenue.

PROPERTY TAX LEVY

Amount of tax dollars raised by the imposition of the property tax rate on the assessed valuation.

PROPERTY TAX RATE

The rate per one hundred dollars of the assessed valuation base necessary to produce the tax levy.

RECOMMENDED BUDGET

The Recommended Budget document is provided by the County Administrative Office and serves as the basis for public hearings prior to the determination of the adopted budget.

RESERVE

Funds not appropriated for expenditure that are set aside in an account for future use that require Board of Supervisors approval to use and are often more restrictive than designations.

RETAINED EARNINGS

This term refers to the accumulated net earnings of an Enterprise Fund or Internal Service Fund.

RESTRICTED-USE FUNDS

Funds which are designated for use for a specific purpose.

SPECIAL-PURPOSE FUND

A fund which is used to account for revenue which are designated (usually by State law) for use for a specific purpose. Examples are the Road Fund and Fire Fund. This term is used interchangeably with "Special Revenue Funds."

SPECIAL REVENUE FUND

A fund which is used to account for revenue which are designated (usually by State law) for use for a specific purpose. This term is used interchangeably with "Special-Purpose Fund."

STRATEGIC PLAN

Proposed goals, strategies and outcomes of the County derived from input by County departments and the public. These strategic goals adopted by the Board of Supervisors in June 2006 and updated annually serve as a tool to use when policy decisions must be made to allocate financial resources.

SUBVENTION

Payments by an outside agency (usually a State or federal agency) for reimbursement of costs incurred by the County.

SUPPLEMENTAL ASSESSMENT

An assessment of real property occurring after the regular assessment roll is filed on June 30th of each year as a result of new construction or a change in ownership.

UNSECURED TAX

A tax on properties such as office furniture, equipment, and boats, which are not secured by real property owned by the assessee.

YEAR-END

This term means as of June 30th (the end of the fiscal year).

Projected Changes in Budgetary Fund Balance – Governmental Funds

	General Fund	Special Revenue Funds	Capital Project Funds
2019-20 Beginning			
Budgetary Fund Balance⁽¹⁾	\$61,646,395	\$110,244,365	\$41,459
Add:			
Revenues	618,428,992	1,040,876,666	\$411,000
Other Financing Sources	192,747,825	358,516,602	0
Use of Reserves	0	52,217,443	0
Total Available Financing	811,176,817	1,451,610,711	\$411,000
Less:			
Expenditures	711,853,588	1,101,918,302	-
Other Financing Uses	149,403,490	393,642,845	400,000
Increase in Reserves	11,566,134	66,293,929	52,459
Total Requirements	\$872,823,212	\$1,561,855,076	\$452,459
2019-20 Projected Ending			
Budgetary Fund Balance⁽¹⁾	\$0	\$0	\$0

⁽¹⁾ Budgetary Fund Balance does not include reserves and designations.

In accordance with Section 29009 of the California Government Code, the recommended budget must be submitted and approved with funding sources equal to financing uses. As such, the County budgets for a zero Projected Ending Budgetary Fund Balance. Total projected ending balances of Reserves and Designations for the General Fund, Special Revenue Funds, and Capital Project Funds is \$182,779,443, \$282,750,105, and \$19,341,181, respectively, as detailed in the Reserves and Designations section of this book.

General Fund

Of the \$61.6 million FY 2019-20 Beginning Budgetary Fund Balance, \$18.2 million is recommended to re-establish appropriation for Budget Savings Incentive Credits for General Fund departments that closed to fund balance at year end. The remaining nearly \$43.4 million balance is recommended to be allocated as follows: \$10.3 million for retirement escalation costs; \$10.1 million to various major maintenance projects; \$7.7 million for the purchase of patrol vehicles, the contact payment for the new Financial, Human Resources and Payroll system, and other small equipment for the Probation Department and Agriculture and Measurement Standards Department; \$11.3 million will be set aside in designations to support public safety recruitment and retention efforts, homelessness low barrier housing, replacement of the countywide public safety communication system, for contributions to designations for information technology projects, economic opportunity areas and park improvements, and \$1.4 million to the General Fund's operational budget gap. The remaining \$2.8 million has been allocated to departments for one-time costs.

Special Revenue Funds

Of the \$110.2 million FY 2019-20 Beginning Budgetary Fund Balance, \$66.3 million is recommended to be placed in designations or reserves. Material increases to reserves/designations includes \$17.3 million in the 2011 Realignment Fund, \$5.5 million for Mental Health Services Act prudent reserve, \$5.4 million in Wraparound Savings, \$7 million for Metro Bakersfield Transportation Impact Fees and \$4.6 million in the Oil and Gas Road Maintenance. The remaining \$43.9 million is recommended to be appropriated in various special revenue funds as detailed in Appendix D.

Capital Project Funds

The entire \$41,459 in FY 2019-20 Budgetary Fund Balance along with \$11,000 of FY 2019-20 revenue is recommended to be placed in designations.
